THE Governor in Council has repealed the Regulations of the Marine Board of Victoria for the appointment of Skilled Members of the Court of Marine Inquiry, which were approved on the 28th December, 1888, and the 25th November, 1889, and has now approved in lieu thereof of the following Regulations, which were duly made by the said Board on the 16th May, 1890, and has directed that such Amended Regulations shall come into force on the 1st June, 1890.

J. B. PATTERSON,
Commissioner of Trade and Customs.

Trade and Customs Office,
Melbourne, 26th May, 1890.

REGULATIONS FOR THE SELECTION OF SKILLED MEMBERS OF THE COURT OF MARINE INQUIRY.

WHEREAS by section 40 of *The Marine Board Act 1887* it is amongst other things enacted that the Marine Board of Victoria may, with the consent of the Governor in Council, make regulations for prescribing the mode in which, and times at which, lists of persons eligible for appointment as skilled members of the Court of Marine Inquiry shall be prepared, and from time to time, in like manner, alter or repeal any such regulations. And whereas the said Marine Board did, on the 21st day of December, 1888, make regulations for the appointment of skilled members of the Court of Marine Inquiry, and such regulations were approved by the Governor in Council on the 28th day of December, 1888; and whereas an amended regulation was submitted for regulation 4 thereof, and duly published in the *Government Gazette* of the 29th day of November, 1889; and whereas it is expedient to repeal such regulations.

Now, therefore, the said Board, with the consent of the Governor in Council, doth, from the date hereinafter mentioned, repeal the aforesaid regulations, and in lieu thereof doth make and substitute therefor the following amended regulations, that is to say:—

1. These regulations may be cited as "The Regulations for the selection of Skilled Members," and shall come into operation on the 1st day of June, 1890, from which date all previous regulations relating to the selection of skilled members shall be repealed.

2. *Classes of which persons eligible for appointment as members of Court of Marine Inquiry to consist.*—The skilled members of the Court of Marine Inquiry shall be divided into the following five classes, and no person shall be considered eligible for appointment as one of such skilled members who does not possess such qualifications as would permit of his being placed in one of such classes:—

Class 1. Masters possessing a certificate of competency as such who have served five years in command of a ship since the granting of such certificate, two years of which service at least must have been in command of a sailing ship.

Class 2. Masters possessing a certificate of competency as such who have served five years in command of a ship since the granting of such certificate, two years of which service at least must have been in command of a steamship, or officers who have served not less than five years in any rank not lower than that of lieutenant or navigating lieutenant in Her Majesty's naval forces, or the naval forces of the colony of Victoria.

Class 3. Class 4. Port Phillip pilots, or masters holding exemption certificates within the meaning of *The Marine Board Act 1887* at the time of their selection by the Board as eligible for appointment as skilled members. Any person who has held a licence as a Port Phillip pilot, and has voluntarily retired from active service, shall be deemed to be a "Port Phillip pilot" within the meaning of this regulation.

Class 5. Persons of known scientific attainments of such a nature as would qualify them to investigate any scientific question relating in any manner to the conduct of navigation or the build or management of ships.

4. *Board to prepare list.*—The Marine Board shall, at some convenient time during the month of June in each year, prepare a list of persons not exceeding twenty, and not less than fifteen in number, who, in their opinion, are eligible for appointment as skilled members of the Court of Marine Inquiry; and, in selecting the persons whose names are to be placed on such list, the Board shall take care that the number eligible for appointment as members of each of the aforesaid classes of skilled members of the Court of Marine Inquiry shall be as nearly equal as may be practicable.

5. *List to be forwarded to Minister.*—Such list shall be forwarded by the secretary to the Marine Board not later than the 14th day of June to the Minister, for submission to the Governor in Council, for the purpose of a selection being made therefrom of persons for appointment as skilled members of the Court of Marine Inquiry.

6. *Extraordinary vacancies.*—If any vacancy or vacancies in the number of skilled members appointed by the Governor in Council occur from death, resignation, or any other cause, the Marine Board shall, with all convenient despatch, after being notified of the same by the Minister, submit names not exceeding four, and not less than two in number, for each vacancy, of persons who may be eligible to fill such vacancy or vacancies,

from which names the Governor in Council may select the person or persons to fill such vacancy or vacancies, provided the person or persons so selected shall possess the qualifications necessary for appointment to the class to which the person or persons in whose place he or they are appointed respectively belonged.

The foregoing regulations were made and passed at a meeting of the Marine Board held this sixteenth day of May, in the year of our Lord One thousand eight hundred and ninety.

In the month of March, 1,540 births were registered, or 62 more than in the month under review. Fog occurred on 2 days during the month.

Males contributed 53 per cent., and females 47 per cent., to the mortality of the month. Children under 5 years of age contributed 37 per cent. to that mortality, as against 41 per cent. in 1889, 38 per cent. in 1888, 39 per cent. in 1887, 41 per cent. in 1886, 39 per cent. in 1885, 40 per cent. in 1884, 33 per cent. in 1883, 41 per cent. in 1882, 36 per cent. in 1881, and 40 per cent. in 1880.

An applicant for appointment must be not more than twenty years or less than sixteen years of age. He will be required to produce a medical certificate to the effect that he is of sound constitution, and not affected with any physical infirmity which would interfere with the proper exercise of his profession. He will also be required to produce satisfactory evidence of having received a good general education, including a competent knowledge of euclid, algebra, and arithmetic, also a specimen of his plan drawing.

The pupil's service in the department shall be for a term of four years, the first two of which will be served in the office, where he will be engaged in drawing and computing. He will then (if thought necessary) be examined in trigonometry, including computation of areas and reduction of traverse surveys, also plotting from field-book and plan drawing. If his progress up to this time is not deemed satisfactory he will be liable to be dispensed with, but, if satisfactory, he will be placed under a departmental surveyor for two years for field practice.

Afterwards he will have the privilege of attending for two months at the Melbourne Observatory, where he will be instructed in such branches of practical astronomy as are necessary for the duties he may be called on to perform as a qualified surveyor.

He will be allowed to present himself at the next ensuing examination for land surveyors (without payment of fees), for the purpose of obtaining the formal certificate of the Board of Examiners as to his qualifications.

Power of disposition.—Power to sell, lease, mortgage, exchange, transfer, or deal with the whole or any part or parts of the land when and as the trustees or the major part of them shall, with the approval of the Victoria and Tasmania Conference, as defined by *The Victorian Wesleyan Methodists Act 1887*, think most advantageous. The authorized representative of the Wesleyan Methodist Church in Victoria for the time being duly appointed under that Act shall have power to fill up all vacancies occurring in the trusteeship, to appoint new or additional trustees, and to register these trusts in the Register of Trustees under *The Victorian Wesleyan Methodists Act 1887*. Subject to such power as aforesaid, but not in derogation thereof, the land, or such part thereof as shall be undisposed of as aforesaid, shall be held upon the trusts of "The Wesleyan Methodists Model Deed of Victoria 1887," enrolled in the Office of the Registrar-General of Victoria under the provisions of the said last-mentioned Act.

Purposes to which proceeds of disposition are to be applied.—To such Wesleyan Church building purposes in the neighbourhood as may be approved by a majority of the trustees and the superintendent minister for the time being of the circuit.

Tenders, endorsed "Tenders for Funerals," are to be deposited in the Tender-box at the Pay Office, Treasury, or addressed to the Chairman, Tender Board, Pay Office, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS OF CONTRACT.

1. The services are to be performed upon an order signed by a member of the Police Force. Under 31 Victoria No. 310, section 9, cemetery fees are not payable in the cases of paupers buried upon an order signed by a Justice, and in such cases the contractor's account for the burial will be correspondingly reduced.

2. The funerals are to be of the most economical description consistent with propriety. A plain hearse for an adult, and a covered, plain, suitable four-wheeled vehicle for a child under seven years of age, to be provided. The body shall be taken direct to the cemetery, and no more than one body shall be carried in the hearse at a time.

3. Coffins to be sufficiently long, deep, and wide for the corpse to lie extended at full length, and to be fastened down with screws. The contractor shall provide two inches of sawdust for the bottom of the coffin; a small block of wood to keep the head of the deceased in position, and sufficient white calico to cover the body. In the event of a body being decomposed or whenever it may be considered necessary by the member of the Police Force issuing the order for the burial, a coffin must be supplied sufficiently large to leave at least 2 inches between the body and the sides and top and bottom of the coffin, and this space must be filled up round the body with pine or phenyle sawdust by the contractor at his own expense; and in the event of any neglect in so providing or filling up the coffin it will be competent for the Tender Board to inflict a fine not exceeding £5 to be deducted as in condition 9. Coffins to be properly lowered into the graves, and the graves filled up again.

4. The graves to be dug of the proper depth, and in conformity with the Cemetery Regulations.

5. In the event of the contractor failing to attend punctually to the order, the work will be otherwise performed, and the extra expense, if any, incurred will be charged to the contractor.

6. When burials are required to take place on Sunday, no delay must take place in complying therewith, and any additional fees charged by the cemetery authorities will be repaid to the contractor.

7. The attendance of a minister of the denomination named in the order for the burial must, if practicable, be provided, and the contractor must inform the Police of the hour when the funeral service will take place, so that the friends of the deceased may attend at the cemetery if they wish. Such order to be produced at the cemetery when the contractor gives the order for interment. The contractor must pay the minister's fee for reading the burial service should it be claimed, and he will be reimbursed, on producing the minister's receipt, which must specify that the burial service was duly and properly performed, and that he received the fee for so doing; the receipt must also specify the name, age, and denomination of deceased, the name and denomination of the minister who performed the burial service, and the hour when the service was performed.

8. The account is to be rendered monthly to the officer ordering the service for payment at the Treasury, Melbourne. The charge for the minister's fee should be included in the account for the funeral.

9. In the event of any charge of impropriety or neglect in conducting the funerals being established against the contractor, the Government may for the first offence deduct from the security money, by way of fine, £5; and for the second offence a similar amount, and, in addition thereto, may forthwith cancel the contract.

10. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

Treasurer.

SUPPLIES FOR THE GOVERNMENT PRINTER.

TENDERS will be received until Ten o'clock a.m. on Friday, the 13th June, from persons willing to furnish the undermentioned articles, in such quantities as may be ordered for the Government Printer or other Government Departments, from 1st July, 1890, to 30th June, 1891:—

	Preliminary Deposit. £	Security £
No. 14. Printers' and bookbinders' materials	4	40
No. 15. Winstone's varnish	1	2

Schedules as above, giving an estimate of the articles required, and printed forms of tender, may be obtained from the Secretary to the Tender Board, by whom also the samples will be shown and any information or explanation afforded to persons tendering.

Separate tenders will be received for each schedule, but they must include the whole of the articles therein mentioned, and a separate price must be stated for each article.

The total amount of the tender where indicated must be expressed in words as well as in figures.

Tenders having alterations or erasures therein will not be entertained.

Tenders must be accompanied by the preliminary deposit as shown above in bank notes, or a bank draft in favor of the Secretary of the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

Security will be required either in Government debentures, bank deposit-receipt in favour of the Secretary of the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contracts will be disqualified from tendering for Government supplies for a period of twelve months.

Tenders, enclosed in a separate envelope, *and having the words "Tender for ——"* (as the case may be) *written thereon*, must be deposited in the Tender-box, at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all or any of the articles enumerated in the schedules, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedules, the contractor will nevertheless be bound to supply the same at contract rates.

2. The supplies are to be the same as sample (where so stated), and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the

supplies are to be the best quality of their several kinds or manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality is equal to the particular manufacture indicated in the schedule.

3. All orders for supplies will emanate from the Government Printer. These orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery, as a rule, is to be of the full quantity ordered.

4. Supplies ordered must be delivered free of all charges (whether cartage, freight, &c.). The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. Contractors must provide, without extra charge, whatever labour may be required in the packing of stores.

5. Arrangements as to time of delivery and inspection of goods will be made by the Government Printer.

6. Orders must receive prompt execution; and, in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the Government Printer, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account, or from the security money.

7. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates. The prices quoted in the orders cannot be increased.

8. The acceptance of the supplies shall be subject to the approval of the Government Printer, whose decision shall be final.

9. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in condition 6.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer of the colony may direct, and the amount may be deducted as in condition 6, or from the contractor's security. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith, and forfeit the the whole or any portion of the security money.

11. *Under no circumstances will a contractor be permitted to abandon his contract.*

In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

12. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

13. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government Printing Office; or by any article being made at any Government establishment, and supplied for use in the Government Printing Office; or by the consumption of the surplus stock of any Government establishment.

14. *In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government will neither claim any decrease on the contract price nor entertain any application from a contractor for any increase to it.*

Tenders, enclosed in an envelope, *and having the words "Tender for Boots for the Permanent Force" written thereon*, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor the full quantity estimated, but only such quantities of those articles as it may be found necessary to order. Should the Government, however, require a larger supply than the quantity stated in the schedule, the contractor will nevertheless be bound to supply the same at contract rates.

2. The boots are to be made in Victoria, of Victorian leather, and the contractor must provide everything necessary for the due fulfilment of the contract.

3. The boots are to be strictly in accordance with sample. They must be of such trade sizes as may be ordered, and subject in every respect to the approval of the Controller, Naval and Military Stores.

4. All orders for supplies will emanate from the department requiring the goods. The goods shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor.

5. Orders must receive prompt execution; and, in the event of the goods not being delivered within such time as the order may specify for delivery, it will be competent for the officer named in condition 3, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

6. The contractor will be required to furnish his account in the prescribed form as soon as possible after delivery of the full quantities of goods ordered, the account being accompanied by the receipted delivery orders on which it is based. The prices quoted in the orders cannot be increased.

7. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

8. When a contractor is required to make delivery of goods at a railway station for transmission by rail, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate of the form as an authority for the carriers to act as agent for and charge the freight to the Stores and Transport Department. He shall, as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 11 of these conditions.

9. Delivery will not be deemed to have been made until the goods have been approved of. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in condition 5.

10. The members of boards of survey will be appointed by the Treasurer of the colony for the time being, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in condition 5.

11. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in condition 5. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith and forfeit the whole or any portion of the security money.

12. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; *and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.*

13. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

14. It will be competent either for the contractor on his own behalf, or for the Secretary of the Tender Board on behalf of the Government, to terminate the contract, by giving three full calendar months' notice, in writing, to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made, *and under no other circumstances will a contractor be permitted to abandon his contract.*

Treasurer.
