CONDITIONS.

1. All the articles required by this notice are to be of the best quality of their several kinds.

2. The flour and bread must be the produce of clean sound colonial wheat, from which on the ration of emigrants, surveying parties, border police, mounted police 20 per cent, and on the ration to prisoners of the crown 10 per cent; has been extracted in bran and waste.

3. Beef and mutton to be issued in such proportions as may be required, and; when the quantity admits of it, to be delivered in fore and hind quarters alternately.

4. The maize meal to be similar in quality to the wheat meal, and to be twice ground.

5. When it may be necessary to substitute one article for another, the following proportions are to be observed, viz.—1 lb wheat flour or 1 lb biscuit equal to 1½ lb bread; 1 lb salt beef or 1 lb mutton; or 10 oz salt pork, equal to 1 lb of fresh beef.

6. The tobacco to be the best colonial.

7. These substitutions are not to be made except on the requisition of the

officer authorised to draw the several rations.

8. Vegetables to be supplied in reasonable proportions of potatoes, greens, pumpkins, onions, &c., &c.

9. The supplies for road parties and surveying parties are to be delivered at the nearest fixed stations to the places where the party may be employed, on the requisition of the officer in charge; and in case the whole ration of forage be not required or delivered, each of the species to be reckoned as the portion of the ration undermentioned:—The maize or barley 4-12—the hay 5-12—the bran 2-12—the straw 1-12.

10. The supplies (not specified in the preceding paragraph) are to be delivered direct to the parties or establishments entitled thereto, on the written order of the person duly authorized for the purpose.

11. Provisions and forage, when required by rations, according to the scales under their respective heads, the tenders are to express the price per ration only.

12. The tenders for forage are not required to state the price of the ration for oxen, as when the latter is required one half of the allowance fixed for horses will be drawn, and one half the price allowed to the contractor, whose engagement is to provide for both horses and oxen.

13. In the event of a difference of opinion between the contractor and the party receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey, according to the practice of the service. But in country districts, where a Board of Survey cannot be conveniently assembled, the party objecting will name one person as arbitrator, the contractor or his agent another, and these two will (previously to any other proceeding on their part) concur in naming a third, as umpire, who, in the event of the arbitrators not agreeing in opinion, will be called upon for his decision, which shall be final.

14. If the board, arbitrators, or umpire shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing of which it will be procured by the department requiring it, and the expense charged to the contractor.

15. In the event of any unnecessary delay or failure of the contractor to supply the articles when required, they will be otherwise procured and charged in like manner.

16. In cases where the article is of a perishable nature, or from some other cause, injury would be sustained either by the parties to whom the rations are due or to the contractor, by waiting for a Board of Survey, the head of the department or officer in charge of the party or parties for whom the rations are to be received, shall have the power to reject such article or articles as are obviously of inferior quality; it being distinctly understood that he will be responsible to the Government for so doing; and that

the contractor will have a right to appeal to the Governor, although in the meantime, he must take back the rejected article and supply good in its stead, failing of which it will be obtained by the officer or party requiring it, and the expense charged to the contractor.

17. A repetition of irregularity in the quality or quantity of the supplies, or of any delay in delivering or replacing them when required, will subject the contractor, upon the report of the officer in charge of the parties or establishment, to such mulct, not exceeding one-fourth the amount of his monthly account, as the Governor may direct. It will also be in the power of the Governor, upon such repetition, to terminate the contract forthwith.

18. It will be in the power of either party to limit the duration of the contract, by giving in writing a notice of three full calendar months to the opposite party, and to end the contract at the expiration of that period, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made or agreed to be made.

19. The contractor will be required to prepare his own account, monthly or quarterly, in the prescribed form; and on the production thereof, with the requisite vouchers in a complete state, to the Sub-Treasurer for examination, and upon their approval, payment will be made by him at Melbourne.

20. The value of all packages to be included in the prices demanded.

21. Printed forms of tender may be obtained from the Sub-Treasurer; and a security of £2000 will be required for the due fulfilment of the contract. No tender can be attended to unless accompanied by a certificate from two responsible parties proposed as security, stating they are willing to become bound as securities for the contractor accordingly, and the bonds must be executed within twenty days from the day of acceptance of the tender being notified, failing of which the contracts will be again advertised or another tender accepted.

22. The tenders to contain the names of the tenderers and their sureties, and places of residence at length.

23. All tenders to be enclosed in a separate envelope, and marked "Tender for Provisions, &c.," and to be deposited in a box marked "Tenders" at the western entrance of the Government Offices.

24. The tenders must include the whole of the rations and separate articles above mentioned.

25. The tenders are to be given in for the undermentioned districts, which may be tendered for separately, or collectively. When the latter is the case each locality, as given below, must be stated in the Tender.

CROWN LANDS BEYOND THE SETTLED DISTRICTS.

(LIMITING THE TIME OF APPLYING FOR LEASES.)

HIS Excellency the Governor, with the advice of the Executive Council, has been pleased to direct the publication of the following Regulations limiting the time with which certain claims to leases of runs beyond the Settled Districts, will be entertained by His Excellency.

BY the 11th section of chapter II, of Her Majesty's Order in Council, of the 9th March, 1847, it is provided, "That all occupants of Crown Lands, who shall have been in licensed occupation of the same for at least one year, at the time when this Order shall come into effect, are to be entitled to demand leases of their respective runs under the present Regulations, within six months from the date of the publication of this Order in Council by the Governor but not afterwards."

The said Order in Council having been published and brought into effect in the Colony on the 7th October, 1847, the period allowed for preferring claims to leases expired on the 6th April last, as respects those persons, who on the 7th October last, had been in Licensed occupation of their runs for one year or more. All such persons, therefore, who failed to demand leases on or before the 6th April last, have lost the right of so doing conferred by the Order in Council. As a matter of grace, however, the Governor has not up to the present time, refused to entertain applications for leases on the ground of their having been sent in subsequently to the expiration of the time prescribed by the Order in Council, nor will his Excellency do so as respects any further applications which may be received before the 30th September next, when the time allowed for taking out Licenses for the current year will expire. But after that date the Governor will not under any circumstances whatever, entertain a demand for a lease of a run from any person whose licensed occupancy of the run had, on the 7th October, 1847, been of not less than one year's duration.

It will of course be understood that this notice does not apply to parties, who having failed to take out their Licenses for the past year, are not entitled to demand Leases under the provisions of Her Majesty's Order in Council above referred to.

By His Excellency's Command,

E. DEAS THOMSON.

THE undermentioned articles of unclaimed property, now in charge of the Police, in the City of Melbourne, will be sold by public auction, at the Police Office, at 12 o'clock on Thursday the 12th day of October next, unless previously claimed.
