REGULATIONS RESPECTING THE SALE OF LAND.

IN consequence of many urgent applications being made, for the purchase of land in particular localities, and of an erroneous impression which appears to be entertained by the public, that they can always be immediately attended to, His Excellency the Governor has been pleased to direct the re-publication, for general information, from the Regulations of 1st March, 1843, of the clause therein, which relates to such applications, namely :—

Applications may be made for land in particular localities.

7th. Persons desirous of obtaining lands in particular localities may make application to have such lands surveyed and brought forward for sale, and their wishes will be complied with as far as circumstances may permit; but much inconvenience to the Government, expense to the Surveyor-General's department, and disappointment to individuals, having been found to result from the Regulations under which parties were led to expect that lands in any part of the Colony within the established Counties, could be surveyed and brought to sale immediately on their applying for them, or within an interval of only a few months, it is to be understood, in future, that the Government does not bind itself to bring forward such lands for sale within any specified period. The applications, in such cases, must be made in the form (A) annexed, and are to be addressed in respect of lands situated in the Middle or Sydney District, to the Surveyor-General at Sydney; and in respect of such as are situated in the Southern or Port Phillip District, to the Senior Surveyor resident at Melbourne.

By His Excellency's Command,
E. DEAS THOMSON.

CROWN LANDS BEYOND THE SETTLED DISTRICTS.

MEASUREMENT AND SUBDIVISION OF RUNS.

HIS Excellency the Governor, with the advice of the Executive Council, directs it to be notified that, in accordance with instructions to that effect received from the Right Honourable the Secretary of State, the expense of the surveys requisite in order to obtain descriptions of the boundaries of Runs for insertion in the Leases thereof, which will be granted by the Governor under the provisions of Her Majesty's Order in Council, of the 9th March, 1847, will be charged upon the applicants for the same.

2. The charge made for the Surveys of the boundaries of Runs, will be at an

uniform average rate of Two pounds for every mile of linear measurement.

3. A computation will be made of the expense of measuring the boundaries of each Run, according to the description furnished by the Applicant, and the party entitled to claim the lease will be informed of the amount, with a view to the same being paid into the Treasury, which must be done before any order can be given for the Survey. If the payment be delayed for more than three months after notice has been given of the amount, the party will be required to pay any additional expense to which the Government may, in consequence, be subjected.

4. Persons, whose claims to leases under the 11th section of chapter II. of the Order in Council, have been admitted, will be allowed, previously to the issue of the Leases, to subdivide their runs into portions of not less extent than will be sufficient for the maintenance of four thousand sheep, or their equivalent in cattle, and to obtain separate leases for the same, subject to the following conditions:—

(1.) The measurement of the boundary lines shall be made under the direction of the Officers of the Survey Department.

(2.) The Government will reserve to itself the right, in every case, of modifying the boundaries proposed for the subdivision of the Runs, so far as may be necessary to render them conformable to the under-stated rules; and the persons employed in the survey and measurement thereof, will be instructed to adjust and describe the boundaries accordingly.

(3.) Subject to such deviations as the general features of the country—the adoption of natural boundaries, and the share of the Run to be divided may require, every subdivision of a Run must be in a compact block of rectangular form, in which the external lines shall run east and west and north and south.

(4.) The subdivisions must be so made as to secure to each of the reduced Runs a fair and adequate share of the water requisite for the beneficial use of the pasturage.

5. Any person desirous of availing himself of this regulation, must make application to his Honor the Superintendent, at Melbourne; or the Chief Commissioner of Crown Lands in Sydney, describing, in general terms, the manner in which he wishes his Run to be subdivided. On receiving such application, a computation will be made of the probable expense of measuring the boundaries of the several Runs, for which

separate leases are desired, and the applicant will be required to pay the amount into the Colonial Treasury before the survey is ordered.

E. DEAS THOMSON.
