OCCUPATION OF CROWN LANDS, WITHIN THE SETTLED DISTRICTS.

IN pursuance of her Majesty's Order in Council of 9th March, 1847, his Excellency the Governor, with the advice of the Executive Council, has been pleased to establish, subject to the approval of the Right Honorable the Secretary of State for the Colonies, the following Regulations for the occupation of Crown Lands within the Settled Districts of the Colony, as they are now or may hereafter be defined.

2 The holders of purchased Lands within the settled districts, will be permitted to pasture their stock free of charge, on any vacant Crown Lands, immediately contiguous to their respective properties, provided they do not erect any hut or building thereon, or clear, enclose, or cultivate any portion thereof—but it is to be distinctly understood, that such permission will in no way interfere with the right of the Government at any time to dispose of the lands either by Sale or by Lease.

3 The permission to pasture stock on vacant Crown Lands free of charge, will not carry with it any other than a *Commonage* right, to be enjoyed alike by all the holders of adjacent purchased lands. Persons desirous to secure the exclusive right of pasturage over any particular Crown Lands, must obtain a Lease by purchase, in one or other of the modes hereinafter described.

4 Within the Settled Districts Lands will be let, for pastoral purposes only, on annual Lease, in sections of six hundred and forty acres each, as charted in the Surveyor General's Office, and at a yearly rent not lower than ten shillings per section.

5 No portion of land, consisting of less than six hundred and forty acres, or one square mile, will be let on lease, except in special cases, which may render expedient a departure from this rule; and in any case where there is a broken section, with water frontage, the section behind it will be added to the lot.

6 No sections lying either whole or in part within the distance of five miles from either of the cities of Sydney or Melbourne, or within the distance of two miles from any town shewn by the last Census for the time being to contain more than one thousand inhabitants, nor any lands set apart as the sites of towns or villages, or measured for sale as "Special Country Lots," nor any of the Lands comprised within the Church and School Estates, will be open to lease under these regulations.

7 The annual Leases issued under these regulations, will be for the calendar year commencing on the first day of January; and all Leases granted, whether taking effect from the first day of the Leasing year, or from any subsequent date, will alike expire on the 31st December.

8 The Leases will carry with them the exclusive right of occupancy of the Land for pastoral purposes only, during the period they shall remain in force; but a clause will be inserted in each Lease, permitting the Lessee to cut such timber, with the exception of cedar, as may be required for domestic uses, for firebote, fencing, stockyards, or other conveniences for the use of the Land, for the purposes specified.

9 The Leases will not be assignable, nor shall any portion of the Lands held thereunder be assigned or sub-let, under penalty of absolute forfeiture of the Lease.

10 Lessees of Lands under these Regulations will not be entitled to any compensation whatsoever for any improvements they may effect on the Lands.

11 The Lands included in any Lease will be open to purchase under the ordinary Regulations, and in the event of their being sold, or required

for any public purpose, must be surrendered, as heretofore, by the lessee, upon his receiving one month's notice; but in such case, the balance of the price of the Lease for the time it has to run will be refunded to him.

12 Subject to the approval of his Excellency the Governor in each case, the Leases held under these regulations may be renewed at the same yearly rents as that paid for the preceding year.—Such renewals will be ordinarily sanctioned by the Governor, unless the Lands be required for sale, or for any public purpose, or for the satisfaction of any new claims which may arise under the pre-emptive right hereinafter conferred on purchasers of Crown Lands. It is, however, to be distinctly understood that his Excellency reserves to himself the full power of periodically revising and altering the terms on which the leases will be granted or renewed, as the public interests may from time to time appear to him to require.

13 Persons desiring to renew their Leases under the preceding clause, must make application to the Colonial Secretary, at Sydney, or to the Superintendent of Port Phillip, at Melbourne, if the lands be situated in that District, not later than the 31st August, in the year preceding that for which the Leases will have effect, and if allowed to do so, must pay the rent into the Colonial Treasury, not later than the 30th day of September in the same year.

14 All leases for the ensuing year which shall not be renewed by the 30th of September preceding, will, whether applied for or not, be put up to auction, in or about the last week in the month of November in each year, in the manner described in a subsequent part of these Regulations.

15 No Lease which has once been advertised for sale can be obtained by any person until it has been submitted to competition.

16 The holders in fee simple of any Lands within the Settled Districts, whether acquired by purchase or grant, will be allowed, subject to the conditions hereinafter prescribed, to obtain Leases of any vacant Crown Lands adjacent to their respective properties, without competition, at the fixed price of ten shillings per section of 640 acres, and to the extent of three times their own purchased or granted Lands, if there be so much vacant Crown Land available. It is, however, to be understood that the Rule above laid down, that land will not be let in portions less than six hundred and forty acres, will not be departed from, in order to make up the exact quantity which an individual may be entitled to claim under this clause; and no person will be deemed entitled to the pre-emptive right hereby conferred, who does not hold purchased or granted lands in one block to the extent of at least one section.

17 If the holders of Land in fee simple desire to lease a greater number of sections than they are entitled to claim under the pre-emptive right conferred by the preceding clause, they can only do so by purchase at auction.

18 In cases in which the same portions of Land may be claimed by more than one party under the pre-emptive right conferred by clause 16, the Government will, at the expiration of the term allowed for preferring such claims, announce to each claimant the names of his competitors, in order that he may arrange with them respecting the division of the Lands in the manner pointed out in the next clause.

19 If there be more than two claimants, the division of the Lands amongst them may be settled by private arrangement; and on the result of such arrangement being communicated to the Government within the time prescribed in the following clause, in a document signed by all the contending parties, the Lands will be apportioned and let accordingly; but if there be only two claimants, the question at issue between them may be determined by arbitration in the manner

following;—each party shall name an arbitrator and the two arbitrators shall have power, if necessary, to elect an umpire, and according to the award of such arbitrators or umpire the land in dispute will be apportioned and let. In considering the respective claims of the contending parties, it is desirable that the arbitrators and umpire should be guided by the extent of purchased or granted land held by each, so as to apportion the vacant Crown land in reference to such extent,—by the previous occupation of the land in dispute according to the usage of the Colony as part of the run of either of the parties,—and the access to water for its beneficial occupation.

20 If, at the end of one month from the date of the letter announcing to the several claimants the name of their competitors, the Government shall be uninformed of a division of the lands having been made either by agreement or by arbitration, the leases of the land so circumstanced will be offered for sale by auction, and the public admitted as competitors for the same.

21 The holders of granted Lands within the Settled Districts, on which the quit-rent has been redeemed, will, for the purposes of these regulations, be placed on the same footing in all respects, as the holders of purchased Lands. The holders of granted Lands on which the quit-rent has not been redeemed, are not considered admissible, under the terms of the Order in Council, to the privilege of pasturing their stock on Crown Lands free of charge as above described, but they will be allowed to exercise the pre-emptive right mentioned in clause 16.

22 Lands which have been brought by the Order in Council within the settled class, but which have been hitherto held under Squatting Licenses for pastoral purposes, will be let to the present licensed occupant thereof, on yearly lease, at the fixed rent of One Pound per Section, so long as they shall not be required for sale or for any public purpose, or be applied for on lease by any holder of purchased land in the immediate neighbourhood. But whenever any holder of purchased land in the immediate neighbourhood shall either put forward his claim to the number of sections which he may be entitled to rent under the pre-emptive right conferred by clause 16 of these Regulations, or shall make application for a Lease of any additional sections to be offered for sale by auction, such sections will not be relet to the previous occupant, but will be withdrawn from his holding, in order that they may be demised to the person claiming the exercise of his pre-emptive right respecting them, or be let by auction, as the case may be. In respect, however, to any sections thus taken out of the previous occupant's holding, in order that the leases of them may be offered for sale, such previous occupant will be allowed to continue to use them for pastoral purposes until the day of sale, and in the event of their not being then purchased, to renew his lease for the current year at the rate above mentioned.

23 Any lot of land within the meaning of the preceding clause, which may not have been charted in sections in the Surveyor General's Office, will be let, until so charted, to the present licensed occupant thereof in one block, the amount of rent being determined by the computed number of sections therein contained, according to an estimate to be submitted by the occupant, and approved by the Surveyor General, or the Surveyor in charge at Melbourne, accordingly as the lands may be situated in the Sydney or the Port Phillip District.

24 Of the class of Lands referred to in clause 22, no sections containing valuable improvements, nor any of the sections contiguous thereto, will, for the present, be open to Lease under these Regulations, to any other person than the present licensed occupants thereof.

25 Persons desirous of exercising either of the

pre-emptive rights conferred by clauses 16 and 22 of these Regulations, will be required to make application accordingly, in the one or other of the forms annexed, (A or B,) as the lands may be of the one or other of the classes referred to, describing as accurately as possible sections which they desire to rent, and also specifying the purchased or granted Lands, or the licensed Run, in respect of which they claim to exercise the pre-emptive right. These applications must be lodged at the Surveyor General's Office in Sydney, or at the Office of the Surveyor in charge at Melbourne, on or before the 31st day of August in the year preceding that for which the desired Leases will have effect.

26 All leases accorded by the Government, under the pre-emptive rights conferred by clauses 16 and 22 of these Regulations, will be notified in the *Government Gazette*; and if, within one month from the date of such notification, the rent for the same shall not have been paid into the Treasury, the leases will be offered for sale by auction.

27 All Lands, to the Leases at which no pre-emptive right shall have been exercised within the periods above specified, will be open to Lease and be offered for sale by auction, on the application of any person requiring the same.

28 Applications for the Lease, at auction, of particular portions of Crown Lands are to be addressed as heretofore, to the Surveyor General in Sydney, or to the Surveyor in charge at Melbourne, in form annexed, marked C.

29 In or about the last week in the month of November in each year, there will be a general sale, by auction, at which will be put up all Leases for the ensuing year which may have been applied for under the preceding clause, or which may have been claimed but not obtained under the pre-emptive right, or of which a right of renewal may have been granted but not exercised as well as any leases which the Government may think it expedient to bring forward at its own instance.

30 Leases applied for under clause 28, subsequently to the general sale, will be put up at auction as demanded—the term of the lease in every such case being the unexpired portion of the calendar year, as explained in clause 7.

31 No sale of leases under these regulations will take place without one month's notice thereof having been given by advertisement in the *Government Gazette*.

32 The sales will be held at the principal places of Petty Sessions of the Police Districts in which the lands may be respectively situated.

33 The upset price of each lot will be ten shillings per section of six hundred and forty acres; or five shillings, if half of the current year shall have expired.

34 The Government reserves to itself the right to refuse the bidding of any one, as well as to withdraw any lot from sale. But this right will never be exercised, except for a sufficient and assignable cause.

35 The full price bid for each lot must be paid down on the day of sale; failing which, the land will be leased on application, as described in clause 38.

36 As early as possible after the day of sale, leases will be issued from the Colonial Treasury, at Sydney or Melbourne, accordingly as the lands may be situated in the one or other of those districts, to those persons who have duly paid their purchase money.

37 Any lot of land the lease of which may have been offered for sale at auction and not bid for, may be obtained on lease by any person of approved character, on payment at the Colonial Treasury, of the upset price of ten shillings per section, or half that price, if half the current year has expired.

38 The foregoing rule will also apply to those lands, the leases of which have been bid for, but the price of which has not been paid on the day of sale. In such case, however, the sum to be paid for the lease will be, not the upset price, or its half, but the highest price bid for the lot at the sale, or its half, if half of the year shall have expired.

39 Lots open to purchase under either of the two preceding clauses, but not taken, may be put up again at auction, either on the application of individuals, or at the instance of the government.

40 The first leases issued under these regulations, will be for the year commencing on the 1st January, 1849.

41 All licenses now held, in terms of the regulation of the 21st August, 1841, which will expire during the present year, may be renewed for the remainder thereof, on payment of rent at same rate as that paid for the existing licenses such payment to be made on taking the licenses up at the treasury.

42 It is distinctly to be understood, that as soon as these regulations shall have been brought into effect, all persons who may be found in occupation of Crown Lands within the settled districts, contrary to the plain intent and meaning of these regulations, will be immediately proceeded against under the provisions of the Act of Parliament, 9 and 10, Vict., cap. 104.

43 The regulations for the occupation of Crown Lands within the boundaries of location, dated 21st August, 1841, are hereby cancelled.

E. DEAS THOMSON.

OCCUPATION OF CROWN LANDS.

TENDERS FOR NEW RUNS.

IN reference to the regulations of the 1st January, 1848, respecting Tenders for New Runs, His Excellency the Governor, finding that some misapprehension exists on the subject, has been pleased, with the advice of the Executive Council, to direct that the following explanatory observations and additional rules should be published for general information.

1 The rule laid down in the Notice of the 10th July, 1845, that no new Run shall in ordinary cases consist of more than twenty-five square miles is still to be observed. Persons therefore tendering for New Runs, must not apply for any larger quantity than twenty-five square miles under a single Lease, unless that quantity shall be insufficient in ordinary seasons for the pasturage of four thousand sheep or their equivalent in cattle; in which case the Run may be enlarged to the area necessary for that purpose. But if, on an estimate of its grazing capability, any Run so enlarged shall be found to be greatly in excess of the quantity requisite for the pasturage of four thousand sheep or their equivalent in cattle, it will be liable to be curtailed to the regulated standard, and any further expense incurred in surveys or otherwise, will have to be defrayed by the party tendering.

2 Any person desiring to obtain a larger tract of country than 25 square miles will not be precluded from doing so by the rule referred to in the foregoing paragraph; but he must tender for it, not in one block, but in separate portions not exceeding 25 square miles each.

3 In accepting Tenders for New Runs, the Government will reserve to itself the right in every case of modifying the boundaries proposed, so far as may be necessary to render them conformable to the undermentioned general rules; and the persons employed in the survey and measurement thereof will be instructed to adjust and describe the boundaries accordingly, viz:—

(1) Subject to such deviations as the general features of the country and the adoption of natural boundaries may require, every Run must be in a compact block of rectangular form in which the external lines shall run east and west, and north and south.

(2) No person will be allowed so to shape his Run, as to secure to himself the exclusive use of water necessary to render any adjoining lands available.

4 No Tenders already sent in will be rejected because of the quantity applied for as one Run being in excess of the regulated area; but on the acceptance of any such Tender, the applicant will be required to propose a subdivision of the land into separate holdings, so as to bring the area held under each lease within the prescribed limit, and make it conformable in other respects to the general rules laid down.

5 The Regulations set forth in the above mentioned Notice of the 1st January, 1848, in respect to Tenders for New Runs are manifestly inapplicable to parts of the Colony which are situated beyond the reach of the protection and control of the Commissioners of Crown Lands: The said Regulations do not extend to such parts of the Colony, and Tenders for Runs so situated cannot, therefore, be entertained.

By His Excellency's Command,
E. DEAS THOMSON,
Colonial Secretary.
