**CROWN LANDS.**

**MEASUREMENT OF RUNS OBTAINED BY TENDER.**

**H**IS Excellency the GOVERNOR-GENERAL with the advice of the Executive Council, has been pleased to establish the following Regulations in regard to the measurement of Runs of Crown Lands beyond the Settled Districts, obtained by Tender under the provisions of Her Majesty's Order in Council of 9th March, 1847, namely:—

**NEW RUNS.**

1. The principle which, according to existing Regulations is applicable to Runs that were under licensed occupation previously to the promulgation in the Colony of the Order in Council, will be extended to New Runs *heretofore* obtained by Tender under the provisions thereof, that is to say, in any case where the Tenderer has set forth in his Tender, a clear description of the Run for which he applied, and of the boundaries of the same, as required by the 13th section of Cap. II of the Order in Council, he will not be expected to be at the cost of measurement; but in every case in which the

description furnished by the Tenderer is insufficient for purposes of identity, the Run will be measured at his cost previously to the issue of the Lease. The measurement, if effected by a private Surveyor, will be subject to the approval of the Government, and if by a Government Surveyor, will be charged for at the rate laid down in the Notice of 1st January, 1850, namely:—ten shillings per linear mile.

2. In every case of a new Run hereafter to be tendered for, the Tenderer will be required to procure a measured description at his own cost, in the manner last described before the issue of the Lease.

**ADJUSTED, VACATED, OR FORFEITED RUNS.**

3. Adjusted, vacated, or forfeited Runs, will also require to be measured before the issue of the Lease; but as in cases of this kind the descriptions according to which the Tenders have been made, were prepared or adopted by the Government, the measurement will be effected at the public cost, as well with respect to past as to future cases of the kind.

4. In future all adjusted, vacated, or forfeited Runs, will be properly measured before they are offered for public competition.
