Colonial Secretary's Office,  
Melbourne, 19th August, 1854.

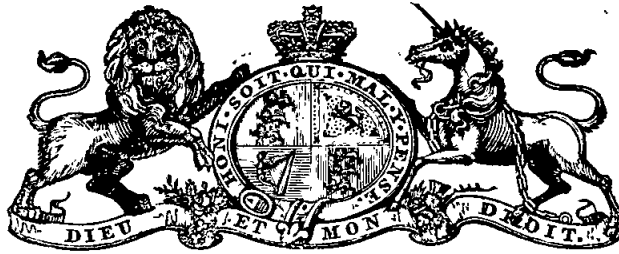

CHOLERA AT THE MAURITIUS.

WHEREAS intelligence has reached the Lieutenant Governor that at the latest dates cholera was raging at the Mauritius, and that a great want of medical aid was felt in consequence of the disease having carried off several resident medical practitioners: His Excellency being desirous of rendering such assistance as this Colony can afford under so severe a calamity, requests all qualified medical practitioners disposed to tender their services to communicate forthwith to the Colonial Secretary their readiness to proceed by a vessel to sail on the evening of Monday, the 21st instant; the owners of which have generously offered a free passage. Medical officers of Her Majesty's service, on half-pay, are specially invited to tender their services on the occasion; and his Excellency will seize the first opportunity of bringing to the notice of Her Majesty's Government the name of the officer who so highly distinguishes himself.

By His Excellency's Command,  
JOHN FOSTER.

### UNCLAIMED DEAD LETTERS.

**L**IST of Unclaimed Dead Letters which have been received in the Country Offices during the month of June, 1854.

Parties applying for Letters at the Dead Letter Office are particularly requested to give the correct number of the Letter, and also the date and number of the List in which they may have observed their names, as such reference will materially facilitate delivery. Persons in the country making written applications, in addition to the number of the Letter, and date and number of the List, are requested to state where they expect their Letters from, what Office the Letters were originally addressed to, and any information which may tend to prevent an unnecessary transmission of Letters.

A. McCRAE,  
Postmaster General.

#### EXHIBITION.

MELBOURNE, 1854—PARIS, 1855.

*Special Instructions for the guidance of Intending Exhibitors.*

**PUBLIC** notice has been given that an Exhibition will be held in Melbourne, in October next, of articles, the natural and artificial productions of this Colony, intended for transmission to the Paris Exhibition, to be held in May, 1855; and also of other articles, the produce of any country, not for transmission to Paris, but to exhibit at Melbourne, and to be subsequently delivered to their respective owners.

The Commissioners have deemed it important that information should be imparted to persons desirous of exhibiting articles on either or both occasions, and it is with this object that the following regulations are published.

#### GENERAL REGULATIONS.

1. Applications for reserves of space must state the amount in square feet of wall or ground superficies required, and should be sent in before the 5th of September; but, in order that adequate provision may be made to meet the wants of intending exhibitors, it is desirable that such applications be made to the Commissioners as early as possible.

2. The name and address, in full, of the exhibitor, must be ticketed on the specimens in legible characters, and it must be stated whether or not the exhibitor wishes the specimen to be forwarded to Paris, and what is to be done with it ultimately.

3. The zoological and local name of animals, birds, fishes, reptiles, and insects, their habits and the place where found, must, if known, be ticketed on the specimens or the cases or bottles containing them. Similar instructions will apply to specimens from the vegetable kingdom. Minerals should have the scientific and popular name upon each specimen, the labels being rendered adhesive by a solution of gum arabic and sugar.

4. To descriptive particulars accompanying specimens having either commercial value or probable economic application, should be added the mode of saving, curing, preserving, or preparation, together with the quantity capable of being procured or produced, and any other information worthy of being known.

5. Specimens should be neatly and securely packed (particularly those for transmission to Paris) in boxes or packages, and forwarded before the 20th September next, to

J. H. BROOKE,

Agent to the Commissioners, Melbourne.

[Should any of the packages be deemed unsuitable for the safe transmission of the specimens to Paris, the Commissioners will have proper cases made, and charge the same to the exhibitor.]

6. The form of stands and show-cases for the display of the various specimens will be left to the individual taste of the exhibitors, subject, however, to the approval of the Commissioners, and must be provided at the cost of the exhibitors.

7. Those who desire to exhibit commercial articles in the Exhibition Building, in Melbourne, will be allowed to have attendants in waiting to answer enquiries respecting the same, but cannot be permitted to remove them until the close of the exhibition.

8. A receipt will be given for specimens as received, and they will be arranged, exhibited, and forwarded to Paris free of expense to the owners.

9. Care will be taken of the articles in the exhibition, but the Commissioners will not be responsible for loss or injury on transit to or from Melbourne, or while in the exhibition.

10. The Commissioners will give a testimonial to exhibitors, and award prize medals to those worthy of the distinction.

11. The Commissioners will afford every facility to exhibitors of valuable specimens, to insure the same, on their being transmitted to Paris; and if exhibitors be desirous of disposing of specimens in Paris, will effect their sale, and pay the proceeds to the exhibitors or their agents, after deducting all expenses attendant on such sale. Exhibitors wishing to have their specimens sent to England, may have them forwarded to any part of the United Kingdom on pre-payment of the expense of their transit from Paris to London.

12. Those articles exhibited in Melbourne only will be delivered to the owners, or persons authorised by them, on production of the Commissioners' receipts.

**NOTE.**—Any further or more particular instructions required by exhibitors to meet exceptional cases, will be furnished by the Local Committees at Alberton, Ballarat, Beechworth, Belfast, Castlemaine, Geelong, Heathcote, Kilmore, Portland, Sandhurst, and Warrnambool, or at the Office of the Commission, Melbourne, daily, between Eleven A.M. and Three P.M.
