PUBLIC ACCOUNTS.

ALL Persons having claims on the Colonial Treasury, are requested to furnish their accounts, through the proper channel, before the end of the year, or as soon thereafter as practicable.

The several Collectors, and Officers in the receipt of public monies, will pay over to the Colonial Treasurer, on or before the 31st instant, the amount of all collections remaining in their hands, respectively, up to that date, so that the entire revenue collected by each may be credited in the accounts of the year within which it was received. The Heads of Departments, and other Officers, who have received advances to enable them to defray expenses incurred under their superintendence, are requested to furnish to the Audit Office, as far as practicable, and with all convenient despatch, the accounts of the expenditure thereof, and on or before the last day of the present month, to pay into the Colonial Treasury the unexpended balance of such advances, that the adjustment of the same may appear in the accounts to the 31st instant.

They will also, as soon as practicable, after the close of the year, bring forward all accounts of expenses incurred within the same, which do not admit of being previously settled, so that, if possible, all the expenses incurred in the present year may be finally adjusted and liquidated within one month after its termination.

The Colonial Treasurer is requested to use his endeavours to give effect to these directions, and to report, through the proper channel, for the information of His Excellency the Governor, any instance of neglect in complying therewith, on the part of the Government Officers concerned.

By His Excellency's Command,

E. DEAS THOMSON.

TO PERSONS IN THE COUNTRY REQUIRING LABOUR.

BY direction of His Excellency the Governor, Notice is hereby given, that a number of married Labourers and others, resident in Sydney, being no longer able to obtain employment there, it is the intention of the Government to afford, to such of them at least as have large families, and are willing to go into the Country, the means of proceeding into certain Districts, wherein it may be probable that their services would be gladly received.

Persons in the interior requiring labour, and not objecting to take men with families of young children, are therefore requested to communicate to the Police Magistrate, or to the Bench of Magistrates, (as the case may be) the description of labour required by them, and the rate of wages and rations which they would be willing to give according to the number of the family engaged.

To such communications every attention will be paid by the Government, consistently with a due regard to economy in the expenditure of the amount placed at its disposal for the purpose.

The operations of the Government will be materially assisted, if persons, sending wool drays to Sydney, will have the goodness to allow the use of them, on their return, for the conveyance of families into the inland Districts, and will communicate to the Police

Magistrate, or Bench of the District, and to the Agent for Immigration, in Sydney, the probable date on which the drays will leave Sydney. Letters to the Agent for Immigration to be addressed, under cover, to the Clerk of the Executive Council.
