PETITION FOR MUNICIPAL INSTITUTIONS.

KYNETON.

IN pursuance of the Act of Council 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition to His Excellency hereinafter set forth, signed by one hundred and fifty-six householders of the town of Kyneton, in the county of Dalhousie.

By His Excellency's Command,
 WILLIAM C. HAINES.

The petitioners state that the town of Kyneton has of late vastly increased in population and importance, and may now be classed among the most flourishing inland towns in Victoria.

That it is contained within an area of nine square miles, and comprises a population of householders of one hundred and fifty and upwards, and that no one point in such area is distant more than six miles from any other point.

That several local improvements and institutions are being introduced into the said town, as lighting it with gas, and the petitioners believe that it would tend materially to the stability, progress and improvement of the town if it were constituted a municipal district.

That a considerable portion of the roads and streets of the town are still unformed, and owing to the rich alluvial soil are almost impassable in the wet season, and the petitioners are desirous of metalling, lighting and draining the same.

And the petitioners pray as follows:—

"Your petitioners therefore humbly pray that Your Excellency may be pleased to take into your favorable consideration the subject matter of this petition, and to declare by Your Excellency's proclamation the town a municipal district, according to the proclaimed boundary of the town of Kyneton, under the name of 'The Kyneton Municipal District,' pursuant to the provisions of the Act of Council 18 Victoria No. 15."

Chief Secretary's Office,
 Melbourne, 11th August, 1857.

RICHMOND MUNICIPALITY.

SECOND PETITION FOR ALTERATION OF BOUNDARIES.

IN pursuance of the Act of Council 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition as hereinafter set forth, signed by two hundred and eight householders resident within the municipal district of Richmond.

By His Excellency's Command,
 B.5334. WILLIAM C. HAINES.

The petitioners state that by a Proclamation bearing date 18th February, 1857, the boundaries of the municipal district of Richmond were declared to be as follow:—"Commencing at a point in the centre of Victoria street due north of the eastern boundary of Hoddle street; thence by a line passing through the centre of Victoria street, and produced thence due east to the River Yarra; thence by the western and northern banks of the River Yarra to the Punt road; and thence by the eastern side of the Punt road and Hoddle street to the commencing point."

That the Punt road and Hoddle street from the Yarra to Victoria street are at present within the city of Melbourne, but have hitherto been under the control and management of the Central Road Board.

That several of the petitioners represented to the municipal council of Richmond the impassable condition of Hoddle street, and were informed that that street being beyond the municipal limits, the council could not legally expend its funds in making it.

That applications have also been made to the Central Road Board and the Government by the municipal council and by the inhabitants of the district respecting the state of Hoddle street, and the petitioners are informed that it has been arranged between the Government and the municipal council to place the control and management of the Punt road and Hoddle street, and also of the Richmond punt, in the hands of the municipal council.

That they are desirous that such arrangement should be at once carried into effect, Hoddle street being impassable, and access to the premises adjoining it nearly impracticable, and all the residents on the eastern side of that street being rated in the municipal district.

That in order to enable the municipal council to apply its funds to making or repairing the said road and street, they are informed the municipal boundaries will require to be altered so as to include such road and street; and in order to give the council the proper control and management of the punt, a portion of the road on the south side of the Yarra opposite the punt should also be included within the municipal boundary.

Lastly that the area of the municipal district, if extended as proposed, will still not be nine square miles.

And the petitioners pray as follows:—

"Your petitioners therefore humbly pray that the limits and boundaries of the municipal district of Richmond may be extended to the western side of the Punt road and Hoddle street, between the north side of the River Yarra and the south side of Victoria street, and thence further north across Victoria street to a point parallel with the commencing point referred to in the before-mentioned Proclamation of 18th February, 1857, and thence east to such commencing point, and that the boundary may be extended to the south side of the river, so as to include so much of the road there opposite the punt as may be necessary (say one square chain) for the proper working the punt and collecting the tolls."

MISCELLANEOUS.

WATER SUPPLY.

The municipal council, on the 12th July, 1856, forwarded to the Honorable the Chief Secretary, a report on the proposed water supply from Yuille's Swamp to the township, and applied for a sum of money to be either granted or advanced at the lowest rate of interest, or that the Government would guarantee the payment of the interest of the sum required. The subject was referred to the Commissioner of Public Works, and, after a period of three months, an officer from that department visited Ballaarat for the purpose of reporting on the supply of water that could be obtained from the swamp. The deputation from this council, in February last, were informed it was the intention of the Government to insert a clause in the Municipal Act, to enable municipal councils to borrow money for works similar to the one proposed, but in consequence of the session drawing to a close, the Government would not be able to bring in the amended Bill until the re-assembling of the Assembly, the municipal council were recommended to draw up a bye-law for the purpose of borrowing the money, which has been done and forwarded to the Government, but without receiving any attention.

The municipal council of Ballaarat had a conference with the municipal council of Ballaarat East, to receive their proposals on a joint water supply from Yuille's Swamp, but as the supply from that source was considered not sufficiently permanent as a basis for a great water supply, the rain fall cannot be calculated upon with any certainty, the area of drainage into

the swamp being also very limited, and considering the large amount of evaporation during the summer months from such an extensive surface, this council was of opinion it would be very injudicious for the two municipalities to be dependant upon the swamp for their supply, and on that account they declined to enter into combination with the municipal council of Ballarat East, in a joint water supply from the swamp.
