**PETITION FOR MUNICIPAL INSTITUTIONS.**  
KYNETON.

IN pursuance of the Act of Council 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition to His Excellency hereinafter set forth, signed by one hundred and fifty-six householders of the town of Kyneton, in the county of Dalhousie.

By His Excellency's Command,  
**WILLIAM C. HAINES.**  
A.5832.

The petitioners state that the town of Kyneton has of late vastly increased in population and importance, and may now be classed among the most flourishing inland towns in Victoria.

That it is contained within an area of nine square miles, and comprises a population of householders of one hundred and fifty and upwards, and that no one point in such area is distant more than six miles from any other point.

That several local improvements and institutions are being introduced into the said town, as lighting it with gas, and the petitioners believe that it would tend materially to the stability, progress and improvement of the town if it were constituted a municipal district.

That a considerable portion of the roads and streets of the town are still unformed, and owing to the rich alluvial soil are almost impassable in the wet season, and the petitioners are desirous of metalling, lighting and draining the same.

And the petitioners pray as follows:—  
"Your petitioners therefore humbly pray that Your Excellency may be pleased to take into your favorable consideration the subject matter of this petition, and to declare by Your Excellency's proclamation the town a municipal district, according to the proclaimed boundary of the town of Kyneton, under the name of 'The Kyneton Municipal District,' pursuant to the provisions of the Act of Council 18 Victoria No. 15."

#### RICHMOND MUNICIPALITY.

##### SECOND PETITION FOR ALTERATION OF BOUNDARIES.

IN pursuance of the Act of Council 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition as hereinafter set forth, signed by two hundred and eight householders resident within the municipal district of Richmond.

By His Excellency's Command,  
 B.5334. WILLIAM C. HAINES.

The petitioners state that by a Proclamation bearing date 18th February, 1857, the boundaries of the municipal district of Richmond were declared to be as follow:—"Commencing at a point in the centre of Victoria street due north of the eastern boundary of Hoddle street; thence by a line passing through the centre of Victoria street, and produced thence due east to the River Yarra; thence by the western and northern banks of the River Yarra to the Punt road; and thence by the eastern side of the Punt road and Hoddle street to the commencing point."

That the Punt road and Hoddle street from the Yarra to Victoria street are at present within the city of Melbourne, but have hitherto been under the control and management of the Central Road Board.

That several of the petitioners represented to the municipal council of Richmond the impassable condition of Hoddle street, and were informed that that street being beyond the municipal limits, the council could not legally expend its funds in making it.

That applications have also been made to the Central Road Board and the Government by the municipal council and by the inhabitants of the district respecting the state of Hoddle street, and the petitioners are informed that it has been arranged between the Government and the municipal council to place the control and management of the Punt road and Hoddle street, and also of the Richmond punt, in the hands of the municipal council.

That they are desirous that such arrangement should be at once carried into effect, Hoddle street being impassable, and access to the premises adjoining it nearly impracticable, and all the residents on the eastern side of that street being rated in the municipal district.

That in order to enable the municipal council to apply its funds to making or repairing the said road and street, they are

informed the municipal boundaries will require to be altered so as to include such road and street; and in order to give the council the proper control and management of the punt, a portion of the road on the south side of the Yarra opposite the punt should also be included within the municipal boundary.

Lastly, that the area of the municipal district, if extended as proposed, will still not be nine square miles.

And the petitioners pray as follows:—

"Your petitioners therefore humbly pray that the limits and boundaries of the municipal district of Richmond may be extended to the western side of the Punt road and Hoddle street, between the north side of the River Yarra and the south side of Victoria street, and thence further north across Victoria street to a point parallel with the commencing point referred to in the before-mentioned Proclamation of 18th February, 1857, and thence east to such commencing point, and that the boundary may be extended to the south side of the river, so as to include so much of the road there opposite the punt as may be necessary (say one square chain) for the proper working the punt and collecting the tolls."

## CORRESPONDENCE, ETC.

The most important correspondence with the Government during the past six months relates to the more frequent sittings of the county court, the formation of a park or botanical gardens at Barker's Creek, which is promised, contingent on the course of the railway, and the position of the station; the protestation of the council against the occupation of 100 acres of land behind the camp for a police paddock; the establishment, by His Excellency's order, of Barker street, instead of Kennedy street, as the Government road through the town to Sandhurst; the consent to, and grant of, a site for a pound, for municipal purposes; the confirmation as to the court houses, &c., being built on block 14; and various communications, with plans, &c., respecting the proposed line of the Melbourne and Murray Railway.

## BYE-LAWS, ETC., PASSED AND ASSENTED TO.

During the last six months the following bye-laws have come into operation, and have been carried out:—

Bye-law No. 5.—For the expenditure of the first moiety of £7,500 grant in aid, made by the Act of Council 19 Victoria, No. 17, for the appropriation of revenue Assented to by the Executive, and gazetted 24th February, 1857.

Bye-law No. 12.—For further regulating certain proceedings of the council, being an amendment on bye-law No. 1. Gazetted 6th February, 1857.

Bye-law No. 14.—For the regulating building operations and licensing builders thereon.—Gazetted 13th March, 1857.

Bye-law No. 15.—For the better prevention of fires, and the dangers to life and property arising thereon.—Gazetted 27th March, 1857.

Bye-law No. 16.—For making public any plans of works, &c., or any bye-law before the same be passed by the council.—Gazetted 13th March, 1857.

Bye-law No. 17.—To prevent the nuisances arising from suffering cattle and other animals to be at large, or to wander in the streets of this municipality.

Bye-law No. 18.—To regulate the erection of shades and awnings, and to prevent any obstruction upon, over or across the public footpaths.—Gazetted 8th May, 1857.

Bye-law No. 19.—Prohibiting damage to the public footpaths and water-courses, and regulating the formation of private drains and crossings.—Gazetted 8th May, 1857.

Bye-law No. 20.—For the expenditure of the second moiety of £7,500 grant-in-aid made by Act of Council 19 Victoria No. 17, for the appropriation of revenue, 1856.—Gazetted 19th June, 1857.

Bye-law No. 21.—For levying a rate of 6d. in the pound for the current year.—Gazetted 26th May, 1857.

Other bye-laws are either forwarded and awaiting assent, or about to be transmitted.

A bye-law for regulating the sale and keeping of gunpowder has been sent down for approval, but returned, after several weeks' consideration, with a notice that the Government was about to introduce a bill for the same object.

## PUBLIC WORKS AND IMPROVEMENTS.

Besides carrying out the above bye-laws, which have greatly altered and improved the general appearance of the township, the following works have been accomplished during the half-year.

The extension of water channels along Kennedy, Doveton, Campbell, Templeton, Lyttleton, and Hargreave streets.

Forming footpaths through the principal parts of the town, and footpaths and water channels along a portion of Campbell's Creek road.

Enforcing the formation of covered drains across the same.

Placing wooden platforms over the various water channels at the principal crossing places to the number of fifty-four.

Making and forming Union street, formerly a very great nuisance from its undrained and filthy state.

Cutting and forming a cart road through a siding in Lytton street east.

The clearing trees, stumps, &c., and filling in holes in Campbell, Doveton, Berkeley, Bull, Hunter, Parker and Hargreave streets, and in parts of Urquhart and Mostyn streets.

Supplying and erecting twenty-two lamp posts and street lamps, together with contract for lighting and maintenance of same for four months.

Instigating enclosure by Government of the old cemetery at Pennyweight Flat, and procuring also the repair of Sheriff's bridge and Forest Creek road.

Erection of cattle yards, complete all but the gates, ready for occupation. The contractor having failed in this contract the council resumed possession and completed them at their own risk, and now there are sufficient funds in hand from the original contract to thoroughly complete the same, probably even with a surplus.

Enclosing manure depot near to the cattle yards. Purchase and erection of weighing machine and house in Market square.

Erection of the new municipal chambers which were taken possession of for council and municipal business early in May; as also furnishing and improving the same, erection of a shed and enclosing the municipal grounds. Contracts have been taken for clearing the ground, and it is intended to be laid out by the council's order, under the direction of the inspector.

A large quantity of metal (2000 yards) has been contracted for by the council, a portion of which has been used in Union street, and other places where required. A small contract for rubble stone has also been entered into and completed by the same contractor.

Tenders were accepted for spreading metal in certain streets, but by a notice of motion by Councillor Smith, the matter was referred for further consideration.

The Government have also been requested to erect a foot-bridge over Governor Hotham's bridge, and they have referred the matter to the district surveyor to report on.

MISCELLANEOUS.

A court for the revision of the ratepayer's roll was held on 10th June, 1857.

A grant of land on block 14 has been made to the Commissioners of Savings' Banks, and a new bank is now erected.

A bonus of £150 has been presented to the Mechanics' Institute by the council.

A testimonial, in duplicate, to Thomas Andrews, Esq., in commemoration of his services as the first chief magistrate of the municipality, has been prepared and awaits presentation.

Two delegates—the chairman of the council and S. Davis, Esq., were deputed by the council, consequent on the request of a large body of ratepayers, to attend the recent Land Convention held at Melbourne, for the purpose of protesting against the proposed Government Land Bill.

REPORTS.

Various reports have been received from the officer of health, the surveyor, and the inspector, and have been duly considered and appropriately treated by the council.

ASSESSMENT, RATES AND APPEALS.

After considerable contrariety of opinion among the members of the council as to the propriety of a sixpenny or a shilling rate for the present year, a sixpenny rate was eventually struck, and assented to by the Executive (as per bye-law 21). Against this assessment about sixty appeals have been sent in, which will be held at a court of petty sessions to be held on Friday, the 31st July. The total amount of the assessment was £85,499, which may possibly be reduced by about £3000 at the court of appeal to be held on the 21st instant, so that we may calculate an increase in the value of property, since the last assessment, to the extent of nearly 25 per cent.

CITY COUNCIL OF MELBOURNE

WHEREAS by an Act of the Governor and Legislative Council of New South Wales 14 Victoria No. 20, intitled, "An Act for regulating the formation, drainage, and repair of streets, courts and alleys, on private property within the city of Melbourne," it is amongst other things enacted, That where any street, court, or alley, on private property in the city of Melbourne, shall not be, or shall not have been, sufficiently paved, flagged, macadamised, levelled, drained, and sewered, or otherwise completed or repaired, to the satisfaction of the council of the said city, it shall be lawful for the said council, at any time, and from time to time, by any order under the hand of the mayor or town clerk of the said city, for the time being respectively, to order that any such street, court, or alley, or any part thereof, shall be freed from obstruction, paved, flagged, macadamised, levelled, drained, and sewered, or otherwise completed or repaired, in such manner and within such time as to the said council may appear expedient, and thereupon the owners of the tenements adjoining or abutting upon such street, court, or alley, on each side thereof, shall, in such manner, and within such time as shall be expressed in such order, at their respective costs, charges, and expenses, remove all obstructions, and well and sufficiently pave, flag, macadamise, level, drain, and sewer, or otherwise complete or repair so much of the said street, court, or alley, to the centre thereof, as may be opposite to and co-extensive with their respective tenements, adjoining or abutting on such streets, courts, or alleys respectively.

And whereas the streets, courts, and alleys enumerated in the schedule to this order annexed, marked A, have not been sufficiently paved, flagged, macadamised, levelled, drained, and sewered, or otherwise completed or repaired to the satisfaction of the council of the city of Melbourne:

Be it now ordered by the council of this city, that the streets, courts and alleys, enumerated in the schedule to this order annexed, marked A, shall within forty days from the date of this order coming into operation be freed from obstruction, paved, flagged, macadamised, levelled, drained and sewered, in such manner as is expressed in the schedule to this order annexed and marked B; and it is hereby notified to the owners respectively of the tenements adjoining or abutting upon the streets, courts and alleys, enumerated in the schedule to this order annexed marked A, that if they or any of them shall neglect or omit to remove the obstructions, and pave, flag, macadamise, level, drain and sewer, or otherwise complete and repair the street, court or alley, on which their respective tenements adjoin or abut, in the manner and within the time expressed in this order, then the council of the said city will remove all obstructions in the said streets, courts and alleys, and pave, flag, macadamise, level, drain, sewer and otherwise complete or repair the same, or such parts thereof as shall not have been so done pursuant to this order, and will thereupon ascertain, determine and charge such respective owners with their several proportionate parts of the costs, charges and expenses thereof, according to and co-extensive with their respective tenements adjoining or abutting on such street, court or alley, having regard in such apportionment to the state and condition of pavement, flagging, macadamising, levelling, drainage and sewerage in which such streets, courts or alleys respectively, or any part thereof, shall or may be at the time of making this order.

Made and passed by the council of the city of Melbourne thirty-first day of August, 1857.

E. G. FITZGIBBON,

SCHEDULE B, REFERRED TO IN THIS ORDER.

Manner in which the streets, courts, and alleys, enumerated in schedule A, referred to in this order, are ordered to be freed from obstruction, paved, flagged, macadamised, levelled, drained and sewered.

The natural soil is to be reduced or made up as the case may require, so that the longitudinal section of the whole right-of-way shall in no part have an inclination of less than 1 in 120, and, where practicable, the entire length is to form one incline. In laying on any stuff it is to be spread in layers of not more than one foot thick. The transverse sections of the right-of-way is to shew a roadway whose crown shall be one inch above the kerbs of the footways, and in the fall from the crown of the water channels is to be at the rate of 1 in 25.

On either side of the roadway there is to be a water channel eighteen inches wide, consisting of two rows of bluestone pitchers, nine inches deep, and not less than nine inches by fourteen inches on the surface, with upright sides, set in loam and rammed with rammer weighing forty pounds, so as to subside forty inches.

The bottom of the channel is to be seven inches below the top of the kerbs.

On either side of the roadway there is also to be a footway not more than three feet wide, and these are to be separated from the roadway by a red gum plant or kerb ten inches by three, set on edge, and fastened with five-inch spikes to piles four inches by four of red gum three feet long, driven into the soil.

The footways are to be covered with a coat of gravel three inches thick, and the surface is to fall towards the channel at the rate of 1 in 10. The roadway is to be covered with a coat of broken metal, broken to a two and a half inch gauge, and laid on seven inches thick at the channels and eight inches at the crown, and this when necessary is to be covered with a coat of loam one and a half inches thick.

Wherever private entrances lead from the rights-of-way they are to be paved to the full width with bluestone pitchers in the same manner as the channels. Paving is to be extended from the channels towards the line of houses or fences, so as to cross the entire footway.

The whole of the work must be done under the inspection and subject to the approval of the City Surveyor, who is authorised to order any deviation from these general principles which the particularities of any case may require.

VICTORIA, by the Grace of God of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith.

GREETING.

WHEREAS upon the petition to their Honors the Judges of our Supreme Court of the Colony of Victoria, of Peter Mason, of Ballarat, in the county of Grenville, in the colony of Victoria, merchant, against Dougall McArthur, of Glendaruel, in the said county of Grenville, farmer, it appears to us that the said Dougall McArthur is justly and truly indebted unto the said Peter Mason in the sum of Four hundred and fifty-nine pounds, for goods sold and delivered by the said Peter Mason to the said Dougall McArthur, and that the said Dougall McArthur carried on business as a storekeeper and farmer, and is possessed of property in the colony of Victoria, and that the said Dougall McArthur has committed an act of insolvency by denying himself to his creditors after various appointments have been made by the said Peter Mason and others of his creditors to meet him respecting their claims,

No. 102.—SEPTEMBER 8TH, 1857.—6.

which he failed to keep, and that the said Dougall McArthur has also committed an act of insolvency by absenting himself from his place of residence and also by absenting himself from his place of business with intent to defeat and delay his creditors in obtaining payment of their just and lawful debts, and having also committed an act of insolvency by having executed a fraudulent transfer of his farm at Glendaruel to one Dougall McDougall, with intent to defeat his creditors, whereupon the said Peter Mason prayed their Honors to grant to him an order to sequester the estate of the said Dougall McArthur: And whereas it further appears to us in our said Court that His Honor Robert Molesworth, Esquire, a Judge of our said Court, did, by order under his hand, bearing date the seventh day of August, One thousand eight hundred and fifty-seven, place the estate of the said Dougall McArthur under sequestration in the hands of the Chief Commissioner of Insolvent Estates at Melbourne, until the same should, by the Supreme Court of the Colony of Victoria, be adjudged to be sequestrated, or the said petition should be discharged according to law: And whereas it further appears to us in our said Court that by a rule of our said Court made in the matter of the said petition of the said Peter Mason, on the twentieth day of August, One thousand eight hundred and fifty-seven, the said order of His Honor Robert Molesworth, Esquire, bearing date the said seventh day of August, One thousand eight hundred and fifty-seven, was enlarged until Thursday, the seventeenth day of September, One thousand eight hundred and fifty-seven:

Now therefore we command you that you summon the said Dougall McArthur that he be before our Judges of our Supreme Court aforesaid on the seventeenth day of September, One thousand eight hundred and fifty-seven, at Ten o'clock in the forenoon, to shew cause, if he have any, why his estate should not, by sentence of the said Court, be adjudged to be sequestrated for the benefit of his creditors; and return you then and there this writ with whatever you have done thereupon.

Witness His Honor WILLIAM FOSTER STAWELL, Esquire, our Chief Justice of our said Court at Melbourne, the twenty-first day of August, One thousand eight hundred and fifty-seven, and in the twenty-first year of our reign.
