MUNICIPAL DISTRICT OF PORTLAND.

STATEMENT OF THE PROCEEDINGS OF THE MUNICIPAL COUNCIL OF THE DISTRICT, FOR THE SIX MONTHS ENDING ON THE 31ST DAY OF JANUARY, 1857.

SINCE the last half-yearly report was presented the council have proceeded with the formation and metalling of such portions of the principal streets as were most needed, and portions of Julia street, Gawler street and Percy street have been formed and metalled in the centre so as to ensure a good carriage-way for the future at all seasons of the year; the northern end of Hard street is also in the course of formation, being the principal entrance to that side of the town. The timber in portions of Otway street and Percy street has been cleared away. The public wells having been placed under the control of the council, have been put in thorough repair, and a contract has been entered into for repairing the bridge over the Saltwater Creek. The council have been in constant communication with the Government as to the expenditure of the sum of £12,000 voted last year for public works in Portland. The proposed addition to the lock-up has been made, the new jetty and post office are in course of erection, and tenders for the enlargement of the gaol have been called for. It is contemplated to appropriate any balance that may remain in extending the new jetty and putting the old jetty in thorough repair. The vacancy in the office of surveyor, caused by the resignation of Mr. Mathewson, was filled by the appointment of Mr. Ross, late of the Survey department. The attention of the council having been directed by the Central Board of Health to the propriety of extending the Public Health Act to Portland, they, after consideration, recommended that this should be done, and the Act was consequently extended to Portland by proclamation. A proclamation has also been issued at the instance of the council extending to Portland the clause in the Police Act against the use of chimneys built of wood or other in-

flammable material. A bye-law has also been passed prohibiting the driving of cattle through the town during the day, but it has not yet received the sanction of the Governor. An application to the Government to have the labor of prisoners confined in the gaol rendered available for the public works in the district, on the council defraying any extra expenses thereby incurred, has, after considerable delay, been complied with. The Government has also, on the recommendation of the council, exempted the several buildings used for public worship and other public institutions from the payment of municipal rates. The council have supported the road board in their application for a grant for the formation of a tram-road, although not within the limits of the municipal district; they have also, through Mr. Hughes, one of the members for the town, forwarded a memorial to the Governor, praying for the restoration of the efficiency of the harbor master's crew, but the result is not yet known. The proposed bill for the amendment of the Municipal Act has been under the consideration of the council, and they have forwarded some suggestions to the Surveyor General for his consideration in forming the proposed measure.

As the end of the year approached it became necessary to decide which three of the seven members of council should retire at the expiration of the year, which was decided by ballot, and Messrs. Browning, Finn and Smith were the three members on whom the lot fell for retiring at the end of the first year; Messrs. Crouch, Larnmonth and Fitzgerald at the end of the second year, and Mr. Must at the end of the third year; but some of the members of the council doubting the legality of this arrangement, the opinion of the Attorney General was taken, who advised that the course taken by the council was correct; Messrs. Browning, Finn and Smith accordingly retired, and Messrs. Richardson Bell, Francis Henry and James Smith, one of the retiring members, were duly elected to fill the vacancies in the council.

During this, the first year of the existence of the council, they have been careful not to advance too fast in introducing new regulations for the government of the municipality, rather wishing to lead public opinion to a conviction of the advantages of local government, but the council now feel that the time has arrived for enforcing more strict discipline by carrying out the provisions of the Town and Country Police Act and Public Health Act, and by the enactment of bye-laws where the before-named Acts prove deficient, and thereby promoting the health, cleanliness and good order of the municipality.

There have been during the half-year twenty meetings of the council, which have been attended by the several members as follows:—

The chairman attended	20 meetings
Mr. Finn	11 "
Mr. Larnmonth	15 "
Mr. Smith	20 "
Mr. Fitzgerald	18 "
Mr. Browning	15 "
Mr. Crouch	16 "

There have also been numerous meetings of the several committees, the attendance at which is not recorded.

Adopted by the council this 3rd day of March, 1857.

REPORT OF PROCEEDINGS OF THE MUNICIPAL COUNCIL OF KILMORE FOR THE SIX MONTHS ENDING THE 14TH FEBRUARY, 1857, MADE PURSUANT TO THE PROVISIONS OF THE MUNICIPAL INSTITUTIONS ACT, 18TH VICTORIA No. 15, sec. 43.

PROCLAMATION AND BOUNDARY.

The district of Kilmore was duly constituted a municipality by proclamation of His Excellency the Officer administering the Government, dated the 14th day of July, 1856, and in the twentieth year of Her Majesty's reign.

Boundaries of the municipality:—Commencing at the south-east angle of suburban allotment 1, parish of Bylands; thence by the south side of Tootal street to Graves street; thence by the east side of Graves street and a line north to East street; thence by the east side of East street to Clarke street; thence by the north side of Clarke street to Junction street; thence by the west side of Junction street and a line south to Foot street; thence by the south side of Foot street to Sutherland street; and thence by the west side of Sutherland street to the angle formed by the intersection of Tootal street, the commencing point aforesaid.

Pursuant to the Municipal Institutions Act, a public meeting of the resident householders and of the landowners within the said district was convened and held at the Mechanics' Hall, at two o'clock p.m. on Friday, the 8th day of August, 1856, at which meeting, by appointment of His Excellency the Officer administering the Government, the chair was taken by John Kelly Trainor, Esq.

The meeting elected Messrs. William Spurling and Thomas John Ryan to act as assessors. It was decided that the council should consist of seven members, who should not receive any pecuniary remuneration. The nomination of candidates was then proceeded with, and twenty-five having been duly proposed and seconded, it was decided that it was fit and proper that a poll should be taken, the election to be by voting papers.

The election took place accordingly on the next day, and resulted in the return of the following resident ratepayers as members of the municipal council, namely:—

	Votes.
Messrs. James Maxfield	139
Alfred Sugden	104
John Kelly Trainor... ..	99
Reay Clarke	92
Philip Corboy	87
John Butler	78
Henry Morris	75

At the first meeting of the council (all the members present), held on Thursday, the 14th August, 1856, Councillor Philip Corboy was elected chairman by a show of hands, and it was resolved that the regular meetings of the council should be held weekly on Wednesdays, at three o'clock p.m. (At the twenty-third meeting the hour was changed to seven o'clock p.m.)

Of the original members two have resigned, viz., Alfred Sugden, after the ninth meeting, and John Kelly Trainor, after the tenth meeting; and, owing to non-attendance, the seat of Mr. James Maxfield was declared vacant.

To fill the vacancies thus occasioned, the following were elected by polled votes, on the 24th November, 1856, being eligible to sit at the fourteenth meeting, viz.:—

	Votes.
Messrs. John Kelly Trainor... ..	117
Joseph Biddle	101
John McPherson	93

Councillor Corboy resigned the chairmanship at the twenty-first meeting, to which office Councillor Clarke was elected at the twenty-second meeting, and was sworn in a magistrate of the district on the 10th February, 1857.

The Council have held twenty-nine meetings during the six months, three of which were special meetings.

All payments ordered by the committee must be made by cheques, signed by the chairman and countersigned by the town clerk.

The public works committee, appointed at the twenty-third meeting, consists of Councillors Trainor, Butler, Corboy and Biddle. This committee has held three meetings, all the members forming it being present.

APPOINTMENTS.

Town clerk and collector of rates—Mr. Thos. John Ryan, 20th August, 1856.

Honorary Solicitor—Frederick Coster, Esq., 3rd January, 1857.

Valuators—Messrs. Hugh Swann and Edward Rafferty, 27th August, 1856.

Mr. Swann having obtained more permanent employment, resigned the office after eight days' service; Mr. Rafferty was in consequence directed to finish the valuation.

The town clerk was required to enter with two sureties into a bond for the sum of £400, guaranteeing to the council the faithful discharge of his duties.

COUNCIL OFFICES.

Tenders were invited for premises suitable for offices, and those of Mr. Matthew Murray having been offered at a reasonable rent, and being centrally situated, were selected, and entered upon on the 1st day of September, 1856, at a rental of £52 per annum. The town clerk offered to reside upon the premises, at a rental of £20 per annum, which offer was accepted. The District Road Board obtained permission to hold their meetings in the council offices at a rental of £7 10s. per annum.

Tenders were also invited for the supply of office furniture, and the tender of Mr. Thomas Bossence, at the sum of £16, was accepted.

ASSESSMENT.

According to the valuator's return of the assessable property within the district, there are 552 assessments, 303 vacant land, and 249 tenements; the whole valued at £11,648.

The ratepayers' roll was prepared as soon as circumstances would permit; and notice having been previously given, a special general meeting of the council was held on the 22nd October, for the purpose of hearing any objections that might be made to it. Persons whose names do not appear on the ratepayers' roll, and who have since its compilation become ratepayers of the district, may have their names placed thereon on their qualifications being made to appear to the satisfaction of the council.

FINANCE.

The council caused an estimate to be made of the probable amount of money which would be required to carry out the necessary public works for the year; and on the 5th of November struck a rate of one shilling in the pound on all property assessed, one moiety thereof to become due and payable on and after twenty days from the issue of the notices, and the other moiety thereof to become due and payable on and after 5th March, 1857. Assented to by His Excellency the Officer administering the Government on the 5th December, 1856.

Two courts of appeal against the valuation assessments were held by the magistrates in petty sessions, on the 20th and 27th January respectively; the appeals were few, and the reductions made inconsiderable.

The council are indebted to the chairman and Councillor Butler for an advance of money to pay current expenses, as it was not until the beginning of the present month that they received the first proceeds from the rate levied. The amount of rates paid into the Oriental Bank, Kilmore, is £144 14s. 3d. The chairman has been appointed treasurer; and in the absence of the chairman the town clerk is authorised acting treasurer.

BYE-LAWS.

The following bye-laws have been assented to by His Excellency the Officer administering the Government, and gazetted on the dates annexed:—

1. To regulate by means of standing orders the proceedings of the council, 5th day of December, 1856.

No. 26.—MARCH 13TH, 1857.—4.

2. For levying a rate of one shilling in the pound, 5th December, 1856.

The following are now under the consideration of His Excellency:—

3. To regulate noisome and offensive trades, and to preserve the public health.

4. To regulate the deposit of night soil, manure, or other offensive refuse.

Applications to Government, with their results:—

For a plan of the municipal district—Granted.

For a sum of money wherewith to pay preliminary expenses—Refused; but adding that a sum would be placed on the estimates.

For the *Government Gazette* from the 1st January, 1856, and a copy of all future publications—Granted.

For plans and sections of proposed tramway from Yan Yean to the Goulburn—Reply: That the trial lines had but just been commenced; that, when fully determined upon, the information asked would be furnished.

For further information with regard to the tramway to the Goulburn, and requesting that the same might be furnished prior to any line not intended to pass through Kilmore being fully determined upon—Reply: That the municipal council would be afforded an opportunity of urging their views previous to operations being commenced on any line between Melbourne and the Goulburn.

For the construction of culverts across certain parts of Sydney street—Reply: That they would be executed as soon as the Central Road Board obtained a grant from the Government.

For a set of standard weights and measures—Promised when they should be received from England.

For the payment of the moiety of the police fines under the Act 18 Victoria No. 14—Reply: That it would be paid monthly by the clerk of the bench; and that the sum due since the 14th July, 1856, would be paid through the Treasury, on receiving the proper account.

For twenty acres of land for a public garden—Granted

For a site for quarries—Granted.

For a site for manure dépôt—Granted.

That £2000 be placed on the estimates for the erection of a town hall—Reply: That the Government is opposed to the principle of making separate grants to municipalities in aid of particular objects, deeming it more desirable to place on the estimates one sum for the endowment of each municipal institution. That it is intended to ask the assent of the legislature to a grant of £1000 in aid of the revenues of the municipality of Kilmore.

For temporary services of district surveyor to prepare plans and estimates of works to be undertaken—Granted.

That footways might be formed along that portion of the Sydney road which passed through the municipality—Reply: That the funds at the disposal of the road board are inadequate to keeping open the communication on the main roads; and regretting that any portion of them cannot be expended on the construction of footpaths.

For a site for cattle yards and slaughter-houses—Granted.

That money be placed on the estimates for the erection of a Post Office at Kilmore—Reply: That no provision appeared to be made on the estimates for 1857 for that purpose; but that the Commissioner of Public Works would be addressed on the subject.

That a gaol might be built at Kilmore, and suggesting a site—Reply: Tenders called for.

That an electric telegraph station be erected at Kilmore—Reply: That such an establishment is in contemplation.

That two sections of land, 1230 acres, be granted for the purposes of a common—Ordered to be reserved. The grant under consideration.

For a copy of Adamson's Acts of Council—Reply: That there is no provision for defraying the expense of supplying the work.

For further information regarding the erection of the gaol; as to whether any of the tenders called for had been accepted; and, if not, whether it was intended to call for fresh tenders—Reply: That fresh plans had been prepared, and that tenders would be called for forthwith.

That one of the sergeants of police be permitted to act as inspector of weights, measures and nuisances—Granted.

MISCELLANEOUS.

The finance committee have been directed to procure a seal of office, a sketch of which will be immediately submitted for the approval of His Excellency the Governor.

The council cannot conclude this report without expressing their sincere regret that the opposition with which they had to contend at the commencement of their labors should have taken place, for, whilst that opposition effected no manner of service, it has produced much mischief, by having deterred members from entering with spirit upon the duties of office, and by having caused the resignations which have taken place; the tendency of the whole being to mar the intentions of the council, and, as a consequence, to retard the progress of the town.
