*Society of Arts, &c.,
Adelphi, London, July 10, 1840.*

SIR,—I have the honor to transmit lists of the premiums offered by the Society of Arts for various inventions and improvements in the Arts, Manufactures, and Commerce of Great Britain and her Dependencies.

The Society continue to give much of their attention to the Commercial intercourse of Great Britain with the Colonies as one of the principal means of promoting the prosperity of British subjects in general, and will feel much obliged by your kind co-operation, if you will direct that the section headed "Class of Colonies and Trade" be inserted in the principal journals of New South Wales, with any introductory remarks that the Editors may think proper.

As it is desirable that for the efficient accomplishment of these objects the Society should have constant intelligence of the state of Colonial trade,

they are most anxious to induce residents in the Colonies to become members of their Body, and I shall be happy to receive the names of any who may wish to be proposed.

I have the honor to be,

Sir,

Your Excellency's most Obedient Servant,
W. A. GRAHAM, Secretary.

The following is the method (according to information received from Captain Colquhoun, R. Art.) adopted in the hot country (*terre caliente*) of Jalisco and Mechoacan.

The bunch of fruit is allowed to remain on the plant till it is perfectly ripe, and its native sweetness fully developed; it is then cut off, and the plantains, being removed from the stalks, are spread out in the sunshine, on netting, or frames of bamboo. When the fruit begins to shrivel, the outer skin is peeled off without trouble, and the drying is continued till the fruit is of the consistence of a fig, and becomes covered over with a white, mealy, sugary efflorescence. In this state it forms a luscious sweetmeat, the flavour of which resembles that both of the fig and of the date. For convenience of transport, it is pressed into masses of about 75 lbs. each, and is wrapped up in dried plantain leaves.

16. To the person who shall grow the finest sample of nutmegs, of good and merchantable quality, not less than twenty pounds weight, in any of her Majesty's dominions in the West Indies, or in any British plantation on the coast of Africa, or of the several islands adjacent thereto, or on the island of Singapore, and equal to those imported from the islands of the East Indies;—*the Gold Medal.*

Satisfactory certificates of the place of growth, with an account of the number of trees, their age, nearly the quantity of fruit on each tree, and the manner of culture, together with samples of the nutmegs and of the mace, to be produced to the Society.

For Mr. Lockhart's paper on the cultivation of the nutmeg in the Island of Trinidad, see the 48th volume of the Society's Transactions.

Black Pepper.

PUBLIC ACCOUNTS.

ALL Persons having claims on the Colonial Treasury are requested to furnish their accounts, through the proper channel, before the end of the year, or as soon thereafter as practicable.

The several Collectors and Officers in the receipt of public monies will pay over to the Colonial Treasurer, on or before the 31st December next, the amount of all collections remaining in their hands, respectively, up to that date, so that the entire revenue collected by each may be credited in the accounts of the year within which it was received. The Heads of Departments and other Officers who have received advances to enable them to defray expenses incurred under their superintendence, are requested to furnish to the Audit Office, as far as practicable, and with all convenient dispatch, the accounts of the expenditure thereof, and on or before the last day of next month to pay into the Colonial Treasury, the unexpended balance of such advances, that the adjustment of the same may appear in the accounts to the 31st proximo.

They will also, as soon as practicable after the close of the year, bring forward all accounts of expenses incurred within the same, which do not admit of being previously settled, so that, if possible, all the expenses incurred in the present year may be finally adjusted and liquidated within one month after its termination.

The Colonial Treasurer is requested to use his endeavours to give effect to these directions, and to report through the proper channel, for the information of His Excellency the GOVERNOR, any instance of neglect in complying therewith, on the part of the Public Officers concerned.

E. DEAS THOMSON.*

VACCINATION.

INFORMATION having been received, that the ship *Martha Ridgeway* has arrived from Plymouth, at Port Nicholson, New Zealand, and been put into Quarantine, having the Small Pox on board, His Excellency the Governor directs the re-publication of the Notice of 29th July, 1839, with the view of again drawing the attention of parents and guardians to the importance of Vaccination.

*By His Excellency's Command,
E. DEAS THOMSON.*

(COPY.)

*Colonial Secretary's Office,
Sydney, 29th July, 1839.*

IN order to avert the calamities which must necessarily follow, if the Small Pox be introduced into the Colony, and to keep up a constant supply of Vaccine Lymph, His Excellency the Governor directs it to be notified, that children will receive Vaccination gratis, if taken to any of the public Hospitals, or Colonial Surgeons throughout the Colony, every Tuesday, at eleven o'clock in the forenoon. But as the operation itself, without any proof of its having taken effect, would be insufficient security to the public mind,

His Excellency has been pleased to direct, that a charge of one shilling shall be deposited for every child vaccinated, which sum will be returned on the presentation of the child on the next vaccination day.

His Excellency very strongly recommends parents and guardians to avail themselves, as early as possible, of the means thus afforded to them of taking this necessary and proper precaution, with respect to all children not already vaccinated.

NOTICE is hereby given, that the following
 Claims to DEEDS OF GRANT OF

 pointed for that purpose, under the Act of Council
 5th William IV., No 21, at the expiration

Case No. 839.—Hugh Owens, of Sydney, agent
 of William Owens, of Manchester, in England,
 by his Attornies Messrs. Chambers and Thurlow.

Two acres one rood and thirty-one perches,
 county of Cumberland, *parish of St. Luke, Town*
of Liverpool; bounded on the north by Moore's
 allotment, being a line bearing east 2 degrees,
 north 816 links; on the east by Biggs-street,
 being a line bearing south 45 degrees, east 300
 links; on the south by allotment claimed by
 Owens and Tindall, being a line bearing west 10
 degrees, south 816 links; and on the west by
 George-street, being a line bearing north 45
 degrees, west 300 links.

*This land, it would appear, is the half of a
 large allotment, which according to Mr. Moore's
 Map was located to Governor Erskine. On the
 Modern Maps it is charted to Major Owens, now
 deceased. Claimant, it is alleged, is his heir at
 Law. The allotment is not appropriated by
 Governor Macquarie's Map.*

Case No. 840.—Hugh Owens, of Sydney, agent
 of William Owens, of Manchester in England,
 opposed by David Tindall.

Two acres one rood and sixteen perches, in the
 county of Cumberland, *parish of St. Luke, Town*
of Liverpool; bounded on the north by Owen's

allotment, being a line bearing east 10 minutes, north 816 links; on the east by Biggs-street, being a line bearing south 45 minutes, east 286 links; on the south by Tindall's allotment, being a line bearing west 45 minutes, south 816 links; and on the east by George-street, being a line bearing north 45 minutes, west 291 links.

This is part of a large allotment, originally, it would appear according to Mr. Moore's Map, located to Governor Erskine. On the Modern Maps it is chartered to Major Ovens, deceased. It is not appropriated on Governor Macquarie's Map. William Ovens, it is alleged, is the heir at law of Major Ovens. Tindall alleges, that the allotment was given by Mr. Moore to his wife, when she was Jane Bull, and that it has been fenced and occupied by the family ever since.

This allotment it would appear was originally located on the authority of Governor Macquarie to James Union, being No 15 of the original Map. Mr. Moore's Map also shews it as Union's. On the Modern Map it is chartered to Kinghorne, and he, it is alleged, has sold to Spicer, who sold to Claimant.
