PAYMENT OF PROCEEDS OF POUND SALES.

WITH reference to the Regulations respecting Public Accounts, and the Regulations for Management of Pounds, the attention of the officers concerned is directed to the following rules for payment of the proceeds of pound sales into Sub-Treasuries, to which it is desired that immediate effect should be given.

1. Poundkeepers are, as hitherto, in pursuance of the Regulations for Management of Pounds, to furnish their monthly account of sales and make the payments due thereon to the stipendiary magistrate or chairman of the bench, as indicated in the annexed schedule, and to forward the monthly statements A and B as usual to the Audit Office, Melbourne.

2. Stipendiary magistrates will require of the poundkeepers a punctual compliance with the regulations, and are, on receipt of account sales and money, to transmit the same to the sub-treasury named in the schedule, from which office a receipt for the amount will be returned by course of post.

3. Any default in the accounts or payments will be reported from the sub-treasury to the head office, in Melbourne, in the same manner as the default of a collector of revenue.

FOG was present on the 1st clearing a little at noon; on the 2nd during the whole day; on the 3rd at morning; on the 18th at morning, very thin and rapidly disappearing; on the 17th during the whole day; and on the 18th during the whole day, clearing a little at noon.

SNOOTING STAGS were seen on the 15th, 22nd, and 24th.

SUNSET HALOS were visible on the 15th at noon (app. dia. about 46°—colours very fine—the whole sky covered with ob-scure reticular cirri); and on the 13th at morning (app. dia. about 45°).

LUNAR HALOS were visible on the 1st, 6th and 8th.

Owing to the frequent occurrence of fog and drizzle the amount of evaporation has not always been accurately measured; it probably slightly exceeds the above figures.

PETITION FOR MUNICIPAL INSTITUTIONS.

FITZ ROY WARD—MELBOURNE.

IN pursuance of the Act of Council 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition to His Excellency herein after set forth, signed by over one thousand householders and ratepayers of Fitz Roy Ward, in the city of Melbourne.

By His Excellency's Command,
B.4225. WILLIAM C. HAINES.

The petitioners state that having carefully considered the management and financial position of the city of Melbourne, they are satisfied as to the inexpediency of continuing to be a portion thereof, on the following grounds, viz:—

1st. At the present moment the city revenue is insufficient by £36,000 to meet current expenses and keep in moderate repair the "made" streets, without providing for a single mile of new street, and that to meet the deficiency double rates will be required for the ensuing year.

2nd. The streets at present unmade are twenty-four miles in length, and for these and other works it has been proposed in the city council to raise £300,000 (in addition to the Gabrielli loan of £500,000), and thus to add to involvement.

The petitioners observe, that facility in raising such large sums lead to lavish expenditure and increased burthens, and apprehend that all the present rates would barely suffice to pay the interest of the loans, leaving unprovided for the maintenance and scavenging of the present streets.

That it appears from official returns, that during the year ending 31st August, 1856, the payments to the staff of the corporation, or salaries, amounted to £15,300, and the incidental expenses to £4000, making together £19,300, out of a revenue of £19,000, the management thus absorbing 40 per cent., while the corporate income is insufficient by upwards of £36,000 per annum to meet legitimate expenses.

That Fitz Roy Ward, being unequally represented in the city council, cannot obtain justice, Melbourne proper (which contains 640 acres), returning 16 members, while Fitz Roy Ward (which contains 340 acres) only returns 4 members.

Lastly, that there are in Fitz Roy Ward, 13 miles of streets and 10,000 inhabitants, that its importance is such as to require local management, and that its only hope of future prosperity rests in a total and speedy separation from the city.

And the petitioners pray as follows:—

"Your petitioners therefore humbly pray that your Excellency will be pleased to take their case into your most favorable consideration, and cause the necessary steps to be taken to have the district of 'Fitz Roy,' proclaimed a separate municipality, with the following extension of its boundaries, to obviate objections from the city council of Melbourne, namely, that its southern boundary be the centre of Victoria parade, in lieu of the north side line of the same; its western boundary, the centre of Nicholson street, continued in a straight line northwards to the Merri Creek, in lieu of the east side line of the said street ending at Reidy street; that the eastern bound-

dary be the centre of Smith street to the Heidelberg road, and thence along the East Collingwood boundary north to the Merri Creek in lieu of the west side line of the said street ending at Reilly street, and its northern boundary be the Merri Creek, in lieu of Reilly street."

Chief Secretary's Office,
 Melbourne, 7th July, 1857.

PETITION FOR MUNICIPAL INSTITUTIONS. SOUTH YARRA.

IN pursuance of the Act of Council 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition to His Excellency, hereinafter set forth, signed by three hundred and six householders and ratepayers of South Yarra, in the county of Bourke.

By His Excellency's Command,
 WILLIAM C. HAINES.

B.4713.

The petitioners state that the locality of South Yarra is within the municipal district of Prahran, and that but a small portion of the municipal rates levied on the property in South Yarra has been applied to local improvements; in short, that the municipal council have almost ignored it, not having metalled or formed the roads, nor removed the rubbish from them, and that horses, cattle, pigs, goats, &c., are allowed to roam at large and commit depredations.

That South Yarra is too remote from Prahran to admit of the petitioners sharing the benefits attending municipal institutions, such as a Post Office, facilities for extinguishing fires, a Mechanics' Institute, &c., &c., and that the requirements of South Yarra, differing from those of Prahran, will be better fulfilled by residents than by strangers interested only in the improvement of distant localities contiguous to their own properties.

That the municipal council of Prahran are about to borrow £8000 on mortgage of the rates, that the properties of the petitioners have been rated for 1857 at 1s. in the pound on a rack rental, and they fear that it will be necessary to levy a yearly rate of 2s. in the pound until such loan be repaid.

That the only improvement by aid of such loan contemplated in South Yarra will consist in making and metalling a short piece of road called Yarra street, a work of little if any benefit to the petitioners, but serviceable to the Prahran municipal council for hauling stones over to make roads distant from South Yarra, and that the formation of the Melbourne and Suburban Railway will obviate the necessity for such a road.

That the majority of the petitioners consented to be included within the municipal district of Prahran upon the distinct understanding that the lowest possible rate only would be assessed, and that the council should not borrow money except with the approval of the ratepayers, signified at a public meeting convened for the purpose, which meeting has not been convened.

That the present rateable property within South Yarra is nearly, if not quite, as valuable as that of the whole municipal district was at the time of its constitution.

Lastly, the petitioners state that the area of the proposed municipal district does not exceed nine square miles, that it contains more than three hundred householders or ratepayers, and that it is bounded on the north by the River Yarra Yarra, on the east by the Kooyong road, on the south by the centre of the Commercial road, and on the west by the centre of the Punt road, as delineated on a plan which accompanies the petition.

And the petitioners pray as follows:—

"Your petitioners therefore most humbly pray that Your Excellency will be pleased to declare the locality comprised within the boundaries hereinbefore defined a municipal district, by the name of the South Yarra Municipality, or by such other name as Your Excellency may think fit, under the Act of the 18th Victoria No. 15, intitled, "*An Act for the Establishment of Municipal Institutions in Victoria*," and that for such purpose Your Excellency will, if necessary, vary and alter the present boundaries of the municipal district of Prahran: And that Your Excellency will not consent to the borrowing of eight thousand pounds by the municipality of Prahran, until the

locality in which your petitioners reside has been proclaimed a separate municipality."

(Signed)

WILFUL MURDER.

FIFTY POUNDS REWARD.

WHEREAS the head of a murdered female has been found at the bottom of a hole situated in an abandoned gully known by the name of Paddy's Gully, a mile and a half from the township of Avoca, and in a neighbouring hole in the same locality a piece of canvas stained with blood has also been found: And whereas a skeleton without a head and otherwise dismembered, with an axe lying alongside, has been discovered on an open piece of ground about four miles from the said gully: And whereas the said human remains are supposed to have belonged to the same individual: Notice is hereby given that a reward of Fifty pounds will be paid to any person who shall give such information as will lead to the apprehension and conviction of the person or persons who murdered the said female.

By His Excellency's Command,
B.4792. **WILLIAM C. HAINES.**

PARTICULARS.

On Monday, 15th June, one of two miners working in an abandoned gully called Paddy's Gully, a mile and a half from Avoca, found the head of a European female at the bottom of a hole. The head was fractured in two places. It had been severed from the trunk by a sharp instrument. At the top of the forehead there is a bullet hole. The teeth are entire, except two, which are decayed. Some reddish brown hair lay beside the head. The deceased is supposed to have been about 30 years of age, and to have been dead about three months or more.

In a neighbouring hole had been previously found a tarpaulin or a canvas fly covered with blood: it appears to be a dray cover. The skeleton was found on an open piece of ground near the Four Mile Flat (on Mr. Bradshaw's run): it is destitute of the head, and otherwise incomplete. An American axe, rusted with blood, with a straight handle of iron bark, lay alongside the skeleton.

The murder appears to have been committed while the parties were camped for the night, and the head was carried four miles from the trunk in a direction leading up the country towards Avoca.
