

PORT PHILLIP  
GOVERNMENT GAZETTE,

Published by Authority.

WEDNESDAY, FEBRUARY 19, 1845.

THE following additional Rules of Practice and proceeding for the conduct of business in the Courts of Request of the colony, have been settled by me, with the assistance of Roger Therry, Esq., Commissioner of the Courts of Requests of the County of Cumberland, pursuant to the Act of Council, 6th Victoria, No. 15.

In witness whereof, I have hereto set my hand, at Government House, Sydney, this seventeenth day of January, 1845.  
GEORGE GIPPS,  
Governor.

*Appropriation of Fees.*

41. That the following scale shall be adopted for regulating the appropriation of the fees taken by the officers of the Court of Requests, for their several and respective services, pursuant to Act of Council, 6th Victoria, No. 15, section 39, viz.:

That the fees receivable for process in the several Courts shall be distributed in the following proportions to the several officers of the Court for their several and respective services; one-third of the amount shall be paid to the Commissioner, and the remaining two-thirds shall be appropriated to the Registrar, Clerks, Bailiffs, and other officers of the Court, in the proportions in which they have hitherto severally and respectively remunerated by salaries for their services.

*Particulars filed in action to be explicit.*

42. That all particulars filed in any action shall be explicit, and shall specify items, dates, and amounts, with reasonable certainty, and if money has been paid on account, such particulars shall specify it, and state the balance for which the plaintiff seeks to recover.

*Defendant failing to file plea, &c., judgment to go by default.*

43. That if any defendant shall fail to file his plea, defence, or set-off, within the time limited by these rules, the plaintiff shall be entitled to a judgment by default, and the facts stated in his demand or plaint, filed as aforesaid, shall be taken to be admitted by the said defendant, and it shall only be necessary for the said plaintiff in any such action to prove the amount of damage sustained by him against such defendant: Provided always, that the said Commissioner, upon good cause being shown by the said defendant for not

filing his said plea, defence, or set-off, within the time aforesaid, may allow such defendant, either upon terms or otherwise, or with or without payment of costs, to come in and defend such action.

*Plaintiff confined to cause set forth in plaint.*

44. That at the trial of the cause, the plaintiff shall be confined in his proof to the cause of action set forth in his demand or plaint, and to the items contained in his particulars.

*Appearance of Defendant to constitute a waiver of irregular service of summons.*

45. That if a defendant in any cause appear at the trial thereof, either in person or by his counsel or attorney, such appearance shall be deemed a waiver of any irregularity in the service of the summons issued in such cause: but if in consequence of such irregular service, any such defendant shall not have had sufficient time to prepare his defence, the Commissioner may postpone the hearing of the cause to a future day, either with or without the costs of the defendant's appearance, to obtain such further trial.

*Plaint may be amended in certain cases.*

46. That the Commissioner may, at any time, allow any amendment to be made in any demand, plaint, particulars, plea, set-off, or other proceeding, either in form or substance, if the party against whom such amendment is sought to be made, has not been misled, or prejudiced by the defect intended to be amended, or upon payment of the reasonable costs of the opposite party occasioned by such defect, and the amendment thereof.

*If Defendant appear and Plaintiff do not, nonsuit may be entered.*

47. That if a defendant in any case above £10 shall appear in person, or by his clerk servant, or or by his attorney, at the hearing of the case, and the plaintiff shall fail to appear, either in person, or by his clerk or servant, or by his attorney, to conduct the said case, as required by the 46th section of the said Act of Council, a nonsuit may be entered for the defendant.

*17th Rule of Practice repealed.*

48. That the 17th Rule of Practice and proceeding is hereby repealed, and henceforward the following rule shall be substituted in lieu thereof:—

"In all actions tried in the several Courts of Requests, in which there shall be a verdict in favour of plaintiff the amount of costs arising from fees of office, recoverable from the defendant, shall be the same amount as that paid by plaintiff or attorney, in filing the plaint, unless it shall appear to the Commissioner, at the hearing of the case, that a less amount ought to be awarded."

*Attorney, on filing Bill of Costs, to give notice of time for Taxing.*

49. In all cases of bills of costs filed by an attorney, for proceedings taken in the several courts, he shall, at the time of filing the same, give notice to the plaintiff or defendant, as the case may be, that he will within three days proceed to tax the same before the Registrar of the court; and should such plaintiff or defendant, or his attorney, neglect to attend at such taxation, he shall be deprived of the benefit of any reduction he might otherwise claim; provided, however, that upon reasonable cause shown, it shall be lawful for the Commissioner to direct a fresh taxation of such costs, either generally or in respect of particular items.

*Registrar or Chief Clerk to tax Costs.*

50. That all Bills of Costs for taxation be taxed by the Registrar of the Court, or in his absence the Chief Clerk thereof.

*Table of Costs Established.*

51. That the 37th Rule as regards Attorneys costs, is hereby repealed, and that the following scale of fees for the conduct of business in the several courts be established, and that the proper officer do tax and allow all bills of costs according to such scale, and that the fees of office hereunto annexed be charged on filing notices of new trial and on taxation.

**NOTICE TO MARINERS.**

HIS Excellency the GOVERNOR has been pleased to direct the publication of the following memorandum relative to a coral reef in Torres' Straits, reported by Captain Blackwood, of H. M. ship "Fly."

By His Excellency's Command,  
E. DEAS THOMSON.

Captain F. P. Blackwood, R. N., has reported to the Government the discovery of a reef, situated in the track of ships bound through the Straits by the outer route. It was first seen by the schooner "Osprey," Hunt master, bound from Hobartton to Manila, and afterwards by the brig "Margaret," Keane master.

Both vessels having made the Barrier Reef correctly, and having reported it in the same position, the situation is doubtless very close to its true place, viz.—Latitude 13° 57' south, longitude 146° 34' east. It was observed to extend in a N. N. W. direction for 10 or 11 miles. Hence, from the Osprey Reef, Raine's Island bears N. 34½° W. (true) 250 miles; and Lizard Island S. 55° W. (true) 75 miles; and from the position assigned on the chart to the reef off the north end of "Bougainville's Land" (latitude 15° 10' S., longitude 147° 55' E.), the Osprey Reef bears N. 47½° W. (true) 105 miles; the variation being about 5 or 6 degrees easterly.

Ships desirous of making Osprey Reef to test their chronometers or reckoning, should make the parallel of 14° in longitude 147° 10' E., and run down to sight the reef, whence the course may be steered for Raine's Island over the Osprey's and Margaret's tracks, or about N. W. ½ N. by compass; but if desirous of avoiding the "Osprey," Captain Blackwood recommends that ships should not haul in to the westward for any of the "barrier entrances" until past the parallel of 13° 40' south latitude.

Captain Blackwood reports the tower, which the expedition under his orders has been employed in erecting, to be steadily progressing towards its completion. Abundance of excellent stone is procured upon the spot, and shells are readily obtained for lime. It will be a very substantial building, measuring 35 feet in diameter at the base, and gradually tapering to the height of 40 feet. From a ship's deck it will be visible for 9 or 10 miles, and from the mast head, at a distance of five leagues.
