No. 115.]

WEDNESDAY, SEPTEMBER 17.

[1856.]

Surveyor General's Office,
Melbourne, 16th September, 1856.

PROPOSED AGRICULTURAL MUSEUM.

IT being desirable to form a permanent collection of the various Agricultural Products and Soils of Victoria, Models of Machines and Implements, also of Vegetables and Fruits, such collections in Europe and America having been found of great value, Agriculturists, Gardeners and others are earnestly solicited to co-operate in its formation, and with this view are requested to forward to the Curator of the University Museum, or to Mr. Henry Stevenson, Survey Office, samples (in pod or straw) of seeds enumerated in the following list, or specimens of vegetables and fruit grown by them.

A memorandum should accompany each sample, stating the name of the grower, place of growth, and whether from virgin soil, or if not, the kind and quantity of manure used.
