*Claims not allowed to interfere with public interests.*

No claim will be allowed or granted on any ground the working or occupation of which the Commissioners or their assistants shall consider injurious to the interests of the public, such as the interference with the supply of water requisite to the wants of the public, the undermining or digging up of roads, or the erection of stores, tents, or buildings, which may obstruct desirable thoroughfares or interfere with mining.

The Commissioner in charge will have power to impose such conditions relative to the working of such beds of creeks and water holes as the interests of the public may require, and if deemed expedient, to take a deposit from each miner to ensure the due performance of the same.

*Half an Acre of Garden Ground may be granted to Annual Licensees.*

Where it is practicable, the Commissioners may grant to holders of Annual Licenses (on ground not supposed to be auriferous, but in the immediate vicinity of the Gold Field on which such holder resides) land not exceeding half an acre in extent for the purposes of cultivation.
