CONDITIONS.

1. All the articles required by this notice are to be of the best quality of their several kinds.

2. The Flour and Bread must be the produce of clean sound Colonial wheat, from which, when forming part of the Ration to Prisoners of the Crown, 10 per cent., and in all other cases, 20 per cent. has been extracted in bran and waste.

3. Beef and Mutton to be issued in such proportions as may be required for the Ration to Immigrants, and when the quantity admits of it, this, as well as the Convict Ration of Beef to be delivered in fore and hind quarters alternately.

6. The Tobacco to be Colonial.

7. 14. The supplies are to be delivered at the nearest station, on the requisition of the Officer in charge.

15. The Tenders for Provisions and Forage, when required by Rations, according to the scale under their respective heads, are to express the price per Ration only.

16. The Tenders for Forage are not required to state the price of the Ration for Oxen, as when the latter is required, one half of the allowance fixed for Horses will be drawn, and one half the price allowed to the Contractor, whose engagement will be to provide for both Horses and Oxen.

17. In the event of a difference of opinion between the Contractor and the party receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey, composed of persons named by the Government, according to the practice of the Service. But in Country districts, where such a Board of Survey cannot be conveniently assembled, the party objecting will name one person as arbitrator, the Contractor or his agent another, and these two will (previously to any other proceeding on their part) concur in naming a third as umpire, who, in the event of the arbitrators not agreeing in opinion, will be called upon for his decision, which shall be final.

18. If the Board, arbitrators, or umpire shall decide that the article is not of proper quality, it must be immediately replaced by the Contractor, failing of which, it will be procured by the Department requiring it, and the expense charged to the Contractor.

19. In the event of any unnecessary delay, or failure of the Contractor to supply the articles when required, they will be otherwise procured, and charged in like manner.

20. In cases where the article is of a perishable nature, or from some other cause injury would be sustained, either by the parties to whom the Rations are due, or to the Contractor, by waiting for a Board of Survey, the head of the Department, or Officer in charge of the party or parties for whom the Rations are to be received, shall have power to reject, at the place of delivery, such article or articles as are obviously of inferior quality—it being distinctly understood, that he will be responsible to the Government for so doing; and that the Contractor will have a right to appeal to the Governor, although, in the meantime, he must take back the rejected article, and supply good in its stead, failing of which it will be obtained by the Officer or party requiring it, and the expense charged to the Contractor.

21. A repetition of irregularity in the quality or quantity of the supplies, or of any delay in delivery or replacing them when required, will also subject the Contractor, upon the report of the Officer in charge of the parties or establishment, to such mulct, not exceeding one-fourth the amount of his monthly account, as the Governor-General may direct. It will also be in the power of the Governor-General, upon such repetition, to terminate the Contract forthwith.

22. It will be in the power of either party to limit the duration of the Contract, by giving in writing, a notice of three full calendar months to the opposite party, and to end the Contract at the expiration of that period, it being understood that such notice can be given only from the first day of a month, and within the period for which the Contract is made, or agreed to be made.

23. The Contractor will be required to prepare his own cash account, monthly or quarterly, in the prescribed form; and on the production thereof, with the requisite vouchers, in a complete state to the Officer receiving the supplies, the same will be forwarded by the latter to the Auditor General, in order that a warrant may be prepared and payment made from the Colonial Treasury.

24. The value of all packages to be included in the prices demanded.

25. Printed forms of Tender may be obtained at this Office, or from the Police Magistrates or Benches of the several Districts; and at the foot of every Tender, there must be a Memorandum, signed by the party tendering, and two responsible persons as sureties, agreeing to be responsible for the due performance of the contract, in the event of the Tender being accepted, and undertaking in that event, that they will severally execute and deliver, within one month from the usual notification of acceptance, a bond to Her Majesty, for securing such performance, otherwise such Tender will not be taken into consideration.

26. The Tenders to contain the names of the Tenderers and their Sureties, and places of residence at length.

27. Each Tender must be in the form referred to in paragraph 25, and enclosed in a separate envelope, marked "*Tender for provisions, &c.*"

28. Further particulars and information may be obtained on application at this Office, to the Auditor General, and to the several Police Magistrates or Benches.

29. The Party tendering, or an Agent authorised in writing to act for him, is requested to attend at this Office, at the time appointed for receiving the Tenders, to afford such explanation or information as may be required.
