NOTICE TO MARINERS.

PORT PHILLIP BAY.

Light Ship, West Channel.

IN accordance with a notice issued from this Office, dated the 20th February, the Light Ship has been moved about half a mile S. by W. from her former position, and now lies moored in 19 feet water, with the following bearings:—

Upper Light House, Shortland's Bluff, S. 35 W.
Extreme part of Indented Head, N. 39 W.
Summit of Arthur's Seat, S. 35 E.
White cone buoy on western elbow of Williams' Sound, S. 22 W.
Black cone buoy on Swan Spit, S. 24 W.
Black and white chequered buoy on 13 feet knoll, distant from Light ship about a cable's length, S. 25 E.

Mariners are further requested to take notice, that with the view to facilitate the safe navigation of the West Channel at all times of the night and tide, a *Floating Light Vessel* (the equipment of which will be completed in a few weeks) will be moored off Swan Spit, in the position at present occupied by the Swan Spit black buoy, and the latter removed. This vessel will exhibit a single fixed light.

On the exhibition of the light the upper light on Shortland's Bluff will be darkened from N.E. by E. round northerly to W. by N., and the two chequered buoys now lying mid-channel above Swan Spit will be removed, and the position of the knowles they mark pointed out by beacons on shore.

Due notice of the night on which the light will first be exhibited, together with full particulars of the above changes, will be hereafter published. The depths are at low water spring tides; bearings by compass.
