

NEW SOUTH WALES GOVERNMENT GAZETTE.

Published by Authority.

WEDNESDAY, APRIL 27, 1836.

*Government House, Sydney,
26th April, 1836.*

HIS Excellency the GOVERNOR will hold a Levee at Government House, Sydney, on Saturday, the 28th of May next, at One o'clock, being the day appointed for celebrating His Majesty's Birthday.

Gentlemen attending the Levee are requested to bring their Cards, to be delivered to the Aid-de-Camp in waiting.

ROBERT M. WESTMACOTT,
Captain and Aid-de-Camp.

*Colonial Secretary's Office,
Sydney, 17th April, 1836.*

HIS Excellency the GOVERNOR has been pleased, at the request of the Honorable the Governor of Bengal, to direct the publication of the following notice of the "*Abandonment of the Light at Point Palmyras, with Instructions for Vessels seeking a Pilot for the River Hooghly,*" for the information of all parties interested.

By His Excellency's Command,
ALEXANDER McLEAY.

NOTICE.

ABANDONMENT OF THE LIGHT AT POINT PALMYRAS, WITH INSTRUCTIONS FOR VESSELS SEEKING A PILOT FOR THE RIVER HOOGLY.

THE encroachment of the Sea, on the Island of Mypurrah commonly called Point Palmyras, rendering it necessary to abandon the Light at that place, notice is hereby given, that the Light will be forthwith abandoned accordingly; and that from the 15th of March, till the 15th of September, the period during which the Pilot Vessels cruise off Point Palmyras, until further notice, the Senior Pilot at the Station will burn a Blue Light, and immediately after fire a Rocket, every half-hour during the night, commencing at 7 P. M. and ending at 5 A. M.

2. The Vessel, on board of which such Senior Pilot may be, will be instructed to take up a position, the Point bearing W. by N. distant 18

miles, and in 18 or 20 fathoms water, and to keep in that position during the night as near as possible.

3. The simultaneously firing a Rocket with the burning of a Blue Light is ordered to distinguish the Pilot's Station off the Point from the Floating Light Vessel at the entrance of the Eastern Channel.

4. The Pilot Vessels during the above period cruise in the day off Point Palmyras, anchoring during the night in a line East and West in Latitude $20^{\circ} 42'$ to $20^{\circ} 48'$ N. with the Point bearing West to W. by S.; but the Senior Officer's Vessel showing the Blue Light and firing the Rocket will be stationed as above. If, however, about the beginning of September the wind comes from the Eastward, or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and may be found in a line between the Point and the Floating Light Vessel at the entrance of the Eastern Channel; and Vessels approaching the Station about that period with the wind hanging to the Eastward, or the weather having a threatening appearance, are accordingly recommended on no account to approach the Point, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel—and it is further notified that, after the 15th September, no Pilot Vessel will be found to the Westward of the Western Sea Reef.

5. From the 15th September to the 15th March, the Pilot Vessels cruise during the day between Saugor Sand and Western Sea Reef, anchoring in the night East and West of each other in Latitude 21° to $21^{\circ} 10'$ North.

6. Vessels approaching the Station on seeing the Pilot Vessels are requested, in the day, to make for that Vessel on board of which they will see a large Red Flag flying at the main, whenever they can do so without great inconvenience or delay. In the night, the Vessel having the next-turn Pilot on board is ordered, between the 15th March and the 15th September, while the Vessels cruise off Point Palmyras, to burn a Maroon

every half-hour during the night, or one quarter of an hour after the burning of the Blue Light and the firing of the Rocket; and between the 15th September and 15th March at the Floating Light Station at the entrance of the Eastern Channel every hour, and in thick weather every half-hour, and Vessels are requested in like manner to seek their Pilot in the night from that Vessel; it being understood, however, that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without referring to any turns or rotations, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board.

C. B. GREENHAW, Secretary.

Fort William,
