Published by Authority.

WEDNESDAY, FEBRUARY 7, 1849.

Colonial Secretary's Office,
Sydney, 10th January, 1849.

HIS Excellency the Governor has been pleased to direct for the information of the public, the republication of the Regulations of 1st March, 1843, respecting the sale of land in this Colony, under the Act of Parliament, passed in the 5th and 6th year of Her Majesty's reign, c. p. 36.

By His Excellency's command,
E. DEAS THOMSON.

Colonial Secretary's Office,
Sydney, 1st March, 1843.

LAND REGULATIONS.

THE recent passing of the Act of Parliament, 6th Victoria, chapter 36, regulating the Sale of Land in the Australasian Provinces, having rendered some alterations necessary in the mode of selling Crown Lands in the Colony of New South Wales, His Excellency the Governor, with the advice of the Executive Council, is pleased to declare, that the regulations hitherto in force relative to the Sale of Land, shall, from the publication of the present notice, be cancelled, and the following regulations be established in their stead.

Periodical sales to be held by Auction.

1. There must be held once at least in each of the four usual quarters of the year one or more public sales by auction; but sales will be held oftener if there be a demand for land, and all sales, except as hereinafter mentioned, must be by auction.

2. Lands will be brought forward for sale by auction in three different classes.

Classes of Lots.

1. Town Lots.
2. Suburban Lots.
3. Country Lots.

Town Lots.

(1.) The Town Lots will comprehend all lands within the actual boundaries of towns, and will differ in no respect from what have hitherto been called Town Allotments.

Suburban Lots.

(2.) Suburban lots will comprehend all lands, lying within five miles of such towns, the five miles being determined by section lines, north and south, east and west, not less than five miles from the outer limits of the towns in each direction. But under the provisions of the Act above referred to, it will be competent for the Governor to exclude any such last mentioned land from the class of suburban lots, if he shall consider that they will not derive any increased value from their vicinity to any such town.

Country Lots.

(3.) The country lots will comprehend all other lands.

Intended sales to be notified.

3. The intention of holding sales of land will in future be notified to the public in two ways, that is to say, by common notice and by proclamation.

Mode of notifying sales.

4. A notice will convey to the public only an intimation of the general intention of government. It will be of a less formal nature than a proclamation, and may be at any time cancelled or altered by another notice; a proclamation will be of a more formal character. The exact number of lots to be sold, and the situation and extent of each, will always be specified in such proclamation, as will the intended day of sale; and though the power must be reserved to the government.

of altering or amending a proclamation by the issue of another, such power will rarely be exercised, and only for some sufficient reason.

Sales to be notified not earlier than three nor later than one month.—Reservation of right of withdrawing lots from sales.

5. A proclamation will never be issued earlier than three months, and except on particular occasions, never later than one month, before the day of sale; and though the right must also be reserved to the government of withdrawing any lot or number of lots from sale, even up to the moment of the fall of hammer, this right will, after the intended sale of such lots shall have been proclaimed, only be exercised in cases of necessity, and not for the sole purpose of bringing the lots forward for sale at some future period at a higher upset price.

Lands and Allotments to be brought forward for sale as may be arranged by the government.

6. The time and manner of bringing forward lands for sale, as well as the determination of the size of the allotments in which they are to be sold, are matters for the arrangement of Government on the reports of the Surveyor General, subject, however, to the restrictions imposed by the Act, which are, first, that no land shall under any circumstances be put up at less than twenty shillings per acre; and secondly, that of country lots, brought forward for the first time, not more than one tenth shall be put up at a higher price than twenty shillings per acre.

Applications may be made for land in particular localities.

7. Persons desirous of obtaining lands in particular localities may make application to have such lands surveyed and brought forward for sale, and their wishes will be complied with as far as circumstances may permit; but much inconvenience to the government, expense to the Surveyor General's Department, and disappointment to individuals, having been found to result from the regulations under which parties were led to expect that lands in any part of the Colony, within the established counties, could be surveyed and brought to sale immediately on their applying for them, or within an interval of only a few months, it is to be understood in future, that the government does not bind itself to bring forward such lands for sale within any specified period. The applications in such cases must be made in the form (A) annexed, and are to be addressed in respect of lands situated in the middle or Sydney District, to the Surveyor General at Sydney, and in respect of such as are situated in the southern or Port Phillip District, to the Senior Surveyor resident at Melbourne.

FORM OF APPLICATION.

(A)
Application of (1) of (2)

for permission to purchase Land

Dated,

SIR—Being desirous to purchase the following of land, I request you will obtain the Governor's authority that may be put up to sale, agreeably to the regulations contained in the government order of viz:—(3) I am free, and arrived in the colony by the ship from in the month of

I have the honor to be,

Sir,

Your most obedient servant,

To the Surveyor General.

(1.) Write Christian and Surname legibly, and at full length.

(2.) State accurately the usual place of residence, that the reply may be duly forwarded.

(3.) Describe exactly the particular spot alluded to.

8. But though the government reserves to itself the right of bringing land forward for sale, whether in the country or in towns, in allotments of such size and extent as may appear from time to time, to be best suited to the public demand, the following general rules will be departed from as little as possible:—

Grazing Lands to be in lots not exceeding 640 acres,

(1) Grazing lands will be sold by auction in sections never exceeding 640 acres; 640 acres being the largest quantity which can be sold by auction in one lot, by the 4th clause of the 6th Victoria, No. 36.

Special country lots,

(2.) Lands suited for cultivation, or likely to be purchased for small farms, and which will be designated as "Special Country Lots," will be sold in portions of from 20 to 320 acres.

Size of town lots,

(3.) Building ground in minor towns, or villages will be sold generally in half acre allotments; but in large towns, or in places likely to become the chief towns of extensive districts, building allotments will not exceed a quarter of an acre.

Size of Suburban lots,

(4.) In the neighbourhood of towns of either description, suburban allotments will be laid out and sold, varying from 2 to 640 acres.

No lands to be sold excepting in proclaimed counties.

(5.) Except under special circumstances, no lands will be sold which are not comprehended within counties, the boundaries of which have been (at least provisionally), proclaimed.

Deposit.

9. A deposit of 10 per cent., is in all cases to be paid, as heretofore, on the fall of the hammer, and the remainder within one calendar month, or the Land and the deposit will be forfeited.

Conditions of sale to be announced.

10. In minor particulars, the sales of Crown Lands will be conducted according to conditions which will be announced in the room, previously to the commencement of the sale.

Country and special country lots put up and not bid for, may be claimed without competition.

11. Lands of the third class, namely, country lots, and including such as are designated "special country lots," which may have been exposed to public competition, at auction, subsequent to the date hereof, but not sold, may at any time be had at their upset price, by the person or persons who may first apply and pay for them, at the Colonial Treasury of the district wherein they are situated. This regulation, however, does not extend to town or suburban allotments, nor to any land that may be held under License from the Crown, until the expiration of the same.

Country and special country lots obtainable without competition after deposit forfeited.

12. Lands also will be open to selection in the same manner, which, after having been sold by auction, may have reverted to the Crown, in consequence of the forfeiture of the deposit paid on them at the time of sale; and the price at which such lands may be obtained will be that at which they were sold at auction less the amount of deposit paid and forfeited on them.

The full price to be paid at the time of claiming.

13. The full price of each such allotment must be paid at the Treasury Office of the district, by the party at the time of claiming it; and no claim on the part of any individual will be established, or officially noticed, until the whole of the purchase money shall have been paid.

Form of application for land without competition.

14. Every such selection, without competition, must be made in writing, in the annexed form, (B) and delivered personally at the Treasury Office of the district in which the land is situated, by the party himself, or an agent on his behalf, and must contain the Christian and surnames legibly written at full length, and the residence of the party in whose favour the Deed of Grant for the land is to be made out, and in which no alteration will subsequently be allowed. It is also to be distinctly understood, that no land once selected and approved, as in conformity to these Regulations, will, under any pretence, be allowed to be afterwards changed.

RETIRED OFFICERS.

HIS Excellency the Governor has been pleased to direct that the following notice, containing an amended scale of remission to be allowed to Officers in the purchase of Land, issued from the Office of the Secretary of State in August, 1848, for the use of Officers purposing to settle in the British Colonies, and having reference to the Regulations for the disposal of Land in the Australian Colonies, shall be re-published here for the information of all persons interested.

By his Excellency's Command,
E. DEAS THOMSON.

(Copy.)
**INFORMATION FOR THE USE OF
MILITARY AND NAVAL
OFFICERS PURPOSING TO
SETTLE IN THE BRITISH
COLONIES.**

1. The Colonies in which Military and Naval Officers are allowed privileges in the acquisition of public Lands are the following;—First,—the Australian settlements, consisting of New South Wales, Van Diemen's Land, South Australia, Western Australia, and the Northern Province of New Zealand; Secondly,—Ceylon; Thirdly,—the Cape of Good Hope; and Fourthly,—Nova Scotia and

Cape Breton, the only province in North America where privileges are still allowed.

2. In the different Australian Settlements, in Ceylon, and at the Cape of Good Hope, land is disposed of by sale only; but Officers purchasing land, are allowed a remission of the purchase money, according to the undermentioned scale;—

Field Officers, of 25 years' service and upwards, in the whole	£600
Field Officers, of 20 years' service and upwards, in the whole	500
Field Officers, of 15 or less years' service, in the whole	400
Captains, of 20 years' service and upwards, in the whole	400
Captains, of 15 years' service or less, in the whole	300
Subalterns, of 20 years' service and upwards, in the whole	300
Subalterns, of 7 years' service and upwards, in the whole	200
Subalterns, under 7 years' standing, are not entitled to any remission in the purchase of land	

Regimental Staff Officers, and Medical Officers of the Army and Navy, are allowed the benefit of this rule.

In Nova Scotia and Cape Breton, allotments of land are granted to Officers on the following scale and conditions:—

To a Lieutenant-Colonel	1200 acres.
To a Major	1000 acres.
To a Captain	800 acres.
To a Subaltern	500 acres.

3. Officers of the Army or Navy, proposing to proceed to the Colonies, in order to take advantage of this indulgence, should provide themselves with certificates from the office of the Commander-in-Chief, or of the Lords Commissioners of the Admiralty, or of the Master General of the Ordnance, showing that their emigration had been sanctioned, and stating exactly their rank and length of service. No document from the office of the Secretary of State is necessary.

4. Officers on half-pay, residing in the colony where they propose to settle, are admitted to the privileges of Military and Naval settlers, without referring to this country for testimonials, provided they can satisfy the Governor that there is no objection to their being allowed the indulgence, and that the statement of their rank and length of service is accurate; and provided, if they belong to the Navy, they produce their letter of leave of absence from the Admiralty.

5. Military Chaplains, Commissariat Officers, and officers of any of the Civil Departments of the Army; Pursers, Chaplains, Midshipmen, Warrant Officers of every description, and Officers of any of the Civil Departments of the Navy, are not allowed any privileges in respect of land. Although members of these classes may have been admitted formerly, and under different circumstances, they are now excluded. Mates in the Royal Navy rank with Ensigns in the Army, and Mates of three years' standing, with Lieutenants in the Army, and are entitled respectively to corresponding privileges in the acquisition of lands.

6. Gentlemen who have ceased to belong to her Majesty's Service are not allowed the advantages to which they were entitled

while in the Army or Navy. This rule, however, is not to affect officers who desire to quit the service, for the express purpose of settling in the colonies; it is only required, that when they resign their Commissions, they should apply for a certificate from the Commander-in-Chief, or from the Lords Commissioners of the Admiralty, or from the Master General of the Ordnance, that they do so with the view of emigrating, and such certificate, if produced to the Governor of any of the colonies before-mentioned within one year from its date, but not otherwise, will be a sufficient warrant for allowing the bearer the same advantages as officers who are still in her Majesty's service.

7. An actual residence of two years in the colony must be proved before the titles can be granted, except in cases in which death may have occurred before the expiration of that period.

8. For the convenience of officers, the following heads are subjoined of the rules for the sale of land in the Australian settlements:—

All lands are disposed of by sale alone, and must have been once at least exposed to public auction.

The lowest upset price is not less than £1 per acre; but the Government has power to raise the same by Proclamation, though not again to reduce it.

The lands are distinguished into three different classes; viz. Town Lots, Suburban Lots, and Country Lots.

Upon Town and Suburban Lots, as well as upon a proportion not exceeding one-tenth of the whole of the Country Lots offered for sale at any auction, the Governor has the power of naming a higher than the general or lowest upset price; these last to be designated "Special Country Lots."

Town and Suburban Lots are in no case disposed of except by public auction; but Country Lots, which have already been put up to public auction, and not sold, may be disposed of afterwards by private contract at the upset price.

No lands are sold by private contract, except for ready money. When sold by public auction, one-tenth at least of the whole purchase money must be put down, and the remainder within one calendar month, or the deposit is forfeited.

Lands are put up for sale in lots not exceeding one square mile in extent.

9. In Ceylon, land is sold by auction at an upset price, which is to be fixed by the Governor, but which is not to be less than £1 per acre. Before the lands are exposed for sale, they will be surveyed by the Government and duly advertised.

10. The several prices above-mentioned are of course subject to a revision at any time by the proper authorities, and the pecuniary amount of the remission made to officers cannot be increased on account of an increased value set upon the lands.

August 1848.

Colonial Secretary's Office,
Sydney, 20th January, 1849.

HIS Excellency the Governor directs the republication, for the information of the departments and others concerned, of the following notices.

By His Excellency's Command,
E. DEAS THOMSON.

Colonial Secretary's Office,
Sydney, 20th February 1841.

HIS Excellency the Governor directs it to be notified, that all petitions or applications from or on behalf of any Prisoner of the Crown, upon which His Excellency's decision may be required, and which may not be specially directed under any regulation to be sent through the Bench of Magistrates, or otherwise, are in future to be addressed direct to the Principal Superintendent of Convicts, who will obtain and communicate the Governor's pleasure thereon.

All communications of officers in charge of convicts, magistrates; and assignees in matters relating to convicts, are in like manner to be transmitted through the same officer.

By His Excellency's Command,
E. DEAS THOMSON.

Colonial Secretary's Office,

FAMILIES OF CONVICTS.

HIS Excellency the Governor directs it to be notified, that Her Majesty's Government have determined to revive the practice of forwarding to this Colony, at the public expense, the wives and families of married convicts who have become free by pardon or otherwise, or who have obtained tickets-of-leave, and who may be recommended by the Governor as worthy of that indulgence.

2. Those persons who have already obtained tickets-of-leave, or any higher degree of liberty, or whose terms of transportation have expired, and who may be desirous of being joined by their families, will make application in the annexed form, to the Principal Superintendent of Convicts.

3. Every such application must be supported by the recommendation of two or more respectable persons known to the Government, and satisfactory assurance must be afforded that the applicant has the means of supporting his family.

4. In like manner, convicts at present under sentence will be allowed to apply for the above indulgence, as soon as they have received tickets-of-leave, but not before.

5. Those persons whose applications were forwarded to the Secretary of State under the regulations of 6th May, 1833, but were not then complied with will be required to make fresh applications in the accompanying form.

By His Excellency's Command,

FAMILIES OF EXILES.

HER Majesty's Government having determined to defray a moiety of the expense of conveying to this colony, the families of those married persons who arrived at Port Phillip as "Exiles" from Great Britain, His Excellency the Governor directs it to be notified, that in any case in which the exile shall place in the hands of the Local Government a sum sufficient to cover one-half the expense of conveying his wife and children to the colony, the other half will be defrayed by the Home Government.

Persons of this class, therefore, who are desirous of availing themselves of this indulgence, will make application accordingly to His Honor the Superintendent of Port Phillip, if still resident in that district, or otherwise to the Principal Superintendent of Convicts in Sydney.

As, however, it will not be possible to predetermine the actual expense of providing passages for each such family, the applicants will be required to deposit in the colony such a sum of money as will cover one moiety of the probable expense, calculated according to the following scale, and the balance (if any) after paying a moiety of the actual expense incurred, will be returned to the parties, namely:—
