EXHIBITION.

MELBOURNE, 1854—PARIS, 1855.

Special Instructions for the guidance of Intending Exhibitors.

PUBLIC notice has been given that an Exhibition will be held in Melbourne, in October next, of articles, the natural and artificial productions of this Colony, intended for transmission to the Paris Exhibition, to be held in May, 1855; and also of other articles, the produce of any country, not for transmission to Paris, but to exhibit at Melbourne, and to be subsequently delivered to their respective owners.

The Commissioners have deemed it important that information should be imparted to persons desirous of exhibiting articles on either or both occasions, and it is with this object that the following regulations are published.

GENERAL REGULATIONS.

1. Applications for reserves of space must state the amount in square feet of wall or ground superficies required, and should be sent in before the 5th of September; but, in order that adequate provision may be made to meet the wants of intending exhibitors, it is desirable that such applications be made to the Commissioners as early as possible.

2. The name and address, in full, of the exhibitor, must be ticketed on the specimens in legible characters, and it must be stated whether or not the exhibitor wishes the specimen to be forwarded to Paris, and what is to be done with it ultimately.

3. The zoological and local name of animals, birds, fishes, reptiles, and insects, their habits and the place where found, must, if known, be ticketed on the specimens or the cases or bottles containing them. Similar instructions will apply to specimens from the vegetable kingdom. Minerals should have the scientific and popular name upon each specimen, the labels being rendered adhesive by a solution of gum arabic and sugar.

4.
