2. Each prisoner will also be allowed the advantage of the Task-work system, to enable him to obtain his Ticket before the expiration of the above period according to the amount credited to him.

3. A prisoner will forfeit all claim to a Ticket of Leave from misconduct, though by subsequent good behaviour he might be considered eligible for it, in which case his probation would commence from the period of his last punishment, unless circumstances of a favorable nature could be brought forward which might induce the Lieutenant Governor to shorten the period.

4. Tickets of Leave will be issued from the office of the Superintendent of the Penal Department, to all persons eligible to receive the same under these Regulations, and will be granted for one District only.

5. The Officer under whose charge a prisoner may be serving should forward a statement to the Superintendent of the Penal Department of the man's sentence and service, with a report of his conduct as soon as he is due for a Ticket of Leave, upon the receipt of which the Superintendent of the Penal Department will either recommend the application, or offer such remarks as he may think proper, and forward it to the Colonial Secretary for the Lieutenant Governor's decision.

6. Every Ticket of Leave holder shall without delay after the receipt of his Ticket proceed to the District for which he shall have obtained the same, and there immediately report himself to the Police Magistrate or Clerk of the Bench of the Police District in which he is to reside.

11. Passes are to express the object for which they are granted, and must be returned to the benches at the expiration of the period.

12. Every Ticket of Leave holder receiving a Pass, shall report himself immediately on arrival at the Police of the District for which the same is granted.

13. Clerks of Petty Sessions are required to keep a register of all Passes granted by their respective benches, and also of those which are brought to them by Ticket of Leave holders from other Districts.

his District, and he must report to the clerk of the bench whenever he makes a change of residence within the District; the nature of his employment should also be known.

15. Whenever practicable, Tickets of Leave holders are required to attend Divine service.

16. A Return is to be furnished to the Superintendent of the Penal Department by each Police Bench, on the 30th June and 31st December, in each year, of all Ticket of Leave men in the District, and of all Passes granted by the bench, shewing the period and the District for which granted.

#### AMENDED RULES AND REGULATIONS OF THE DENOMINATIONAL SCHOOL BOARD, UNDER WHICH AID MAY BE GIVEN IN THE ERECTION, PURCHASE OR ENLARGEMENT OF SCHOOL BUILDINGS.

THE Board will make grants towards the erection, purchase or enlargement of School Buildings, on the following conditions:

1. In the case of Schools which have not been in previous operation, the person or persons applying for aid shall send in to the Denominational School Board, through the head of the Denomination to which such School may belong, a written statement, with a description of the locality in which the proposed School is to be situated, and a list of the children who are engaged to attend, to the number of not less than thirty, signed by their parents or guardians.

2. In the case of Schools which have been in operation, it will be necessary that a certificate be furnished by the clergyman, or clergyman and Local Board, as the case may be, countersigned by the Inspector, stating that there are no sufficient School Buildings belonging to the School, but that otherwise it has been efficiently conducted, with an average attendance of not less than thirty scholars for the previous three months.

3. In every case, a plan of the site, and of the building or buildings to be erected must be submitted to the Board, with a statement of the number of children who can be properly accommodated, and an authorised estimate of the total expense to be incurred for building, furniture, and apparatus.

4. In giving aid in the establishment of Schools the Board will prefer giving assistance towards the erection of School Buildings on sites granted by Government for educational purposes.

5. Where this is not the case, satisfactory evidence will be required that the site and premises of the School are so vested as to ensure that they shall not be diverted, in any way, from their intended use for public education.

6. Security may also be required, that in the

event of the property being diverted from its original destination, or arrangements made which shall in any way prevent the business of the School from being properly conducted, the sum of money granted by the Board shall be refunded.

7. Before any Grant can be made, a sum of not less than fifty pounds must have been subscribed towards the erection, or of twenty-five pounds sterling towards the enlargement of School Buildings, and a proper site must have been secured.

8. Before any Grant can be paid, a certificate must be furnished by the clergyman, or clergyman and Local Board, as the case may be, that the Schoolhouse has been completed in a substantial manner, of brick or stone, or of other materials if approved by the Board, according to the plan submitted to them, with the signature of the contractor for the building, or other competent person, attached. This certificate must be countersigned by an Inspector or some person authorised by the Board, and the accounts, if required, must be subject to an audit.

9. In the event of buildings being purchased for school purposes, the previous conditions must be complied with, before any Grant can be paid by the Board; but in this case the only certificate required will be that of their Inspector, or such other person as may be authorised by them, to the effect that the building or structure is suitable in all respects for the purpose for which it is intended.

10. If any unnecessary expense is incurred in ornamental work, it will not be allowed for in any way by the Board, but must be provided at the cost of the Managers of the School.

11. Subject to these conditions, the Board will issue Grants of money towards the establishment of Schools, and the erection, purchase or enlargement of School Buildings, out of the funds at their disposal, to an amount not exceeding two-thirds of the total cost of the building, including furniture and apparatus, as previously sanctioned by them.

12. The Board will in no case give assistance towards the repairs of School Buildings; but where they have contributed to their first establishment, they will require that they shall be kept in good repair by the Local Managers.

13. Under the term school buildings, teachers' dwellings will be included, when connected with the school premises, either in an attached or a detached form.
