PUBLIC ACCOUNTS.—IMPRESTS.

IN reference to the fifteenth paragraph of the Regulations of the 1st of January, 1852, respecting Public Accounts, His Excellency the Lieutenant Governor directs the publication of the following revised instructions relative to advances, to take effect on and after the 1st of March, 1853.

1. The term "Advance" is to be discontinued, and the term "Imprest" used in lieu thereof.

2. Heads of Departments and other Officers of the Government will have money imprested to them, from the Colonial Treasury, monthly, to enable them to defray, with due promptitude and regularity, expenses incurred for authorised services under their superintendence.

3. Officers, whose departments or duties are confined to Melbourne, Geelong, or Portland, will receive Imprests for contingencies and wages only.

4. Due Security will be required by the Government from all Officers who may receive Imprests, and also from all subordinate Officers whom it may be expedient to entrust with the custody or expenditure of any portion of such Imprests.

5. On or before the 25th instant, and thereafter, on the 25th of each month, such Officers as may be required to receive imprests will forward to the Audit Office, Melbourne, a statement in the annexed form, (A), showing the particulars of the salaries and contingencies to be defrayed by them in the ensuing month.

6. They will, at the same time, transmit complete accounts of the expenditure of the Imprests received by them for the service of the preceding month. These Accounts will consist of the Bills of particulars, together with Abstracts of the same (distinguishing Salaries and Contin-

gencies), as shewn in the annexed forms, (B), (1) and (2). In the event of it being found impracticable in any case to comply with this rule, the Officer concerned will notify the circumstance in a letter to the Auditor General, and state at the same time the period within which the requisite Accounts will be furnished.

7. No Accounts will be entertained which are not prepared upon a printed Government form, and it will be incumbent on every Officer entrusted with the expenditure of an Imprest, to see that these forms are duly filled up, and that the Accounts are properly completed in accordance with the General Regulations of the Government, and with the particular directions printed on each form.

8. Expenses incurred for the service of a period for which an Imprest is made, must, if possible, be paid out of that Imprest. Should this course be found impracticable in any instance, the Head of Department is to notify the circumstance to the Auditor General when he forwards his adjustment accounts to that officer.

9. In all cases where a Head of Department may find it necessary to place public money in the hands of a subordinate, in order to enable him to pay weekly salaries or other expenses, a receipt must be taken from such subordinate for the amount; and he must be required to hand in accounts, in proper form, of his expenditure, immediately after the period of the services to be liquidated by him has expired, which period is in no case to exceed one week.

10. In the event of any subordinate Officer

having failed to render his Accounts at the time when it is necessary for the Head of Department to adjust his Imprest, the receipt of that subordinate is to be forwarded in lieu of such accounts, and a report must be appended by the Head of Department, stating full particulars of the defalcation.

11. No Officer will be allowed to pay his own Salary out of an Imprest made to him for the service of his department, neither will he be allowed to pay the Salaries of those whom he may entrust with the expenditure of any portion of the Imprest, until accounts of such expenditure have been duly rendered by them in the manner before laid down.

12. Every Officer receiving an Imprest will open an account with one of the Local Banks to be called his "Imprest Account," to which he will place every Imprest he may receive from the Colonial Treasury. On no account may a Public Imprest be blended with a private account. The particular Bank, in which each Imprest Account is opened, is to be communicated to the Colonial Treasurer and the Auditor General; and the former will notify to each Officer, whenever an Imprest has been placed to the credit of his Public Imprest Account.

13. The Auditor General, or other Officer duly authorised by the Lieutenant Governor, will be allowed free access, at all times, to every public Imprest Account, and will have power to call upon any Officer to adjust his Account; and, if requisite, will take the necessary steps for effecting a compulsory adjustment.
