PUBLIC ACCOUNTS.

ALL persons having claims on the Colonial Treasury, are requested to furnish their accounts through the proper channel, before the end of the year, or as soon thereafter as practicable.

The several Collectors and Officers in the receipt of public monies, will pay over to the Colonial Treasurer, on or before the 31st of December, the amount of all collections remaining in their hands, respectively up to that date, so that the entire Revenue collected by each may be credited in the accounts of the year within which it was received.

The heads of Departments and other officers who have received advances to enable them to defray expenses incurred under their superintendence, are requested to furnish to the Audit Office, as far as practicable, and with all convenient despatch, the accounts of the expenditure thereof; and on or before the last day of December, to pay into the Colonial Treasury the unexpended balance of such advances, that the adjustment of the same may appear in the accounts to the 31st proximo.

They will also, as soon as practicable, after the close of the year, bring forward all accounts of expenses incurred within the same, which do not admit of being previously settled, so that, if possible, all the expenses incurred in the present year may be finally adjusted and liquidated within one month after its termination.

The Colonial Treasurer is requested to use his endeavours to give effect to these directions, and to report through the proper channel, for the information of His Excellency the Governor, any instance of neglect in complying therewith, on the part of the Government Officers concerned.

POSTAGE.

HIS Excellency the GOVERNOR has been pleased to direct the publication, for general information, of the accompanying copy of a letter from the Secretary to the General Post Office, to the Post Master General of this Colony, explaining the Regulations under which letters from New South Wales conveyed to the Indian Ports by the Sydney Packets, will be transmitted to England, and the rates of Postage chargeable on such letters.

By His Excellency's Command,
E. DEAS THOMSON.

(Copy)

General Post Office,
25th August, 1846.

SIR,

I am directed by the Postmaster General to inform you, that the last *Homeward* Mails from New South Wales were landed at Calcutta, and forwarded thence to this Country via Marseilles, and that the correspondence brought by these Mails was consequently charged with a postage of 2s. 2d. for each letter under a quarter of an ounce, whereas if the Mails had been forwarded via Southampton, the letters would have been liable only to a charge of 1s. 4d. under the weight of half an ounce.

The Contractors for the conveyance of the Sydney Mails have the option, as you are aware, under their Contract, of landing the *Homeward* Mails at either Calcutta, Madras, Singapore, or Ceylon, although this is the first time they have availed themselves of their privilege, and the various Officers in India, entrusted with the despatch of the British Mails, have orders to send all letters for England by the route of Marseilles, that being the quickest route, unless specially addressed to be forwarded via Southampton.

No irregularity, therefore, has been committed in this case, the proceedings being strictly in accordance with the standing Regulations.

As, however, the Postmaster General fears, that notwithstanding the benefit which the public have derived by the earlier delivery of their correspondence, much dissatisfaction will be experienced by reason of the higher charge to which the letters have been subjected, His Lordship, with the view of obviating, as far as possible, the inconvenience which may result from this circumstance happening again, thinks it right thus to explain to you the Regulations under which letters from New South Wales conveyed to any of the Indian Ports before mentioned by the Sydney Packets, will be transmitted to this Country; and he directs me to suggest, that such notices may be, at once, issued to the public as will put them in possession of the requisite information on this subject.

I have to add, for your information, the following table shewing the number of British and French rates to which letters, forwarded via Marseilles, are liable, according to their weight.

	British	French
A Letter under a $\frac{1}{4}$ of an ounce is liable to 1 and 1 Rate	1	2
do weighing $\frac{1}{4}$ and not exceeding $\frac{1}{2}$ oz.	1	2
do exceeding $\frac{1}{4}$ and under $\frac{3}{4}$ oz.	2	3
do weighing $\frac{3}{4}$ and not exceeding 1oz.	2	4
do exceeding 1oz. and under $1\frac{1}{4}$ oz. . .	4	5

It must be observed, however, that the English and French modes of charging by weight are dissimilar, a letter not being liable to an increased British rate, unless it exceeds the half-ounce or ounce, while an additional foreign rate is chargeable if it actually attain, though it do not exceed the quarter, half, three-quarters of an ounce, or ounce respectively.

The single rate of postage, therefore, for a letter from New South Wales, weighing under a quarter of an ounce, forwarded via Marseilles, will be

	s. d.
British	1 5
Foreign	0 5
Indian Ship-letter rate	0 4
	2 2

when forwarded via Southampton it will be under half an ounce

	s. d.
British rate	1 0
Indian Ship-letter rate	0 4
	1 4

When letters are forwarded to Ceylon for despatch to this Country, the Indian Ship-letter rate is not chargeable. You are aware, of course, that in both cases the postage must be collected in England.

Newspapers, when sent via Marseilles, will be liable to a charge of 3d. each.

As it may be useful also for you to know the days of the month on which the Contract Packets usually leave the Indian Ports with the Homeward Mails, I have to state that they leave

Calcutta on the 10th of each month,
Madras " 15th
Singapore " 10th
Point de Galle 19th
(Ceylon)

and that the Mails via Marseilles generally arrive in London four or five days earlier than those forwarded via Southampton.

I have the honor to be,
Sir,
Your obedient humble servant,
(Signed) W. A. MABERLY.
