CROWN LANDS BEYOND SETTLED DISTRICTS.

PURCHASE OF PORTIONS OF LICENSED RUNS.

WITH a view to carry into effect the intention of the sixth section of Chapter II, of Her Majesty's Order in Council, dated 9th March, 1847, which confers on Lessees of Crown Lands beyond the Settled Districts, the right of purchasing, during the continuance of the Lease, portions of their Runs without competition; and in order to obviate the inconvenience which would be experienced if those who are entitled to exercise that right were compelled to await the issue of Leases, His Excellency the Governor, with the advice of the Executive Council, has been pleased to notify, that all Licensed occupants of Crown Lands in the intermediate and unsettled Districts, who may desire to purchase portions of their Runs, with a view to obtain at once the right of raising produce for sale, or for any other purpose, are now at liberty to forward their applications so to purchase, in conformity with the Rules laid down in the above Order in Council, as hereunder enumerated: Provided that their claims to lease the particular lands which they desire to buy, be not the subject of any unsettled dispute before the Boundary Commissioners; and that they be, in all other respects, unquestioned.

2. The conditions specified in Her Majesty's Order in Council are as follows:—

- (1.) The extent of Land so to be purchased, must in no case be less than 160 acres.
- (2.) If the lot sold to the Licensee be less than 320 acres, the expense of measuring it must be borne by the purchaser.
- (3.) The price to be paid for any such Lot cannot be less than the general minimum price of one pound per acre; but if there be reason to suppose that any Lands so applied for, possess peculiar advantages, whether of water frontage or otherwise, which would render it fit that a higher price should be paid for such Lands, the Governor may require the land to be assessed by valuers, appointed in the manner directed in the third section of chapter II, of the said Order in Council.

(4.) Each lot must be rectangular, unless the features of the country, or the course of any river or stream, render a deviation from the rectangular form necessary; and in every case, two sides at least, of the lot must be directed to the cardinal points of the compass.

(5.) The two opposite sides of any stream or watercourse which, according to the practice of the department of the Surveyor General, ought to form a Boundary between different sections or lots, shall in no case be included in the same lot.

(6.) No single lot shall have more than 440 yards of water frontage, for 160 acres, or more than a like proportion of water frontage for any quantity greater than 160 acres, but the water frontage shall be reckoned according to the distance from one extreme point thereof to the other in a right line, and not according to the bendings of the watercourse or river: And the Governor, or other Officer duly authorised in that behalf, shall have the right of refusing to sell any Lot or Lots, in every case where it may appear to him that the sale of such Lot or Lots respectively, might give an undue command over water required for the beneficial occupation and cultivation of the Lands adjoining either side of any stream or watercourse.

3. It is of course to be distinctly understood that the Government is not pledged to comply with any such application to purchase, even though the right of the Applicant to the Lease be unquestioned. The Government will still exercise the right conferred by the eighth section of chapter II, of the Order in Council, to except from any such sale all such lands as it may appear expedient to reserve for any of the purposes therein referred to.

4. Persons desirous of availing themselves of this Regulation, should address their applications to the Chief Commissioner of Crown Lands, in Sydney, or to His Honor the Superintendent of Port Phillip, if their Runs be situated in that District. These applications should show the Commissioner's District, the name of the Licensee, the name of the Run, and should set forth, as accurately as possible, a description of the Land applied for.

5. As this privilege of purchasing will remove all excuse for the sale or barter of produce raised upon Lands held from the Crown for pastoral purposes only, His Excellency desires it to be notified, that such sale or barter will be strictly prohibited in future.

By His Excellency's Command,
E. DEAS THOMSON.

Colonial Secretary's Office,
Sydney, 11th June, 1850.

CROWN LANDS BEYOND THE SETTLED DISTRICTS.

(RENEWAL OF PASTURAGE LICENSES.)

HIS Excellency the GOVERNOR, with the advice of the Executive Council, directs it to be notified for general information, that the state of the survey not yet admitting of the issue of Leases for Runs beyond the Settled Districts, all existing Licenses for the occupation of Crown Lands so situated, will be renewed on the 1st July next, on

the same terms as Licenses have been granted for the now current year, subject of course to the adjustment of the License fee, according to the quantity of Stock returned by the Commissioner as pastured on every such Run.

2. The Licenses must be taken out on or before the 30th day of September next.

3. If within the year commencing on 1st July next, the Governor shall be in a position to grant Leases of Runs under Her Majesty's Order in Council, any Licensee under this Notice, who may obtain a Lease, will receive credit in the payment of his first year's Rent, for so much of the amount paid for his License, as may be proportionate to the unexpired part of the term for which the License was granted.

By His Excellency's Command,
E. DEAS THOMSON.
