## NORTH UNST LIGHTHOUSE, SHETLAND.

THE following notice respecting an alteration in the above-mentioned lighthouse, is, at the request of the Commissioners of Northern Lighthouses, hereby published for general information.

By His Excellency's Command,  
JAMES McCULLOCH.

### Northern Lighthouses.—Notice to Mariners.

NORTH UNST LIGHTHOUSE, SHETLAND.  
*Exhibition of Permanent Light, with Change of Character.*

WITH reference to the Notice to Mariners issued in September, 1853, of the exhibition of a temporary light on the Muckie Flugga Rock, at the north end of the Island of Unst, forming the north-western extremity of the Shetland Isles, in which it was stated that the light would be known to mariners as a fixed light of the natural color, the Commissioners of Northern Lighthouses hereby give notice that the permanent lighthouse buildings have been completed, and that from and after the evening of 1st January, 1858, and every night thereafter, the light will be altered and exhibited in terms of the following specification, prepared by Messrs. D. and T. Stevenson, engineers to the commissioners:—

The North Unst is a dioptic light of the first order, and will be known by the following characteristics:—The light is elevated about 230 feet above the sea, and in clear weather the white light will be seen at the distance of about 21 nautical miles, allowing 10 feet for the height of the eye, and at lesser

distances according to the state of the atmosphere. On and after the evening of the 1st January, 1858, it will show as a fixed white light all round the horizon, excepting from the bearing as observed by compass from the site of the lighthouse of about S.E. by E.  $\frac{1}{4}$  E., southerly, to the bearing of about S.S.E.  $\frac{1}{4}$  E., within which arc the light will be fixed red. South-eastward of the Skaw the red light will be masked by the high land of Unst. Vessels in rounding the Skaw should keep out of the red light by keeping the white light open.

The tower is painted white, and measures from the surface of the rock to the top of the lantern 64 feet.

Mariners are reminded that the small rock called the "Out Stack," which is the most northern rock of the Shetland Isles, bears from the lighthouse about E. by N.  $\frac{1}{4}$  N. by compass, and is distant about half a nautical mile.

The tolls, as formerly advertised, will continue to be payable for the light, in terms of the table of tolls, in all respects as formerly, with the authorised abatements.

By Order of the Board,  
(Signed) ALEX. CUNNINGHAM,  
Secretary.

No. 30.—MARCH 2ND, 1858.—5.

## MUNICIPALITY OF SOUTH BARWON.

FIRST HALF-YEARLY REPORT OF THE SOUTH BARWON MUNICIPAL COUNCIL, ENDING THE 20TH JANUARY, 1858.

HIS Excellency the Governor in Council having, on the 2nd day of June, 1857, under his hand and seal proclaimed and defined the boundaries of this municipality, and caused the same to be published in the *Government Gazette*, and further that the council of the said municipality should be called by the name and style of the "Municipal Council of South Barwon," a meeting of resident householders was held on Tuesday, 14th July, at Noon, at the Racecourse Hotel, Belmont, on the requisition of William Gilbert McKellar, Esq., duly appointed by Government as chairman, for the purpose of electing councillors to serve in the said municipality. Messrs. Simeon Price and James Hendy were duly appointed assessors for the meeting. It having been decided by the meeting that the number of councillors should be seven, several gentlemen were nominated, and a poll having been demanded, the chairman fixed the following day, Wednesday, 15th of July, for the election at the Racecourse Hotel, when the following gentlemen were declared duly elected as councillors:—

Alexander Mackenzie	...	...	111
Charles John Dennys	...	...	107
Samuel Bradley Corrigan	...	...	102
William Gilbert McKellar	...	...	96
Charles Nathall Thorne	...	...	88
Robert Smith Tuffs	...	...	80
William Darling Dodds	...	...	80

The council held its first meeting at the Racecourse Hotel, Belmont, on Monday, 20th July, 1857, when W. G. McKellar was elected chairman of the council for the current year.

The council has met twenty-five times for the transaction of business during the last six months, at which meetings:—

Councillor Dodds	... 20

At the first meeting of the council it was decided to issue advertisements for a town clerk, salary £200 per annum, and to furnish security to the extent of £400, and for the valuation of all real property within the municipality. It was also resolved that the meetings of the council should take place on Monday of each week, at 4 p.m.

At the second meeting of the council, Mr. William Martin Boyce was declared duly elected to the office of town clerk, and was required to find the requisite security.

Mr. Joseph Lowe Shaw's tender for the valuation of property within the municipality for the sum of £65, was accepted by the council.

Mr. James Hendy, having kindly acted pending the appointment of a town clerk, a vote of thanks was accorded to him for his services.

The first six meetings of the council were held at the Racecourse Hotel, until suitable accommodation was found, when the council chamber was duly established in premises belonging to Mr. J. C. Wallace, situate on the Main Government road to the Barrabool Hills, in Belmont, at a rental of Ten shillings weekly.

## COMMITTEES.

The council, considering the limited number of its members, resolved to have no standing committees, but to appoint them when requisite. During the half-year committees have been appointed for the considerations of the following subjects:—

1. To obtain an overdraft of £250 from one of the Geelong banks for current expenses, which was acceded to by the Bank of Australasia, on the personal security of the councillors.

2. The inspection of main roads of the municipality.

3. To confer with the town council relative to taxing carts and drays belonging to this municipality. The town council decided that no alteration could be made in existing regulations on this head.

4. Naming streets of the municipality. Report not yet received.

5. A deputation from the council waited on the Honorable the Chief Secretary on 27th November, with the view of obtaining information on several points connected with the interests of this municipality.

6. A deputation also waited on his worship the mayor, to confer with him on the subject of uncollected rates. No satisfactory results accruing, the matter is postponed for further consideration.

7. A committee was also appointed to take into consideration the necessity of erecting a toll-bar within this municipality, and the council having decided upon its necessity, a bye-law was framed, and sent to Government for approval.

The attendance of councillors on these committees and deputations has been as follows:—

*On Committees.*

Councillor Thorne ... ..	3
Councillor Dennys ... ..	3
Councillor Mackenzie ... ..	3
Councillor Corrigan ... ..	2

*Deputations.*

His worship the chairman ... ..	1

Councillor Dennys ... ..	2
Councillor Dodds ... ..	1

## FINANCE.

An overdraft of £250 was negotiated with the Bank of Australasia as before stated. No portion of the Government grant for the current year has been received, although constant applications have been made to the Government.

## BYE-LAWS.

The following bye-laws have been submitted to Government:—

1. Standing orders.—Approved of.
2. Imposing a rate of 1s. 6d. in the pound on assessable property.—Approved of.
3. Assessment of all property within the municipality.—Approved of.
4. For expending the sum of £295 in repairs of portion of the Germantown road.—Approved of.
5. For expending the sum of £300 in repairs of portion of Colac road.—Approved of.
6. For expending the sum of £227 in repairs of portions of the Barrabool Hills road.—Approved of.
7. For expending the sum of £177 on the repair of the Barrabool Hills and Conewarre roads.
8. For the erection of certain toll-bars within the municipal boundary.—Under consideration.
9. For licensing drays, carters, &c., within this municipality. Under consideration.

## PUBLIC WORKS.

On taking charge of the roads of this municipality the council found them generally in a deplorable state, and their first act was to repair that portion of the Colac road from the Barwon Bridge to the brow of the hill in Belmont.

Tenders were then invited for the repair of the following roads, and accepted by the undermentioned contractors:—

Germantown road, Mr. W. M. Owen, for £295.  
Conewarre road, Mr. W. M. Owen, for £300.  
Colac road, Messrs. McKenzie and Gibson, for £300.  
Barrabool Hills road, Mr. James Pettigrew, for £227, which amount has been increased to £340 by the council in order to meet the urgent requirements of the public.

It will be seen by the foregoing that the sum promised by the Government, viz., £1000, is totally inadequate even for the amounts already expended in the repair of roads.

## APPLICATIONS TO GOVERNMENT.

For a map defining the boundaries of the municipality.—Granted, but being incorrect and small, application was made to the Government district surveyor, who furnished a correct and larger copy.

For Government grant of money.—Repeated applications have been made, but to the present time without effect.

To the Attorney General, requesting to know the interpretation of the word "district" in the Municipal Act, for the establishment of a Court of Petty Sessions.—Reply: "That

To Surveyor General, to fix boundary posts of this municipality.—Reply: When the posts are furnished by the municipality, directions will be given for placing them.

For a few policemen to be stationed in this municipality.—Reply: The necessary instructions have been issued.

To the Postmaster General requesting to know whether the necessary sum has been placed on the Estimates for 1858, for branch post offices at Belmont and Germantown.—No reply.

## COURT OF APPEAL.

A court of appeal against rates was held at the police office, Geelong, on the 23rd December, 1857, before his worship the police magistrate and his worship the chairman of this municipality, when some trifling reductions were made, altering the nett rates to £1041 10s., or £8 10s. less than the original assessment.

## UNCOLLECTED RATES.

A difference of opinion exists between the town council of Geelong and this municipality with regard to the uncollected rates for 1857, but which is in a fair way of being amicably adjusted.

11. Forming footpath in Doveton street.

13. The municipal council have employed labor under the superintendence of the town surveyor for cleansing and keeping the streets in repair.

## MARKET.

The municipal council applied to the Government for powers to lease the ground in the centre of Sturt street, for a period of ten (10) years, in order to induce capitalists to erect the proposed vegetable market thereon, but legal difficulties intervening, the Government could not grant the request, but offered to relinquish that portion of road applied for into the hands of the municipal council. The municipal council offered premiums for the three most approved designs for a market, which were awarded

1. To Mr. C. Porter, Geelong.
2. To Mr. James Robertson, Ballaarat.
3. To Messrs. Backhouse and Reynolds, Ballaarat.

The municipal council applied to the banks on Ballaarat for a loan of £5000, for the purpose of carrying out the design of Mr. Porter, but in consequence of the required loan extending over so long a period, and the bank charters not allowing of advances on mortgage, the application was declined. The municipal council have had the hay market reserve fenced in, and trust, with the co-operation of farmers and others interested in farm produce, that this important market may be soon established.

## WATER SUPPLY.

The municipal council have accepted tenders for the supply of pipes for the purpose of conveying water from Yuille's Swamp to Sturt street, to be delivered there from stand-pipes, and anticipate their arrival on Ballaarat in the course of a few months.

The municipal council obtained from the Central Road Board the sum of five hundred pounds (£500) out of the four thousand promised for roads in the Ballaarat district, for the removal of the embankment at the junction of Sturt and Lydiard streets, which work is now completed. A correspondence was then commenced with the Central Road Board relative to the balance of £3500, and learning from the secretary's reply that the money promised had been absorbed in the Mount Alexander road, they had the subject brought forward in the Legislative Assembly, by the courtesy of John O'Shanassy, Esq., M.L.A., and they hope no further misappropriation of moneys promised for this district will be expended in more favored localities.

## BALLAARAT RAILWAY.

A deputation from the council, consisting of the chairman and councillor R. Smith, in connection with other members of the various local bodies on Ballaarat, visited Melbourne, and had an interview with His Excellency Sir Henry Barkly and the Honorable the Chief Secretary, to urge the claims of the western district having the Ballaarat and Geelong Railway commenced at the same time as the Mount Alexander Railway. His Excellency promised, in the event of the Government having funds, that they should be simultaneously proceeded with.

On the 14th day of January, the following gentlemen were proposed as members in the place of Councillors Stewart, Tulloch, and McNeice, who retired by rotation, but were eligible for re-election — Councillors Stewart and Tulloch, Messrs.
