

NEWSPAPERS.

WHEREAS much carelessness has of late been evinced in the posting of newspapers, as well for transit by land as by sea, by inattention in a very great degree to the Regulations laid down for the conveyance of newspapers in the 8th clause of the Post Office Act, 5th William IV., No. 24: And whereas the Postmaster-General has of late returned to Melbourne from Sydney, for postage, many newspapers posted in disregard of this Act in the Port Phillip district, but the newspapers in themselves not affording any guide as to whom application should be made for such postage, the newspapers cannot of course be forwarded.

The clause of the act referred to is herewith published for general information, and to which particular attention is in all cases recommended in future.

Postmasters throughout the district of Port Phillip will be careful in the observance of this Regulation, as well in respect of the date of newspapers in restricting their free transit to the seven days, as in respect of the endorsement of "Newspaper only."

HENRY D. KEMP,
Chief Postmaster.

Post Office, Melbourne,
21st October, 1846.

Act of Council 5 William IV. No 24.

Clause 8: Provided always, and be it enacted, That all newspapers printed in the colony, if transmitted within seven days from the date thereof, and all printed newspapers received from abroad, shall, if enclosed in an envelope open at both ends, be received, conveyed, and delivered free of all postage whatever: Provided however, that no such newspaper shall contain any note, letter, memorandum, or other thing or writing therein or thereon, excepting only the direction on the outside thereof, and that there shall be also marked on the outside of all newspapers printed in the colony, the words "Newspaper only," or "Newspapers only," as the case may be: And in case any such newspaper or newspapers as last mentioned shall be put into any post office at any time after the expiration of seven days from the date thereof, or if any such newspaper shall be transmitted in any way contrary to the provisions of this act, each and every such newspaper, or packet containing newspapers, shall be charged with postage as a letter or packet, according to its weight.

Closing of Ship Mails.

VERY much inconvenience being experienced as well by the public as the post-office, in the want of some positive point or place for faithful and daily information as to the projected departure of vessels from the harbour, and so, of the closing of post-office mails for despatch by such vessels: Commanders of Vessels, Ship Agents, and Mercantile houses generally, will be rendering a service of much public utility, if, by their clerks or messengers, as they may be visiting the post-office, or by information given to the letter carriers in the rounds through the town, they will hereafter keep the post-office advised as to projected departures, or further delays of vessels, or of ultimate clearance at the Customs.

By this means the list kept suspended at the post-office window may be truly depended upon, and care shall be at all times taken to keep the list revised under the latest information.

Chief Postmaster.

Leave of Absence to Civil Officers.

HIS Excellency the Governor is pleased to direct the publication, for the information of the Civil Officers of the Colony, with reference to the Notice of the 1st October, 1842, of the following Circular Despatch from the Secretary of State, dated 1st May, 1845, respecting the issue of their half-pay while on leave of absence.

By his Excellency's command,

CIRCULAR.

Downing-street,
1st May, 1846.

SIR,—Circumstances have induced me to reconsider that part of Lord Stanley's General In-

structions of 7th March, 1842, which direct that the Half Salary of an Officer absent from his duties for the last half of the leave of absence originally granted to him should not be paid until after his return to the Colony.

I find that since that rule was established, almost every Officer who has been absent on leave in this Country, has applied for a relaxation of it in his favor, and has been able to allege such circumstances as to induce the Secretary of State to comply with the application. I infer from this that the rule has been found either not to answer its purpose, or to effect that purpose at the expense of too much inconvenience and embarrassment to individuals as compared with any advantage attending it, to warrant its being carried practically into operation. But as it appears to me very undesirable that a rule of this description should be maintained nominally after it has become in reality a dead letter, I have decided on abolishing it and allowing an Officer, absent on leave in this country, to receive here his half salary for the whole period of that leave, as it may from time to time become due. At the same time the other instructions contained in Lord Stanley's Despatch of 7th March, 1842, and all other regulations established to prevent abuse in the application for or grant of leave of absence, are to be considered in full force.

I have, &c.,

(Signed) W. E. GLADSTONE.

Governor Sir C. Fitz Roy.

ANNO DECIMO,
VICTORIÆ REGINÆ.
No. I.

An Act to prevent for a limited time, party-processions, and certain other public exhibitions, in the Colony of New South Wales. [*Assented to 27th October, 1846.*]

WHEREAS there are in the Territory of New South Wales various societies or associations, whereof some partake, or are sup-

posed by many persons, to partake of a political character; and whereas it is to be apprehended that any procession or meetings, distinguished by any emblem expressive of party feelings or political events, may create religious and political animosities between different classes of her Majesty's subjects, and are also calculated to occasion riots, tumults, and breaches of the public peace, and it is highly expedient and necessary to guard against the same: Be it therefore enacted by his Excellency the Governor of New South Wales, with the advice and consent of the Legislative Council thereof, That from and after the commencement of this Act any body of persons who shall meet and parade together, or join in procession, or who shall assemble in any public-house, tavern, or other place within the Colony, for the purpose of celebrating or commemorating any festival, anniversary, or political event, relating to or connected with any religious or political distinctions, or differences between any classes of her Majesty's subjects, or of demonstrating any such religious or political distinction or difference, and who shall bear, wear, or have among them any fire-arms or other offensive weapons, or shall have publicly exhibited any banner, emblem, flag, or symbol, the display whereof may be calculated to provoke animosity between her Majesty's subjects of different religious persuasions, or who shall be accompanied by any music of a like nature or tendency, shall be and be deemed to be an unlawful assembly, and every person present thereat shall be and be deemed to be guilty of a misdemeanor, and shall upon conviction thereof be liable to be punished accordingly: Provided that nothing in this Act contained shall extend to any procession or assemblage held in the course of any election of any Member to serve in the Legislative Council of New South Wales.

II. And be it enacted, That any Justice or Justices of the Peace shall and may proceed, with such assistance as shall be necessary, to the place where any procession or meeting of persons hereby declared to be unlawful shall be held or take place, and such Justices, or one of such Justices, or some other person by their or his order shall then and there read or repeat aloud to the persons so assembled a command or notice to disperse in the words or to the effect following—(that is to say)—"Our Sovereign Lady the Queen doth command and charge all persons being here assembled, immediately to disperse themselves, and peaceably to depart, upon the pains contained in the Act of the Governor and Legislative Council of New South Wales, passed in the tenth year of the reign of Her Majesty Queen Victoria, intituled '*An Act to prevent party processions, and certain other public exhibitions, in the Colony of New South Wales.*'"

III. And be it enacted, That the persons so met and assembled together shall forthwith disperse and depart; and in case any one or more of the persons so met or assembled together as aforesaid shall not disperse and depart within the space of one quarter, of an hour from the time of such notice or command being given, it shall be lawful for the same Justice or Justices who shall have read such command or notice, or any other Justice or Justices of the Peace, to cause the person or persons so refusing or neglecting to disperse or depart to be apprehended by a warrant for that purpose, to be signed by him or them; and such offender or offenders shall thereupon be proceeded against in a summary way for such offence, before any two or more Justices of the Peace, before whom he or they may be brought; and such Justices are hereby authorised to hear and determine the complaint, and every person convicted thereof, on the oath of one or more credible witness or witnesses, shall be committed to any gaol or house of correction, and there be

imprisoned for any time not exceeding one calendar month, and for a second or any subsequent conviction against the provisions of this Act for any time not exceeding three calendar months.

IV. And be it enacted, That this Act shall commence and take effect from and after the passing thereof, and shall thenceforward continue in force for three years, but no longer.

CHARLES NICHOLSON,

Speaker.

*In the name, and on the behalf of
Her Majesty, I assent to this
Act.*

Leave of Absence to Civil Officers.

HIS Excellency the Governor is pleased to direct the publication, for the information of the Civil Officers of the Colony, with reference to the Notice of the 1st October, 1842, of the following Circular Despatch from the Secretary of State, dated 1st May, 1846, respecting the issue of their half-pay while on leave of absence.

By his Excellency's command,

CIRCULAR.

Downing-street,
1st May, 1846.

SIR,—Circumstances have induced me to reconsider that part of Lord Stanley's General Instructions of 7th March, 1842, which direct that the Half Salary of an Officer absent from his duties for the last half of the leave of absence originally granted to him should not be paid until after his return to the Colony.

I find that since that rule was established, almost every Officer who has been absent on leave in this Country, has applied for a relaxation of it in his favor, and has been able to allege such circumstances as to induce the Secretary of State to comply with the application. I infer from this that the rule has been found either not to answer its purpose, or to effect that purpose at the expense of too much inconvenience and embarrassment to individuals as compared with any advantage attending it, to warrant its being carried practically into operation. But as it appears to me very undesirable that a rule of this description should be maintained nominally after it has become in reality a dead letter, I have decided on abolishing it and allowing an Officer, absent on leave in this country, to receive here his-half salary for the whole period of that leave, as it may from time to time become due. At the same time the other instructions contained in Lord Stanley's Despatch of 7th March, 1842, and all other regulations established to prevent abuse in the application for or grant of leave of absence, are to be considered in full force.

I have, &c.,

(Signed) W. E. GLADSTONE.
Governor Sir C. Fitz Roy.

Closing of Ship Mails.

VERY much inconvenience being experienced as well by the public as the post-office, in the want of some positive point or place for faithful and daily information as to the projected departure of vessels from the harbour, and so, of the closing of post-office mails for despatch by such vessels; Commanders of Vessels, Ship Agents, and Mercantile houses generally, will be rendering a service of much public utility, if, by their clerks or messengers, as they may be visiting the post-office, or by information given to the letter carriers in the rounds through the town, they will hereafter keep the post-office advised as to projected departures, or further delays of vessels, or of ultimate clearance at the Customs.

By this means the list kept suspended at the post-office window may be truly depended upon, and care shall be at all times taken to keep the list revised under the latest information.
