

NEW SOUTH WALES GOVERNMENT GAZETTE,

Published by Authority.

FRIDAY, SEPTEMBER 24, 1841.

*Colonial Secretary's Office,
Sydney, 21st September, 1841.*

HIS Excellency the GOVERNOR has been pleased to make the following appointment, viz:—

Lieutenant WILLIAM COOKSON, of Her Majesty's 80th Regiment of Foot,

to be a Magistrate of the Territory, and Assistant Engineer, at Tourang Stockade, vice Captain Tyssen, who resigns.

*By His Excellency's Command,
E. DEAS THOMSON.*

*Colonial Secretary's Office,
Sydney, 22nd September, 1841.*

HIS Excellency the GOVERNOR directs it to be notified, that in consequence of Mr. WILLIAM WARRE BARROW, the Police Magistrate at Wellington, having been absent from his District without leave since the 28th July last, his appointment has been cancelled from that date.

*By His Excellency's Command,
E. DEAS THOMSON.*

PUBLIC EDUCATION.

SOME further regulations being necessary to define the manner in which aid will, in future, be afforded by Government to the Public Schools, intended for the education of the poorer classes of the community throughout the Colony, the GOVERNOR directs, that the following shall take effect, from and after the first day of January next.

NEW SCHOOLS, OR THOSE ESTABLISHED SINCE THE YEAR 1836.

In Towns or places of which the population by the late Census amounted to 2000, or upwards, the aid to be given by Government to any School, will never exceed one penny for each day's actual attendance of every child in the School, no child being reckoned whose parents or friends, are in a

station of life, such as to render it unnecessary to extend to them the assistance of Government.

In Towns whose population did not by the late Census, amount to 2000 souls, the aid afforded to any School, may be as high as 1½d, per diem, for each child, and it may be further extended to 1½d. per diem, if there be no other School of any denomination receiving aid from the Government, within five miles of it.

In no case, however, will the aid afforded by Government, exceed the sum which may be raised for the support of the School from private sources, nor will it ever exceed £25, per quarter, unless the number of children attending the School, or the poverty of their parents be such as to make a special exception in favour of it necessary.

SCHOOLS ESTABLISHED PRIOR TO THE YEAR 1837.

No alteration in respect to these Schools is proposed during the year 1842, farther than that which is hereinafter specified under the head of "Schools in general."

It is to be understood, however, that the sums granted by the Legislature in aid of these Schools, can never be exceeded, nor can the saving of one year, (if there be any,) be carried forward in aid of the expenditure of the next. Repairs also to Buildings, are to be defrayed out of the sums granted.

It is to be understood, however, that the practice of paying fixed Salaries to Masters and Mistresses, will be discontinued by the Government as soon as possible, and that accordingly no Salaries will be guaranteed by Government to any Masters or Mistresses, who may be appointed after the 1st January, 1842; neither will Rent be paid by Government for any Buildings that may be hired as School Houses after the same day, unless they shall previously have been used as such, it being considered that the providing of proper Masters, Mistresses, and Buildings, should rest with the Trustees, or Committee of Management of each School, rather than with the Government.

It is further proposed, as soon as possible, to discontinue the extremely objectionable practice of paying one half-penny per diem, for children whose parents or friends pay nothing; and thus

by these several alterations, gradually to bring all Schools which receive aid from the Government, under one system, as far, at least, as the receipt of that aid is concerned.

SCHOOLS IN GENERAL.

In addition to the returns now furnished to the Auditor General, a list will be required from each School, on the last day of every quarter, containing in alphabetical order, the names of all the children who attend the School, their ages, and also the names, places of abode, and trade or calling of their parents, or nearest friends.

These lists will be sent in Sydney, to an Inspector of Schools, to be appointed by the Government, and in the Country to the Police Magistrate, or if there be none, to the Clerk of the Bench of the District, or other person appointed by the Government; and such Police Magistrate, Clerk of the Bench, or other person, will act as Inspector of Schools within his District.

DUTIES OF INSPECTORS OF SCHOOLS.

The first duty of the Inspector of any District will be, to make himself acquainted with the condition, in life, of all the parents, or friends of the children attending the different Schools, and he will mark on the list, which is to be furnished to him quarterly, his opinion, whether or not such parents require the assistance of Government in the education of their children.

The Inspectors will further visit the different Schools in their Districts at uncertain times, but never less than twice in every month, and will muster the children and compare the numbers present, with the numbers entered on the registers of daily attendance kept by the Masters, or Mistresses of the Schools.

With the business of tuition, the Inspectors will have no concern, neither will they exercise any control over the Teacher or Teachers, the object of their appointment being to watch over the financial, and not the educational, business of the Schools.

It will, nevertheless, be their duty to report to the Government, any irregularity or misconduct which may fall under their observation, and in transmitting the quarterly lists to the Colonial Secretary, they will report generally on the way in which each School may appear to them to be managed.

By His Excellency's Command,

E. DEAS THOMSON.

*Colonial Secretary's Office,
Sydney, 20th September, 1841.*

LUNATIC ASYLUM.

IT having been represented that much inconvenience is experienced through the repeated calls of Individuals to see their Friends or Relatives, at the Lunatic Asylum, Tarban Creek; His Excellency the GOVERNOR directs it to be notified, that Monday and Tuesday, in every week, have been fixed as the days on which Patients in that Establishment may be visited, but that it must be clearly understood, that no Patient can at any time be seen, if in the opinion of the Resident Surgeon, the state of Mind of the Individual would thereby be injuriously affected or his ultimate recovery protracted.

By His Excellency's Command,

E. DEAS THOMSON.

*Colonial Secretary's Office,
Sydney, 23rd September, 1841.*

NEW ZEALAND—LAND CLAIMS.

IN consequence of applications still occasionally being made to this Office, for information respecting Claims to Land in New Zealand; His Excellency the GOVERNOR directs it to be notified, that all Claims which were preferred through this Government, under the Act of Council, 4th VICTORIA, No. 7, were, on the separation of the two Colonies, transmitted to the Commissioners in New Zealand; and that all further enquiries on the subject, should be addressed to the Colonial Secretary of that Colony, at Auckland.

E. DEAS THOMSON.

MARRYAT'S SIGNALS.

AT the request of the Agent for Lloyds, His Excellency the GOVERNOR has directed the publication, for general information, of the following notices relating to Marryat's Code of Signals.

By His Excellency's Command,

E. DEAS THOMSON.

MARRYAT'S CODE OF SIGNALS.

The rapid and extensive growth of Commercial Intercourse, the numerous additions of late years to Maritime Discovery, and the great increase in Steam Navigation, having rendered, after a term of Twenty-five Years, the old Edition of the Code of Signals too imperfect for present use, the Author has considered it advisable to re-arrange and enlarge it so as to adapt it to the present wants of the Merchant Service.

With this view, the Work has been entirely revised, and though the New Edition consists as before of Six Parts, yet each Part has been materially enlarged. The Vocabulary now contains upwards of 5000 words, and the Sentences are upwards of 3400 in number, including every thing applicable to Steam Navigation and Machinery.

No alteration has been made in the Flags, excepting that the Second Distinguishing Pendant is now applied to the continuation of the Numbers of Merchant Vessels.

An examination will at once evince the increased usefulness and superiority of the New Edition, and impress upon the Agents to Lloyd's and others, the importance not only of providing themselves with it, but of extending its publicity amongst Merchants, Owners, and Captains of Vessels, as much as lies in their power.

NOTICE.

As the numbering of the present Edition differs throughout from that of the last, it will be necessary, in order to prevent any misunderstanding from signaling with the two Editions, that all vessels possessing this Edition of 1841, in making their numbers or other communications, with any Ship or Signal Station, should first hoist the Numeral Pendant (at some other mast head) to signify that they are using this Edition; upon seeing which, Ships and Signal Stations will im-

mediately hoist the First Distinguishing Pendant with Union Jack underneath, as the answering Signal; and when such answering Signal is not made, it will be understood that the Vessel or Station does not possess the new Edition, in which case the Ship (if she has it) will communicate with the old Edition.

Colonial Secretary's Office,

Sydney, 15th September, 1841.

Separate Tenders will be required for the Forage in the District of Sydney, and for the Institution for destitute Roman Catholic Children ; but the other supplies for that District are to be tendered for together.

The supplies for each of the other Districts, with the exception of those for the Orphan Schools and the Lunatic Asylum, are intended to be included in one Contract ; and therefore no Tenders can be received unless for supplying the whole that may be required in the entire of a District, and for each District there must be a separate Tender.

Separate Tenders must also be made for each of the Orphan Schools and for the Lunatic Asylum.

CONDITIONS.

All the articles required by this Notice are to be of the best quality of their several kinds.

The Flour and Bread must be the produce of clean sound Colonial wheat, from which, on the Ration of Emigrants, Surveying and Mounted Police, or other parties, Superintendent and Crew of the Floating Light, Men at the Light House, Boatmen, and the Orphan Schools, 20 per cent., and on the Ration to Prisoners of the Crown, 10 per cent. has been extracted in Bran and Waste.

Beef and Mutton to be issued in such proportions as may be required for the Ration to Emigrants, and, when the quantity admits of it, this, as well as the Convict Ration of Beef, to be delivered in fore and hind quarters alternately.

Beef to be issued to the Orphan Schools on five days, and Mutton on two days of the week.

The Maize Meal to be similar in quality to the Wheat Meal, and to be twice ground.

When it may be necessary to substitute one article for another, the following proportions are to be observed, viz :—11b wheat flour or 11b biscuit, equal to $1\frac{1}{2}$ lb of bread ; 11b salt beef or 11b mutton, or 10oz. salt pork, equal to 11b of fresh beef.

These substitutions are not to be made except on the requisition of the Officer authorised to draw the several Rations.

Hospital Bread is to be supplied to the Children of the Orphan Schools, and to the Institution for destitute Roman Catholic Children, when required by the Surgeon, in lieu of the ordinary Ration.

Vegetables to be supplied in reasonable proportions of potatoes, greens, pumpkins, onions, &c., &c.

The supplies for road and other parties are to be delivered at the nearest fixed Stations, to the places where the party may be employed, on the requisition of the Officer in charge ; and in case

the whole Ration of Forage be not required or delivered, each of the species to be reckoned as the portion of the Ration undermentioned:—

The maize or barley 4-12, the hay 5-12, the bran 2-12, the straw 1-12.

The Supplies (not specified in the preceding paragraph) are to be delivered direct to the Parties or Establishments entitled thereto, on the written order of the person duly authorised for the purpose.

Provisions and Forage being required by Rations, according to the scales under their respective heads, the Tenders are required to express the price per Ration only.

The Tenders for Forage are not required to state the price of the Ration for Oxen, as when the latter is required, one-half of the allowance fixed for Horses will be drawn, and one-half the price allowed to the Contractor, whose engagement will be to provide for both Horses and Oxen.

In the event of a difference of opinion between the Contractor and the party receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey, according to the practice of the service. But in country districts where a Board of Survey cannot be conveniently assembled, the party objecting will name one person as arbitrator, the Contractor or his agent another, and these two will (previously to any other proceeding on their part) concur in naming a third as umpire, who in the event of the arbitrators not agreeing in opinion will be called upon for his decision, which shall be final.

If the board, arbitrators, or umpire, shall decide that the article is not of proper quality, it must be immediately replaced by the Contractor, failing of which it will be procured by the Department requiring it, and the expense charged to the Contractor.

In the event of any unnecessary delay or failure of the Contractor to supply the articles when required, they will be otherwise procured and charged in like manner.

In cases where the article is of a perishable nature, or from some other cause injury would be sustained either by the parties to whom the Rations are due, or to the Contractor, by waiting for a Board of Survey, the head of the department, or Officer in charge of the party or parties for whom the Rations are to be received, shall have power to reject such article or articles as are obviously of inferior quality; it being distinctly understood that he will be responsible to the Government for so doing; and that the Contractor will have a right to appeal to the Governor, although, in the mean time, he must take back the rejected article and supply good in its stead, failing of which it will be obtained by the Officer or party requiring it, and the expense charged to the Contractor.

A repetition of irregularity in the quality or quantity of the supplies, or of any delay in delivering or replacing them when required, will also subject the Contractor, upon the Report of the Officer in charge of the parties or establishment, to such mulct, not exceeding one-fourth the amount of his monthly account, as the Governor may direct. It will also be in the power of the Governor, upon such repetition, to terminate the contract.

No. 79. SEPTEMBER 24, 1841.—2

It will be in the power of either party to limit the duration of the contract, by giving in writing a notice of three full calendar months to the opposite party, and to end the contract at the expiration of that period, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made, or agreed to be made.

The Contractor will be required to prepare his own account, monthly or quarterly, in the prescribed form; and on the production thereof, with the requisite vouchers, in a complete state, to the Officer receiving the supplies, the same will be forwarded by the latter to the Auditor-General, in order that a warrant may be prepared, and payment made from the Colonial Treasury.

The value of all packages to be included in the prices demanded.

Printed Forms of Tender may be obtained at this Office, or from the Police Magistrates or Benches, of the several Districts; and as adequate security will be required for the due fulfilment of the Contract, no Tender can be attended to unless accompanied by a certificate from the parties proposed as such, stating that they are willing to become bound as securities for the Contractor accordingly, and the bonds must be executed within ten days from the day of acceptance of the Tender being notified, failing of which, the Contracts will be again advertised, or another Tender accepted.

The Tenders to contain the names of the Tenderers and their Sureties, and places of residence, at length.

Each Tender is to be enclosed in a separate envelope, and marked "*Tender for Provisions, &c.*"

Further particulars and information may be obtained on application to the Auditor-General, or at this Office.

The Parties Tendering, or an Agent for them, are requested to attend at this Office, at the time appointed for receiving the Tenders, to afford such explanation or information as may be required.
