WHEREAS by an Act of the Lieutenant Governor and Legislative Council of the Colony of Victoria, passed in the sixteenth year of the reign of Her Majesty Queen Victoria, intituled, "*An Act to make provision for the better "administration of Justice in County Courts "in the Colony of Victoria,*" it was amongst other things enacted that it should be lawful for the said Lieutenant Governor from time to time to define by Proclamation the limits and boundaries of those Cities, Towns, Counties, and portions of the said Colony in and for which the County Courts thereby established should be holden, and such limits, boundaries, and places to vary, alter, and repeal as the said Lieutenant Governor should think fit. And whereas by a Proclamation issued upon the 3rd day of January, 1853, it was amongst other things directed and proclaimed that a County Court to be called the Western County Court, should be holden in and for the Counties of Normanby and Villiers: And whereas it is expedient that the County of Normanby should be excluded from the District in and for which the said Western County Court should be holden: Now therefore I, the Lieutenant Governor aforesaid, do hereby vary and repeal the said Proclamation so far as it relates to the said County of Normanby, and do declare that the said Western County Court shall from and after the date hereof be holden in and for the County of Villiers only.

COMMITTAL OF PRISONERS, AND ATTENDANCE OF WITNESSES IN CRIMINAL CASES.

HIS Excellency the Lieutenant Governor has been pleased to direct the publication, for general information, of the following amended Circular addressed to the several Benches of Magistrates throughout the Colony, relative to the committal of prisoners, and the mode of procuring the attendance of witnesses at the Criminal Sessions of the Supreme, and Circuit Court, and Courts of General Sessions in the Colony.

By His Excellency's Command,
W. LONSDALE.

(Circular.)
Colonial Secretary's Office,
Melbourne, 11th April, 1853.

Gentlemen,

I have the honor to inform you that as the mode of binding over witnesses to appear and give evidence at Criminal Sessions, heretofore existing in this Country, involves a necessity in most cases for the subsequent service on each witness of a writ of subpœna, and is found to be attended with inconvenience, His Excellency the Lieutenant Governor has determined to adopt the practice which obtains in England, and the adjacent Colony of New South Wales, where prisoners are committed for trial at particular Courts, and the witnesses bound over to appear at stated times and places to give evidence. I have therefore the honor to request, that in committals before your Bench you will comply with the following Instructions.

1. You will commit each prisoner for trial to the Gaol of the District within which the offence has been perpetrated; thus, in cases for trial before the Supreme or Circuit Court, you will select the Gaol at Portland, Castlemaine, Geelong, or Melbourne, according as the crime has been committed within the limits of the Portland Circuit District, the Northern Circuit District, the Geelong Circuit District, or in any part of the Colony of Victoria not included in those limits. And in cases for trial before the Courts of General Sessions, you will in like manner commit to the proper Gaol in each District within the limits of which the offence has been perpetrated. *The boundaries* of each Circuit District, and of the District of each Court of General Sessions, have been published at various times in the *Government Gazette*, and are sent herewith.

2. You will commit prisoners for trial, and bind witnessess over to appear either at the Criminal Sessions of the Supreme or Circuit Courts, or at the sittings of the Court of General Sessions, according to the nature of the offence charged, and the circumstances under which it has been committed. As a general rule, the following cases only form proper subjects of enquiry at Courts of General Sessions:—

Wounding with intent to do bodily harm
Maliciously inflicting bodily harm, or stabbing, cutting, or wounding
Assaults upon peace and revenue officers
Assaults with intent to commit rape, or felony and indecent, and other assaults
Cases of robbery, or assaults with intent to rob, unaccompanied by aggravated circumstances

Stealing from the person
Stealing in dwelling-house, to value of £5
Larcenies by servants, and all other common larcenies
Receiving stolen goods
Forgeries
Malicious Injuries to property, (excepting cases of arson)
Nuisances,

but there may be cases which form exceptions to this rule. *In* all instances where a Criminal Sessions of the Supreme or Circuit Court is held at the same place as the Court of General Sessions, and intervenes between the commitment and the next sittings of the General Sessions, you will commit prisoners for trial before the Supreme or Circuit Court, in preference to postponing their trial to the sittings of the General Sessions, as it is desirable that Gaols should be discharged, and *all* prisoners, with whatsoever offence accused, should be tried at every Sessions of the Supreme, or Circuit Court.

3. You will bind *in a separate Recognizance* every material witness, as well those examined for the defence as for the prosecution, absolutely to appear on the first day of the sittings of the Supreme or Circuit Court, or Court of General Sessions, as the case may be, at which the prisoner is to be tried, and there to attend from day to day until duly discharged, without any further notice of subpœna or otherwise.

4. You will at the same time give a written notice *to each witness* of the time and place at which the court he is bound to attend will be held. You will observe that all blanks are carefully filled up in words at length, particularly the name, residence, and occupation of each witness in the Recognizance, and you will cause the Recognizance to be explained to, and, when fully understood, to be duly acknowledged by each witness in your presence.

5. You will observe the Calendar of the Criminal Sessions for the year, calculate the probable time of the arrival of each prisoner at the Gaol to which he is committed, and bind over each witness to appear at the next or the succeeding Sessions as the case may be, but so as to allow in City cases of one, and in Country cases of five days intervening between the arrival of the prisoner at the Gaol and the first day of the Sessions at which the witness is required to attend. This will claim your particular attention as the object is twofold; that, should no Information be found against the accused the attendance of the witnesses may be countermanded; and also that should additional evidence be required, sufficient time to communicate with you may be allowed. Instances may occur in which, exercising a sound discretion, you may consider it advisable to deviate from this rule.

6. A list of the times of holding the Criminal Sessions of the Supreme and Circuit Courts, and Courts of General Sessions for the remainder of this year is annexed, and a Calendar will be annually published in the *Government Gazette*, or forwarded to you.

7. The Recognizances, Depositions, and Statements, if any, of the accused, should in all cases be transmitted *immediately* to the Attorney General at Melbourne, but in cases for trial at a Circuit Court, or Court of General Sessions, which may be too near at hand to afford sufficient time for the purpose, you will address them to the Attorney or Solicitor General, or Crown Prosecutor, at the place of holding the Circuit Court, or Court of General Sessions, forwarding to the Attorney General, at Melbourne, a memorandum of the names, and descriptions of the prisoners committed, the nature of the charge, and the date of committal and the offence, and the place to which the depositions have been sent.

8. Should any matter arise for which these instructions do not provide, you will accommodate your proceedings to the circumstances of the particular instance, and give specific information on the subject to the Attorney General, at the time when you forward the depositions.

I have the honor to be,
Gentlemen,
Your obedient servant,
W. LONSDALE.

GOLD REGULATIONS.

HIS Excellency the Lieutenant Governor, with the advice of the Executive Council, has been pleased to authorize the promulgation of the following Regulations, subject to such alterations as His Excellency, by the advice of the Legislative Council, may hereafter prescribe, for the occupation of the Gold Fields; and to direct that all Regulations previously published respecting the issue of Licenses shall be cancelled, with the exception of those provisions which are embodied in the Regulations of this date.

LICENSES.

1 No person will be permitted to dig or search for Gold unless he shall have provided himself with a valid License or Lease, which shall be issued to him according to the stipulations hereinafter annexed.

2. The ordinary License Fee shall be at the rate of Thirty Shillings per month for each License, and shall be paid in advance.

3. Licenses shall be issued by the Commissioners of the Gold Fields, and shall be produced on demand of any person duly authorized by the Government.

4. The size of the claim which each License shall guarantee to the Licensee is twelve feet square (one hundred and forty-four square feet), and all disputes concerning claims shall be decided by the Commissioner of the Gold Fields or his deputies.

5. No Licensee will be allowed to reserve his claim, or leave it unoccupied during his absence, without shewing satisfactory cause to the Commissioner or his deputies.

6. Sluice Washing will be permitted to Licensees, at running streams; but the privilege shall determine when the stream may cease to flow, and no sluice washing will be allowed except by special sanction of the Commissioner or his deputies, who will guard against conferring the privilege in places where the permanent supply of water may be injured by the operation of sluice washing.

7. Licenses will be withheld from such persons as may not be able to produce proof that they have been duly discharged from their last place of service.

8. No Licenses or Leases will be granted to enable the Licensee to interfere with a permanent supply of water which may be necessary for the public use; and of this necessity the Commissioner or his deputies shall judge.

9. No Licensees or Lessees shall be permitted to undermine in the immediate vicinity of a road or thoroughfare, and the Commissioner or his deputies are empowered to decide as to the permissible proximity of a claim to a road.

10. Excepting such cases as are specially provided for otherwise by these Regulations, a monthly License of Thirty Shillings, payable in advance, will be demanded at the Gold Fields from all persons connected with the search for Gold.

11. Persons arriving at a Gold Field after the 24th of any month, may at once obtain from the Commissioner a License for the ensuing month, and such License shall be looked upon as valid for the ensuing month, the name of which shall be written or printed in full upon the License, together with the actual date of issue.

COMPANIES' LEASES.

12. Leases of blocks of ground at the Gold Fields shall be of five years' duration on alluvial diggings; of twenty-one years' duration on claims taken for the sole purpose of extracting Gold from quartz.

13. A Royalty of five per cent will be charged upon all Gold extracted by Lessees of tracts of land at the Gold Fields.

14. The maximum area of land to be leased to Companies will be one hundred and sixty acres; the length of the block being in no case greater than half a mile, and the width being in no case more than half a mile. The area leased on a quartz claim will be half a mile in length of the vein, with one hundred yards on each side of it.

15. The area comprised within blocks leased will not necessarily be square or oblong; but the whole area shall be bounded by straight lines, in order to ensure facility of measurement and easy adjudication of boundaries. A claim embracing any gully or watercourse, may be composed of several parallelograms or rectangular blocks, of which the side lines on each bank may occasionally abut closely on the creek, and may in the succeeding parallelogram be further removed; but each parallelogram shall be contiguous to another, in order that from any given corner pin, the length of each side line being known, the whole claim may be re-measured, if re-measurement should be required.

16. Leases on alluvial diggings will only be granted on lands which have been worked, or partially worked, in the ordinary method by Licensees.

17. Companies will be permitted to build or erect their works on land contiguous to their leased claims, on special application to the Commissioner; but such additional land shall in no case be worked by Companies with a view to obtain Gold.

18. Leases will not be granted to Companies where it may be the opinion of the Commissioner that it would be prejudicial to the public interests, to give to the Companies the sole and unrestricted use of the water comprised within the area applied for.

19. A Company failing to commence work within six months of the date of issue of its Lease, will forfeit its claim.

20. The actual working of leased lands will be insisted on. Thirty men, or the equivalent to the labor of thirty men, must be employed on each alluvial claim; and ten men, or the equivalent to their labor, must be employed on quartz claims. Failure to comply with this regulation will cause a claim to lapse after three months.

21. Companies obtaining Leases shall enter into bonds to work the auriferous soil thoroughly, and to leave no valuable earth behind. Whether they prefer to work in longitudinal cuttings, or transversely, or in lines radiating from the centre of the claims, they will be compelled to test the claim fairly if they work it at all, and to clear away the auriferous deposit to the bottom or rock.

22. No existing claims shall be interfered with in granting Leases to Companies.

23. The servants of a Company paying the stipulated Royalty will not be liable to pay the Monthly License Fee. They will be provided with special tickets on parchment, bearing the joint stamp of the Company and the Government; and these tickets shall be taken from books, of which the butts shall form a counterpart to the tickets issued.

The names of all the servants of the Company shall be communicated to the Commissioner of the District, at such periods as he may direct.

If a servant of a Company leave its service, his exemption ticket shall be returned to the Company, to be by the Company transferred to another servant, whose name shall be endorsed on the ticket, or to be handed over to the Government.

24. An exemption ticket will in no case be a security for the bearer, except upon or in the vicinity of the works of the Company by which the ticket shall be issued.

25. All tickets, when no longer required for use, shall be surrendered to the Government, and a charge of Thirty Shillings will be made for each missing ticket.

26. Tickets need not be carried on the person upon the premises leased to the Company.

27. Applications for Leases of lands, whether for alluvial digging or quartz crushing, shall be made in writing to the Chief Commissioner for the Gold Fields, and shall be accompanied by a deposit of £100, to be looked upon as Royalty paid in advance, and a like sum will be deducted from the first ensuing gross payment due to the Government.

28. One day in each month shall be fixed upon for the opening of applications for Leases: and two applications for the same spot, opened on the same day, shall be held to be contemporaneous. If only one application be received, the applicant shall be entitled to a Lease on the conditions stated by the Government, in accordance with these Regulations. If two or more contemporaneous applications shall be received, the applicants shall receive notice of the clashing of their claims, and shall be invited to send in tenders accompanied by a bonus, and the Government will then award the Lease to the highest bidder.

29. If the application of one Company trench on the ground applied for contemporaneously by another Company, the Commissioner shall immediately report the fact to both applicants, and shall give notice of the day on which he will examine the matter, and decide concerning the boundaries; after which, fresh applications will be received from each Company previously applying.

30. No Leases shall be transferable without prearrangement with the Government.

31. Applicants for Leases shall be bound to prove the existence of the Company represented, and shall find satisfactory sureties for the fulfilment of the various conditions of the Lease.

32. Leases shall contain the usual covenants and conditions in favor of the Crown.

33. It will be provided by express stipulation in each Lease that Lessees shall afford free access to all persons acting on the part of the Government, to inspect the books and works of a Company; to be present at the extraction of Gold; and, if necessary, to reside on the premises of the Company.

Co-operative Companies' Leases.

34. To co-operative Companies, not desirous to undertake the working of so large an area as one hundred and sixty acres, lots of five acres of ground, previously worked or partially worked in the ordinary manner, will be leased, on the payment, monthly, in advance, of twenty Licenses of Thirty Shillings each, together with the ordinary License Fee for each laborer who may be employed over and above the number twenty.

35. Effectual working of such claims will be insisted upon as in the larger claims, and applications must be sent in writing in the same manner as has been above described.

Colonial Secretary's Office,
Melbourne, 15th April, 1853.

REGULATIONS RESPECTING CLERKS IN THE SERVICE OF THE COLONIAL GOVERNMENT.

HIS Excellency the Lieutenant Governor has been pleased to direct that the Regulations of the 30th October, 1851, relative to the appointment, promotion, remuneration, and general duties of Clerks attached to the different departments of the Government of this Colony shall be revised, and that the following Regulations shall be in force from this date.

Appointment.

No person shall be taken into the service of the Government as a Clerk, until the Head of the Department to which he is to be attached, has taken the proper steps to ascertain his fitness in every respect, and has forwarded a certificate to this effect to the Colonial Secretary, and that His Excellency's sanction for the appointment has been given.

Remuneration.

The system of classing Clerks, and granting an Annual Increase of Salary, as directed by the former regulations, being now found to be inoperative, is cancelled, and the salaries voted for the Clerks of each Department, from time to time, are to be dealt with in the following manner.

All Clerks, on their first entering the service, are to be placed on the lowest rate of Salary, unless they should be appointed to some particular office of trust or responsibility, or requiring more than ordinary talents or acquirements, and all such cases are to be specially reported for the Lieutenant Governor's decision, before any increased rate can be granted to a Clerk entering the service of the Government.

The Salaries for other Clerks will be regulated according to the positions which they may occupy in their respective departments, and as far as can be, by their length of service.

The rates of Salary will for the present graduate in sums of £50 a year from £200 to £400, which latter will be the highest salary, except for First or Chief Clerks, who will receive from £500 to £600 a year. In the Post Office the lowest rate of Salary is £300 a year.

Whenever Boys can be employed with advantage, they will receive from £75 to £100 a year, but no one of this class is to be taken into the service, unless he is fully competent for the work required of him.

It does not follow because certain rates of salary are voted by the Legislature, that they must of necessity be all granted, as Junior Clerks may have entered the Department subsequently to the Estimate having been made, who would not be entitled to the rates voted.

Promotion.

It is to be distinctly understood when a vacancy occurs in any of the senior grades, or among those Clerks receiving more than the lowest rate of salary, that no one can claim to occupy the vacancy solely on account of length of service, which however, will always have its due influence and consideration; but it must be coupled with the indispensable requirements of capacity, character, and conduct, for the advanced position, and of general intelligence and industry in the performance of his duty.

When the Head of a Department wishes to recommend any one of his Clerks for promotion, he must do so in the form annexed, which is to be submitted for the Lieutenant Governor's approval.

Office,
Melbourne, 18

I certify that the diligence and ability in the performance of his duties, and the good conduct of Mr. , who has been in the service of the Government since and is at present in the receipt of £ a year, justifies me in recommending him to the vacancy occasioned by the of Mr. and to receive the salary of £ a year.*

Approved,

Removal from Office.

It must be distinctly understood, that should a Clerk be found to be incompetent, or should he contract habits which would render his further employment undesirable, he will subject himself to immediate removal from the service without any claim for compensation. His habitual infringement of any of the following general rules would also subject him to the same penalty.

General Rules.

The hours of attendance at the Post Office, are from 9 A.M. to 6 P.M., at all the other offices from 9 A.M., to half-past 3 P.M., except on Saturdays, when the offices will close at half-past 12 o'clock.

Should, however, a Clerk be in arrears with his work, or the requirements of the service demand a longer attendance at some particular period, it is to be understood that such must be given.

The whole of the time above specified must be entirely devoted by the Clerks of all Departments to their public duties, neither must they permit any one to visit them during office hours to occupy their attention upon private affairs.

No fee, or anything else by way of remuneration, can under any pretence be allowed to be taken by a clerk, for the performance of anything connected with the office to which he is attached.

No information out of the usual course of duty is ever to be given from an office, unless by the express sanction of the Head of the Department.

All public property, as Furniture, Stationery, &c., in the charge of, or used by clerks, is to be taken the strictest care of.

Holidays.

The fixed Holidays to be observed by the several Departments, with the exception of the Post Office, are, New Year's Day, Christmas Day, Good Friday, Easter Monday, the Queen's Birthday, and the 1st July, being the anniversary of the foundation of the Colony.

By His Excellency's Command,
W. LONSDALE.
