OF FRIDAY, AUGUST 25, 1848.
 Published by Authority.

SATURDAY, AUGUST 26, 1848.

*Colonial Secretary's Office,
 Sydney, 26th August, 1848.*

CROWN LANDS, PORT PHILLIP.

HIS Excellency the GOVERNOR has been pleased to direct the republication from the Port Phillip *Government Gazette*, of the following demands for Leases of Crown Land beyond the Settled Districts, under Her Majesty's Order in Council, dated 9th March, 1847.

By His Excellency's Command,
E. DEAS THOMSON.

*Superintendent's Office,
 Melbourne, 18th July, 1848.*

**CLAIMS TO LEASES OF CROWN LANDS,
 BEYOND THE SETTLED DISTRICTS,
 WIMMERA DISTRICT.**

HIS Excellency the GOVERNOR directs it to be notified, for the information of all persons interested, that in pursuance of Her Majesty's Order in Council, of 9th March, 1847, the under-mentioned persons have demanded Leases of the several Runs of Crown Land, particularised in connexion with their respective names.

Persons who object to any of these claims, either wholly or in part, should lodge caveats at this Office within two months from the present date, specifying the Lands to which their objections extend, and the grounds on which their objections are based.

It is to be distinctly understood, that the Government does not pledge itself to the issue of a Lease in any case until due enquiry has been made into the validity of the claim, and whether or not it may be necessary to reserve any portion of the Land claimed, for any of the public purposes contemplated in the Order in Council.

By His Excellency's Command,
C. J. LA TROBE.

No. 1.

Afleck John.
 Name of Run—Rosebank.
 Estimated Area—15,000 Acres.
 Estimated Grazing Capabilities—500 head of Cattle, or 4,000 Sheep.

Northern boundary line running east and west 7 miles, dividing from Mr. William Afleck; southern boundary line running east and west 4 miles, dividing from Mr. Urquhart's, and 5 miles dividing from Mr. Gibson; eastern boundary line running north and south 3 miles, dividing from Mr. William Afleck; western boundary line running north and south 5 miles, dividing from Mr. W. Moffat.

No. 2.

Afleck William, (per James Afleck.)
Name of Run—Pleasant Banks.
Estimated Area—42,000 Acres.
Estimated Grazing Capabilities—1,200 head of Cattle, or 9,000 Sheep.

Northern boundary line east and west 7 miles dividing from Mallee Scrub, line N.N.E., S.S.W. 5 miles, dividing from Mallee Scrub, and Mr. Urquhart; southern boundary line east and west 5 miles, dividing from Mr. Urquhart, line east and west 7 miles, dividing from Afleck and Younger; eastern boundary line, north by east and south by west 4 miles, dividing from Mr. Urquhart; western boundary line north and south 3 miles, dividing from Afleck and Younger; line north and south 4 miles, dividing from W. Moffatt.

No. 3.

Armstrong and Thomson.
Name of Run—Avon and Molly Plains.
Estimated Area—150,000 Acres.
Estimated Grazing Capabilities—20,000 Sheep.

This run is on the Avon or Molly plains, known by the native names of Minyass and Dummunglo plains, with a frontage of about 9 miles on the Richardson and Avon, commencing at Mr. Shanahan's boundary.

No. 4.

Armytage George.
Name of Run—Murrandarra.
Estimated Area—80,000 Acres.
Estimated Grazing Capabilities—150 head of Cattle, 12,000 Sheep.

Boundaries to commence at a point about 2½ miles north-east side of Adelaide road, and extending about 8 miles south-west; thence a little south of west about 13 miles to Portland road, then about 11½ miles N.N.E. to Burnt Hut, thence north-east by east, about 9½ miles, thence south about 6 miles to the Adelaide road, then along road about 7 miles, thence leaving road north-east about 2½ miles, thence south-east about 2½ miles to point of commencement.

No. 5.

Bunbury Richard Hanmer.
Name of Run—Barton.
Estimated Area—38,000 Acres.
Estimated Grazing Capabilities—2,000 head of Cattle.

The run is bounded on the west by the foot of Mount William; on the north and north-east by a line marked with plough lines and marked trees, from a high rocky peak of the next mountain north of Mount William, to the nearest point of a range of low green hills; thence by similar marked lines along a well defined dividing range with a general south-easterly bearing, to a lofty hill known as Wills Bald Hill; thence in a direct line about south-east to a marked gap in a range of hills known as M'Gill's dividing range. These lines are all settled, and marked lines divide the run from that in the occupation of H. J. Wills, Esq.; the marked boundary line continues along the summit of M'Gills dividing range to the summit

of a hill known as Good Morning Bills Hill. This line separates the run from that in the occupation of Messrs. M'Gill and Co.; the marked boundary line then continues from the summit of Good Morning Bills Hill, to the summit of the next hill in the range to the southward, and thence across the plain by a ploughed track, separating the run from those in the occupation of Mr. J. Ross, and Mr. Thomas Churnside, passing along the south side of a large morass to a remarkable Sugar Loaf Hill, south of Mount William, and thence along the foot of that mountain to the first named peak.

No. 6.

Boyd Benjamin.
Name of Run—Ledcourt.
Estimated Area—200,000 Acres.
Estimated Grazing Capabilities—30,000 Sheep.

Bounded on the west by the Grampians, from a marked tree in the Grampians, a line bearing about N.N.E. 8 miles or thereabouts to the Wimmera; bounded by M'Lachlan and M'Kenzie, from a marked tree north side of Wimmera, a line 2 miles north, bounded by same, from thence a line about 6 miles north-east, bounded by Taylor and M'Pherson, from thence a line south-east by east about 5 miles, bounded by Darnell, Airey, and Nichol, from thence a line about 4 miles south-east; bounded on the east by Mr. Robinson, from thence a line 2½ miles south to Wimmera, bounded by Mrs. Green, from thence a line about 7 miles south, bounded on the east by Mrs. Green; from thence a line about four miles south-west by south, bounded on south-east by Dr. Blunden, from thence a line west about 4 miles, in the south by Mr. Wills, from a marked tree on a branch of Wimmera, to the south-east point of Mount Dryden, from thence to Grampians.

No. 7.

Baird and Hodgkinson.
Name of Run—Lockhart.
Estimated Area—56,080 Acres.
Estimated Grazing Capabilities—9,000 Sheep.

Bounded on the north by a low wet unoccupied country, being a line bearing east 9 miles; on the east by the stations of Mr. M'Kinley and Mr. Jones, being a line bearing south 8 miles; on the south by a flat wet unoccupied country, being a line bearing west 9 miles, and on the west by the South Australia boundary line, being also a line bearing north 8 miles to commencing point.

No. 8.

Ballantyno Robert.
Name of Run—Newlands.
Estimated Area—70,400 Acres.
Estimated Grazing Capabilities—200 head of Cattle, 10,000 Sheep.

Low flat country with numerous large swamps very wet, bounded on the north by a line running east 13 miles, adjacent to Mr. M'Leod's run; on the east by a line running north 8 miles, adjoining Mr. Hope's run; on the south by a line running west one point south 13 miles adjoining Armytage and Wallace; on the west by the Adelaide boundary line running north 9 miles to the commencement of the north boundary.

No. 9.

Beveridge Andrew.

Name of Run—Swan Hill.

Estimated Area—30,720 Acres.

Estimated Grazing Capabilities—1,000 head of Cattle, 6,000 Sheep.

Bounded on the east by Curlewis and Campbell, commencing at a point about 1 mile above the junction of a branch of the Murray River, and taking a belt of timber on Swan Hill, southerly about 3 miles; on the south by Mallee Scrub; on the west by G. Coghill, from the Mallee Scrub to the river, about 3 miles; and on the north-east by the Murray River, and its branch about 17 miles upwards to the commencing point, including the island 5 miles below Swan Hill.

No. 10.

Birmingham and Reilly.

Name of Run—Mullagh.

Estimated Area—39,568 Acres.

Estimated Grazing Capabilities—400 head of Cattle, 10,000 Sheep.

From junction of the sheep wash and Salt Creek, a line south-west 80 degrees, 430 chains, bounded by Thomas Hamilton; thence a line west 186 chains, bounded by A. Donaldson; thence a line north-west $40\frac{1}{2}$ degrees, 556 chains, bounded by stringybark; thence a line east 996 chains, bounded by C. P. Cooke; thence a line north-west 16 degrees 160 chains, bounded by C. P. Cooke; thence a line south-east $36\frac{1}{2}$ degrees 360 chains, bounded by Messrs. Baird and Hodgkinson; thence by a line south-east 8 degrees 102 chains, bounded by Messrs. Baird and Hodgkinson; thence by a line on Salt Creek, south-west 42 degrees 160 chains, bounded by Thomas Hamilton; thence by a line on Salt Creek, north-west $86\frac{1}{2}$ degrees 131 chains, bounded by Thomas Hamilton to starting point.

No. 11.

Baillie Lady and Robert Hamilton (per Thomas Baillie and R. Hamilton.)

Name of Run—Polkmett.

Estimated Area—96,000 Acres.

Estimated Grazing Capabilities—12,000 Sheep.

Commencing on the Wimmera River, at a gum tree marked B, and bounded by a line of marked trees bearing east north-east $4\frac{3}{4}$ miles; thence by a line (unmarked) bearing north to the western termination of a line passing midway between the Plain Station, of Baillie and Hamilton, and Coming Station of Wilson Brothers, and at right-angles to the direction they bear from each other; by this line easterly to a road from Coming Station to Naratuwah; by that road to the south-easterly termination of a line passing $2\frac{1}{2}$ miles from Naratuwah, and by that line to a point bearing east from a marked tree XX on the Wimmera River, and continued to a point $2\frac{1}{2}$ miles west of it; thence a line south-west to meet a line bearing north, commencing from a point 4 miles west of Mount Arapiles, and by that line to said point; thence a line east to Mount Arapiles, skirting the north-west base of it to the Mitre Rock; from the Mitre Rock by a line bearing north-east $6\frac{3}{4}$ miles; thence a line east north-east to the tree marked B, the point of commencement on the Wimmera River.

No. 12.

Creswick John and Henry (per J. Creswick.)

Name of Run—Banyena Plains.

Estimated Area—18,000 Acres.

Estimated Grazing Capabilities—1,000 head of Cattle.

Bounded on the north by W. Anderson, and the River Avon on the east; on the south by J. Thears and Shanahan; on the west by Taylor and Macpherson.

No. 13.

Cooke Cecil Pybus.

Name of Run—Pine Hill.

Estimated Area—50,560 Acres.

Estimated Grazing Capabilities—10,000 Sheep.

Situation—south of the tree marked in the presence of the Commissioner of Crown Lands. Boundaries—starting point the above-mentioned tree; thence a line west to and through the first stringybark forest, 293 chains, bounded by G. Urquhart; thence a line verging and through the stringybark, south 408 chains, bounded by G. Urquhart; thence a line verging through stringybark, south-east 29 degrees 540 chains, bounded by Hope Brothers; thence a line east 84 chains, bounded by Messrs. Birmingham and Reilly; thence a line north 160 chains, bounded by Messrs. Birmingham and Reilly; thence a line to old sod hut on Teatree Lake, north-east 84 degrees 365 chains, bounded by Messrs. Birmingham and Reilly; thence a line east to the south point of the stringybark, 360 chains, bounded by Messrs. Birmingham and Reilly; thence a line verging the stringybark north-west 16 degrees 600 chains, bounded by T. Hamilton; thence a line west midway between an out-station and one of Mr. G. Urquhart's, 288 chains, bounded by G. Urquhart; thence a line north-west 41 degrees 121 chains, bounded by G. Urquhart; thence a line west 192 chains, bounded by G. Urquhart to the starting point.

No. 14.

Campbell and Curlewis, (per R. Campbell and A. M'Lachlan.)

Name of Run—Swan Hill and Lake Boga.

Estimated Area—60,000 Acres.

Estimated Grazing Capabilities—1,500 head of Cattle, and 10,000 Sheep.

Bounded on the north by the River Murray 15 miles; on the east by a line bearing south from the Murray to a point of Mallee Scrub about 10 miles; on the south by the Mallee Scrub about 20 miles; thence by a line bearing to the Murray, separating it from Beveridge's, and including Swan Hill.

No. 15.

Campbell and Curlewis, (per R. Campbell and A. M'Lachlan.)

Name of Run—Reedy Lake, Baal Baal, Loddon, and Marabout.

Estimated Area—170,000 Acres.

Estimated Grazing Capabilities—22,000 Sheep.

One portion bounded on the north by the Murray; 12 miles on the east by a line bearing south from the Murray to the junction of the

Loddon and Marabool Rivers 2 miles and upwards ; thence by the Loddon about 14 miles on the south bearing west from the Loddon (intersecting Reedy Lake) to Lake Baal Baal about 12 miles ; on the west by a line bearing north from Baal Baal to the Murray about 24 Miles. The other portion bounded on the north by a line west from the Loddon to a point of Mallee Scrub about 8 miles ; on the east by the Loddon about 14 miles ; on the south by a line west from the Loddon to the Mallee Scrub (separating from M'Cullum's) 5 miles ; on the west by the Mallee Scrub about 14 miles.

No. 16.

Campbell and Curlewis, (per R. Campbell and A. M'Lachlan.)

Name of Run—Baal Baal and Combtook or Avoca.

Estimated Area—140,000 Acres.

Estimated Grazing Capabilities—20,000 Sheep.

Bounded on the east by a line from a point of Mallee Scrub to Lake Baal Baal about 13 miles ; thence by a line bearing east about $1\frac{1}{2}$ miles to the Mallee Scrub ; from thence by Mallee Scrub 23 miles on the south by a line (separating it from Rutherford and Groves) 13 miles ; on the west by a line from the western extremity of the southern boundary to the Mallee Scrub 7 miles ; from thence by the Mallee Scrub about 30 miles or more.

No. 17.

Cay and Kaye, (per William M. Bell.)

Name of Run—Charlton, (West.)

Estimated Area—238,000 Acres.

Estimated Grazing Capabilities—18,000 Sheep.

Bounded on the south by a part of Cameron and Foley's run, being a ploughed line commencing at the Avoca Rivulet, and running west $5\frac{3}{4}$ miles 4 chains ; on the west by part of Donald and Hamilton's run and Mallee Scrub, being a line bearing north north-west and running through the centre of a marsh called Charoop $17\frac{1}{4}$ miles ; on the north by Wilson's run, being a line bearing east $13\frac{1}{4}$ miles 10 chains to the Avoca Rivulet ; and on the east by the Avoca Rivulet and Cay and Kaye's East Charlton Run up the course of that rivulet to the commencing point.

No. 18.

Coghill William.

Name of Run—Burra Burra.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Situated on the south bank of the Murray, and commencing at a marked tree opposite the lower junction of the Wakool River with the Murray ; bounded thence on the north by M'Leod on a line bearing south 84 degrees 30 minutes west 4 miles ; thence on the west by a line bearing south 5 degrees 30 minutes east $8\frac{1}{2}$ miles ; thence on the south by Piangill on a line bearing north 84 degrees 30 minutes east 2 miles 50 chains ; thence by the Murray $8\frac{1}{2}$ miles to the point of commencement.

Bearings by compass.

Coghill William.

Name of Run—Piangill.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Situated on the south bank of the Murray, and bounded on the north by the Burra Burra run on a line bearing south 84 degrees 30 minutes west from the Murray 2 miles 50 chains ; thence on the west by a line bearing south 5 degrees 30 minutes east $8\frac{1}{2}$ miles ; thence on the south on a line bearing north 84 degrees 30 minutes east 4 miles ; thence on the east by the Murray 8 miles 47 chains to the point of commencement.

Bearings by compass.

No. 20.

Cameron James Allan, (per A. M'Kenzie.)

Name of Run—Decameron.

Estimated Area—102,400 Acres.

Estimated Grazing Capabilities—250 head of Cattle, and 20,000 Sheep.

Bounded on the north by a ploughed line 3 miles ; on the north-east by ranges which make the boundary with W. J. T. Clarke ; and on the east by the ranges which divide the waters of the Wimmera and the Avoca ; on the south by a ploughed line, which divides the boundary of W. J. T. Clarke. The general features are ranges, the principal being Mount Cole. Commencing at the top of Mount Direction, and bounded on the south-east by a line bearing west 32 degrees south 90 chains to a creek, then by a road bearing west 5 degrees south 124 chains to a ploughed line, then by said ploughed line bearing west 30 degrees south 43 chains to the Wimmera ; thence by the Wimmera south-east 26 chains to Hickman's Creek, then up said creek south-west 90 chains, then by line of plough furrow west 11 degrees south up the ranges following the same $3\frac{1}{2}$ miles, or thereabout, to the top of Ben Nevis.

No. 21.

Campbell James.

Name of Run—Strathfillan.

Estimated Area—106,880 Acres.

Estimated Grazing Capabilities—12,000 Sheep.

With M. M'Grath from a marked tree on the Tarpaulin Creek about 3 miles from the Avoca, $3\frac{1}{2}$ miles along the creek and a ploughed line bearing about south-west, and about $3\frac{1}{2}$ miles along the top of a range bearing west south-west ; Foster and Stawel about $1\frac{1}{2}$ mile west south-west 1 mile south and $2\frac{1}{2}$ miles south-west ; W. Rutherford about $\frac{3}{4}$ of a mile south-west to a marked tree on the creek half way from where he first occupied the hut, then $\frac{3}{4}$ of a mile south and by west, and 1 mile west south-west ; L. Rostron along a dividing range about $1\frac{1}{2}$ miles north-west, $1\frac{1}{2}$ miles north-west and by north 1 mile, north-east 6 miles, north and by west $5\frac{1}{2}$ miles north and 3 miles north-east ; James Orr along a dividing range about $4\frac{1}{2}$ miles east north-east to a marked tree on Three Mile Creek, then 3 miles north north-east and 3 miles east south-east to a marked tree on the creek about $2\frac{1}{2}$ miles from the Avoca ; Ellis and Shore about $1\frac{1}{2}$ miles south to a marked tree on the creek, then a marked line of about 2 miles

south-east and by south $1\frac{3}{4}$ miles south south-east, then along a range $1\frac{1}{4}$ miles south south-west 1 mile south-west and 5 miles south, which terminates at the marked tree on the Tarpaulin Creek, about 3 miles from the Avoca, where Michael M'Grath's boundary commences. Watered by a creek and several tributaries, each of them being divided by thickly wooded ranges and scrub, and all the high ranges bounding with Messrs. Rostron and Ellis and Shore, mostly unavailable.

No. 22.

Clarke W. J. T.

Name of Run—Woodlands.

Estimated Area—184,000 Acres.

Estimated Grazing Capabilities—100 head of Cattle, 29,000 sheep.

Commencing at south-west corner, bounded between W. Magill by a line running along Mount Langerene Range to highest peak, thence by a line north 53 west $1\frac{1}{2}$ miles to a rocky spur of said range, thence north $27\frac{1}{2}$ west across a flat to Bald Hill, thence by the range for 6 miles, thence between John Sinclair by a line running north 25 east $2\frac{1}{2}$ miles across a flat, intersecting range, again thence north $52\frac{1}{2}$ west 30 chains north 13 west 70 degrees 50 chains, north $39\frac{1}{2}$ west 110 chains, to road, thence north $23\frac{1}{2}$ west 56 chains, to creek, thence between Michael Fallon by said creek for 19 chains, thence south $71\frac{1}{2}$ east 19 chains, north $35\frac{1}{2}$, east 52, north $1\frac{1}{2}$, east 54, north 2, west 100 chains, north 53, west 171 chains, south 70, west 137 chains, thence between Dr. Blunden, north $32\frac{1}{2}$, west 168, north 69, west 84 chains, to Tucker and Boundry's road, by the road $\frac{1}{2}$ mile, thence south $67\frac{1}{2}$, west 96 chains, thence between Mrs. Green north 17, east 298, to Wimmera, thence by Wimmera easterly 36 chains, thence north $12\frac{1}{2}$, east 84 chains, to creek, thence by creek, about $\frac{3}{4}$ mile thence by a line running north passing trees marked W J T C, 6 miles, thence between Stewart and Rutherford by a line running in an easterly direction along top of leading range 5 miles, thence between Rostron by a line running north $58\frac{1}{2}$, east 42, south 72, east 63, 59 chains, south $43\frac{1}{2}$, east 283 chains, to ploughed furrows, thence between Cameron by a line bearing south $22\frac{1}{2}$, east running along ploughed furrow to top of leading range 293 chains, thence by leading range in south-easterly direction about $4\frac{3}{4}$ miles, thence by a line south-west 266 chains across flat to top of Bald Hill Range, then by said range in a south-easterly direction about 5 miles, thence by same range in southerly direction 4 miles, thence across flat along ploughed furrow in the direction of south by east 5 miles, to spur of Mount Cole Range, thence along said range in south-easterly direction about $5\frac{3}{4}$ miles, thence between C. Campbell by a line across flat where water falls both ways, bearing south $67\frac{1}{2}$, west about $4\frac{3}{4}$ miles to the point of starting.

No. 23.

Donald and Hamilton.

Name of Run—Banyinong.

Estimated Area—80,000 acres.

Estimated Grazing Capabilities—9,000 Sheep.

Commencing at a marked tree on the River Avon, $1\frac{1}{2}$ mile from head station in a southerly

direction; from thence 12 miles north-east and by east till it meets Messrs. Cay and Kaye's line; from thence $7\frac{3}{4}$ miles south and by east half east boundary with Messrs. Cay and Kaye; from thence 2 miles due west boundary with Mr. Cameron; from thence 7 miles due south boundary with Messrs. Foley and Cameron; from thence 10 miles due west along a ploughed line till it reaches the River Avon boundary with Captain Harrison and Mr. Sutherland, and from that $6\frac{1}{2}$ miles along the River Avon in a northerly direction till it meets the marked tree mentioned above.

No. 24.

Donalds and Hamilton.

Name of Run—Corack.

Estimated Area—100,000 Acres.

Estimated Grazing Capabilities—600 head of Cattle, 7,000 Sheep.

Commencing at a marked tree on the River Avon, $1\frac{1}{2}$ miles from the head station in a southerly direction; from thence 12 miles north-east and by east till it meets Messrs. Cay and Kaye's line, from thence $9\frac{1}{4}$ miles north by west half west along Messrs. Cay and Kaye's boundary line with us; from thence $6\frac{1}{4}$ miles due west; and from thence $5\frac{3}{4}$ miles south-west boundary with Mr. Raleigh; from thence 6 miles south half east; and from thence $1\frac{1}{2}$ miles south and by west; from thence $4\frac{1}{2}$ miles south-east to a marked tree on the River Avon, at the end of the long water hole called Banyinong, (the last mentioned lines divide Mr. Macredie), and from that marked tree $2\frac{1}{2}$ miles along the River Avon in a southerly direction until it meets the marked tree mentioned at the commencement of this description.

No. 25.

Darlot and M'Lachlan.

Name of Run—Brighton.

Estimated Area—102,400 Acres.

Estimated Grazing Capabilities—800 head of Cattle, 25,000 Sheep.

Bounded on the east by Taylor and M'Pherson's Run, commencing at Mount Zero, and bearing north 12 degrees west 22 miles (crossing the Wimmera at 12 miles); on the north by the run of Wilson Brothers, bearing south 71 degrees west 7 miles, and south 78 degrees west 1 mile 45 chains; on the west by the runs of Wilson Brothers, and Splatt and Pynsent, bearing south 11 degrees 30 minutes east to the Bungleally or Boundary Creek $14\frac{1}{2}$ miles (crossing the Wimmera River at ten miles); thence by the Bungleally or Boundary Creek; and on the south by the runs of Splatt & Pynsent, and of P. D. Rose, being a line bearing from the said creek south 80 degrees east $7\frac{1}{2}$ miles to Mount Zero.

No. 26.

Ellis and Shore.

Name of Run—Avoca Forest.

Estimated Area—30,720 acres.

Estimated Grazing Capabilities—7,000 Sheep.

Beginning at that point of Avoca River, bounded with M. Magrath, bearing west 3 miles; and bounded on the south by M. Magrath; thence north 8 miles, and bounded by M. Magrath and

James Campbell, thence north-east 1 mile, thence north north-east $1\frac{1}{4}$ mile, thence north north-west $1\frac{1}{4}$ mile, thence north-west by north 2 miles, thence north by Campbell's Creek $1\frac{1}{2}$ mile, and bounded on these lines by J. Campbell; thence north 1 mile to junction of Campbell's Creek with Avoca River, and bounded by James Orr; and on the east by the Avoca River 15 miles to the commencing point.

No. 27.

Foley and Cameron.

Name of Run—Coonover and Spring Bank.

Estimated Area—89,600 Acres.

Estimated Grazing Capabilities—14,000 Sheep.

Ten miles frontage to the Avoca River, north and south, running 7 miles back from the Creek east and west; bounded on the north by Messrs. Cay and Kaye; on the south by Mr. Orr; on the east by Messrs. Cooke and Orr; on the west by Messrs. Donald, Horsfall, and Captain Harrison.

This run has been sub-divided as follows:—

Foley Henry.

Name of Run—Coonover.

Estimated Area—49,280 acres.

Estimated Grazing Capabilities—8,000 Sheep.

Bounded on the north by Mr. A. Cameron, running 7 miles on the eastern and westerly side of the Avoca; on the west bounded by the station of Messrs. Sutherland and Captain Harrison, and on the east meeting the boundaries of Messrs. J. Orr and Cooke; and on the south by Mr. J. Orr. Cameron Alexander.

Name of Run—Spring Bank.

Estimated Area—40,320 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

Bounded on the north by Messrs. Cay and Kaye, running 7 miles east and west from the Avoca Creek; bounded on the east by Messrs. Cooke; on the west by Messrs. Donald and Co.; and on the south by Mr. Foley.

No. 28.

Fallon Michael.

Name of Run—Six Mile Creek.

Estimated Area—12,000 Acres.

Estimated Grazing Capabilities—50 head of Cattle, 3,000 Sheep.

Bounded on the north by the station of Dr. Blunden, being a line bearing east by Lagoon 3 miles to within $1\frac{1}{2}$ mile of the Wimmera River; on the east by Mr. Clarke, being a line bearing south-south-east $5\frac{1}{2}$ miles to a point $1\frac{1}{2}$ mile from his hut, called Two Mile Hut, on the east of the Wimmera; from thence by a line bearing south-west 72 chains; on the south by a line bearing north-west 19 chains to creek; from thence by a line bearing south 19 chains along creek; from thence by a line of general bearing west 2 miles 15 chains, being boundary with Mr. Sinclair; and on the west by a line of general bearing north $5\frac{1}{2}$ miles, boundary with Dr. Blunden to marked tree 2 miles from Waterloo Hut, Mr. Clarke's station on the Wimmera River.

No. 29.

Firebrace William.

Name of Run—Vectis.

Estimated Area—115,200 Acres.

Estimated Grazing Capabilities—400 head of Cattle, 25,000 Sheep.

Bounded on the north by Baillie and Hamilton, a line commencing at the Mitre Rock, situated at the eastern extremity of Mount Arapiles, bearing north-east 7 miles to a dry creek, near Lake Natinek; by a line 22 degrees 30 minutes north of east 6 miles 40 chains, crossing the River Wimmera at 2 miles 60 chains; on the east by (Wilson Brothers) a line bearing 40 degrees east of south 2 miles and 60 chains; by (Splatt and Pynsent) a line due south 2 miles 68 chains; by a line 15 degrees 30 minutes east of south 3 miles to the Wimmera River, at the junction of the Norton Creek; thence eastward by the Wimmera River 1 mile 62 chains, by a line 43 degrees east of south 4 miles 60 chains, by a line due south 7 miles 32 chains; on the south (Splatt and Pynsent) by a line bearing west 5 miles 12 chains; on the west by (R. Officer, Esq.) a line bearing 40 degrees 30 minutes west of north 5 miles 16 chains, by (G. Urquhart, Esq.) a line bearing 62 degrees 30 minutes west of south 1 mile 8 chains; by a line bearing 43 degrees west of north 7 miles 20 chains to a spur of Mount Arapiles, along the spur to Mount Arapiles, and from thence to the Mitre Rock or commencing point.

No. 30.

Glendinning C. and Urquhart G.

Name of Run—St. Mary's Lake.

Estimated Area—86,422 Acres.

Estimated Grazing Capabilities—100 head of Cattle, 10,000 Sheep.

Starting point the western point of Mount Arapiles, then a line west 428 chains, bounded by Messrs. Baillie and Hamilton; then a line north-west 60 degrees 800 chains, bounded by Mallie Scrub; then a line south-west 67 degrees 356 chains, bounded by Mallie Scrub; then a line south-east 24 degrees 1274 chains, bounded by Mr. G. Urquhart; then a line south-east 80 degrees 1288 chains, bounded by Heath and Mr. Officer; then a line north-west $42\frac{1}{2}$ degrees 270 chains, bounded by Major Firebrace; then a line south-west 60 degrees 88 chains, bounded by Major Firebrace; then a line north-west $42\frac{1}{2}$ degrees 592 chains, bounded by Major Firebrace; then a line north-west 17 degrees 200 chains, bounded by Major Firebrace to the starting point Mount Arapiles.

No. 31.

Grant Thomas.

Name of Run—Mount Elgin.

Estimated Area—122,560 Acres.

Estimated Grazing Capabilities—5,000 Sheep.

The home station bearing north-west of Mount Arapiles, from 25 to 30 miles.

The north boundary line commencing from 1 mile north of a native hill called Mriparini, $2\frac{1}{2}$ miles west and $6\frac{1}{4}$ east $\frac{3}{4}$ of a mile north, and $4\frac{3}{4}$ miles east to a marked tree; from thence 1 point

south of south-east $16\frac{3}{4}$ miles; and from the termination of that line $14\frac{3}{4}$ west to a marked tree or line, and extending from there 16 miles 1 point north of north-west, and joining the western extremity of the north line.

No. 32.

Greene Anne.

Name of Run—Glynwyllan.

Estimated Area—77,440 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

Commencing at a marked tree on the north bank of the Wimmera, and bounded on part of the east side by a portion of W. J. T. Clarke's western boundary, bearing north 3 degrees east 86°00 to the Heifer Station Creek; thence by that creek north 21 degrees east 61°50 to a point south of a marked tree; and thence a line bearing north 42°40; on the north by a line bearing west 82°40; on the west by a line bearing south 11°41'00; on the south by a line bearing north 67°degrees 30 minutes east 739°00; on the remaining part of the east side by a line north 17 degrees east 323°00 to the Wimmera River, and by that river 34°00 south-east to point of commencement.

No. 33.

Horsfall James.

Name of Run—Rich Avon.

Estimated Area—122,669 Acres.

Estimated Grazing Capabilities—2,400 head of Cattle, 15,000 Sheep.

Commencing at a point on a creek unnamed, where the boundary line joins that of Captain Harrison; bounded on the north partly by the boundary line of Messrs. William Donald and Co.; and partly by that of Mr. M'Ready's, in a line bearing west $25\frac{1}{2}$ miles, till it meets the boundary line of Messrs. Taylor and M'Pherson; on the west by the boundary line of Messrs. Taylor and M'Pherson, in a line bearing a south south-easterly direction $11\frac{1}{2}$ miles, till it joins the boundary line of Messrs. W. and J. Anderson; on or towards the south by the boundary line of Messrs. W. and J. Anderson, in a line bearing east by north $15\frac{1}{2}$ miles, till it meets the south-west boundary of Capt. Harrison's run; on the south-east by Capt. Harrison's boundary line, in a line bearing in a north-easterly direction $5\frac{1}{2}$ miles, till it joins the above unnamed creek, and on or towards the east by the above unnamed creek, to the commencing point.

No. 34.

Harrison John.

Name of Run—Swan Water.

Estimated Area—70,400 Acres.

Estimated Grazing Capabilities—200 head of Cattle, 8,000 Sheep.

Commencing about 3 miles south of Mount Jeffcott, and bounded on the north by a line east 3 miles dividing from Donald and Co.; on the east by a line south about 16 miles separating from Cameron and Foley, and J. Orr; on the south by lines west 3 miles north 3 miles and a line west 4 miles, and distant from Rostron's hut 4 miles; thence south 4 miles to Avon River, by the Avon River and a line north 5 miles, and distant from

last mentioned line 2 miles; thence west $4\frac{1}{2}$ miles to a lagoon on the west by lines north 20 west $\frac{1}{2}$ mile, north $\frac{3}{4}$ north 24 east 2 miles, north 40 east $3\frac{3}{4}$ miles, north 50 east about 5 miles to the southern end of a lagoon, by this lagoon to the northern point of another joining; thence by a line north 18 east $1\frac{1}{2}$ mile east 2 miles, and north 3 miles to the commencing point.

No. 35.

Hope I. and G.

Name of Run—Lake Wallace.

Estimated Area—120,000 Acres.

Estimated Grazing Capabilities—20,000 Sheep.

Bounded on the north by Mr. Gibson's station; being a line bearing north-east 11 miles, one waterhole to another; thence by a line bearing north 2 miles; thence by a line bearing east 3 miles (boundary with Affleck's); on the east by the dividing range (bounding with Mr. Urquhart's station); being a line bearing south-west by south 7 miles; thence by a line bearing south-east 6 miles; and thence by a line bearing south (being boundary with Mr. Cook) 8 miles; on the south by a line bearing east 9 miles; thence by a line bearing north 3 miles; and thence by a line bearing north-west 6 miles (being boundary with Mr. Armytage) to a marked tree on the Adelaide road; on the west by a line bearing north 4 miles (boundary with Mr. Ballantyne) to commencing point.

The station is 20 miles west of the Glenelg, 12 miles from the Adelaide boundary.

No. 36.

Ham Thomas and Jabez J.

Name of Run—Lalbert.

Estimated Area—76,800 Acres.

Estimated Grazing Capabilities—12,000 Sheep.

Bounded on the south by a line from the Avoca River, dividing Curlewis and Campbell's station from Wilson's (late Macredie's); continued west to the great Mallee scrub; west and north by the great Mallee scrub; north-east by Mr. Beveridge's Murray station and Mallee scrub; east by Mallee and Messrs. Curlewis and Campbell 6 miles back from the Avoca River, western boundary of their Combatook station; this country includes Lakes Lalbert, Nute, Curran, Penbill, with the lower part of the west branch of the Avoca River.

No. 37.

Hamilton Thomas.

Name of Run—Second Kout Norin.

Estimated Area—41,820 Acres.

Estimated Grazing Capabilities—1,280 head of Cattle or 8,000 Sheep.

Starting at the junction of the river Glenelg and Salt Creek, thence a line north-west 47 degrees 80 chains, bounded by the station of Mr. A. Donaldson; thence a line north 147 chains, bounded by the station of Mr. A. Donaldson; thence a line north-east 36 degrees 242 chains, bounded by the station of Messrs. Riley and Birmingham; thence a line north-east 72 degrees 223 chains, bounded by the said station of Messrs. Riley and Birmingham; thence a line north-east 29 degrees 177 chains, bounded by the station of Messrs. Riley and Birmingham; thence a line north-west 6 degrees 180 chains, bounded by Heath; thence a line north-east 55 degrees 297 chains, bounded by

Heath; thence a line south-east $2\frac{1}{2}$ degrees 89 chains, bounded by the station of Messrs. Baird and Hodgkinson; thence a line south-east 36 degrees 50 chains, bounded by the station of Messrs. Baird and Hodgkinson; thence a line south-east 63 degrees 103 chains, bounded by Messrs. Baird and Hodgkinson; thence a line south-east 5 degrees 195 chains, bounded by Heath; thence a line south-east 34 degrees 68 chains, bounded by Heath; thence a line south-east 2 degrees 205 chains, bounded by Heath; thence a line south-west 56 degrees 222 chains, bounded by the station of Mr. G. Armytage; thence a line south-west 73 degrees 115 chains, bounded by the station of Mr. G. Armytage; thence a line south-west $29\frac{1}{2}$ degrees 190 chains, bounded by the station of Mr. G. Armytage; thence a line on the river Glenolg south-west 88 degrees 400 chains, bounded by Mr. J. Blair to the starting point at the junction of the Glenolg and Salt Creek.

No. 38.

Irvine Alexander.

Name of Run—Junction Station.

Estimated Area—145 Square Miles.

Estimated Grazing Capabilities—98 head of Cattle, 15,300 Sheep.

Bounded beginning at Bonnevis about due west from head station; the boundary line runs for about 8 miles in a south-easterly direction, partly along an almost inaccessible ridge, and partly along the scrubby line of the Fiery Creek down to a marked tree; from thence east forming boundary with A. and C. Campbell, along a marked line of trees to the top of a range which bounds Campbell and Donald; from this point the boundary with Donald and Hamilton runs in a north-east direction for about 11 miles to a ploughed line between Donald and Hamilton, and Robertson and Skeene; and thence north between Robertson and Skeene, and the run for about 3 miles to Anderson's fence at the Major's line; then going along said fence for a mile to the Wimmera road; it follows that road west, forming the boundary with Hodgkinson to a creek at the foot of Benmon range; crossing this creek it goes north-westerly along the range, and along a marked line of trees to a marked tree at Stoddart's boundary; thence nearly north by a marked line for 7 miles to Foster's boundary, then nearly west forming a boundary with Foster for 6 miles along a marked line to the top of a high ridge among the Pyrenees, inaccessible to stock; thence south for 8 miles to Mount Direction along this range; from thence boundary line with Decameron, runs westerly down the hill along a plough line, the high road, another plough line, the river Wimmera, Hickman's Creek, another plough line, and the ridge up to Bonnevis from starting point.

Bounded on the north-west by Decameron north by Mr. Foster's station; on the east by Stoddart, Hodgkinson, and Skeene; and on the south by Donalds and Hamilton, and the Messrs. Campbell.

No. 39.

M'Leod Donald J.

Name of Run—Neroney.

Estimated Area—15,360 Acres.

Estimated Grazing Capabilities—900 head of Cattle, or 6,000 Sheep.

Bounded on the north and north-east by the

Murray river, and on the south and south-west by the Mallee, an impenetrable scrub, south-east direction joined by Mr. W. Coghill, and on the north-west by Alexander M'Callum, Esq.

No. 40.

M'Kinnon Colin.

Name of Run—Mountain Creek.

Estimated Area—70,000 Acres.

Estimated Grazing Capabilities—11,000 Sheep.

Situate at the Pyrenees, bounded by Mr. Foster's station on the south, by a line bearing east north-east 3 miles, and from thence due north 1 mile until it enters a small creek running east, to Mountain Creek in a north-west direction for 1 mile, and for 6 miles west north-west to the point of a stringy bark range running along Rutherford's boundary 4 miles to the Pyrenees, and bounded on the west and north-west by Allan Cameron to commencing point.

No. 41.

M'Grath Michael.

Name of Run—Daliamong.

Estimated Area—25,000 Acres.

Estimated Grazing Capabilities—6,000 Sheep.

Bounded on the east by the Avoca River; on the south by J. F. L. Foster; west and north-west by J. Campbell; north and north-east by Messrs. Ellis, Shore, and Elliott.

No. 42.

Moffat William.

Name of Run—Leman Springs.

Estimated Area—30,000 Acres.

Estimated Grazing Capabilities—700 head of Cattle, or 6,000 Sheep.

Bounded on the north by a line east and west 7 miles, dividing from Mallee scrub; south line east and west 6 miles, dividing from Gibson; east line north and south 4 miles, dividing from W. Affleck, and 5 miles, dividing from Affleck and Younger; west line north and south, dividing for 7 miles, dividing from T. Rand.

No. 43.

M'Kenzie Donald and M'Lachlan Donald.

Name of Run—Irrewarra.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the north-west by the station occupied by Messrs. Taylor and M'Pherson, being a line bearing south-west by west about 8 miles to the Grampians; on the south-west by the Grampians for about 6 miles; on the south-east by the station of B. Boyd, Esq., being a line bearing north north-east about 7 miles to the River Wimmera; thence in a line due north for about 2 miles to the commencing point as above.

No. 44.

M'Leod Hugh Lawrence.

Name of Run—Bengeo.

Estimated Area—35,000 Acres.

Estimated Grazing Capabilities—50 head of Cattle, 4,000 Sheep.

Bounded on the west by the Adelaide boundary line; on the north by Henry Jones boundary line; on the east by Jones and Gibson; on the south by Robert Ballantyne.

No. 45.

Patterson William.

Name of Run—Upper Regions.

Estimated Area—128,000 Acres.

Estimated Grazing Capabilities—200 head of Cattle, and 12,000 Sheep.

Bounded on the north by Messrs. Shaw and Ellerman, by a line bearing east 6 miles to the River Wimmera, thence crossing the river and continuing east about 12 miles; on the east by Mr. D. Cameron and Mr. Scott, by a line bearing south 4 miles, leaving an out station called Bigwon half a mile to the west, thence by a line bearing about south 28 degrees west for about $11\frac{3}{4}$ miles; on the south by Daniel Cameron, by a line bearing west 6 miles, crossing a patch of heath to the Wimmera River, thence by a continuation of the said line west 6 miles; on the west by Daniel Cameron by a line bearing about north 16 degrees east about 15 miles to commencing point.

No. 46.

Rostron Laurence.

Name of Run—Tottington.

Estimated Area—84,400 Acres.

Estimated Grazing Capabilities—320 head of Cattle, 12,000 Sheep.

From the waters of a lagoon a line drawn due east 4 miles 45 chains long, thence a line due south to the Avon Creek, thence along the Avon Creek general bearing north-east to a point on said creek, where a line 2 miles long (if drawn) would intersect the before mentioned south line—these forming the boundary between John Harrison and the Tottington station, and being north and eastern boundaries of same; thence along the Avon Creek to its junction with the Shuttleworth Brook, thence along the Shuttleworth Brook to its head, thence by a line $2\frac{1}{2}$ miles long to the watershed of the ranges, dividing the waters of the Avon and Wimmera—this boundary dividing the Tottington and Ramsbottom stations, and being the eastern boundary of the former; thence following the watershed of the ranges, dividing the waters of the Avon and Wimmera, and Avon and Richardson, to a point where a line due south 7 miles 53 chains long would intersect the said watershed—this boundary being a southern and western boundary of the Tottington station, and dividing it from J. Allan, Cameron, J. T. Clarke, and A. Stewart; thence by a line due north 7 miles 53 chains long to the starting point, being the waters of a lagoon, being a western boundary of Tottington station, and dividing it from that of W. and J. Anderson, at which point an access to the waters of the said lagoon is claimed by me by a road 200 yards wide from W. and J. Anderson.

No. 47.

Rostron Laurence.

Name of Run—Ramsbottom.

Estimated Area—80,400 Acres.

Estimated Grazing Capabilities—640 head of Cattle, and 8,000 Sheep.

From a point on the Avon Creek a line drawn due north 3 miles 16 chains and 90 links—being the eastern side of a 2 mile wide road; thence by

No. 92, 26th AUGUST, 1848—3.

a line due east 6 miles 75 chains 40 links, to a point where this line intersects the watersheds of the ranges, dividing the waters of the Avon and the Avoca,—these lines forming a western and northern boundary of Ramsbottom station, and dividing it from that of John Harrison; thence following the watershed of same ranges dividing the waters of the Avon and the Avoca, the general bearings being south south-east to the watershed of the ranges, dividing the waters of the Avon and the Wimmera; thence along the watershed of those ranges, the general bearing being west north-west, to a point forming the division of the Tottington and Ramsbottom stations, these watersheds dividing the Ramsbottom station from the stations of J. Orr, (in dispute with) J. Harrison, J. Campbell, W. Rutherford, and J. A. Cameron, and being eastern and southern boundaries of Ramsbottom station; thence by a line $2\frac{1}{2}$ miles long, in a north-west direction, to the head of the Shuttleworth Brook; thence by the Shuttleworth Brook to its junction with the Avon; thence by the Avon to the starting point—these boundaries dividing Ramsbottom and Tottington stations, and being a western boundary of the former.

No. 48.

Rose Philip D.

Name of Run—Woortook.

Estimated Area—20,480 Acres.

Estimated Grazing Capabilities—150 head of Cattle.

Commencing on the M'Kenzie Creek at the Gap in the Range, and bounded on the west by the boundary line of P. D. Rose, Rosebrook run, being the Grampians in a N.N.E. direction about 8 miles, on the north by the range running easterly about 3 miles, and the east and south by the same range, southerly and westerly to the M'Kenzie Creek, and by the M'Kenzie Creek about 1 mile to the commencing point.

No. 49.

Rose Philip D.

Name of Run—Rosebrook.

Estimated Area—64,000 Acres.

Estimated Grazing Capabilities—10,000 Sheep.

Commencing at Mount Zero, bounded on the north by a line west 4 miles, thence south about 4 miles to M'Lellan's hut, thence south 65, west about 5 miles to a swamp on the west, by a line south $25\frac{1}{2}$ degrees east $1\frac{1}{2}$ mile, and by marked trees south about $3\frac{1}{2}$ miles, to a branch of Norton creek, by this branch, and a line of marked trees south 40 degrees east, about $4\frac{1}{2}$ miles to Simpson's road, by this road north-easterly 1 mile, thence by a ploughed furrow south-east to the point of the Grampian range; and on the south and east by the Grampian, crossing the M'Kenzie creek, at the Gap, and continuing about N.N.E. to the second running creek, by the said creek for half a mile, thence returning in S.S.W. direction to the Gap in the range, and continuing in a N.N.W. direction along the Grampians to the commencing point of Mount Zero.

No. 50.

Rutherford George.
Name of Run—Car's Plains.
Estimated Area—48,000 Acres.
Estimated Grazing Capabilities—10,000 Sheep.

Commencing at the source of the Richardson creek on the eastern side, and following the river downwards from H. Robertson's run for 11 miles, it also divides the run from Ayroy, Nicholl and Darnall, running for 7 miles to Shanahan's boundary, thence by a line bearing north-east for 3 and 3-5th miles, which divides it from Shanahan's run; bounded on the north-east by J. Thear's run for 11 miles to a point 4 miles north-east of the Richardson; thence by a line parallel to the Richardson for 5 miles, which divides it from Andrew Stewart's run; thence by a line to the head of the Richardson 4½ miles, which divides from Mr. W. J. T. Clarke's run which terminates at the commencing point.

No. 51.

Robertson Hugh.
Name of Run—Robertson's Station.
Estimated Area—22,400 Acres.
Estimated Grazing Capabilities—5,500 Sheep.

Bounded on the east and north by Mr. Rutherford's creek boundary; on the west by Ayroy, Darnell and Co., marked trees; on the south by Mrs. Greene's marked trees; on the south-west by Mr. Boyd's marked trees.

No. 52.

Rutherford William.
Name of Run—Ranges.
Estimated Area—12,800 Acres.
Estimated Grazing Capabilities—4,000 Sheep.

Thickly timbered, watered by tributary creeks of the Avoca; bounded on the south-east by Mr. McKimmon's station 2½ miles; on the east by Mr. Foster's station 4 miles; on the north by Mr. Campbell 12 miles; and on the north-west by Mr. Cameron's station 5 miles.

No. 53.

Stieglitz Robert William.
Name of Run—Lake Hindmarsh.
Estimated Area—192,000 Acres.
Estimated Grazing Capabilities—16,000 Sheep.

About 5 miles frontage on each side of the river Wimmera, next to its junction with Lake Hindmarsh, all round the lake and about 10 miles back; bounded on the south by Shaw and Ellerman, north-east Coppeck, and in all other directions by an occupied Crown Lands of scrub, sand, &c.; two-thirds of this run is scrub, the remainder sand and very poor grazing lands.

No. 54.

Scott A. and Sons.
Name of Run—Warrachmabel.
Estimated Area—124,000 Acres.
Estimated Grazing Capabilities—10,000 Sheep.

Bounded on the east partly by a line of marked trees and partly by Mallee Scrub (which surrounds one of A. Scott and Son's out stations, known by the name of Nain) about 14 miles in length, and on the west by a line of marked trees and Mallee

Scrub, running north and south for about 10 miles, on the north by a dense Mallee Scrub and a settled line with Peter McGinnes, which crosses Yarrambock creek 1 mile below Bathica, running west and by south and east and by north extending about 1 mile on each side of the creek to the Mallee; on the south by a settled line with Wilson Brothers, crossing the creek 2 miles below their hut at Mahetecian, which line runs on the same direction as the last mentioned, and is about 16 miles in length.

No. 55.

Sinclair John.
Name of Run—Sinclair's, formerly Allanvale.
Estimated Area—80,000 Acres.
Estimated Grazing Capabilities—15,000 Sheep.

Bounded on the north by Mr. Blundell's station as fixed by arbitration, of Messrs. Irvine and Pellitt; west by Mr. A. S. Wills, the boundary being the summit of a range of hills, southerly by Messrs. McGill and Co's Station, the boundary being as far as the trees extend on an extensive plain; easterly by Mr. W. J. T. Clarke's station, the boundary being the eastern side of a range of hills towards the north, the ground that Mr. McFallan at present occupies, the length from Mr. Blunden's to Messrs. McGill and Co's is about 12 miles, and from Mr. Will's to Mr. Clarke's about 10½ miles.

No. 56.

Splatt William F.
Name of Run—Wonwondah.
Estimated Area—140,800 acres.
Estimated Grazing Capabilities—20,000 Sheep.

Commencing at a point on the Black Range south of Mount Talbot, and bounded by lines north 58 degrees 30 minutes west 7½ miles, north 2½ miles, east 5 miles, north 7½ miles, north 43 west 4½ miles; thence by the Wimmera upwards about ¾ of a mile, and by lines north 15 degrees 30 minutes, west 3 miles, north 2¾ miles, east 2¾ miles, south 17, east 5¼ miles, north 74, east 3¼ miles, south 40, east 6½ miles, east 3¾ miles, south 5¼ miles, south 32 degrees, west 1¼ miles, south 71, west 4¾ miles, south 25 degrees 30 minutes east 1½ miles, south 40, east 2¼ miles, south 65, west 5 miles, north 67, west 5 miles to the commencing point near Mount Talbot.

No. 57.

Stewart Andrew.
Name of Run—Eolangam.
Estimated Area—31,360 Acres.
Estimated Grazing Capabilities—300 head of Cattle, 7,000 Sheep.

Commencing at a point being the head of the Richardson Creek, and following the course of the said Creek about 4 miles, a boundary is formed between this station and those belonging to Mr. Robinson and Mrs. Greene; thence a line bearing north by west about 11 miles long, and crossing the Bolangtan Creek, forming a boundary line between this station and those belonging to Messrs. Rutherford and J. Thears; thence a line bearing east about 3¾ miles long; thence a line to the foot of the ranges forming the watershed dividing the

waters of the Avon and the Richardson, being about $1\frac{1}{2}$ miles long, bearing north-west, the last two lines dividing this station from those of Messrs. Creswick and Anderson; thence along the watershed of the said ranges, dividing this run from that of Mr. Rostron's, and being an easterly boundary to that station to a point about 11 miles to the foot of the range where this range is met by the watershed of the ranges, dividing the waters of the Wimmera and Richardson; thence along the watershed of the said range to its foot, being a distance of about 5 miles; thence a line about $1\frac{1}{2}$ miles long to the starting point, being the head of the Richardson Creek, the last two boundaries dividing this run from that of W. J. T. Clarke, and being a southern boundary to this station.

No. 58.

Shanahan Martin.

Name of Run—Marnoo.

Estimated Area—34,650 Acres.

Estimated Grazing Capabilities—6,000 Sheep.

Bounded on the north by Creswick's run; on the south by Ayrey, Darnell & Co., and Rutherford; on the east by J. Thears; on the west by Thomson and Armstrong.

No. 59.

Thear Joseph.

Name of Run—Wallaloo Creek.

Estimated Area—19,200 Acres.

Estimated Grazing Capabilities—5,000 Sheep.

Bounded on the north by a ploughed furrow running midway with Mr. Creswick; on the south by marked trees with Mr. George Rutherford; on the east by a ploughed furrow with Mr. A. Stewart; and on the west by a tree and a line running north and south therefrom.

No. 60.

Taylor William, (part of Run originally called Longerenong.)

Name of Run—Longerenong.

Estimated Area—153,000 Acres.

Estimated Grazing Capabilities—600 head of Cattle, 20,000 Sheep.

Commencing at a point on the Wimmera River, (Mount Zero bearing 12 degrees east of south distant 12 miles;) bounded on the west by a line bearing 12 degrees east of south for 11 miles, which divides it from Darlot and M'Lachlan's run, Brighton; thence by a line bearing 53 degrees 30 minutes east of north for 70 chains, which divides it from M'Millan's run; thence by a line bearing 26 degrees east of north for $9\frac{3}{4}$ miles to the Wimmera; thence by a line bearing 21 degrees 30 minutes east of north for 12 miles; thence by a line bearing 53 degrees 30 minutes east of north for $3\frac{1}{4}$ miles; these three last lines divide it from D. Macpherson's run, Ashens; thence by a line bearing 8 degrees east of north for 6 miles 70 chains, which divide it from Armstrong and Thomson's run; thence by a line bearing 22 degrees 30 minutes east of south for 5 miles 30 chains, which divides it from J. Horsefall's run; thence by a line bearing 41 degrees east of north for $14\frac{1}{2}$ miles; thence by a line bearing 11 degrees north of east for 5 miles 66 chains; these two last lines divide it from Wilson

Brothers run, Kowell; thence by a line to the Wimmera bearing 12 degrees east of south for 12 miles, which divides it from Darlot and M'Lachlan, which line terminates at commencing point.

Macpherson Dugald, (part of run originally called Longerenong.)

Name of Run—Ashens.

Estimated Area—53,000 Acres.

Estimated Grazing Capabilities—10,000 Sheep.

Commencing at a point on the Wimmera River, (Mount Zero bearing 26 degrees west of south distant about $11\frac{1}{4}$ miles,) bounded on the west by a line bearing 26 degrees west of south for $9\frac{3}{4}$ miles, which divides from W. Taylor's run, Longerenong; thence by a line to the Wimmera bearing 53 degrees 30 minutes east of north for $8\frac{1}{4}$ miles; thence by a line bearing 53 degrees 30 minutes east of north for 2 miles; these two last lines divide from M'Millan's run; thence by a line bearing 53 degrees 30 minutes east of north for $4\frac{1}{2}$ miles, which divides from B. Boyd's run, Ledcourt; thence by a line bearing 18 degrees west of north for $5\frac{3}{4}$ miles; thence by a line bearing 8 degrees east of north for $7\frac{3}{4}$ miles; these two lines divide it from Ayroy, Nichol and Darnell's run; thence by a line bearing 53 degrees 30 minutes east of north for $3\frac{1}{4}$ miles; thence by a line to the Wimmera, bearing 21 degrees 30 minutes east of north for 12 miles; these two last lines divide from W. Taylor's run, Longerenong, said lines terminating at commencing point.

No. 61.

Urquhart George.

Name of Run—Mary Vale.

Estimated Area—145,936 Acres.

Estimated Grazing Capabilities—1,000 head of Cattle, and 18,000 Sheep.

Starting point the north-west point of Saint Mary's Lake, then a line south-west 85 degrees 450 chains; bounded by Mallee Scrub, then a line south-east 24 degrees 744 chains, bounded by Mr. Affleck; then a line south-west 33 degrees 840 chains, bounded by Mr. Affleck; then a line south-west 62 degrees 144 chains, bounded by Messrs. Hope; then a line south-west 10 degrees 524 chains, bounded by Messrs. Hope; then a line north 128 chains, bounded by Mr. Cooke; then a line north east 52 degrees 180 chains, bounded by Mr. Cooke; then a line north-east 28 degrees 80 chains; then a line north-east 190 chains; then a line east 260 chains, bounded by Mr. Cooke; then a line south-east 21 degrees 116 chains, bounded by Mr. Cooke; then a line east 286 chains, bounded by Mr. Cooke; then a line north-west 5 degrees 656 chains, bounded by Heath; then a line north-west 24 degrees 1,274 chains, bounded by Glondinning and Urquhart to the starting point.

No. 62.

Wills H. S.

Name of Run—Lexington.

Estimated Area—120,000 Acres.

Estimated Grazing Capabilities—2,000 head of Cattle, and 20,000 Sheep.

Bounded on the south from the Three Corner Waterhole on the Wimmera, by line west half

*Superintendent's Office,
Melbourne, 26th July, 1848.*

MURRAY DISTRICT.

south to the mountains behind, and parallel with, Mount Mitchell, about 8 miles from said water hole by the Wimmera to its nearest approach to Bunbury's Point; thence by ploughed lines, 2ndly by falls, 3rdly by marked trees, 4thly by falls, 5th from a dead tree at the point of spur on south side said falls to the extremity of spur south and west of Challarpe, thence to M'Gill's range by line running east south-east about 10 miles; on the east by Arrarat and Willis' Range about 15 miles by the summit of the ridges, but from Challarpe as the crow flies about 9 miles; thence by line understood to the apex of the Sugarloaf, about 3 miles thence by the Black Range, including all its western falls, (with the exception of about 200 acres, including a spring, belonging to Blunden,) to Burkitt's Rock, at the northern extremity of the range, about 4 miles thence by line north north-west; on the west from termination of south line by mountains, embracing Lady Mary's Vale, to the junction of the Mount Dryden Ridge with the Grampians, about 15 miles; thence on the north along summit of said ridge to its extreme south-east point about $3\frac{1}{2}$ miles; from that point to the junction of Ryan's Creek with the Wimmera about $1\frac{1}{2}$ or 2 miles, thence following the Wimmera to the base of a perpendicular to be erected on a line running from Noko Pillee to Briggs' old hut on the Long Waterhole, and equidistant from said huts; thence by such perpendicular to its meeting with the line from Burkitt's Rock, from the Grampians about 12 miles.

No. 63.

Wilson Brothers.

Name of Run—Kewell.

Estimated Area—117,760 Acres.

Estimated Grazing Capabilities—12,000 Sheep.

Marked tree line with Darlot and M'Lachlan, settled by agreement; marked tree line with Taylor and Macpherson, north by west, running $1\frac{1}{4}$ mile, bearing 11 degrees 30 minutes west of east, running $5\frac{1}{2}$ miles; thence a line bearing 41 degrees east of north, running 3 miles west of Minyarp; thence to the eastern point of Scott and Son's boundary with us, being a line decided by the Commissioner between A. M'Millan and ourselves; boundary with Scott and Sons bearing 11 degrees 30 minutes north of east; boundary with Daniel Cameron settled by agreement; lines with Baillie and Hamilton settled by agreement.

No. 64.

Wilson Brothers.

Name of Run—Walmer.

Estimated Area—40,000 Acres.

Estimated Grazing Capabilities—7,000 Sheep.

Marked tree line with Darlot and M'Lachlan, bearing 11 degrees 30 minutes north of west, settled by agreement; lines with Baillie and Hamilton settled by agreement; marked line with Major Firebrace 40 degrees east of south; line claimed with Pysent and Splatt to start from a point on the river 1 mile 26 chains below the home station of Wilson Brothers, running $3\frac{1}{2}$ miles south-east, and thence at a right-angle to Darlot and M'Lachlan's boundary, and to run from said point on the river $3\frac{1}{2}$ miles north-west, and thence at a right-angle to Major Firebrace's boundary.

His Excellency the Governor directs it to be notified, for the information of all persons interested, that in pursuance of Her Majesty's Order in Council of 9th March, 1847, the undermentioned persons have demanded Leases of the several Runs of Crown Land, particularised in connexion with their respective names.

Persons who object to any of these claims, either wholly or in part, should lodge caveats at this Office within two months from the present date, specifying the Lands to which their objections extend, and the grounds on which their objections are based.

It is to be distinctly understood, that the Government does not pledge itself to the issue of a Lease in any case until due enquiry has been made into the validity of the claim, and whether or not it may be necessary to reserve any portion of the Land claimed, for any of the public purposes contemplated in the Order in Council.

*By His Excellency's Command,
C. J. LA TROBE.*

No. 1.

Aitken John C.

Name of Run—Dickson's.

Estimated Area—9,600 Acres.

Estimated Grazing Capabilities—600 head of Cattle.

Bounded on the south and east by the River Goulburn, to its junction with the Devil's River; on the north by the top of the Goulburn range to the boundary with Marshall, a portion of this line separates Dickson from the run occupied by Mr. Matson; on the west by the spur of the Goulburn range, immediately on the upper or east side of the dry creek; this constitutes the boundary between Dickson's station and Mount Pleasant.

No. 2.

Atkins Edward, per James Power.

Name of Run—Waugham beham.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the east by a range of hills dividing the run from Messrs. Barnes and Holland; on the south by hills from Mr. Brock; on the west by hills from Mr. Bury, and Mr. White's stations; on the north by a line bearing east and west from Mr. Creighton's station.

No. 3.

Andrews Joseph.

Name of Run—Cowper's Heifer Station.

Estimated Area—12,000 Acres.

Estimated Grazing Capabilities—640 head of Cattle.

Bounded on the east by Mr. Young's station, a back country run surrounded by ranges separating it from any other, the country with the exception of Mr. Young's station to the eastward being unoccupied.

No. 4.

Arundel William Francis Hunter.

Name of Run—Barjarg.

Estimated Area—85,000 Acres.

Estimated Grazing Capabilities—1,800 head of Cattle.

Bounded on the north by a scrub which separates it from the station of Messrs. Black and M'Keller; and on the north-west by a continuance of the same scrub which runs into the chain of mountains forming the western boundary; on the east by a chain of mountains and a line of marked trees which separates it from the station of Messrs. King and Bostock; on the south by a line of marked trees which separates it from the station of Mr. Hightt; and on the west by the chain of mountains first above mentioned.

No. 5.

Alleyne Eliza.

Name of Run—Towong.

Estimated Area—25,000 Acres.

Estimated Grazing Capabilities—1,200 head of Cattle.

Bounded on the east by the rivers Hume and Indi; on the north by the ending of the main range at the River Hume, known as the Sidelings, between Mr. Shelly's run and Towong; on the south and west by the main range which runs parallel with the rivers, separating Towong from the runs of Messrs. Wildash, Collins, and Shelly.

No. 6.

Anderson Colonel Joseph, per W. M. Anderson.

Name of Run—Mangalore.

Estimated Area—83,200 Acres.

Estimated Grazing Capabilities—400 head of Cattle, 21,000 Sheep.

Commencing at Mr. John Purcell's head station on the north bank of the Goulburn River, it is bounded from west to south by the Goulburn River to Seymour township, about $13\frac{1}{2}$ miles frontage, from the latter place by the Sydney road, running north-east above 7 miles to the springs, about $4\frac{1}{2}$ miles from Mr. Hughes head station, then north-west 3 miles boundary with H. K. Hughes on Hughes Creek, then north-east about 7 miles to Charlie's Creek following it south about $2\frac{1}{2}$ miles to its junction with a dry creek known as the Deep Creek, and along the latter south-east about $1\frac{3}{4}$ mile to Mr. Bernard, distant from Mr. Hughes' head station about 5 miles, from the latter range east south-east by a line of marked trees about $1\frac{1}{2}$ mile to a range known as Discovery Creek range, and by the latter range north-east by east about 6 miles to the dividing range between Cameron's Wells and Ponkeen Creeks, boundary Messrs. J. H. White and Henry K. Hughes, by the latter range north about $5\frac{1}{2}$ miles, including Cameron's Wells country to the winding creek, then north-west about 7 miles joining the 9 mile, about 6 miles below the Sydney road, (boundary with Mr. Creighton,) then south-west about 9 miles to the extremity of a small range lying east 1 mile distant from an open flat known as Mr. Purcell's plain, then by a belt of timber running west north-west about $2\frac{1}{2}$ miles to a road known as the old Sydney road or Major's line, and lastly along the latter road west about $3\frac{1}{2}$ miles to the point of commencement (boundary with Mr. J. Purcell.)

No. 92, 26th August, 1848.—4.

No. 7.

Barber Benjamin.

Name of Run—Brimin.

Estimated Area—32,000 Acres.

Estimated Grazing Capabilities—7,000 Sheep.

Commencing at the confluence of the Ovens with the Murray River, bounded on the south-west by Messrs. Rowan's run being the Ovens River upwards about $4\frac{1}{2}$ miles to a marked tree in a bend of the river, near Messrs. Rowan's homestead; thence on the south by J. Bould's run, being a line bearing east by south to Diddy Creek about $4\frac{1}{2}$ miles, then up Diddy Creek about 2 miles to Crisp's Road; on the east by Crisp's Road running north-easterly 2 miles, and a line bearing easterly 1 mile by Gullifer's run, being a line northerly about 2 miles to the Black Dog Creek, thence by the Black Dog Creek downwards 1 mile to where Crisp's Road crosses it, and a line of marked trees bearing north by west to a sand patch on the Murray River about 6 miles dividing it from Crisp's run, and on the north by the Murray River downwards to the commencing point about 9 miles.

No. 8.

Broughton J. A.

Name of Run—Jingellac.

Estimated Area—31,160 Acres.

Estimated Grazing Capabilities—800 head of Cattle, or 5,000 Sheep.

Bounded on the north by the River Murray for about 7 miles, by the run lately belonging to D. M'Leod, Esq., on the west and on the south-east and east by the run lately belonging to W. Guise, called Guise's Forest, now the run of Sydney G. Watson, Esq.

No. 9.

Brock John.

Name of Run—Miller's Ponds.

Estimated Area—30,000 Acres.

Estimated Grazing Capabilities—1,200 head of Cattle, and 1,500 Sheep.

Situated about 120 miles from Melbourne, and about 30 miles above Seymour on a tributary of the Goulburn River, bounded on the north by Messrs. Locke and Withers' runs; on the south by Perrott and Garde; on the east by Mr. Marshall; on the west by Messrs. Webster and Gabur, formerly Mr. Godfrey's run.

No. 10.

Baker William Fury.

Name of Run—Eldorado.

Estimated Area—31,000 Acres.

Estimated Grazing Capabilities—1,000 head of Cattle, or 9,000 Sheep.

Bounded on the north-west by the Sydney road; on the south-west by the ranges running from the Rocky Water Holes in a southerly direction; on the south-east by a range known as the Pilot range, dividing the Black Dog Creek and its tributaries from the Reedy Creek, the station of Mrs. A. Reid; on the north-east by a range running about south-east, dividing the Black Dog Creek and its tributaries from the Indigo Creek, the station of Mr. George Barber.

No. 11.

Barnes and Holland.
Name of Run—Seven Creeks.
Estimated Area—70,000 Acres.
Estimated Grazing Capabilities—35 head of Cattle,
12,000 Sheep.

The boundary line of the Seven Creeks station, commencing at a south-eastern point from the home station, starts on the crest of the Big Hill at the head of a spring creek, occupied on the north side by Mr. Bethune, and includes all the sources of Templeton's Creek, on the south-west of the 2 mile creek as far as the flat rock on the lower Melbourne road, thence it crosses in about a north-easterly direction to a rocky water hole on Templeton's Creek at the point of Balmattum, thence keeping the ridge of the ranges by Balmattum, Turnbull's gap, and the Sugar Loaf, it comprises all the watershed to Templeton's Creek, including the sources of a spring creek, crossing the Sydney Road $\frac{1}{2}$ mile to the north-east of the home station, from this point it takes a southerly direction to the junction of the spring creek occupied by Bethune, with Templeton's Creek and up its southern bank to the starting point.

No. 12.

Brown and Clarke.
Name of Run—Gooramadda.
Estimated Area—36,000 Acres.
Estimated Grazing Capabilities—300 head of
Cattle, and 6,000 Sheep.

Bounded by the River Hume on the north 10 miles; on the east by the Indigo Creek to the Sydney road about 4 miles, adjoining Mr. G. H. Barber's run Barneywatha; on the west by a line south from the western end of a flat below a red bluff, known by the name of Cooburra, about 6 miles, adjoining Crisp and Ford, Wahgunia; on the south and south-west by the Sydney Road and a marked line mutually agreed upon by Mr. Withers, and Brown and Clarke, the proprietor of the adjoining run; on the south-west side the said boundary line is about $2\frac{1}{2}$ miles distant from the Black Dog Creek on the upper part, and about $2\frac{3}{4}$ miles distant on the lower part of the Black Dog Creek.

No. 13.

Bould Joseph.
Name of Run—Boorahman.
Estimated Area—22,040 Acres.
Estimated Grazing Capabilities—800 head of
Cattle.

Bounded on the south by Mr. Joseph Docker's run, on the east 1 point north by a marked line, and the mouth of a creek; on the north by Mr. Barber's run, by a marked line bearing east to the Black Dog creek; on the east by the Black Dog creek and Mr. Gullifer's run, and on the west by the River Ovens.

No. 14.

Banks Erskine.
Name of Run—Wambat Hill.
Estimated Area—16,000 Acres.
Estimated Grazing Capabilities—110 head of
Cattle, 4,020 Sheep.

Scrubby ranges; bounded on the north by ranges; on the south by the Seven Creeks; east by a spring creek; and on the west by ranges.

No. 15.

Boyd Benjamin.
Name of Run—Strathmerton.
Estimated Area—192,000 Acres.
Estimated Grazing Capabilities—2,500 head of
Cattle.

The northern boundary of the Strathmerton run is the River Murray, commencing at a marked tree on the south bank of the said river, at the north-west corner of Philpott's run, and extending about 22 miles westerly, until it reaches a marked tree on the south bank of the said River Murray, forming the eastern or commencement boundary of Messrs. Redfern and Alexander's run, and western boundary of said Strathmerton run; thence a line due south about 20 miles to a creek known as the Back Creek; thence along the south bank of the said creek easterly, until it meets the line south from the starting point at the marked tree on the Murray River; the line north forming O. Philpott's western boundary, and the eastern boundary of Strathmerton run; the back part of this run is scrubby and devoid of water, and is only useful to drive the stock upon when the low country is flooded, which occurs annually.

No. 16.

Bond Thomas.
Name of Run—Demgamro.
Estimated Area—38,000 Acres.
Estimated Grazing Capabilities—1,000 head of
Cattle.

This station is bounded on the west by the King River; on the north by Mr. Faithful's station; on the east by Rose Creek; on the south by ranges.

No. 17.

Barber George Hume.
Name of Run—Barneywatha.
Estimated Area—38,400 Acres.
Estimated Grazing Capabilities—8,000 Sheep.

Bounded on the north by the River Hume, 10 miles; on the east by a hill on the River Flats, known by the name of the Green Hill, and by a sheet of water known as the Traveller's Lagoon, adjoining Paul Huon's Woodonga; on the west by the Indigo Creek, as far as the Sydney Road, adjoining Brown and Clarke; and from the Sydney Road by a dividing range from Captain Baker's run on the Black Dog Creek; on the south by the point of a range on the banks of the Indigo Creek; the said range is about 5 miles from the Sydney Road, and adjoins Mr. David Reid's run.

No. 18.

Bury Frederick John.
Name of Run—Tarcombe.
Estimated Area—40,000 Acres.
Estimated Grazing Capabilities—7,000 Sheep.

The station commences at a point 2 miles below the junction of Tarcombe Creek with Hughes Creek, which last it follows up as far as a creek known as Surveyor's Creek; then running this creek up to the top of a range, and following the crown of this range to Hughes Creek, which last named creek forms the boundary to the top of the Black Range, pursuing which as far as a Table

Land, forming a division of a fall of water between Creighton's Creek, and those to Hughes Creek, as far as the head of the Cow Calving Creek; then continuing along the ridge of a range as far as a shelving rock; thence in a westerly direction as far as the Long Grass Gully, to Tarcombe Creek, crossing which to the top of a range, which forms the boundary to Hughes Creek.

No. 19.

Barber Isabella.

Name of Run—Gundowring.

Estimated Area—18,520 Acres.

Estimated Grazing Capabilities—1,000 head of Cattle.

Bounded on the north by a fence running east and west to the main tier of ranges, which run north and south; this is 2 miles long, and divides Mr. Thomas Walker's run from Gundowring; bounded on the east by a main tier of ranges which divide Mr. James Robert's run from Gundowring, extending 14 miles in length; bounded on the north by Ford's Creek, running east and west 2 miles in length; bounded on the west by the little river, dividing Messrs. Wylde and M'Kenzie's run, 14 miles in length; the river runs north and south.

No. 20.

Brock John.

Name of Run—Gobur.

Estimated Area—6,000 Acres.

Estimated Grazing Capabilities—3,500 Sheep.

Situated on a tributary of the Goulburn River, about 120 miles from Melbourne; bounded on the north by Strathbogie; on the south by Perrott and Garde's run; on the east by Miller's Ponds; on the west by J. Webster's run.

No. 21.

Black and M'Kellar.

Name of Run—Lima.

Estimated Area—86,080 Acres.

Estimated Grazing Capabilities—1,200 head of Cattle, 15,000 Sheep.

Principally flats and undulating ground, and some parts of it thickly timbered. Bounded on the north by Benson's boundary $2\frac{1}{4}$ miles, and Splatt $1\frac{3}{4}$ miles, being a marked line crossing the Broken River, and running through flats and undulating ground, on the north-east by Splatt's boundary $18\frac{1}{4}$ miles by creeks and dividing ranges, on the east by Heape and Grice's boundary $3\frac{1}{2}$ miles, being a dividing range, on the south and south-east by Robert Jamieson's boundary $8\frac{3}{4}$ miles by a line crossing the Broken River, principally over hills and ranges, on the south $5\frac{1}{4}$ miles, waste land, being a series of ranges connecting themselves with the Devil's River, on the south-west by Kissock's boundary $3\frac{1}{2}$ miles, being a dividing range, and on the west by John and George Allan's boundary $16\frac{1}{2}$ miles, principally by creek and dividing ranges.

No. 22.

Benson R. and G.

Name of Run—Junction Station.

Estimated Area—8,640 Acres.

Estimated Grazing Capabilities—2,500 Sheep.

Bounded on the north by the Sydney road $4\frac{1}{2}$ miles, being the boundary of Cheyne and Gibb,

on the north-east by Broken River, a part of Burnett's Creek and marked tree line back to Broken River, being $2\frac{1}{4}$ miles Williams' boundary, on the east 4 miles by Broken River, Splatt's boundary, on the south by ranges $2\frac{1}{4}$ miles, M'Kellar's boundary, and on the south-west and west by scrubby ranges, and Four Mile Creek, up to Sydney road, being Allan's boundary.

No. 23.

Buckland John.

Name of Run—Rocky Passes.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the north by Mr. Hughes, the falls of the creek ranges about 4 miles, on the east by Messrs. Hughes and Stewart, bounded by the Mapodiring range, continuation of boundary a line of marked trees, bearing south to top of Black Range, distance 7 miles, on the south by Mr. Campbell, top of Black Range, the boundary about 3 miles in length, on the west by Mr. Brown from the top of the Black range down a gully known as Campbell's Gully, from thence a line bearing north-west to the Sawpit Gully, distance about 8 miles.

No. 24.

Brown Andrew, Robert, and Thomas.

Name of Run—Wourrough.

Estimated Area—26,880 Acres.

Estimated Grazing Capabilities—6,000 Sheep.

Mountainous and heavily timbered forest. Southern boundary Goulburn River, running east north-east; northern boundary by the station of H. K. Hughes, by a line east and west; eastern boundary by the station of J. H. Campbell, by a line north and south, and by the station of J. Buckland, by a line north north-west, western boundary by the station of Mary Dempsey, by a line north-west and by north.

No. 25.

Bowler Samuel.

Name of Run—Mitta Mitta.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—800 head of Cattle, 6,000 Sheep.

Bounded on the north by a large range dividing it from E. and W. Howe's station; on the east by Callaghan Creek; on the south by an angle of Mitta Mitta river, and on the west by the boundary range dividing it from Messrs. Locket and Clarke's run.

No. 26.

Crooke Edward.

Name of Run—Hinnongy.

Estimated Area—36,000 Acres.

Estimated Grazing Capabilities—2,000 head of Cattle, or 12,000 Sheep.

Situated on the Mitta Mitta $1\frac{1}{2}$ mile below the junction of the Livingstone or Little River, extending in a southerly direction from Mr. M'Farlane's watering-place on the Mitta Mitta, about 2 miles below this place for about 17 miles up the Livingstone, and comprising all the pasturing ground therein; bounded on the north by Mr. M'Farlane's

watering creek on the Mitta Mitta, which is common to both runs, and thence by a line extending across the river to the ranges, length about $1\frac{1}{4}$ mile east and west direction; on the south by the head of the Livingstone, and by the termination of the available country; on the east by Mr. M'Farlane's run, north-east by Omeo Plains, south-east by Thim-e-o-mongy, the north-east boundary being the watershed from Omeo Plains, and extending from the head of Mr. M'Farlane's watering creek on the Mitta Mitta to the fall of water into the Reedy Creek, southerly $2\frac{1}{2}$ miles; thence along the watershed (from the Omeo Plains,) into said creek to the ranges dividing the Gipps Land waters from that of Omeo, easterly $5\frac{1}{2}$ miles; the water of Reedy Creek is common to both runs; the south-east boundary is the ranges forming the watershed between the Tambo and Livingstone, southerly $15\frac{1}{2}$ miles; on the west by part of the lower ranges of the Snowy Mountains, extending in a southerly direction from a line drawn across the Mitta Mitta at Mr. M'Farlane's watering place, and crossing the Mitta Mitta about 1 mile above the large flat, at the Dry Spring Creek, and extending up it to Livingstone ranges, and by said ranges to head of Livingstone River, about 19 miles southerly.

No. 27.

Clarke Thomas.
Name of Run—Saintfield.
Estimated Area—25,000 Acres.
Estimated Grazing Capabilities—800 head of Cattle, 5,000 Sheep.

Bounded on the north-west and west by John Kissock, by a line pointed out by H.W.H. Smyth, Esq., Commissioner of Crown Lands, of 11 miles; on the south by a line running east and west by W. Locke, Esq., of 4 miles from Lanar Creek, in a straight line over Vinegar Hill to the falls on Burrantlet Creek; from thence to the top in a straight line of W. Locke's Blue Range in sight of Tangaloo Hut; on the south-east by a continuous line of ranges running about 4 miles by Messrs. Lockhart and M'Kenzie; on the east by Arundell's Blue Range by a line running 6 miles; and on the north and north-east by a line running about 7 miles and by Messrs. Black and M'Kellar.

No. 28.

Clarke William.
Name of Run—Ovens Crossing Place.
Estimated Area—16,000 Acres.
Estimated Grazing Capabilities—600 head of Cattle.

Thickly timbered and scrubby, thinly grassed. Bounded on the north by the river Ovens, on the west by the station of E. B. Greene, on the south by Benjamin Warby's run, and on the east by the run of John Chapman.

No. 29.

Cowper Charles.
Name of Run—Kunyong.
Estimated Area—12,800 Acres.
Estimated Grazing Capabilities—1,500 head of Cattle.

Bounded on the east by a creek running north dividing Mrs. Richard Guises, Thongala, and the

southern extremity of George Shelley's "Gravils Plain," from Kunyong, about 8 miles south up the creek to a marked tree, south and south-west by a marked line extending from said marked tree, along a range dividing James Hassall's "Nariel" from Kunyong, and running nearly south-west to another creek $4\frac{1}{2}$ miles, by that creek on the west and north-west separating Mr. Rowland, John Shelly's, Collins' Plain, part of Jeramal from Kunyong, to its junction with the first mentioned creek on Gravils Plain about 10 miles.

No. 30.

Collins John.
Name of Run—Begary.
Estimated Area—15,360 Acres.
Estimated Grazing Capabilities—600 head of Cattle.

Bounded on the east by the Jude river, on the north by the termination of the main range separating Begary from the Towong run, distant from the hut one quarter of a mile; on the south and west by the main range, which separates it from Thongola, the run of Mr. Wildash; and on the south by the termination of the main range at the river, separating it from unoccupied Crown Lands. Estimated extent of eastern boundary 8 miles; northern boundary 3 miles, southern boundary $2\frac{1}{2}$ miles.

No. 31.

Curr Edward.
Name of Run—Moirra.
Estimated Area—64,000 Acres.
Estimated Grazing Capabilities—13,000 Sheep.

Comprises the country in the fork of the rivers Goulburn and Murray. The river Goulburn is its southern boundary from its junction with the Murray to a point 16 miles due east from a meridian line drawn through the point of junction. The eastern boundary is a north and south line from the last described point, extending northerly to the river Murray, so as to include the plain or marsh known as the further Moira, and thence the run is bounded by the river Murray on the north and west to its junction with the Goulburn river.

No. 32.

Chenery and Goodman.
Name of Run—Delatite.
Estimated Area—30,000 Acres.
Estimated Grazing Capabilities—10,000 Sheep.

Bounded on the north by the Devils river, on the south by the Howqua river until it joins the Goulburn, and then by that river, on the west by a marked line of trees running from the Devils river in the direction of the Goulburn, and dividing the station from Mr. Sargeantson's run, on the east by a creek rising under Mount Timber Top, and running into the Devils river, separating the run from Mr. Wardrope's station; this boundary was fixed by Mr. Smythe.

No. 33.

Creighton W. A., per E. Barnes, F. J. Bury.
Name of Run—Five Mile Creek.
Estimated Area—60,000 Acres.
Estimated Grazing Capabilities—1,200 head of Cattle.

Bounded on the south by a marked tree running east and west dividing from Atkins, on the east by dividing range from marked tree line to a flat rock between Barnes and Holland, from thence by a line north-west to Major Mitchell's track, on the north by the Major's track from said line to the Nine Mile Creek, on the west from the Major's track up the Nine Mile Creek to the point of range and fall of water from the same to the marked tree line back of Middlemiss' Inn.

No. 34.

Crisp and Foord.
Name of Run—Wahgunyah.
Estimated Area—30,000 Acres.
Estimated Grazing Capabilities—1,300 head of Cattle.

Bounded on the north by the Murray river, on the west by Mr. Barber's determined boundary line and Black Dog Creek, on the south by Jason Withers, on the east by Brown and Clark, the line from the Red Bank on the Murray river.

No. 35.

Cheyne and Gibb.
Name of Run—Goomalibee.
Estimated Area—98,560 Acres.
Estimated Grazing Capabilities—2,560 head of Cattle, or 16,000 Sheep.

Bounded on the south by the main Sydney road commencing at a creek about $6\frac{3}{4}$ miles from the Broken river and known as the Seven Mile Creek, crossing the Broken river to the westward, and continuing the road as a boundary to about a mile beyond the Woolpress Creek, distant from the Broken river about 8 miles; thence on the west by the boundary line between Messrs. Redfern and Alexander's run (known as Upotipotpon"; on the south side of the Broken river,) being a line bearing magnetic north to the Broken river; the same line continues in a northerly direction and separates Goomalibee from Redfern and Alexander's run on the north side of the Broken river; this western boundary defined by marked trees and extends from the point of commencement about 16 miles; on the east by the Seven Mile Creek to the sheep station of W. F. Splatt, about a mile north of the Sydney road on said creek; from thence in a northerly direction to a belt of timber which extends nearly across the large swamp and then by marked trees running about north to a high range at the western extremity of which there is a creek and at which point the boundary line between Mr. Splatt's run on the north side of the Sydney road and Goomalibee terminates, making the distance about 11 miles, commencing at the point where the Seven Mile Creek crosses the Sydney road; on the north by a line bearing about north-west, commencing at the last named point which terminates the eastern boundary, and continued until it intersects the western boundary at Redfern and Alexander's run.

No. 92, 26th August, 1848.—5.

No. 36.

Chapman Thomas.
Name of Run—Laceyby.
Estimated Area—25,600 Acres.
Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the north by the mail road, on the south by a supposed line drawn from the junction of Cropper's Creek and King's river in a north-easterly direction, on the east by the King's river, on the west by the mail road and undefined unavailable swampy ground.

No. 37.

William Snow Clifton, and Henry Clifton.
Name of Run—Arcadia.
Estimated Area—80,000 Acres.
Estimated Grazing Capabilities—6,000 Sheep.

Bounded by the Goulburn River on the north north-west for about 10 miles (by the Broken river from its junction with the Goulburn, 4 miles east by south to an old hut on the north bank; thence by a line bearing north 10 miles; thence by a line bearing north-east by east 7 miles, bounding Mr. Sheppard's run) (by a line bearing south 12 miles to a point where a small creek enters the Broken River; thence continued south to the Honeysuckle Creek 6 miles, bounding Mr. Grime's run); thence by the Honeysuckle west by north 5 miles; thence by a line bearing south-west 4 miles to the Seven Creeks, at a point 7 miles from our head station, bounding John Vidler's Run; (continued south-west 7 miles to the Castle creek, to a point where a hut of Mr. Raleigh's stands on the opposite bank, bounding Mr. Kirkland's run) thence by the Castle creek, north 4 miles; thence by a ploughed line 1 mile north-west to the Goulburn River.

No. 38.

Campbell James Henry.
Name of Run—Glin Glin.
Estimated Area—16,000 Acres.
Estimated Grazing Capabilities—640 head of Cattle, 4,000 Sheep.

Bounded on the south by the Goulburn, forming a line of about 4 miles running to north-west; on the west by a creek running north and south for about 4 miles, being the boundary with Mr. Brown; on the north by the top of the dividing range; on the east by a creek running north and south for about 4 miles, being the boundary line with Mr. Thomas Grant.

No. 39.

Chisholm John W.
Name of Run—Myrhee.
Estimated Area—96,000 Acres.
Estimated Grazing Capabilities—4,000 head of Cattle, 25,000 Sheep.

Bounded on the east by the King River, commencing at a point marked out by Mr. Commissioner Bingham, below the junction of Cropper's Creek with the King River, and extending upwards to the high ranges about $\frac{1}{2}$ a mile above the Dairy Station; on the south by those ranges, crossing the head of the Boggy Creek, to the head of the Fifteen Mile Creek; on the west by the Fifteen Mile Creek, downwards to where it is

joined on the west side by William's Creek; then by William's Creek to the Fifteen Mile Ranges, and by those ranges to the Sydney and Port Phillip Road; and on the north by an imaginary line from the Fifteen Mile Ranges to the Fifteen Mile Creek, at a point marked out by Mr. Commissioner Bingham, where one Grant formed a station, but was removed by the Commissioner, and close to Green's present station; then by the Fifteen Mile Creek to an imaginary boundary line pointed out by the Commissioner, and by that line to the King River, near Cropper's Creek.

No. 40.

Clerk Neil (per M'Lachlan and Shaw.)
Name of Run—Broken Creek.
Estimated Area—19,200 Acres.
Estimated Grazing Capabilities—4,000 Sheep.

This run has few leading features of description observable, being for the most part a flat box forest land, interspersed with scrubby dry lagoons. It is bounded on the south by Mr. Redfern's run east and west 8 miles; bounded on the west by unoccupied country 3 miles north and south; north-west by Mr. Phillpot's Granite Hill Station west south-west from creek 3 miles; on the west and north-west by Mr. Phillpot's back creek station 4 miles east south-east; on the east by Cheyne and Gibbs' run 2 miles north-east.

No. 41.

Clark William.
Name of Run—Whitefield.
Estimated Area—59,520 Acres.
Estimated Grazing Capabilities—1,500 head of Cattle, 10,000 Sheep.

Very hilly. This station is bounded as follows,—commencing at a marked tree on the bank of the River King, by a line south 80 degrees west to the Fifteen Mile Creek, 10 miles (crossing two creeks known by the names of Ryan's Creek and the Boggy Creek), thence along the east bank of the Fifteen Mile Creek for $11\frac{1}{2}$ miles in a straight line, then by a line north 80 degrees, east 7 miles to the River King, coming out opposite the Dairy Station of Mr. T. Bond; and thence along the King for 11 miles in a straight line to the point of commencement.

No. 42.

Dempsey Mary.
Name of Run—Dempseys or Murringo.
Estimated Area—15,360 Acres.
Estimated Grazing Capabilities—500 head of Cattle, 3,000 Sheep.

Commencing at Clarke's Paddock, at Seymour, on the River Goulburn, and follows the course of the river in a south-easterly direction to a point about $1\frac{1}{2}$ mile from Brown's Hut, and from these two points run back from the river in a northerly direction for about 4 miles.

No. 43.

Docker Joseph.
Name of Run—Bontharambo Plain.
Estimated Area—100,000 Acres.
Estimated Grazing Capabilities—1,500 head of Cattle, 20,000 Sheep.

Bounded on the west by the Ovens, having a direct line of $12\frac{1}{2}$ miles frontage to the river, viz.: —from the Port Phillip Road to within half a

mile of the station of Joseph Bould; on the north by a line drawn from the aforesaid station to the Black Dog Creek, 1 mile east of James Gullifer's station, being 13 miles; thence on the north-east by the Black Dog Creek to the Port Phillip Road 8 miles, adjoining the run of Jason Withers; and thence on the east partly by the Port Phillip Road, and partly by the Reedy Creek, about 23 miles, adjoining the runs of W. F. Baker and Agnes Reid.

No. 44.

Ebden Charles H.
Name of Run—Bonegilla.
Estimated Area—25,000 Acres.
Estimated Grazing Capabilities—1,600 head of Cattle, or 10,000 Sheep.

On the north by the Hume or Murray, on the north-east by the Mitta Mitta from its junction with the Murray to Roberts' boundary on the Mitta Mitta; on the south-west by the Little River from its junction with the Murray up to Walker's boundary on the Little River; and on the south-east by a line running from the last named point to Roberts' boundary on the Mitta Mitta, above-mentioned.

No. 45.

Faithfull W. P. and George.
Name of Run—Oxley's Plains.
Estimated Area—92,000 Acres.
Estimated Grazing Capabilities—2,500 head of Cattle, 8,000 Sheep.

Bounded by the King River on the west for about 26 miles up to the Black Range, by that Range about 6 miles to its north-east point, thence by a line to the Hurdle Creek, including its sources; on the east by a range dividing Dr. Mackey's run from this to the Oven's River about 8 miles; thence by the Oven's River, being a line to Gray's run of about 9 miles, and by a line south about 1 mile to the King River aforesaid

No. 46.

Faithfull George.
Name of Run—Heifer Station, Buffalo.
Estimated Area—25,600 Acres.
Estimated Grazing Capabilities—500 head of Cattle.

On the Oven's River, at the junction of the Buffalo River; bounded by the Buffalo River 10 miles, and by the Ovens River 4 miles.

No. 47.

Garde and Perrot.
Name of Run—Cathkin.
Estimated Area—20,480 Acres.
Estimated Grazing Capabilities—1,000 head of Cattle.

Bounded on the south by the River Goulburn; on the east by Messrs. Petit and Kerr's run; on the north by Mr. Brock's run; and on the west by the Black Range and Mr. Grant's run. Consisting of ranges with flats bordering on the river.

No. 48.

Gray George.
Name of Run—Pelican Lagoons.
Estimated Area—12,800 Acres.
Estimated Grazing Capabilities—350 head of Cattle.

Pelican Lagoons is bounded on the north-east by the Ovens River; on the west by the junction of the King and Ovens Rivers; on the east by Mr. Faithfull's paddock fence; and on the south by the King River.

No. 49.

Grant Thomas.
Name of Run—Switzerland.
Estimated Area—11,520 Acres.
Estimated Grazing Capabilities—100 head of Cattle, 4,500 Sheep.

Bounded on the south by the River Goulburn; on the west by a creek with James Henry Campbell; on the west by a range and marked trees with Stewart Dixon; on the north by marked trees with John Henry Webster; and on the east with Garde and Perrot.

No. 50.

Grimes Edward.
Name of Run—Benalta.
Estimated Area—75 Square Miles.
Estimated Grazing Capabilities—1,400 head of Cattle, or 8,000 Sheep.

Bounded on the south by Broken River, from a marked tree half a mile due east from head station, a line of marked trees to the river, and from the same trees a line running to the belt of timber crossing the Major Plain; and thence due north to the Barren Box Forest, about 8 miles west from a marked tree 9 or 10 miles down the River at a blind creek; a line of marked trees due north; north with the box scrub, varying in its distance from the River from 7 to 10 miles.

No. 51.

Green Edward Bernard.
Name of Run—Green Vale, on Fifteen Mile Creek.
Estimated Area—19,200 Acres.
Estimated Grazing Capabilities—600 head of Cattle, 2,000 Sheep.

Commencing at a point on the range dividing the run from Mr. Ryan about $2\frac{1}{4}$ miles south-easterly from the road leading to Melbourne, and bounded on the south-east by a line bearing about east north-east across the Fifteen Mile Creek $3\frac{1}{2}$ miles, more or less, separating it from Messrs. Ryan and Chisholm's runs; on the east by a line bearing northerly about $5\frac{1}{2}$ miles, separating from Mr. Chisholm; on the north by a line bearing westerly across the Fifteen Mile Creek about $4\frac{1}{2}$ miles, dividing it from Mr. Warby's run; on the west and south-west by Fuller's Range, crossing the Melbourne Road, and bearing southerly about $8\frac{1}{2}$ miles to the commencing point, and dividing it from Messrs. Curlewis and Ryan.

No. 52.

Green Edward Bernard.
Name of Run—Kiellawarra.
Estimated Area—62,720 Acres.
Estimated Grazing Capabilities—320 head of Cattle, 8,000 Sheep.

This station has a frontage to the Ovens of about $6\frac{1}{2}$ to 7 miles, running back 15 miles south-west from marked trees, separating it on the east from Messrs. Clarke and Warby's runs; on the north-west by Messrs. Rowan. The estimated extent of this run is $6\frac{1}{2}$ by 15 miles; a good deal of it is stringybark, ironbark, and barren scrubby land, without grass or water.

No. 53.

Edward and Wm. Howe, jun.
Name of Run—Yabbaa.
Estimated Area—25,000 Acres.
Estimated Grazing Capabilities—800 head of Cattle.

Bounded on the west by the Oxley or Mitta Mitta River; on the north by a lagoon $11\frac{1}{4}$ miles from the Yabbaa stockyard, at this lagoon a tree is marked, and this is David Wilson's southern boundary; on the south by a high stony ridge of hills, almost precipitous on the bank of the river, (this is the southern boundary of Messrs. Lockhart and Clarke, and here a tree is marked by both parties;) on the east by a high and almost inaccessible range of mountains. The river frontage is about 7 miles. The average breadth of run from the river to the height which cattle feed on, the eastern mountains, is about $1\frac{1}{2}$ mile. There are two creeks, which take their source from these mountains; the first is the Spring Creek, the second the Bull's Head. There is feeding ground for 7 miles in the Spring Creek, and its average width is $1\frac{1}{4}$ miles. The Bull's Head Creek is 8 miles long, and half a mile broad. There is also a creek, called the Dry Creek, $\frac{3}{4}$ of a mile within the south boundary, and, although very precipitous, contains some feeding ground.

No. 54.

Howell J. J., per Lucy Howell.
Name of Run—Adjie.
Estimated Area—12,800 Acres.
Estimated Grazing Capabilities—800 head of Cattle.

Bounded on the east by the Cullac Cullac Creek; on the west by a dividing range between Adjie and Cudgewa, running parallel with the Cudgewa Creek as far as Wabba; on the south by the Spring Creek; and on the north by a mountain called Muttamatab.

No. 55.

Hughes Henry Kent.
Name of Run—Avenel.
Estimated Area—60,000 Acres.
Estimated Grazing Capabilities—15,000 Sheep.

Course of creek north north-west nearly. Present line of Sydney Road passing head station. First, from Sydney Road down the creek $4\frac{1}{2}$ miles, or half way between Mr. Hughes and Colonel Anderson's sheep huts; second, up creek from road to Buckland's boundary, about $6\frac{1}{2}$ miles;

Mr. B. occupies about 3 miles frontage; third, from Mr. B.'s upper boundary to M'Kenzie's boundary at upper end of the big waterhole, about 5 miles, (a portion on eastern bank belonging to Mr. Bury;) fourth, boundaries cross Sydney Road at Charlie's Creek about 3 miles east north-east from head station, and at a scrubby hill 3 miles west south-west. Mr. Hughes occupies a general back run of about 2 miles on each side of the creek, and usual extent of run around; an out-station $2\frac{1}{2}$ miles east north-east from head station, also an out-station $2\frac{1}{2}$ miles south south-west from head station, and an out-station on Discovery Creek, (a tributary.)

No. 56.

Heape and Grice.

Name of Run—Kotupna.

Estimated Area—117,873 Acres.

Estimated Grazing Capabilities—1,600 head of Cattle, 10,000 Sheep.

Commencing at a creek which runs into the Goulburn west of the head station about 7 miles 48 chains, a line thence north about 10 miles till it cuts the Broken Creek; thence east 8 degrees about north 19 miles 64 chains where the line intersects the Company's road; follow the road south about 4 miles 33 chains, thence in a line south-west 12 miles to a point on the banks of the Goulburn about 4 miles 64 chains to the eastward of the head station. Southern boundary, River Goulburn; western boundary, Edward Curr; northern boundary, Alex. McDonnell; eastern boundary, James Reid.

No. 57.

Hillas John, per F. Watkins.

Name of Run—Myrtle Creek.

Estimated Area—35,000 Acres.

Estimated Grazing Capabilities—1,300 head of Cattle.

Bounded by the Ovens River west 11 miles, by the Black Springs south dividing Mr. Walker's run, by Happy Valley Creek dividing Mr. Miller's run; south by the main range dividing Mr. Buckland's run; east by the dividing range between Mr. Mitchell's run and Myrtle Creek; north 11 miles frontage to the Ovens River, 5 miles back running to the falls of Happy Valley Creek, 5 miles of Myrtle Creek running at the northern side, bounded by the falls of the Myrtle Creek ranges.

No. 58.

Hume Mrs., per Hamilton Hume.

Name of Run—Yarroweyah.

Estimated Area—85,000 Acres.

Estimated Grazing Capabilities—1,500 head of Cattle.

Bounded on the north by the Hume River 12 miles; on the east by a line running north and south 12 miles, dividing it from Rowen's run; on the south by a marked line running 13 miles east and west, dividing it from Philpott's run; on the west by a line running 10 miles north and south, dividing it from Philpott's run. Country low and scrubby; subject to floods.

No. 59.

Hervey W. and M., Trustees for Mrs. Alston.

Name of Run—Wermatong.

Estimated Area—15,000 Acres.

Estimated Grazing Capabilities—700 head of Cattle.

Bounded south by the Cudjewa River, belonging to the estate of the late Mr. W. Shelly, the boundary line determined on commencing at a marked gum tree on Cudjewa Creek about half a mile above the Wermatong huts, and running in a westerly direction about 4 miles to the top of the ranges, and from thence following the ridge southerly about 2 miles; bounded east from the Cudjewa River by the creek of the same name to its junction with the Hume River; bounded north by the Hume River from Wellnigang, the run of Messrs. Hay and Chalmers, about 2 miles, and from Uraney, the run of Mr. Scott, about 5 miles; bounded west from Walwa, Mr. Watson's run, by a creek with marked trees upon it which falls into the Hume River from a high tier of ranges about $1\frac{1}{2}$ miles back from the river, and by the above ranges for about 4 miles, which run a southerly course and divide the waters of the Pine Mountain Creek from those of the Watwa Creek, and which enclose the run, when joined by a range running west from the range forming the southern boundary.

No. 60.

Huon Paul.

Name of Run—Woodonga.

Estimated Area—41,000 Acres.

Estimated Grazing Capabilities—1,400 head of Cattle or 8,000 Sheep.

Bounded on the north by the Murray River about 8 miles; on the west by Mr. Barber's run, the boundary line passing a small hill known as the Green Hill, thence to a range about 5 miles back from the river to the falls for the Indigo Creek; on the south by ranges dividing the waters of the Indigo Creek from the waters falling to the Fell Timber Creek, the House Creek, and the Middle Creek about 8 miles; and on the east by a marked line extending about 4 miles to the Middle Creek, and then by the Middle Creek (a chain of ponds) down to the Little River about 4 miles, and then down the Little River to its junction with the Hume River about 2 miles.

No. 61.

Jobbins John.

Name of Run—Talgarno.

Estimated Area—40,000 Acres.

Estimated Grazing Capabilities—2,000 head of Cattle.

Bounded on the north-east corner on the bank of the River Hume by the Granny Hill and Modigo Creek, also adjoining Messrs. Heap and Grice's run; on the north by the River Hume, running to the junction of the little river called Mitta Mitta, which is the north-west corner of the run; the west line running up the Mitta Mitta River, running to Johnson's hut; south line running from Johnson's hut across the Spring Creek to the dividing gap adjoining Mr. James Wilson's east line across from the gap to the Modigo Creek,

running down the creek to the point of the Granny Hill on the bank of the River Hume; from the boundary of Messrs. Heap and Grice's run to the junction of the Mitta Mitta, distance 12 miles; from the junction to Mr. Johnson's hut 6 miles; from Mr. Johnson's hut to Mr. James Wilson's gap 8 miles; from Mr. James Wilson's gap to the north-east boundary 5 miles.

No. 62.

Johnston R. and D.
Name of Run—Bethanga.
Estimated Area—40,000 Acres.
Estimated Grazing Capabilities—3,000 head of Cattle.

Commencing at the junction of the Mitta Mitta River with the River Hume; bounded on the north and west by a stony range commencing near the junction of the Mitta Mitta with the Hume, and leading to the dividing gap range, which ranges form the boundary between J. Gibbons and Johnston's run; on the east by the Gap Range; on the south-east by Lockett (formerly Tooth's) run; on the south-west by the Mitta Mitta to the River Hume.

No. 63.

Kirkland James.
Name of Run—Croppers.
Estimated Area—19,200 Acres.
Estimated Grazing Capabilities—2,500 Sheep,
100 head of Cattle.

From a point on the Castle (or 2 mile) Creek 3 miles below the sheep station by a line bearing north-east 4 miles, bounding Messrs. Clifton's run; thence by a line bearing south-east 3 miles; thence by a line bearing east north-east 2 miles to the Seven Creeks, continued east north-east 5 miles, bounding Vidler's run; thence a line south-west $5\frac{1}{2}$ miles to Seven Creeks, continued south-west $4\frac{3}{4}$ miles to the Castle Creek, bounding Kirkland's run; thence by the Castle Creek, running about north-west 6 miles, bounding Raleigh's run.

No. 64.

Kirkland James.
Name of Run—Urowa, and Holdforth & Barton.
Estimated Area—80,000 Acres.
Estimated Grazing Capabilities—500 head of Cattle, 6,000 Sheep.

From a point on the Castle (or 2 mile) Creek by a line north-east $4\frac{3}{4}$ miles to Seven Creeks, thence continued north-east $5\frac{1}{2}$ miles, bounding Kirkland's run; thence by a line bearing south-east 10 miles to the Sydney Road, bounding the runs of Mullins and Owen and Scobie; thence by the Sydney and Melbourne Road about south 3 miles; thence by a line bearing west $\frac{1}{2}$ mile; thence by a line bearing south $\frac{1}{2}$ mile, by a line bearing east $\frac{1}{2}$ mile to the Sydney Road, bounding Sutherland's Inn reserve; thence by the Sydney Road bearing south 1 mile, bounding Mr. Turnbull's run; thence by a line bearing west $\frac{1}{2}$ mile to the top Balmattan Range, along the summit of the range bearing west by south $3\frac{1}{2}$ miles to the Seven Creeks, by a line bearing south-west 1 mile to the Castle Creek, continued south-west $2\frac{1}{2}$ miles to a range bounding Barnes and Holland's run;

No. 92, 26TH AUGUST, 1848.—G.

thence along the top of the range 2 miles round to the Flat Rock on the Sydney Road; thence by a line bearing north-west 6 miles, bounding Crighton's run, by a line bearing north-east $\frac{1}{2}$ mile to the Castle Creek, by the Castle Creek running about north-west 4 miles, bounding Livingstone and Raleigh's run.

No. 65.

Kinchington George.
Name of Run—Thilingananga.
Estimated Area—64,000 Acres.
Estimated Grazing Capabilities—500 head of Cattle.

Scrubby land, marked tree line; north boundary by Mr. J. Osborne; south boundary high ranges by Mr. Longman; west boundary high mountains; east boundary high ranges by Mr. Pinson.

No. 66.

Lockhart and M'Kenzie.
Name of Run—Junction Station, Devil's River.
Estimated Area—40,000 Acres.
Estimated Grazing Capabilities—10,000 Sheep.

Bounded on the south by John Bon's run; on the west by Messrs. Thomas's station; on the north by Mr. F. H. Arundel's run; and on the east by Hyett and Wills' station.

No. 67.

Lockhart and Clerk.
Name of Run—Jallandoon.
Estimated Area—16,000 Acres.
Estimated Grazing Capabilities—900 head of Cattle.

Bounded on the lower side by the first precipitous range after leaving Nurengong Plain, and on the upper side by the first steep sidling range after leaving Mr. Bowler's stockyard flat, and including all the country betwixt the two; and on the other side of the river from the end of Mr. Bowler's flat, called Brodrigg's Flat, where the ranges come in close to a boggy lagoon, and known by the name of the Swamp, to a marked tree about $\frac{1}{2}$ mile above Mr. Howe's Blind Creek, and the last of all the ranges and waters that ultimately find their way into the river between these two points.

No. 68.

Mackenzie Daniel.
Name of Run—Glenlyon.
Estimated Area—8,000 Acres.
Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the south by a line running west to a gap in Webster's Range, being the boundary with Mr. Gideon Stewart; on the east from the above point by Webster's Range and a creek running from it into Hughes' Creek, being the boundary with Mr. Webster; on the north from the aforesaid junction by Hughes' Creek as far down as the Big Waterhole, being the boundary with Mr. Bury; on the west from the Big Waterhole by a spur running nearly south as far as the gap, being the boundary with Mr. H. Kent Hughes and Mr. Buckland.

No. 69.

Macdonald Owen.
Name of Run—Noorongong.
Estimated Area—6,400 Acres.
Estimated Grazing Capabilities—1,000 head of Cattle.

Bounded on the east by the River Mitta Mitta ; on the south by a fence, being the boundary between the stations of Messrs. Lockhart and Clerk and Noorongong ; on the west by the Main Range, commencing at the fence aforesaid, and continuing until it approaches the river, again to the northward of the Double Creek, where it forms the northern boundary.

No. 70.

Marshall T. and F.
Name of Run—Mount Pleasant.
Estimated Area—25,600 Acres.
Estimated Grazing Capabilities—7,000 Sheep.

Bounded on the south by the River Goulburn, between the respective runs of Eglintoun and Dixon's station ; on the east by Dixon's station, being up the spur of the range, jutting on the Goulburn River ; on the north and east by the dividing range, separating the waters falling into the Devil's River, from those falling into the Goulburn, and which empty within the river frontage described above as the south boundary ; on the north-west by the Second Creek ; from its source in the last mentioned dividing range, to its junction with the River Goulburn ; this Second Creek is also the south-east boundary of Eglintoun run.

No. 71.

Mullens Charles.
Name of Run—Mogolemby.
Estimated Area—15,360 Acres.
Estimated Grazing Capabilities—5,000 Sheep.

Bounded on the east by Mr. Scobie's run ; on the west by John Vidler's run ; on the north by Mr. Allen's run ; and on the south by the old Sydney road ; watered by the Honeysuckle Creek.

No. 72.

Matson J. M.
Name of Run—Maitoongoon, Devil's River.
Estimated Area—45 Square Miles.
Estimated Grazing Capabilities—50 head of Cattle, 8,000 Sheep.

Bounded by Bon's and Sergeantson's stations on the north, by a creek running into the Goulburn River, about 2 miles below the junction of the Devil's River, on the south ; by the ranges dividing Goodman and Chenery's station, on the east ; and by ranges dividing Pettit's and Tom's station, on the west.

No. 73.

Mackay George Edward.
Name of Run—Waroutly.
Estimated Area—16,000 Acres.
Estimated Grazing Capabilities—800 head of Cattle.

Bounded on the north by Oven's River, on the east crest of main range, which separates Buffalo branch of Oven's from Waroutly Creek $3\frac{1}{2}$ miles ;

on the south by marked tree line 6 miles from the above to west crest of main range, which separates waters of King from Ovens, 5 miles. Occupants of adjacent lands are, east, Mr. Johnson, west, Mr. Faithfull, south, Mr. Templeton.

No. 74.

Macdonnell Alexander.
Name of Run—Moira.
Estimated Area—57,000 Acres.
Estimated Grazing Capabilities—8,000 Sheep.

With a frontage of 6 miles to the River Murray until it meets Messrs. Redfern and Alexander's west boundary of Yeilima run, for the remaining 6 miles of its north frontage by their south line at irregular distances, making its extreme length 12 miles ; it is bounded on the south by the Broken Creek, being the boundary with Messrs. Heape and Grice ; on the west by Mr. Curri's Lower Moira run, the boundary being a line north and south from the river to the Broken Creek ; on the east by Messrs. Redfern and Alexander's Yeilima run.

No. 75.

Mitchell Thomas.
Name of Run—Murruramungy.
Estimated Area—20,480 Acres.
Estimated Grazing Capabilities—700 head of Cattle.

Bounded on the south by the Oven's river, general bearing being east and west, distance 8 miles, adjacent to the runs of E. Mackay, Esquire, and Mr. Johnson ; on the east by the Barwegee Creek, running north-east and south-west $3\frac{1}{2}$ miles, adjacent to the run of the late John Hillas ; on the west by a range running east and west, adjacent to the run of D. Murphy, Esquire, $4\frac{1}{2}$ miles ; on the north by a high range adjacent to the run of Mr. Furlonge, 7 miles.

No. 76.

Morrice and M'Kenzie, per M'Kenzie and Wild.
Name of Run—Kergunia.
Estimated Area—11,000 Acres.
Estimated Grazing Capabilities—700 head of Cattle.

Bounded on the east by the Little river, this boundary is 10 miles in length in a straight line and separates Kergunia from Gundowring, Mr. Barber's cattle run ; bounded on the west by an impassable range of mountains separating Kergunia from Yackandanda, the cattle run of Mr. James Osborne ; bounded on the north by a spur of the main range, which coming from the westward terminates in a point two or three hundred yards from the Little river and which is distant about 2 miles from the hut at Kergunia ; this line is about $1\frac{1}{2}$ mile and separates Kergunia from Merrimer-ambong, Mr. H. N. Simson's cattle run ; bounded on the south by a spur of the range constituting the western boundary, which spur terminates in a point close to the Little river and is situated about 8 miles above the hut at Kergunia and about 1 mile below the hut of Messrs. Pinson and Roberts at Dederang, their cattle station ; this line is a curve following the direction of the spur up to the main range and separates Kergunia from Dederang. The length of the run is about 10 miles in a straight line and its average breadth is a little more than $1\frac{1}{2}$ mile.

No. 77.

Macfarlane James.
Name of Run—Omeo.
Estimated Area—51,200 Acres.
Estimated Grazing Capabilities—3,500 head of Cattle, or 10,000 Sheep.

On the north commencing 2 miles north from the hut, on the west by a branch of the Mitta Mitta river 6 miles below the hut, on the south by a line to the south branch of the junction of the Reedy creek and Mr. Crooke's boundary, on the east by Crown Lands.

No. 78.

Osborne James.
Name of Run—Yackandanda.
Estimated Area—17,920 Acres.
Estimated Grazing Capabilities—1,000 head of Cattle, or 4,000 Sheep.

Bounded on the east by high ranges separating it from the run of Morrice and Mackenzie, called Kergumia; on the west by high ranges separating it from Mr. David Reid's sheep station; these two boundary lines are each 7 miles long, bounded on the north by a low range running from the east to the Yackandanda creek, and terminating in a steep rocky point, and by a marked tree line continued across the creek in the same direction, this line is about 2½ miles long and separates from Mr. David Reid; bounded on the south by a marked tree line 5½ miles long, separating it from Mr. George Kinchington's cattle run of Thilingananga.

No. 79.

Roberts and Pinson.
Name of Run—Dederang.
Estimated Area—17,500 Acres.
Estimated Grazing Capabilities—1,200 head of Cattle.

Bounded in front by the little river, at the back by high ranges which divide it from Barwegee, and above by the paddock fence of Mr. James Robert's heifer station, on the lower side a tier of ranges which join the river form a natural boundary, but the river frontage on this side is disputed by Messrs. Wild and McKenzie.

No. 80.

Philpots Octavius.
Name of Run—Cobram.
Estimated Area—128,640 Acres.
Estimated Grazing Capabilities—12,000 Sheep.

Commencing at a marked tree on the road leading to the Oven's river from the Murray 5 miles, above the head station called Cobram by a line south 2 miles 60 chains to an old road leading to out station, (the same line dividing the run from Mr. Hume) thence along the road until it touches the back creek; thence by a line south 3 miles 24 chains, then south 64 degrees east 10 miles 18 chains crossing the back creek (dividing the run from Mr. Hume's), then by a line south 3 miles 36 chains, crossing the back creek, dividing the run from Mr. Rowan's by a line north 83 degrees 30 minutes, west 10 miles 12 chains, crossing the Granite hill creek, and dividing from Messrs. Clarke's; then by a line north 33 degrees 30 minutes, west 9 miles 9 chains, dividing from Mr.

Grimes; then by a line north 4 miles 22 chains, crossing both Granite hill and back creeks, dividing from Mr. Shepherd, thence by a line west 8 miles 43 chains, thence by a line north 11 miles 9 chains to the River Murray, dividing the run from Mr. Boyd's and thence along that river to the point of commencement.

No. 81.

Purcell John (per Purcell and Moor.)
Name of Run—Old Crossing Place.
Estimated Area—85,000 Acres.
Estimated Grazing Capabilities—12,000 Sheep.

On the west by the Goulburn River about 15 miles, a ploughed line running about south south-east from the river to the Muddy Creek, distance about 4½ miles, and separating from the station of Joseph Raleigh, Esquire; on the north by the Winding and Muddy Creek meeting the ploughed line, and separating from the station of John Livingstone, Esq., distance about 9 miles; on the east by an imaginary line from the Winding Creek to a waterhole, separating from the station of Joseph Anderson, Esq., and by a belt of timber, and imaginary line to the old Sydney road, and then to a creek which empties into the river, running nearly west, and separating from station of Joseph Anderson, Esq.; distance from the Winding Creek to the river following the boundaries about 20 miles.

No. 82.

Roberts James.
Name of Run—Tawanga.
Estimated Area—20,000 Acres.
Estimated Grazing Capabilities—640 head of Cattle.

Bounded on the north by the Little river, commencing at a creek, bounding Roberts and Pinson's run, and running along the said river to its source; on the east by a range bounding Roberts Flat; on the south by the centre of the main range, between the Little and Oven's rivers; and on the west by the creek first named to the Little river.

No. 83.

Roberts James.
Name of Run—Bungonia.
Estimated Area—35,000 Acres.
Estimated Grazing Capabilities—1,600 head of Cattle.

Bounded on the north by the Mitta Mitta river, a branch of the Hume river, commencing at a fence dividing Ebden's run; on the west by the eastern boundary of Ebden's run to a range dividing between Mitta Mitta and the Little river; on the south by the centre of the said range, bounding Walker's run; and on the east by a dividing range between Mitta Mitta river and a chain of ponds, running into the same, bounding Lockhart and Clarke's station.

No. 84.

Redford and Alexander, (per J. Alexander.)
Name of Run—Upotipolpon.
Estimated Area—40,960 Acres.
Estimated Grazing Capabilities—400 head of Cattle.

This run is situated on the left bank of the Broken River, and has a north frontage to the said river of 8 miles; it is bounded on the south by Mr. Underwood's run, the boundary line being

continued from the south-west point of Messrs. Cheyne's, and extending to the south-east point of Mr. George Allan's Gowandardie Run; on the east it is bounded by Messrs. A. and P. Cheyne's run, the line being continued from the marked tree named in the application for Emu Plains, running due south to the back boundary; on the west it marches with Mr. George Allan's Gowandardie Run, being a line commencing at a point bearing east a distance of half a mile from Mr. Grime's hut; and from thence bearing magnetic south to the back boundary.

No. 85.

Redfern and Alexander, (per J. Alexander.)

Name of Run—Yielema.

Estimated Area—45,440 Acres.

Estimated Grazing Capabilities—1,000 head of Cattle.

Situated on the left bank of the Murray River; this run has a north frontage to the river of 10 miles; on the south it is bounded by Mr. Alexander M'Donnell's Moira Station; the boundary line for 7 miles of its length is a line 8 miles from the river, for three miles of its length, by a creek called the Five Mile Creek, both parallel with the river; on the west it is also bounded by the Moira Run, by a line running south from the river to the Five Mile Creek; the next point from whence the west boundary commences, is from a sapling yard on the south of the Five Mile Creek, running along the original road to the Goulburn River, and joining the back boundary 8 miles south from the river as before described; on the east it is bounded by Mr. B. Boyd's run, Strathmerton, by a line running south from the river, along a portion of which the trees are marked; the line passes about three-quarters of a mile to the west of B. Boyd's lowest hut on the Five Mile Creek, and one-quarter mile east of Redfern and Alexander's out or winter station.

No. 86.

Redfern and Alexander, (per J. Alexander.)

Name of Run—Emu Plains.

Estimated Area—46,080 Acres.

Estimated Grazing Capabilities—600 head of Cattle.

Situate on the right bank of the Broken River. This run has a southerly frontage to the river of 8 miles, by 9 back; it is bounded on the north by Broken Creek Run, occupied by Neil Clark, the boundary being a line parallel with the River; at a distance of 9 miles on the east it is bounded by Messrs. A. and P. Cheyne's run, the boundary being a line running from a marked tree situated about half way between Messrs. Cheyne's old head station and Messrs. Redfern and Alexander's station hut, due south to the river, and due north to the back boundary; on the west it is bounded by Mr. Grime's run, Binalta, being a line commencing at a marked tree half a mile due east from Mr. Grimes hut, due south to the river and due north along a belt of timber crossing the Major Plain to the back boundary.

No. 87.

Rowan James II. and George C. (per W. M. Bell.)

Name of Run—Peechelbar.

Estimated Area—162,560 Acres.

Estimated Grazing Capabilities—15,000 Sheep.

Situated on the Murray and Ovens Rivers, and bounded as follows;—commencing at the junction of the Ovens with the Murray, along the Ovens 9 miles 60 chains; thence by a line of marked trees south-west 15 miles 60 chains to the back creek, dividing the run from Mr. Greeves'; thence across the back creek, south 3 miles; then by a line west 5 miles 24 chains, dividing from Messrs. Cheyne; then by a line north 4 miles 15 chains; thence by a line south 84 degrees east 2 miles 7 chains, dividing from Mr. Philpotts; thence by a line north 3 miles 36 chains, crossing the back creek; thence by a line north 54 degrees west 2 miles 28 chains, dividing from Mr. Philpott's; then by a line north 13 miles 40 chains to the River Murray, dividing the run from Mr. Hume's, and thence along that river to the point of commencement.

No. 88.

Rowan James II. and George C. (per W. M. Bell.)

Name of Run—The Springs.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—2,500 Sheep.

Commencing at a marked tree, on the road from the Ovens to the Broken River, about 7 miles from the Ovens crossing-place, by a line bearing south-west $3\frac{1}{4}$ miles to Major Mitchell's Gap; thence on the west side of the range 3 miles 30 chains; then by a line west 3 miles; dividing run from Mr. Warboys; then by a line south 10 degrees west 1 mile, dividing run from Mr. Splatt; then by a line south 3 miles 60 chains, dividing run from Mr. Splatt; thence by a line east 6 miles across range to the Fifteen Mile Creek, dividing run from Mr. Greens; and thence along the creek to a point where it meets the first line produced.

No. 89.

Reid Agnes.

Name of Run—Currargarmonge.

Estimated Area—60,000 Acres.

Estimated Grazing Capabilities—1,500 head of Cattle, 6,000 Sheep.

Commencing from a marked tree half a mile from the present crossing place of the Ovens River, then by a line running about north to the Port Phillip Road; then by said road 6 miles, then by a line running south to the Reedy Creek; then by the Reedy Creek 10 miles by the Spring Creek running north about 7 miles, then by a sheep station hut (known as Black's) a line running east $13\frac{1}{2}$ north across the Black Dog Forest to the Indigo Ranges, then along the tops of the Indigo Ranges to the head of the Reedy Creek; and then by a line commencing 8 miles from the present crossing place of the Ovens from a marked tree on the river, running north 11 east to the Reedy Creek.

No. 90.

Reid David.

Name of Run—Bowman's Hoifer Run, or Woodaga.

Estimated Area—40,960 Acres.

Estimated Grazing Capabilities—6,000 Sheep.

Bounded on the north by the Reedy Creek, running west north-west and east south-east, Mrs. Agnes Reid's run on the opposite side; on the south from the Gap Creek by a leading range run-

ning parallel to the Reedy Creek in a direction west north-west and east south-east to a gap opposite Mrs. Agnes Reid's head sheep station on the Reedy Creek, and from a marked tree on a leading range running east 5 miles to a main tier of ranges lying north and south, and running to the Ovens River, bounded by Dr. Murphy's run; on the west by the Gap Creek running north and south from the fall of ranges running parallel to the Reedy Creek to where the Gap Creek empties itself into the Reedy Creek, and by a line running south-east to a remarkable heap of stones in a creek, and then by a line running south to a marked tree on a stony ridge or dividing range, bounded by Dr. Murphy's run, and then by a line running north to a marked tree on the dividing ridge between the Indigo and Black Dog Creeks, and bounded on this line by W. F. Baker's and Mrs. A. Reid's runs; on the east by the main range running north and south, dividing the waters of the Reedy and Yackandandah Creeks; and bounded by Messrs. James Osborne's and George Kinkington's runs.

No. 91.

Reid David.

Name of Run—Yackindandah.

Estimated Area—13,240 Acres.

Estimated Grazing Capabilities—400 head of Cattle, or 2,000 Sheep.

Bounded on the east by the Merrimareburgh mountain, H. N. Simson and Co's run on the opposite side; on the south by a leading range from Merrimareburgh mountain to the Yackindandah Creek, with a marked tree line on the summit of the range, and from thence across the creek to the Yackindandah Ranges, bounding with Mr. James Osborne's run; bounded on the west by the Yackindandah Ranges, Mr John Thomson's run on the opposite side of the range; bounded on the north by a marked tree line running from a gully in the Merrimareburgh mountain, north and by west to a marked tree on the Yackindandah Creek, about 1 mile in a straight direction from where the Yackindandah empties itself into the Little River; and from thence in a straight line on the other side of the Yackindandah, about half a mile above the marked tree to the Yackindandah Middle Creek Range, H. N. Simson and Co's run bounding this line north.

No. 92.

Read James.

Name of Run—Mondoona.

Estimated Area—12,000 Acres.

Estimated Grazing Capabilities—600 head of Cattle.

From a creek crossing the road near the Goulburn about 5 miles from S. Sheppard's head station to a creek about $4\frac{1}{2}$ miles on the said road (frontage to Goulburn River); by a line running north-east from said Creek, separating Heap and Grice's station, distant about 3 miles; then by a line running north and by east to the back creek, and follow the course of the creek known as the Company's Road; then follow the Company's Road, and take in the open sand hills within 5 miles of S. Sheppard's head station, then by a line running about south-west from said sand hills to the creek that divides S. Sheppard's station.

No. 92, 26TH AUGUST, 1848.—7.

No. 93.

Raleigh Joseph.

Name of Run—Noo-rilim.

Estimated Area—44,320 Acres.

Estimated Grazing Capabilities—8,000 Sheep.

Commencing at a point on Castle Creek $1\frac{1}{2}$ mile more or less southerly from its junction with the Goulburn River; bounded on the east by Castle Creek in a direct line from extreme points 9 miles 25 chains; on the south by lines bearing south 67 degrees 30 minutes west 9 miles 30 chains, north 58 west 50 chains, west 1 mile, and by a gully to the Goulburn River northerly 10 chains; on the west by the River Goulburn in a direct line from extreme points 12 miles 15 chains; and on the north line bearing east to the commencing point 69 chains.

No. 94.

Scobie Mitchell Forbes.

Name of Run—Honeysuckle Creek.

Estimated Area—64,000 Acres.

Estimated Grazing Capabilities—500 head of Cattle, 8,000 Sheep.

Beginning at the junction of the Stony Creek with the Violet Ponds, or Honeysuckle Creek, running about west south-west about $2\frac{1}{2}$ miles, and bounded by Messrs. Owen and Mullens; thence southerly in a straight line to the junction of two roads 7 miles, and bounded by Mr. Kirkland; thence along Sydney Road for $1\frac{1}{2}$ mile southerly, and bounded by a publican's reserve, then south-easterly along the dividing range for 6 miles, and bounded by Mr. Turnbull, then by dividing range tending north-easterly for about 10 miles to the head of Two Mile Creek; from thence by a range north-westerly to where the upper road crosses said creek, and bounded by Mr. Allan; thence running along the creek bearing north-westerly to the Sydney Road for 5 miles, and bounded by Mr. Allan; thence northerly for $2\frac{1}{2}$ miles, and bounded by Mr. Underwood; from thence by a boundary keeping 2 miles distant from Stony Creek till it reaches the starting point, and bounded by Mr. Grimes and Mr. Underwood.

No. 95.

Splatt William F.

Name of Run—Emu Station.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—50 head of Cattle, 8,000 Sheep.

Bounded on the north-east by Mr. Stevenson; on the east by Messrs. Choyno and Gibbs' station; on the west by the Sydney Road; on the south, by the Broken River.

No. 96.

Splatt William F.

Name of Run—Fifteen Mile Creek.

Estimated Area—6,000 Acres.

Estimated Grazing Capabilities—300 head of Cattle.

Bounded on the north by the Fifteen Mile Creek; on the east by Fuller's Range; on the south-east by lands unlocated in a line to the Broken River; on the west by a range dividing the ——— run from Mr. Stevenson's.

No. 97.

Sholley George.

Name of Run—Tintaldra.

Estimated Area—18,000 Acres.

Estimated Grazing Capabilities—1,200 head of Cattle, 5,000 Sheep.

Bounded on the north by the Murray River, commencing at a marked tree corner of Shelly's Lagoon, taking up the Murray River to the junction of the Jernoeel Creek; on the east by a tier of ranges which separates it from Rowland Sholly's run; on the west by a line running from marked tree point of lagoon to a tree distant 10 miles on the top of the rango east side of Cudgewa Creek; on the south 2 miles from that marked tree to another on the opposite side on the ranges which separate it from Rowland Shelly's run.

No. 98.

Shelly Susannah M.

Name of Run—Cudgewa.

Estimated Area—35,000 Acres.

Estimated Grazing Capabilities—1,800 head of Cattle, 8,000 Sheep.

Bounded on the north by the River Murray, commencing at a marked tree at the corner of Shelly's Lagoon, then by the Murray River 2 miles to the junction of the Cudgewa Creek; on the west by the Cudgewa Creek $1\frac{1}{2}$ mile till opposite a marked tree on the west side of Cudgewa Creek, then across the creek running in a westerly direction 4 miles to the top of the ranges, which line separates from Mr. Alston's run; on the west by a tier of ranges distant 14 miles; on the south by Mr. Young's run; on the east by the run belonging to the estate of the late J. J. Howell and George Shelly's run, which easterly line terminates at the marked tree commencing point.

No. 99.

Shelly Rowland John.

Name of Run—Jerramul.

Estimated Area—8,000 Acres.

Estimated Grazing Capabilities—700 head of Cattle.

Bounded on the east by the Curryong Creek, commencing at the junction of that creek with the Hume River, and terminating at the northern boundary of the run belonging to the estate of the late John James Howell; on the south by the last mentioned run in a line running from the Curryong Creek to the range which divides it from George Shelly's run for the distance of 1 mile; on the south and west by a tier of ranges running parallel to the creek, and which divides it from George Shelly's Tintaldra run for a distance of 10 miles.

No. 100.

Sheppard Sherbourne, (per H. A. Smith.)

Name of Run—Tallygaroopna.

Estimated Area—160,000 Acres.

Estimated Grazing Capabilities—10,000 Sheep.

Bounded as follows:—Commencing at Broken River junction with the Goulburn for 4 miles along the Broken River, then by a line north 9 miles 20 chains, dividing the run from Mr. Clifton's; then by a line north 59 degrees 30 minutes east 9 miles 46 chains, running to the southward of a small range, then by a line north 19 degrees 20 minutes west 6 miles 46 chains, dividing the

run from Mr. Grimes; then by a line north 50 degrees east 6 miles 44 chains to Granite Hill Creek, then north 2 miles 27 chains, crossing creek known as Back Creek, dividing the run from Mr. Philpot's; then south 82 degrees west 15 miles 72 chains, dividing run from Mr. Boyd's; then south 42 degrees west 5 miles 57 chains, then south 47 degrees 30 minutes east 3 miles 20 chains (crossing a tributary of the Back Creek) to road leading from the Goulburn to Murray River, known as the Company's Road, then along the road (dividing the run from Mr. Reid) south 9 degrees west 5 miles 8 chains to old hut on the same, thence south 58 degrees west 2 miles 45 chains to Goulburn River, and lastly up the river to point of commencement.

No. 101.

Scott William Hugh.

Name of Run—Burrowye.

Estimated Area—14,000 Acres.

Estimated Grazing Capabilities—1,000 head of Cattle.

The Hume forms the northern boundary to the extent of 9 miles; to the eastward, or up the river, bounded by a fence from the river to the extremity of the leading range, which, stretching back towards the south for about 3 miles, divides Burrowye from Mr. Broughton's run, a north and south line, or thereabouts, from the summit of last mentioned range, and crossing the Burrowye Creek a little below the Bound Hill Camp, when the hills come abruptly into the creek on both sides, dividing the run from Walwa, Mr. Watson's run; to the westward, or down the river, by a fence which runs some distance up an abrupt and rocky range, which, going to the southward, divides the run from Mr. W. Walker's run; the southern boundary is formed by a continuation of the last mentioned range, which, taking an easterly direction, joins north and south line aforesaid as dividing Burrowye from Walwa.

No. 102.

Sarjeantson Arthur.

Name of Run—Mimamaluko.

Estimated Area—25,000 Acres.

Estimated Grazing Capabilities—5,000 Sheep.

Bounded on the north by the Devil's River; on the south by a range from the station of J. M. Matson; on the east by a line of marked trees from the run of Messrs. Goodman and Chonery; and on the west by a range from the run of J. M. Matson.

No. 103.

Simson Hector Norman.

Name of Run—Merrimarembung.

Estimated Area—15,000 Acres.

Estimated Grazing Capabilities—1,000 head of Cattle.

Commencing at the intersection of Mr. John Thomson's paddock fence with the Little River, and bounded on the north about $3\frac{1}{2}$ miles about west and by north; on the west the Yackindandah Range bearing about south about $1\frac{1}{2}$ miles, dividing said run from that occupied by Mr. Thomson, about $1\frac{1}{2}$ miles about south-east and by east, about $2\frac{1}{2}$ miles about south-west and by south Mr. D. Reid; the Merrimarembung range bearing about south-east about 4 miles, Mr. A. Osborne on the

south about 3 miles, about south-east and by east the Rev. Mr. M'Kenzie; on the east the Little River bearing about north north-west about 9 miles Messrs. W. Walker & Co.

No. 104.

Turnbull Thomas.

Name of Run—Faithful's Creek.

Estimated Area—11,000 Acres.

Estimated Grazing Capabilities—5,000 Sheep.

The run comprises all the watershed's to Faithful's Creek as far as the New Sydney Road, which bounds it to a point $\frac{1}{4}$ mile to the south-west of Sutherland's Inn, known as the Stockman's Rest, when it crosses in a north-westerly direction and runs along the crest of Bahmtatum till it meets the boundary line of the Seven Creeks run.

No. 105.

Thom Archibald.

Name of Run—Eglintoun.

Estimated Area—7,000 Acres.

Estimated Grazing Capabilities—3,000 Sheep.

Bounded on the south by the River Goulburn; on the west and north by a range separating it from Messrs. Gardo and Perrot's run, known as Cathkin, and also from that of John Brock, known as Millar's Ponds; on the south-east by a creek dividing it from Mount Pleasant run, and taking its rise in the said range and emptying into the River Goulburn.

No. 106.

Thomson John C.

Name of Run—Burranduda.

Estimated Area—15,000 Acres.

Estimated Grazing Capabilities—200 head of Cattle, 5,500 Sheep.

Bounded on the east for 5 miles by the Little River, running about north by west; on the south by a marked line running north-west, dividing the run from Mr. Simson's, and by the tops of the ranges dividing the Yackandandah from the Middle Creek; on the west by the Middle Creek and Indigo Range, dividing the run from Mr. Reid's; on the north by the House Creek and Middle Creek ranges, and by a marked line running from the tops of those ranges to the Middle Creek about 5 miles from its junction with the Little River, and by the Middle Creek for about 5 miles, separating the run from Mr. Paul Huon's.

No. 107.

Templeton James.

Name of Run—Hurdle Creek.

Estimated Area—25,000 Acres.

Estimated Grazing Capabilities—500 head of Cattle, 6,000 Sheep.

Bounded on the east by the Buffalo River range, about 7 miles; on the north by Dr. Mackay's station, about 4 miles, and by G. Faithful's, about 2 miles; on the west by a range bounding W. Faithful's station, about 6 miles; and on the south by the range at the source of the Hurdle Creek, about 4 miles.

No. 108.

Underwood Joseph A.

Name of Run—Stoney Creek.

Estimated Area—12,800 Acres.

Estimated Grazing Capabilities—300 head of Cattle.

Low swampy ground and lightly grassed, bounded on the north by the station of Redfern and

Alexander; on the south-east by Violet Town, and the station of F. M. Scobie; and on the west by the station lately belonging to Binny and Anderson.

No. 109.

Vidler John.

Name of Run—Caniambo.

Estimated Area—38,000 Acres.

Estimated Grazing Capabilities—100 head of Cattle, 4,000 Sheep.

Bounded on the north by a line running from a marked tree on the Seven Creeks north 35 degrees, east about 4 miles to a marked tree on the Honcysuckle Creek, from thence to a marked tree on said creek south 70 degrees, east about $3\frac{3}{4}$ miles, from thence by a line north 70 degrees, east about $2\frac{1}{2}$ miles to a marked tree at the northern extremity of eastern boundary; on the east by a line running $5\frac{1}{4}$ miles south, 35 degrees east to a marked tree at eastern extremity of southern boundary; on the south by a line running south 70 degrees, west about $11\frac{1}{2}$ miles, crossing the Honcysuckle and Seven Creeks; on the west by a line running north $\frac{3}{4}$, west about $5\frac{1}{4}$ miles to a marked tree on Seven Creeks; bounded on the north and west by Clifton; on the south by Kirkland and Owen and Mullen; on the east by Grimos.

No. 110.

Warby Benjamin.

Name of Run—Tamanick Plains or Rurkard's Island.

Estimated Area—23,000 Acres.

Estimated Grazing Capabilities—700 head of Cattle or 4,000 Sheep.

Bounded by William Clarke's run on the north-east for 8 miles to the Seven Mile Creek or thereabouts, which crosses the Port Phillip road, and is considered 7 miles from the crossing place at the Ovens River, then running along the Port Phillip road 1 mile joining Mr. Chapman's run to a marked tree called the Major's yard, branded BW No. 5, on Chapman's side of the road, then joining the corner of J. Rowen's run, then running 4 miles south-west by south along Mr. Rowen's run to Mr. Carlowis' boundary, following this boundary running north-west by west about 4 miles to a known tree marked by Commissioner Smythe, then joins Mr. Green's side line, following his side line towards the Ovens River by a line of marked trees until it comes to Clarke's north-west corner.

No. 111.

Webster John Hearne.

Name of Run—Dropmore.

Estimated Area—40 square miles.

Estimated Grazing Capabilities—8,000 Sheep.

Bounded on the east and south by the Black range; on the west by the Little Creek for about 1 mile from Hughes' Creek, and from thence by a range running nearly south for about 3 miles which divides it from Messrs. M'Kenzie and Stewart's runs; and on the north by a range which takes all the fall of water to the Surveyor's and Hughes' Creeks between the Cow Calving and Boggy Creeks, and above that by Hughes' Creek to its source about 8 miles, which divides it from Mr. Bury's run.

No. 112.

Webster John Hearne.

Name of Run—Nainbubulla.

Estimated Area—20 square miles.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the south by Goulburn River; on the west by Pack Bullock flat, dividing it from Mr. Grant's run; on the north by the Black range; and on the east by a spur from the Black range at the bottom of the Butcher's flat, dividing it from Messrs. Garde and Perrott's run.

No. 113.

Wilson James.

Name of Run—Talangatta.

Estimated Area—45,000 Acres.

Estimated Grazing Capabilities—1,500 head of Cattle.

Bounded on the west by the Mitta Mitta River, extending from Mr. D. Wilson's paddock fence, 2 miles along the right bank of said river, comprising the mouth of Talangatta Creek, and all the fall of water into said creek with the exception of the kangaroo ground; on the north by a blind creek and a high tier of ranges from the runs of Messrs. D. Johnston and of Messrs. Heape and Grice, and by the kangaroo ground; on the east and south by high ranges and unavailable country; and on the south-west by the runs of Messrs. E. and W. Howe and of Mr. D. Wilson. There are no marked boundary lines.

No. 114.

Wilson James.

Name of Run—Kangaroo Ground.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—600 head of Cattle.

Bounded on south by Tallangatta Swamp and Dry Flour Creek; on the west and north by high ranges from the run of Messrs. Heape and Grice; on the east by high ranges and scrubby unavailable country. There are no marked boundary lines.

No. 115.

Wilson David.

Name of Run—Wagra.

Estimated Area—13,500 Acres.

Estimated Grazing Capabilities—1,000 head of Cattle.

Bounded on the west by the Mitta Mitta River, a distance of 8 miles; on the south by a range commencing at the river, running a distance of 5 miles east north-east, and being the boundary between Wagra and Yabba, the run of W. and E. Howe; on the east by a low range of hills running a distance of 3 miles north north-west, being the boundary between Wagra and Talangatta, the run of James Wilson; and on the north by a range running a distance of 5 miles west south-west, being the boundary between Wagra and Talangatta, continued by a fence leading from the range to the river Mitta Mitta.

No. 116.

Walker William and Company (per J. Smith.)

Name of Run—Thologolong.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—640 head of Cattle.

Bounded on the north, commencing at the point of a range which comes close to the river 2½ miles

west of the station, and then eastward following the windings of the river until reaching a post and rail fence, which forms a boundary between Mr. Scott's station at nearly 8 miles in a straight line from the starting point; on the east by said fence bearing south-east 6 degrees 30 minutes south, until it reaches the foot of a rocky range, and by continuation of said line to the top of said range, and thence in a zig-zag direction along the tops of the dividing ranges on the south and west, taking in all the falls on the north and north-east; until reaching the river, at the point of the range which forms the western boundary 2½ miles west of the station.

No. 117.

Walker William and Company (per J. Smith.)

Name of Run—Tangambalanga.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—1,000 head of Cattle.

Bounded on the north by a line commencing at the river 1 mile 66 chains from the station at the lower end of a grass paddock, bearing north-east 4 degrees north to the top of the dividing range between the Little River and the Mitta Mitta River; on the east following the top of the dividing range for about 2 miles 10 chains to a marked tree standing 2 miles 1 chain 70 links north-east 5 degrees east of the hut, and from that marked tree by a line bearing south-east 7 degrees east until reaching Bongonia Creek, and by that creek to its junction with another creek called Tangambalanga Back Creek, and then along the dividing range between those two creeks until reaching Mr. Barber's boundary on a high mountain; on the south by a line bearing west 7 degrees south, crossing Tangambalanga Back Creek at a marked tree, and from thence on the same line to the corner of Mr. Barber's fence, and thence along that fence bearing in the same direction to the river; on the west by the river from Mr. Barber's fence to Mr. Edden's boundary, a distance of nearly 9 miles.

No. 118.

Walker William and Co., (per J. Smith.)

Name of Run—Portpunka.

Estimated Area—16,000 Acres.

Estimated Grazing Capabilities—500 head of Cattle.

Bounded on the west by a line distant 2 miles due west from the hut, bearing due north from the river through a thick brush, which forms Mrs. Hillas' boundary, to the top of the dividing range, forming the boundary of Happy Valley on the north; bounded on the north from end of said line by the top of the dividing ranges eastwards until opposite the head of a creek which falls into the river below the junction station; bounded on the east by said creek which forms the western boundary of the junction run down to the river; and bounded on the south by the Ovens River from the junction of said creek on the east to Mrs. Hillas' boundary line on the west as before described, giving a river frontage of about 9 miles in a straight line.

No. 119.

Wise William.

Name of Run—Mitta Mitta.

Estimated Area—19,200 Acres.

Estimated Grazing Capabilities—640 head of Cattle.

Commencing on a range named Coorwonga, situated on the Mitta Mitta River, and terminates at a range named Magora, and is bounded on the back part of the run by the Snowy Mountains, or the Australian Alps, the soil in some places is good for agricultural purposes, but in general is scrubby and inferior, it is better adapted for cattle than for sheep to graze on, owing to the extreme cold in the winter, as it is situated so near to the Snowy Mountains.

No. 120.

White Henry John.

Name of Run—Upton, Ponkeen Creek.

Estimated Area—20 square miles.

Estimated Grazing Capabilities—4,000 Sheep.

Bounded on the north by Discovery Creek ranges; on the east by Hughes' Creek; on the west by the fall of waters into the Ponkeen Creek; and on the south by a long grassed gully, which takes its rise from the Cow Calving Creek, near the Shelving Rock.

No. 121.

Withers Jason.

Name of Run—Ullina.

Estimated Area—19,000 Acres.

Estimated Grazing Capabilities—5,000 Sheep.

Bounded on the east by the Sydney road, commencing $2\frac{1}{2}$ miles on the north side of the Black Dog Creek; from the Black Dog Creek to the Rocky water hole; from the Rocky water hole on the south-west by the Spring Creek, to its junction with the Black Dog Creek; then by a line running north $2\frac{3}{4}$ miles; then by a marked boundary line on the north side, running parallel with the Black Dog Creek, to the Sydney road $2\frac{1}{2}$ miles from the Creek.

No. 122.

Wildash C. C.

Name of Run—Thowgola.

Estimated Area—9,600 Acres.

Estimated Grazing Capabilities—700 head of Cattle.

Bounded on the north by Shelly's station, known as Muston's Plain; on the south by unavailable country; on the east by a dividing range between Thowgola and Towong; and on the west by Kuryong or Cowper's Creek.

No. 92, 26TH AUGUST, 1848.—8.

No. 123

Watson Sydney G.

Name of Run—Walwa.

Estimated Area—20,000 Acres.

Estimated Grazing Capabilities—500 head of Cattle, 3,000 Sheep.

The Hume forms the northern boundary to the extent of 7 or 8 miles, commencing towards the east or up the river at a small creek, at the extremity of the Pine Mountain Range, which comes very close to the river, and going back to the south, divides Walwa from Aermatong, Mr. Alston's run; to the westward, or down the river, the boundary is a range coming into the river at Mr. Broughton's station, (name unknown) and running back to the southward, about 4 miles, and then to the westward about 2 miles, divides Walwa from Mr. Broughton's run; a line from the summit of last mentioned range, crossing the Burrowye Creek, near the Round Hill Camp, where the mountains come abruptly into the creek on both sides, forming a narrow and almost impracticable pass, is the determined boundary between Walwa and Burrowye, Mr. Scott's run; the above mentioned line runs about north and south; abrupt and barren ranges running almost parallel with the river or northern boundary, at an average distance of 3 to 4 miles from the southern boundary.

No. 124.

Young Robert.

Name of Run—Wabba.

Estimated Area—13,000 Acres.

Estimated Grazing Capabilities—700 head of Cattle, 5,000 Sheep.

Bounded on the north by a spring creek, which separates Wabba from Cudgewa, the station of the estate of William Shelly, and also the estate of J. J. Howell; bounded on the east by a tier of ranges 7 miles; on the south by a line running across Cudgewa Creek, a quarter of a mile below Evan's hut, length of line 3 miles; bounded on the west by a tier of ranges running into Cudgewa Creek, opposite the wool-shed.
