GOD SAVE THE QUEEN !

Council Office, Sydney,
8th June, 1841.

COUNCIL.

THE Legislative Council met this day pursuant to summons; His Excellency the GOVERNOR read the following Address :—

WM. MACPHERSON,

Clerk of Councils.

GENTLEMEN OF THE LEGISLATIVE COUNCIL,

The New South Wales Act of 1828 having been renewed for another Year, you are again called on to provide for the Legislative wants of the Colony; I do not doubt that you will cheerfully meet this further demand upon your services.

I regret that it is not in my power to lay before you the important Bills which were suspended last Year, in order that the instructions of Her Majesty's Government might be obtained on some material points involved in them; I trust, however, that before the end of the Session, I may be able to re-produce them in such a state, as may render the discussion of them easy and satisfactory.

I am convinced, by almost every day's experience, of the want throughout the Colony of the Institutions which these Bills are intended to provide; in respect to Sydney, in particular, it must I think appear to others, as well as to myself, a matter of surprise and regret, that a Commercial Capital, containing more than 30,000 Inhabitants, should be still without any means of self Government.

I have received information, that Her Majesty has been pleased to erect the Islands of New Zealand into a separate Government; and that, consequently, the intimate connexion which existed for a time between New Zealand and New South Wales has ceased; a friendly intercourse, however, and one of mutual benefits will continue, I trust, still to be kept up between the two Countries; and there is not, I am sure, an Inhabitant of New South Wales who will not join with me in wishing success to the Colonists of New Zealand.

I am not yet able to lay before the Council any Documents respecting the separation of the two Colonies, but I hope shortly to be in a condition to do so.

The important measures, for which Legislative provision was made by the Council during its last Session, have been, as far as possible, carried into effect by the Executive Authority. A Court of Superior Jurisdiction has been established at Port Phillip; Circuit Courts, at Bathurst, Berrima,

and Maitland; and Courts of Requests, in a considerable number of the Minor Towns of the Colony. These are measures, not only calculated to be of great benefit to the Colonists, but are otherwise of importance, as approximating the Institutions of the Colony, to the condition of those which we look up to with veneration in our Parent Land.

A Census has been taken of our Population; and as soon as possible, after all the Returns are received, I shall lay the result before the Council.

The Colony has, moreover, in many other respects, advanced during the Year, in a gratifying and encouraging manner. Steam Navigation has greatly increased; a store of Grain is provided against the recurrence of such a calamity as that which visited us in 1839; Immigration has been continued in a copious, though still an insufficient stream; and the streets of Sydney are the first to testify that Gas Lights have made their appearance in the Eastern Hemisphere.

But, notwithstanding these many subjects of congratulation, it must be acknowledged, that the few months which have elapsed since the Council last separated, have been anxious ones for the Colony, and obvious to all, that the present times require of us the exercise of patience, industry, mutual forbearance, and economy; with these, however, I feel confident that we shall easily surmount our difficulties, whilst the evils of the present day will become profitable lessons for the future. The Commercial embarrassments, which first shewed themselves in Sydney, about the month of October or November last, did not affect the Public Income of 1840. The Revenue of that Year was indeed the largest ever collected in the Colony—the gross receipt of the Year having exceeded the gross expenditure, by the large sum of £120,000, notwithstanding that in the expenditure was included very nearly £150,000 for Immigration.

The ordinary Revenue of the Port Phillip District was more than double that of the preceding Year, it having increased from £14,008 in 1839, to £29,799 in 1840, whilst the Sale of Crown Lands in that District brought to the general Land Fund the large amount of £217,127; thus affording to the older parts of the Colony, the means of replacing the Labour and Capital which the opening of Port Phillip had drained from them.

Aided by the resources of the older settlements, but unassisted with borrowed money, the District of Port Phillip has indeed risen rapidly to a state of Wealth and Importance, which cannot but be highly gratifying to the entire Colony.

The pecuniary difficulties under which many interests in the Colony are still suffering, must naturally be expected to affect the Revenue of the present Year, and of probably the next succeeding one; the falling off, however, is as yet only sensibly felt in the branch of it which is derived from the Sale of Land, and in this even the deficiency may in part be ascribed to other causes.

These pecuniary difficulties may safely, I believe, be said to have arisen from excessive speculation, and an undue extension of credit; they seem to be of the nature of those which frequently, and almost periodically occur, in all places where Commercial adventure is eager, and a remedy for

them is, I think, to be looked for, in the natural course of events, rather than to be sought in any Legislative Enactment.

A few of the circumstances which have contributed to bring about these embarrassments in our Commercial relations, may perhaps, without much risk of error, be pointed out, though it is very necessary to bear in mind, that in seeking to discover such agencies, we are very likely to mistake effects for causes.

The scarcity of 1838 and 1839, caused a great drain from the Colony, for the first necessary of Life, and produced excessive fluctuations in the price of every description of Grain.

The decline in price of our chief staple commodity, Wool, lessened the value of our Exports in the Home Market.

The excessive consignment of Goods to the Colony, mostly on speculation by Mercantile Houses in England, produced a depreciation in the value of nearly every species of Merchandise, calculated to affect, more or less, the transactions of the whole Commercial Body.

The necessity of disposing of these Goods contributed to the undue extension of credit, whilst the rapid influx of Capital into the Colony may have had a tendency to encourage hazardous speculations, and the employment of money in investments not yielding any immediate return.

A more abundant supply of Labour is, undoubtedly, the one great thing wanted in the Colony; for without Labour no wealth can be produced, no Capital can be profitably employed.

I shall propose to the Council immediately to re-appoint the Committee on Immigration, and I have some important Papers to lay before it.

In a Country where Labour is so much in demand, it must appear strange to all who have their eyes directed on us, that we should neglect the nearest source from which it is to be obtained—I mean the real Children of the Soil, the Aboriginal Inhabitants of the Country. Though by nature wild, and with difficulty induced to submit to the restraints which are imposed on ordinary Labourers, abundant proof exists that they may be made to do so. I have seen some Establishments myself, and am informed of others, in which they have been, and still are, profitably employed. The Colonists are individually, no less than collectively, concerned in this important matter; and in addition to the considerations of Religion, Humanity, and Justice, which press so heavily upon us, we have now a further reason for turning our attention to it, as I have received instructions from Her Majesty's Government, to apply to the civilization and improvement of the Aborigines, 15 per Cent of the Revenue derived from the Sale of the unimproved Lands of the Crown.

On the subject of the Aborigines, I shall lay before the Council some important Despatches which I have received from the Secretary of State.

The Financial Papers of the Year, including the Estimates for 1842, are in an advanced state of preparation, and will speedily be laid before you.

Council Chamber, }
June 8th, 1841. }

GEORGE GIPPS.

Colonial Secretary's Office,
Sydney, 4th June, 1841.

COUNCIL.

HIS Excellency the GOVERNOR is pleased to direct that the general objects of the following Bill, about to be brought under consideration of the Legislative Council, be published for general information.

By His Excellency's Command,
E. DEAS THOMSON.

No. 1.—“A Bill to repeal so much of an Act, intituled, ‘An Act to abolish the Transportation of Female Convicts, and to provide for the more effectual punishment of Female Offenders within the Colony of New South Wales’, as authorises the confinement of any Female Offender in a Dark Cell.”

By this Bill it is proposed to repeal so much of the Act 3, VICTORIA, No. 22, as authorises the confinement of Female Offenders in a Dark Cell.

Colonial Secretary's Office,

Sydney, 1st June, 1841.

REWARDS FOR THE APPREHENSION OF RUNAWAY CONVICTS.

HIS Excellency the GOVERNOR is pleased to direct, with reference to the Notices from this Office of 13th of April, 1832, and 12th November, 1838, that the existing regulations respecting the payment of rewards for the apprehension of Convicts illegally at large, be considered cancelled, and that the following be adopted in their room, viz:—

1. For the apprehension and conveyance, before a Magistrate, of every Convict who shall have absconded, or been absent for any period, *with intent to abscond*, from ordinary Government work, or the service of an individual, there shall be paid as a reward the sum of Ten Shillings, which sum may be increased to any amount not exceeding Twenty Shillings, if the Magistrate before whom the Convict is taken shall consider that, from any particular circumstances attending the capture, the Constable or person capturing is deserving of a higher reward than Ten Shillings.

2. For the apprehension and conveyance before a Magistrate, of every Convict, who, whilst serving under sentence to an Ironed Gang, or as a second class Convict, shall have absconded, or been absent, *with intent to abscond*, from any Ironed Gang, or Stockade, or otherwise from legal custody, the sum of Twenty Shillings, which sum may be increased to any amount not exceeding Thirty Shillings, if judged proper by the Magistrate, for the reasons stated in the foregoing paragraph.

3. For the apprehension and conveyance before a Magistrate, of any runaway Convict, who, being under a charge of any Transportable offence, shall afterwards be committed to take his trial for the same before the Supreme Court, or any Circuit Court, or Court of General Quarter Sessions, the sum of Fifty Shillings; but if the prisoner apprehended be an armed Bushranger, or capital Felon, the sum of Three Pounds will be paid, which latter sum may be increased to any amount not exceeding Five Pounds, if judged proper by the Magistrate, for the reasons stated in paragraph 1.

And in order to ensure a speedy apprehension of offenders, an addition will be made to the rewards specified in this paragraph of one-fourth their respective rates, if the offender be captured within twenty-one days after he shall have absconded, of one-third if within fourteen days, and of one half if within one week. Under this paragraph, therefore, it will be seen, that whilst the Reward will never be less than Fifty Shillings, it may, under Special circumstances, be increased to Seven Pounds Ten Shillings.

4. It is to be distinctly understood, that the Rewards specified in the 3rd section of these Regulations are not to be paid in any case where the Prisoner apprehended is tried under summary jurisdiction, by Magistrates in Petty Sessions.

5. It is also to be distinctly understood, that one Reward only can be paid, under these Regulations, for the apprehension of any Convict; and that if the higher reward be claimed on the committal of such Convict for any of the offences before mentioned, the lower or apprehension Reward will merge in it.

6. Rewards under these Regulations are to be immediately paid on the spot by the Police Magistrate, or Bench of Magistrates, in conformity with the instructions contained in the circular letter from this Office, of this date.

7. When any person serving under sentence as a Convict shall render any service in the discovery or apprehension of offenders, which would, under the above Regulations, entitle him to a pecuniary Reward, he shall receive such a remission of sentence as it may be in the power of the Governor to make to him, the lowest reward being a remission of six months in the calculation of his time for a Ticket-of-Leave, and the highest an Absolute Pardon.

By His Excellency's Command,
E. DEAS THOMSON.

Colonial Secretary's Office,
Sydney, 8th June, 1841.

COURT OF CLAIMS.

NOTICE is hereby given, that the following CLAIMS for DEEDS of GRANT of LAND and TOWN ALLOTMENTS, will be ready for the examination of the Commissioners appointed for the purpose, under the Act of

Council, 5th William IV., No. 21, at the expiration of two months from this date, before which day any Caveat or Counter Claim must be entered at this Office. Due notice will be given of the days appointed for the hearings.

Case No. 976.—John Eckford and Nathaniel Goldingham, both of Maitland, in trust.

Twenty-two acres, county of Northumberland, parish of Maitland, part of a portion of land said to contain 116 acres originally measured to him; commencing at the north-east corner of the land claimed by George Muir, and bounded on the north-west by Hunter's River downwards to the north-west corner of land claimed by E. C. Close, (formerly Martin's); on the east by the west boundary line of that land, bearing south 25 chains; on the north by 19 chains of the south boundary line of the land originally measured to Martin, bearing east; on the south-east by a line bearing west 35 degrees, north 14 chains and 75 links to the centre of an occupation road; and on the south-west by that road, bearing north 41½ degrees, west 28 chains and 28 links to Hunter's River.

Governor Sir Thomas Brisbane issued an order in favor of George Mitchell for 116 acres of land. A deed of grant of the greater portion has already issued. The land in question is devised by deed of gift to claimants for the benefit of the sons of the promisee.

Case No. 977.—Rosetta Terry and others, in trust.

Eleven and a half perches, county of Cumberland, parish of St. Philip, town of Sydney, the western portion of allotment No. 6 of section No. 82; commencing at the south-west corner of that portion of allotment No. 6, granted to Daniel Cupitt, and bounded on the south by Essex-lane, being a line bearing west 14 degrees 30 minutes, north 98½ links; thence on the west by allotment No. 5, being a line bearing north-easterly 60½ links; thence on the north by part of allotment No. 7, being a line bearing east, southerly 101 links; thence on the east partly by allotment No. 7, and partly by that portion of allotment No. 6, granted to Daniel Cupitt, being a line bearing south-westerly to the point of commencement.

Since the description of allotment No. 6, of section No. 82, was advertised on the 15th June, 1835, preparatory to the making out of a deed of grant in the name of Samuel Terry, who was reported as the proprietor, it has been found that a portion was already granted to Daniel Cupitt, and the above being a description of the remainder. Samuel Terry, with certain exceptions, devised all his Sydney properties in trust.

Case No. 978.—George Bowman, of Richmond.

Three acres and one perch, county of Cumberland, parish of Ham Common, allotment No. 2 of section No. 2, in the town of Richmond; bounded on the north-west by Chapel-street, being a line bearing north 18 degrees 50 minutes, east 4 chains 14 links; on the south-west by March-street, being a line bearing west 19 chains 25 degrees, north 7 chains 21 links; on the south-east by allotment No. 4, being a line bearing north 19 degrees, east 4 chains 21½ links; and on the north-east by allotments Nos. 2 and 3, being a line bearing west 18 degrees 50 minutes, north 7 chains 25 links.

This is composed of parts of two allotments, originally numbered 7 and 8, located according to the maps signed by Governor Macquarie, to John Dight and James Blackman. According to a list, dated in 1822, and deposited in the Surveyor General's Office, it is George Cox's; but the present maps shew it as the late William Cox's, who, it is alleged, devised it to his grandson, William Cox, junior, of Negoa, who has sold to claimant.

Case No. 979.—George Bowman, of Richmond.

One acre three roods and fifteen perches, county of Cumberland, parish of Ham Common, town of Richmond, allotment No. 4 of section No. 2; bounded on the north-west by allotments No. 2 and 3, being a line bearing south 19 degrees, west 8 chains 21½ links; on the south-west by March-street, being a line bearing west 19 degrees 25 minutes, north 2 chains 20 links; on the south-east by allotment No. 5, being a line bearing north 19 degrees 45 minutes, east 8 chains 22 links; and on the north-east by Windsor-street, being a line bearing west 19 degrees 20 minutes, north 2 chains 30 links.

This is formed of part of an allotment, originally numbered 8, and located to James Blackman, as appears from the map signed by Governor Macquarie; according to a list, dated in 1822, and deposited in the Surveyor General's Office, it is Alfred Luttrell's; the present maps shew it as Luttrell now Simmonds. It is claimed on two chains of title. One moiety was sold by Luttrell to the late William Cox, senior; William Cox, of Hobart Ville, took as heir-at-law, and gave to his son William Cox, junior, who sold to claimant; the other moiety was sold by Luttrell to William John, who sold to James Simmonds, who sold to Farrell Puff, who sold to John Cuff, who sold to claimant.

Case No. 980.—James Reynolds, of ——— by his solicitors, Messrs. Chambers and Holden, in opposition to Thomas Markwell, of Richmond.

Two acres, county of Cumberland, parish of Ham Common, allotment No. 4; bounded on the west by a line south 40 degrees, west 2 chains 50 links, commencing at the south-west corner of Fox's allotment; on the south by a line east 40 degrees, south 8 chains; on the east by a line north 40 degrees, east 2 chains 50 links; and on the north by Fox's allotment.

The above description was inserted in the Gazette notice of 31st October, 1832, page 370, No. 93, in the name of William Reynolds, the original locatee, preparatory to the making out of a deed of grant, he is now deceased; but prior thereto he requested the deed to be made out for Markwell, to whom he sold. The other claimant is Reynolds' eldest son and heir-at-law.

Case No. 981.—Hugh Taylor and William White, both of Parramatta, in trust.

Ninety three and a half perches, county of Cumberland, parish of St. John, town of Parramatta, allotment No. 10, on the south side of Macquarie-street, in section No. 11; bounded on the west by a line 2 chains 90 links, to the north boundary of No. 35, Hunter-street; by that boundary 50 links, and a line to Hunter-street 1 chain 49 links; on the south by Hunter-street 1 chain 14 links; on the east by O'Connell-street 4 chains 34 links; and on the north by Macquarie-street 1 chain 34 links.

This land was leased by Sir Thomas Brisbane, for 21 years, from the 30th June, 1823, to Richard Farrington, deceased, who has devised in trust to claimants for the benefit of his son Thomas Farrington, a minor. The deed is prayed for on condition of having expended £1000 on building

This allotment appears to have been located by Samuel Thorley, under the authority of Mr. Cox. Thorley is deceased, and the allotment is in the hand of the claimant or his executor.
