PETITION FOR MUNICIPAL INSTITUTIONS.

WARRINGAL OR HEIDELBERG.

IN pursuance of the Act of Council 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition to His Excellency, hereinafter set forth, signed by one hundred and fifty-one inhabitant householders of the township of Warringal, otherwise called Heidelberg, in the county of Bourke.

By His Excellency's Command,
Z.2732. JOHN O'SHANASSY.

The petitioners state that they are subjected to great inconvenience and danger from the condition of the streets and roads in their locality, the communication between the township and Melbourne having been during last winter all but cut off, and the streets rendered nearly impassable for both foot passengers and vehicles.

That any general regulations promotive of cleanliness, health and convenience are in the present state of things impracticable, and that hence the township is consigned to utter neglect, and the value of property deteriorated, many persons having removed, and others having been deterred from coming to reside.

The petitioners state further that they feel convinced that the formation of the township into a municipality, under the Act 18 Victoria No. 15, will be the most certain mode of making provision for its present and future requirements.

And the petitioners pray as follows:—

"Your petitioners therefore pray that your Excellency will be pleased to cause the said township of Warringal or Heidelberg to be proclaimed a municipality under the provisions of the said Act."

PETITION FOR MUNICIPAL INSTITUTIONS.

CARISBROOK.

IN pursuance of the Act of Council, 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition to His Excellency hereinafter set forth, signed by one hundred and fifty-two householders and landowners in the township and parish of Carisbrook, in the county of Talbot.

By His Excellency's Command,
Z.3050. WILLIAM C. HAINES.

The petitioners state that they are householders and landowners in the town and parish of Carisbrook, and are convinced that it will conduce to the improvement, welfare and good government of the township if it were incorporated into a municipal district under 18 Victoria No. 15, and they propose the following boundaries, viz.:—Commencing at the north-western point of suburban allotment 4, parish of Carisbrook, and running in a south-westerly direction one hundred and sixty-one chains; thence due south three hundred and thirty-two chains to the Government road from Carisbrook to Amherst; thence due east eighty-two chains, crossing Back Creek and Mount Greenock Creek; thence in a north-easterly direction four hundred and twenty chains to the south-east corner of the cemetery; thence due north, running along the boundary of the cemetery eight chains to the main Government road to Melbourne through Tarrangower; and thence in a north-westerly direction two hundred and twenty-two chains to the commencing point.

The petitioners further state that the proposed municipal district contains nine square miles, that no one point in it is more than six miles distant from any other point, and that more than three hundred landowners and householders are resident within it.

And the petitioners pray as follows:—

"That Your Excellency will be pleased, by proclamation in the usual manner, to declare the district of Carisbrook a municipal district, under the provisions of the Act of Council before mentioned."

CITY COUNCIL OF MELBOURNE.

WHEREAS by an Act of the Governor and Legislative Council of New South Wales, 14 Victoria No. 20, intitled, "An Act for regulating the formation, drainage and repair of streets, courts and alleys on private property, within the city of Melbourne," it is, amongst other things enacted, that where any street, court or alley on private property in the city of Melbourne, shall not be, or shall not have been sufficiently paved, flagged, macadamised, levelled, drained and sewerred, or otherwise completed or repaired, to the satisfaction of the council of the said city, it shall be lawful for the said council at any time, and from time to time, by any order under the hand of the mayor or town clerk of the said city, for the time being respectively, to order that any such street, court or alley, or any part thereof, shall be freed from obstruction, paved, flagged, macadamised, levelled, drained and sewerred, or otherwise completed or repaired, in such manner and within such time as to the said council may appear expedient, and thereupon the owners of the tenements adjoining or abutting upon such street, court or alley, on each side thereof, shall, in such manner and within such time as shall be expressed in such order, at their respective costs, charges and expenses, remove all obstructions, and well and efficiently pave, flag and macadamise, level, drain and sewer, or otherwise complete or repair so much of the said street, court or alley, to the centre thereof, as may be opposite to and co-extensive with their respective tenements, adjoining or abutting on such streets, courts or alleys respectively.

And whereas the streets, courts and alleys enumerated in the schedule to this order annexed, marked A, have not been sufficiently paved, flagged, macadamised, levelled, drained and sewerred, or otherwise completed or repaired to the satisfaction of the council of the city of Melbourne:

Be it now ordered by the council of the said city, that the streets, courts and alleys enumerated in the schedule to this order annexed, marked A, shall, within forty days from the date of this order coming into operation, be freed from obstruction, paved, flagged, macadamised, levelled, drained, and sewerred in such manner as is expressed in the schedule to this order annexed, and marked B; and it is hereby notified to the owners respectively of the tenements adjoining or abutting upon the streets, courts and alleys enumerated in the schedule to this order annexed, marked A, that if they or any of them shall neglect or omit to remove the obstructions, and pave, flag, macadamise, level, drain and sewer, or otherwise complete or repair the street, court or alley on which their tenements respectively adjoin or abut, in the manner and within the time expressed in this order, then the council of the said city will remove all obstructions in the said streets, courts and alleys, and pave, flag, macadamise, level, drain, sewer and otherwise complete or repair the same, or such parts thereof as shall not have been so done pursuant to this order, and will thereupon ascertain, determine, and charge such respective owners with their several proportionate parts of the costs, charges and expenses thereof, according to, and co-extensive with, their respective tenements adjoining or abutting on such street, court or alley, having regard in such apportionment to the state and condition of the pavement, flagging, macadamising, levelling, draining and sewerage in which such streets, courts or alleys respectively, or any part thereof, shall or may be at the time of making this order.

Made and passed by the council of the city of Melbourne, this ninth day of February, 1857.

SCHEDULE A, REFERRED TO IN THIS ORDER.

Streets, courts, and alleys, ordered to be freed from obstruction, paved, flagged, macadamised, levelled, drained, and sewerred.

LOCALITY—LA TROBE WARD.

The private lane or lanes in block 6, allotments 7, 8, and 9, running from Flinders lane to Flinders street.

SCHEDULE B, REFERRED TO IN THIS ORDER.

Manner in which the streets, courts, and alleys, enumerated in schedule A, referred to in this order, are ordered to be freed from obstruction, paved, flagged, macadamised, levelled, drained and sewerred.

The natural soil is to be reduced or made up as the case may require, so that the longitudinal section of the whole right-of-way shall in no part have an inclination of less than 1 in 120, and where practicable, the entire length is to form one incline. In laying on any stuff it is to be spread in layers of not more than one foot thick. The transverse section of the right-of-way is to shew a roadway whose crown shall be one inch above the kerbs of the footways, and in the fall from the crown of the water channels is to be at the rate of 1 in 25.

On either side of the roadway there is to be a water channel eighteen inches wide, consisting of two rows of bluestone pitchers, nine inches deep, and not less than nine inches by fourteen inches on the surface, with upright sides, set in loam and rammed with a rammer weighing forty pounds, so as to subside four inches.

The bottom of the channel is to be seven inches below the top of the kerbs.

On either side of the roadway there is also to be a footway not more than three feet wide, and these are to be separated from the roadway by a red gum plank or kerb ten inches by three, set on edge, and fastened with five-inch spikes to piles four inches by four of red gum, three feet long, driven into the soil.

The footways are to be covered with a coat of gravel three inches thick, and the surface is to fall towards the channel at the rate of 1 in 10. The roadway is to be covered with a coat of broken metal, broken to a two and a-half inch gauge, and laid on seven inches thick at the channels and eight inches at the crown, and this, when necessary, is to be covered with a coat of loam one and a-half inches thick.

Wherever private entrances lead from the rights-of-way they are to be paved to the full width with bluestone pitchers in the same manner as the channels. Paving is to be extended from the channels towards the line of houses or fences, so as to cross the entire footway.

The whole of the work must be done under the inspection and subject to the approval of the city surveyor, who is authorised to order any deviation from these general principles which the particularities of any case may require. No. 612.
