NOTICE TO MASTERS OF VESSELS NAVIGATING THE BRISBANE RIVER.

Alterations in Leading Lights, Inner Bar and Luggage Point Cuttings.

NOTICE is hereby given that, on and after 10th March, the existing lights and beacons on the East Banks marking the centre of the Inner Bar Cutting will be discontinued, and at same time the lights and beacons at lower end of Bulwer Island marking the Luggage Point Cutting will be moved about 300 feet to the southward, and will bear when in line N. 23 deg. The latter line of marks when altered will lead from the Floating Light inside Luggage Point to the West Beacon.

Directions.—Vessels entering will, after rounding the West Beacon, bring the white triangular beacons at lower end of Bulwer Island, carrying a white light and a red light at night, in line ahead bearing N. 23 deg. E., and keep them so until the lights and beacons marking the Pelican Bank Cutting come in line, whence rounding the Floating Light keep them in line and proceed as before.

1. Where samples are provided for, the supplies are to be equal in quality, finish, and in all other respects to, and of the same colour as, the contract sample, but as to weight and otherwise are to conform to the specification. In cases where supplies of a particular maker or of a particular brand or trade mark or of a particular distinguishing mark of such maker, brand, or trade mark are required, the supplies shall conform in all respects with the specified requirements. All supplies are to be delivered as directed by the Government Printer, either at the Government Printing Office or at a store situate in the city of Melbourne, but delivery will not be deemed to have been made until the goods have been approved of.

2. *The quantity mentioned in the schedules will be required from the contractor, who will be bound, however, to supply any further quantities, at the scheduled price, that may be ordered by the Government Printer during the currency of the contract. Four (4) months' notice of the* ADDITIONAL REQUIREMENTS *will be given to the contractor by the Government Printer.*

3. In the event of the supplies not being delivered by the time specified in the *schedule or order as the case may be*, it will be competent for the *Government Printer* to purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense that may be incurred over and above the contract price will be deducted.

4. The supplies on delivery will be surveyed by a board appointed by the Government for that purpose, and the decision of the board is to be considered as final. Payment will be made on the board's certificate that the goods are of contract quality and in good order and condition.

5. If the board of survey shall decide that the goods are not of contract quality, the contractor must in that case remove the goods objected to and supply others in their stead, failing which the supplies may be purchased as in condition 3.

6. All rejected goods must be removed by the contractor within forty-eight hours after notice has been given to him by the Government Printer of such rejection, and if not so removed the Government Printer is hereby empowered to send same to any store in Melbourne, there to be stored at the contractor's risk and expense.

7. A repetition of irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding One hundred pounds, as the Government may direct, and the amount may be deducted as in condition 3, or from the contractor's security. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith and forfeit the security.

8. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

9. In the event of the contractor failing to carry out the contract, the contract security money will be absolutely forfeited, and the contractor disqualified from tendering for a period of twelve months.

10. The packages, cases, &c., will become the property of the Government without extra charge.

11. In the event of any alteration in the duties of Customs now being collected, which may affect any of the items included in these contracts, the Government or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected, provided that the duty on such item has actually been paid.

12. As regards supplies of Commonwealth manufacture no subletting will be allowed; all work must be carried out in the factory of the contractor; the hours of employment of any person engaged in the manufacture of the paper, envelopes, &c., tendered for in these schedules shall not exceed 48 per week, and every such person shall be paid at a minimum wage of not less than £2 2s. per week for a man, and £1 per week for a woman respectively, or such other wages as may be determined by any special board under the Factories and Shops Acts which may be appointed during the period of the contract to fix the rate of wages in the papermaking trade, and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.
