HIS Excellency the GOVERNOR has directed it to be notified, that His Majesty's Government has been pleased to extend to the Retired Officers of the East India Company's Army, a participation in the advantages accorded to Officers having served in the British Army and Navy, in regard to the purchase of Land in the Australian Colonies, as laid down in the Notice of 16 February, 1835, which is re-published hereunder.

The Officers of the East India Company's Army will be allowed the indulgence in question, on producing to this Government the necessary certificates of their rank and length of service signed by competent authorities.

RETIRED OFFICERS.

HIS Excellency the GOVERNOR has been pleased to command that the following Notice, issued from the Office of the Secretary of State on the 15th of August, 1834, for the use of Officers proposing to settle in the British Colonies, and having reference to the Regulations for the Disposal of Land already in force in this Country, shall be re-published here, for the information of all Persons interested.

*By His Excellency's Command,
ALEXANDER M'LEAY.*

(COPY.)

Information for the use of Military and Naval Officers, proposing to Settle in the British Colonies.

*COLONIAL OFFICE,
15th August, 1834.*

1. Annexed is a statement of the Regulations, according to which, with such modifications as

local circumstances may render necessary, Lands belonging to the Crown are disposed of in the several British Colonies in North America, as well as a statement of the Regulations in force in the Australian Colonies.

2. Under these Regulations, Military and Naval Officers cannot receive Free Grants of Land; but, in buying Land, they are allowed a remission of the purchase-money, according to the undermentioned scale:—

Field Officers of twenty-five years' service and upwards, in the whole, £300.

Field Officers of twenty years' service and upwards, in the whole, £250.

Field Officers of fifteen or less years' service, in the whole, £200.

Captains of twenty years' service and upwards, in the whole, £200.

Captains of fifteen years' service or less, in the whole, £150.

Subalterns of twenty years' service and upwards, in the whole, £150.

Subalterns of seven years' service or less, in the whole, £100.

Regimental Staff Officers, and Medical Officers of the Army and Navy, will be deemed to come within the benefit of this Rule.

3. Officers of the Army or Navy who propose to proceed to the Colonies, in order to take advantage of this indulgence, should provide themselves with Certificates from the Office of the General Commanding-in-Chief, or of the Lords Commissioners of the Admiralty, shewing that their Emigration has been sanctioned, and stating exactly their rank and length of service. No document from the Office of the Secretary of State is necessary.

4. Officers on half-pay, residing in the Colony where they propose to settle, may be admitted to the privileges of Military and Naval Settlers, without referring to this Country for testimonials, provided they can satisfy the Governor that there is no objection to their being allowed the indulgence, and that their return of rank and length of

service is accurate; and provided, if they belong to the Navy, that they produce their letter of leave of absence from the Admiralty.

5. Military Chaplains, Commissariat Officers, and Officers of any of the Civil Departments connected with the Army, cannot be allowed any privileges on the subject of Land. Pursers, Chaplains, Midshipmen, Warrant Officers of every description, and Officers of the Civil Departments connected with the Navy, must also be considered as not qualified for those privileges.

Although numbers of these classes may have been admitted formerly, and under a different state of circumstances, they must now be excluded.

6. Gentlemen who have ceased to belong to His Majesty's Service, cannot be allowed the advantages to which they were entitled, while in the Army or Navy. It is not, however, proposed to affect by this rule Officers who desire to quit the service for the express purpose of settling in the Colonies: it is only required, that when they resign their commissions, they should apply for a certificate from the General Commanding-in-Chief, or from the Lords Commissioners of the Admiralty, that they do so with a view of emigrating; and such certificate, if produced to the Governor of any Colony, within one year from its date, but not otherwise, will be a sufficient warrant for allowing the bearer the same advantages as Officers still in His Majesty's Service.

Officers who have sold out within the last twelve months, preceding the date of this memorandum, will be allowed the usual privileges, notwithstanding their want of the certificate required by these Regulations, if they present themselves to the Governor of the Colony within a year from the present date; and all Officers who have already been recommended by the General Commanding-in-Chief will be entitled to their privileges, without regard to any obstruction which might otherwise be offered by the Regulations now established.

7. Officers cannot be allowed advantages in the acquisition of Land in any Colony, unless it be their intention to fix their residence in that Colony. In order to insure the observance of this rule, it has been determined that the Titles to Lands, obtained by Officers who take advantage of the peculiar Regulations existing in their favor, shall be withholden for a period sufficient to prove that they have not repaired to the Colony for the mere purpose of gaining possession of a portion of land and then departing.

Two years is the period for which it has been decided that the Titles shall be kept back: this delay will be sufficient for the salutary object in view, and will not constitute any serious inconvenience to the *bonâ fide* Settler.

8. By the annexed Regulations for the disposal of Crown Lands, it will be observed that the General Sales will take place periodically; but in order to prevent inconvenience to Officers who may arrive in the intervals between those Sales, and be desirous at once to obtain an allotment, the Governors of the Colonies are authorised to allow Officers to acquire, at any time, on payment of the upset price, Lands which have previously been offered for sale at some General Sale, and not been bought.

Officers will thus be relieved from delay at the

time of establishing themselves in the Colony. They will also be enabled, by this arrangement, which will permit them to obtain their land at a fixed price, to choose such a quantity as shall be exactly equivalent to the amount of the remission to which they are entitled, instead of being liable to be called upon to pay a balance, which must be the case if they bid for lands at a Sale by Auction.

9. There being little or no Crown Land available in Prince Edward's Island, Officers cannot be offered any privileges in the acquisition of land in that Colony. In Cape Breton, an island in which the natural inducements for settlement of Officers are not very considerable, it is necessary, from local circumstances, that there should not be a remission of purchase-money as in other Colonies; to such Officers as may wish to settle in this island, Allotments of Land will be granted on the same Scale and Conditions as before the general introduction of the system of selling the Crown Lands, viz.—

To a Lieutenant-Colonel	1,200 acres.
— Major	1,000 ditto.
— Captain	800 ditto.
— Subaltern	500 ditto.

Colonial Secretary's Office,
Sydney, 25th October, 1836.

HIS Excellency the Governor has been pleased to direct that the following statement, taken from the Journal of Captain Lewis, of the Colonial Schooner *Isabella*, who was sent to seek for the passengers and crew of the ship *Charles Eaton*, wrecked in Torres' Straits, in August 1834, be published for general information. A more detailed account is preparing for press.

By His Excellency's Command,
ALEXANDER McLEAY.

Captain Lewis sailed from Sydney on the 3rd June, reached Murray's Island on the 19th, and found there, William, youngest son of Captain D'Oyley, of the East India Company's Service, and the ship's boy, John Ireland, both of whom had been wrecked in the *Charles Eaton*.

Captain Lewis was informed by the boy Ireland, that the ship was wrecked near Sir Charles Hardy's Island, at the latter end of August, 1834; that the carpenter and four men left the wreck in the only serviceable boat, the day the ship struck, as has been reported; that subsequently the rest of the crew and passengers made two rafts, and were drifted upon an Island called by the natives *Boydang*, in lat. $11^{\circ} 28' S.$, and long. $142^{\circ} 59' E.$ There they were all, except the two persons above-mentioned, murdered by the natives of an Island called *Oureed*, who were then at *Boydang* fishing. The lives of these two were preserved, from some unexplained motive, and the savages having taken them to *Oureed* or some adjacent Island (the boy John Ireland is not sure of the place), some Natives of Murray's Island who had heard of white men being there, arrived in a canoe and purchased them of the savages of *Oureed* for a bunch of bananas each. The purchasers removed them to Murray's Island, and treated them with great kindness during nearly two years that they sojourned there, giving them up to Captain Lewis with manifestations of great regret, as they ap-

peared much attached to them. Captain Lewis was on the most friendly terms with the Natives of the Island during the whole of his stay.

At Murray's Island, he was informed that the skulls of the murdered persons had been removed from Boydang to Oureed. He therefore determined to go for them, and after a long search found them at that place. The Island was deserted by the Natives on his approach, but the skulls were left behind. Oureed is in Lat. $9^{\circ} 56' 7''$ S., and Long. $143^{\circ} 10' 15''$ East.

Captain Lewis brought off 45 skulls, 17 of which are said to be European. They have all been buried at Sydney. From Oureed he proceeded through the Straits to Copang, and thence round Cape Leewin to Sydney, where he arrived on the 12th instant. While passing through the Straits, he was joined at Double Island by the Honorable The East India Company's Brig-of-War *Tigris*. This vessel accompanied the *Isabella* to Copang, where she parted on the 27th August, on her return to India.

The following is a list of the Crew and Passengers who sailed from Port Jackson in the *Charles Eaton* :—
