#### NOTICE TO MARINERS.

His Excellency the Governor General directs the publication, for general information, of the subjoined notice, containing a description of the Light which has been established at Gabo Island, and which he has been pleased to designate the "Flinders Light," in honor of the late Captain Matthew Flinders, Royal Navy, and in testimony of the eminent services rendered by him to the Australian Colonies by the numerous hydrographical surveys which he made of the Coast and Harbors.

By His Excellency's Command,  
E. DEAS THOMSON.

#### FLINDERS LIGHT, GABO ISLAND.

The Lighthouse on Gabo Island, off Cape Howe, is situated in

Latitude ..... 37° 34' 20" South.  
Longitude ..... 149° 54' 40" East.

It was completed and lighted on the 28th November, 1853, and a light will in future be exhibited from sunset to sunrise.

The Lighthouse is a skeleton timber erection, painted white; the roof and framing of the Lantern painted red; and the Ventilating Ball painted yellow.

It stands nearly in the centre of the Island, about three-quarters of a mile from its southern point, upon a sand hill 157ft. Gin. above the sea. The centre of the Light is 21ft. Gin. above the sand, making a total of 179ft. above the sea.

The following Magnetic Bearings are taken from the Lighthouse:—

Cape Howe..... N. 32° E.  
Ram Head..... S.W.  
Variation of Compass..... 11° E.

The Light is a Fixed White Light of the First Class, consisting of 24 Catoptric Lamps in 2 ranges, illuminating the whole horizon.

The Light is eclipsed by a small range of sand hills from S. 15° E. to S. 4° W. (in all 19 degrees), to a distance averaging about 2 miles out to sea.

It is estimated that the Light can be seen 20 miles distant in clear weather.

**N**OTICE is hereby given to all owners or persons in charge of any iron, timber, or other bulky articles left on any pier, jetty, quay, wharf, or landing place in the Colony of Victoria, that in consequence of the great inconvenience to the public caused by the present state of the wharves, instructions have been issued to the proper officers *strictly* to carry out the provisions of the sixth clause of the Act 16th Victoria, No. 12, extracts from which are hereunto subjoined.

HUGH C. E. CHILDERS,

General Post Office,

Melbourne, 3rd January, 1854:

**T**HE immensity of the number of applications made at this Office to have letters forwarded otherwise than directed, or arrested and re-directed in course of proper transmission according to the address, makes invariable attention to such requests impossible. Persons changing residence are therefore requested to give the necessary directions to their correspondents, as, while every possible attention will be rendered to their requests, unvarying and prompt compliance cannot always be ensured without unjustly delaying the circulation of the correspondence of the bulk of the population.

Persons addressing letters to the country districts are particularly requested to use the authorised name of the proper Post Office, without which this Department cannot be responsible for the due forwarding of the same.

A. McCRAE,  
 Postmaster General.
