Melbourne, 1st January, 1851.
**LICENSES TO CUT TIMBER ON
CROWN LANDS.**

PORT PHILLIP DISTRICT.

*Former regulations cancelled. New to take
effect from 1st January, 1851.*

NOTICE is hereby given that the regulations dated the 21st May, 1839, relating to the issue of licenses for cutting timber on Crown Lands, are hereby held to be cancelled, and the following substituted in lieu thereof, to take effect upon and after the 1st day of January 1851.

Applications to be made to the Commissioners.

I. Applications for licenses to cut timber on the vacant crown lands to be addressed to the Commissioner of crown lands for the district in which they will be made use of.

Recommendation required.

II. Every such application must be supported by the recommendation of at least two respectable persons to the satisfaction of the commissioner.

Directions given to issue licenses.

III. The crown commissioners are authorised to exercise a full discretion in the giving or withholding the licenses applied for according to the merits of each case.

Applications to be filed.

IV. Applications for licenses shall be filed of record by the commissioner to whom they may have been addressed, for the convenience of future reference if need be.

Return of applications how to be made.

V. A return of all applications granted or refused is to be made monthly to the Sub-Treasurer by the commissioners. These returns should briefly state the grounds of the decision in any case where the commissioner may have seen fit to refuse the license applied for.

License personal.

VI. The license will be personal, and

will entitle no one, but the actual holder to any privilege whatsoever; neither will it be transferable.

A separate license must be taken out by every person actually employed in felling, cutting, sawing, splitting, or removing timber from crown lands; as well as dead timber, underwood, or roots cut for fuel, or growing timber cut for other purposes.

Lessees may cut timber for certain purposes without license.

VII. The preceding regulation does not apply to the lessee, or licensed occupant of crown lands beyond the settled districts, who is at liberty to cut any timber growing thereon for domestic uses, for firebote, fencing, or other convenience for the enjoyment of the land; but not for sale or barter.

No such privilege however is or can be conceded as a matter of right to the lessee of the crown within the settled district.

Fees.

VIII. The fee for a license to cut and remove firewood, shall be £2 per annum, and for a sawyer or splitter £5; which must be paid to the crown commissioner previous to the issue of the license.

The sums paid to the crown commissioners are to be accounted for, and paid over to the Sub-Treasurer monthly.

Operation of license.

IX. The licenses shall be operative only within the commissioners district for which they are granted.

How available in another district.

X. Licenses granted for one district may be made available in another without the payment of any additional fee, provided that the licensee obtain the written consent of the commissioner of such last mentioned district; to be endorsed on the license, and recorded in the office.

Duration of license.

XI. The license shall be in force for twelve months, from the 1st of January

in each year licenses taken out on, or after the 1st July shall, in like manner, determine on the 31st December; but they will be charged only half the regulated fee.

Licenses to be notified.

XII. A return will be published from time to time, in the *Government Gazette*, of all timber licenses issued, and also of forfeiture, if any, on account of infringement of these regulations.

Licenses to extend only to vacant crown lands.

XIII. It is to be distinctly understood that licenses granted under these regulations will extend only to the vacant crown lands in the districts for which they are granted: and that they do not extend to any lands which have been, or may hereafter be reserved by public notification to that effect.

Renewal of licenses.

XIV. Persons holding licences under these regulations may renew them annually, on payment of the regulated fee, without any fresh recommendation, unless the crown commissioner may be aware of any assignable reason for declining a renewal of license in any particular case.

The commissioners of crown lands within and beyond the settled districts are charged with the prosecution of persons illegally cutting timber on crown lands.

Seizure of timber.

XV. The crown commissioner or constables shall seize all timber cut by unlicensed persons, and all cut timber lying on crown lands, which they may have cause to believe has not been cut by a person duly authorised to cut the same.

To avoid misapprehension it is further stated, that the local Act 9th Vict. No. 14, commonly called the "Dead Wood Act," is held applicable to the removal of fallen timber, whether dead or green, from crown lands; and that under the 7 and 8 Geo IV. ch. 29, a warrant is not necessary for the apprehension where a man is taken in the fact of cutting, or removing wood already severed from the freehold of the Queen.

To be sold.

XVI. All such timber, when seized is to be marked with the broad arrow, sold and the proceeds duly accounted for.

Forfeiture of license.

XVII. Any breach of these regulations by persons holding licenses, will involve the forfeiture of the same.

CONDITIONS.

1. All the articles required by this notice are to be of the best quality of their several kinds.

2. The flour and bread must be the produce of clean sound colonial wheat from which on the ration of emigrants, surveying parties border police, 20 per cent, and on the ration to prisoners of the crown 10 per cent. has been extracted in bran and waste.

3. Beef and mutton to be issued in such proportions as may be required, and when the quantity admits of it, to be delivered in fore and hind quarters alternately.

4. The maize meal to be similar in quality to the wheat meal, and to be twice ground.

5. When it may be necessary to substitute one article for another, the following proportions are to be observed, viz., 1 lb wheat flour or 1 lb biscuit equal to 1½ lb bread; 1 lb salt beef or 1 lb mutton, or 10 oz salt pork, equal to 1 lb of fresh beef.

6. The tobacco to be the best colonial.

7. The above substitutions are not to be made except on the requisition of the officer authorised to draw the several rations.

8. Vegetables to be supplied in reasonable proportions of potatoes, greens, pumpkins, onions, &c. &c.

9. The supplies for road parties and surveying parties are to be delivered at the nearest fixed stations to the places where the party may be employed, on the requisition of the officer in charge; and in case the whole ration of forage be not required or delivered, each of the species to be reckoned as the portion of the ration undermentioned:—The maize or barley 4-12—the hay 5-12—the bran, 2-12—the straw 1-12.

10. The supplies (not specified in the preceding paragraph) are to be delivered direct to the parties or establishments entitled thereto, on the written order of the person duly authorised for the purpose.

11. Provisions and forage, when required by rations, according to the scales under their respective heads, the tenders are to express the price per ration only.

12. The tenders for forage are not required to state the price of the ration for oxen, as when the latter is required, one-half of the allowance fixed for horses will be drawn, and one-half the price allowed

to the contractor, whose engagement is to provide for both horses and oxen.

13. In the event of a difference of opinion between the contractor and the party receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey, according to the practice of the service. But in country districts, where a Board of Survey cannot be conveniently assembled, the party objecting will name one person as arbitrator, the contractor or his agent another, and these two will (previously to any other proceeding on their part) concur in naming a third, as umpire, who, in the event of the arbitrators not agreeing in opinion, will be called upon for his decision, which shall be final.

14. If the board, arbitrators, or umpire shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing of which it will be procured by the department requiring it, and the expense charged to the contractor.

15. In the event of any unnecessary delay or failure of the contractor to supply the articles when required, they will be otherwise procured and charged in like manner.

16. In cases where the article is of a perishable nature, or from some other cause, injury would be sustained either by the parties to whom the rations are due or the contractor, by waiting for a Board of Survey, the head of the department or officer in charge of the party or parties for whom the rations are to be received, shall have the power to reject such article or articles as are obviously of inferior quality; it being distinctly understood that he will be responsible to the government for so doing; and that the contractor will have a right of appeal to the Governor, although in the meantime he must take back the rejected article and supply good in its stead, failing of which it will be obtained by the officer or party requiring it, and the expense charged to the contractor.

17. A repetition of irregularity in the quantity or quality of the supplies, or of any delay in delivering or replacing them when required, will subject the contractor, upon the report of the officer in charge of the parties or establishment, to such mulct, not exceeding one-fourth the amount of his monthly account, as the Governor may direct. It will also be in the power of the Governor, upon such repetition, to terminate the contract forthwith.

18. It will be in the power of either party to limit the duration of the contract, by giving in writing a notice of three full calendar months to the opposite party, and to end the contract at the expiration of that period, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made or agreed to be made.

19. The contractor will be required to prepare his own account, monthly or

quarterly, in the prescribed form; and on the production thereof, with the requisite vouchers in a complete state, to the Sub-Treasurer for examination, and upon their approval, payment will be made by him at Melbourne.

20. The value of all packages to be included in the price demanded.

21. Printed forms of tender may be obtained from the Sub-Treasurer; and a security of £2000 will be required for the due fulfilment of the contract. No tender can be attended to unless accompanied by a certificate from two responsible parties proposed as security, stating they are willing to become bound as securities for the contractor accordingly, and the bonds must be executed within twenty days from the day of acceptance of the tender being notified, failing of which the contracts will be again advertised or another tender accepted.

22. The tenders to contain the names of the tenderers and their sureties, and places of residence at length.

23. All tenders to be enclosed in a separate envelope, and marked "Tender for Provisions, &c" and to be deposited in a box marked "Tenders" at the western entrance of the Government Offices.

24. The tenders must include the whole of the rations and separate articles above mentioned.

25. The tenders are to be given in for the undermentioned districts, which may be tendered for separately or collectively. When the latter is the case each locality, as given below, must be stated in the tender.

1. Melbourne, including the county of Bourke, the Mounted and Police Stations on the Goulburn and Broken Rivers, and any other stations on or near the Sydney Road within the Port Phillip boundary, also the Aboriginal Stations at the Goulburn and Loddon.

2. Geelong, including the county of Grant.
