By His Excellency's Command,

GOD SAVE THE QUEEN!

Colonial Secretary's Office,
Sydney, 10th July, 1845.

CROWN LANDS OCCUPATION:
1. With reference to the notice respecting licenses to pasture sheep and cattle on Crown Lands, which was issued from this office on the 2nd April, 1844, and to the Despatches of which copies were published in the *Government Gazette Extraordinary*, of the 28th June last, His Excellency the Governor, with the advice of the Executive Council, has directed this additional notice to be published.

2. The quantities of land actually in the occupation of individuals being, as yet, in many cases, imperfectly known to the Government, the rules laid down in the Notice of the 2nd April, 1844, cannot be fully applied in the issue of licenses for the current year: licenses, therefore, for the occupation of Crown Lands beyond the boundaries of location, during the year which commenced on the 1st instant, and will end on the 30th June, 1846, will be issued on the following terms:—

(1.) A separate License must be taken out for each Station or Run, which is returned as a separate station in the last half-yearly Return of the Commissioner of the District.

(2.) The price of the License will be Ten Pounds; but the additional charge of £2 10s. will be made for every thousand sheep, above four thousand, which, according to the last Return of the Commissioner of the District, may appear to be depastured on the Run. Provided, however, that no extra charge be made for any number of sheep less than a complete thousand, (or their equivalent in cattle): Provided also, that the charge of £2 10s. per thousand, for the excess above four thousand, be reduced to £1 on the production of a Certificate from the Commissioner, that the whole of the sheep or cattle are kept upon a Run, not exceeding twenty-five square miles, or sixteen thousand acres.

(3.) For the purposes of this Notice, six hundred and forty head of cattle will be considered equal to four thousand sheep, and in cases in which the stock upon a Run may consist of both sheep and cattle, the amount of the mixed stock, horses being reckoned as cattle, will be calculated on the principle of reckoning six hundred and forty cattle equal to four thousand sheep; instead of five hundred to four thousand, which is the proportion stated in the Notice of the 2nd April, 1844.

3. The Governor, with the advice of the Executive Council, has further directed the following explanatory remarks to be published, in order to guard against misapprehensions which might otherwise arise as to the future intentions of Government from the publication of this Notice.

4. Although the quantity of land mentioned in the third paragraph of the Notice of the 2nd of April, 1844, is by the present Notice extended from twelve thousand eight hundred to sixteen thousand acres, the Government will still consider the quantity of Land to be held in ordinary cases under a single License to be that which is in ordinary seasons sufficient for four thousand sheep or six hundred and forty cattle. On this principle a station or run, although consisting of twenty-five square miles, may nevertheless, if it is sufficient to feed four thousand sheep, or their equivalent in cattle, be enlarged to the extent requisite for that purpose. Existing runs will not be reduced below sixteen thousand acres or twenty-five square miles, because they are sufficient for more than four thousand sheep (or six hundred and forty cattle): neither, on the other hand, will existing runs be enlarged, because

they may not contain sixteen thousand acres, unless they be insufficient to pasture four thousand sheep or their equivalent; nor in any case can a Run be enlarged (even though not capable of feeding four thousand sheep), unless there be adjoining Land at the disposal of the Government. The present holders of large Blocks of Land, will be allowed to retain out of each Block as many Runs as they choose to pay for, at the rate of £10 per annum for each Run, provided that each Run do not exceed sixteen thousand acres, unless more be required for four thousand sheep, or their equivalent, and that the Runs taken out of the same Block be taken contiguously, and in such manner as to form of themselves a compact Block of Land, natural boundaries being observed as far as practicable.

5. It is clearly to be understood, that this notice is issued solely on account of the necessity which exists for making known without delay the terms on which Licenses will be granted for the current year; and that Regulations more in detail, for the occupation of Runs, but not departing in principle from the Notice of this day, will be issued as soon as possible; as also will Regulations for the purchase of Homesteads.

6. It is also to be understood that the terms of payment hereby established for the issue of Licenses will be liable to revision, in the event of the discontinuance or reduction, at any time, of the assessment on stock, levied for the purposes of maintaining a Police force, under the provisions of the Act of the Governor and Council, 2 Victoria, No. 27.

By His Excellency's Command,
E. DEAS THOMSON.

Colonial Secretary's Office,
Sydney, 25th July, 1845.

VACCINATION.

IT having been reported to the Government that Small Pox was prevailing to a considerable extent at Manila, up to the latest date at which accounts have been received from thence, and that many persons had died of that complaint, His Excellency the Governor has directed the re-publication of the Notice of the 29th July, 1839, with a view of again drawing the attention of parents and guardians to the importance of Vaccination.

By His Excellency's Command,
E. DEAS THOMSON.

Colonial Secretary's Office,
Sydney, 29th July, 1839.

VACCINATION.

IN order to avert the calamities which must necessarily follow if the Small Pox be introduced into the Colony, and to keep up a constant supply of Vaccine Lymph, His Excellency the Governor directs it to be notified, that children will receive Vaccination gratis, if taken to any of the Public Hospitals or Colonial Surgeons throughout the Colony, every Tuesday, at Eleven o'clock in the forenoon. But as the operation itself, without any proof of its having taken effect, would be insufficient security to the public mind, His Excellency has been pleased to direct, that a charge of one shilling shall be deposited for every child vaccinated, which sum shall be returned on the presentation of the child on the next Vaccination day.

His Excellency strongly recommends to parents and guardians to avail themselves, as early as possible, of the means thus afforded to them of taking this necessary and proper precaution, with respect to all children not already vaccinated.

By His Excellency's Command,
E. DEAS THOMSON.

IT is ordered that a Criminal Session and General Gaol Delivery of the Supreme Court for the district of Port Phillip, be holden at the Court-house, Latrobe-street, in the town of Melbourne, on Monday, the eighteenth day of August next, at which all parties concerned are requested to give their attendance.

Dated the twenty-eighth day of July, A.D. one thousand eight hundred and forty-five.

R. TIERNEY,
Resident Judge.

Superintendent's Office,
Melbourne, August 5, 1845.
