The period of this report extends from the 28th January, 1859, to the 27th July, 1859, both days inclusive.

**CHANGES IN MEMBERS AND OFFICERS.**

On the 26th April Councillor Christophers resigned his seat, and on the 27th May James Chapman, Esq. was elected in his stead. On the 29th March it was determined that the town surveyor's salary should be at the rate of £300 per annum, with the privilege of private practice.

The council resolved to take the weighbridge under its own management, and on the 15th March Mr. L. J. Welsford was elected weighmaster; at the same time the messenger's services were dispensed with.

The following public works have been completed:—  
The forming, metalling, channelling, and kerbing of Urquhart street, for length of 5 chains.

For enclosing the eastern end of the market-house with doors.

For quarrying and carting 500 cubic yards of bluestone from Bald Hill, South Muckleford, for the purpose of providing metal for repair of streets.

For making a portion of the road leading across Barker's Creek.

The following contracts are now in operation, and will soon be completed:—

For forming, kerbing, and channelling the council's portion of Barker street.

For quarrying, breaking, carting, and spreading 500 cubic yards of bluestone metal for completion of Barker street.

For supplying and laying 2000 square yards of flagging.

For the supply and erection of cast iron lamp pillars, lanterns, and gas fittings.

For enclosing reserve on Wattle Flat.

The council have entered into a contract with the Castlemaine Gas Company for lighting the street lamps in the vicinity of their mains for a period of twelve months.

**BYE-LAWS.**

The following bye-laws have been passed by the council and have received the sanction of His Excellency:—

No. 42. For the assessment of house and land property within the municipal district of Castlemaine; and

No. 43. For levying a rate of one shilling in the pound.

**FINANCE.**

On the 20th of April a court of petty sessions was held, when eighteen appeals were heard against the assessment, and the amount reduced by £455, leaving a total assessment of £89,691, which was afterwards confirmed by bye-law. The rate of one shilling in the pound on the above amount will be £4134 11s.

The sum of £2122 16s. 8d. has been received of the grant-in-aid, and information was requested as to the full amount to which this municipality is entitled, but no definite answer has yet been received.

**MISCELLANEOUS.**

A court of revision of the ratepayers' roll was held on the 25th of May.

A grant of £100 was made to the Corn Market Committee, for the purpose of assisting in the formation of a corn market in Castlemaine. Also a grant of £50 to the Castlemaine Volunteer Fire Brigade, and a first-rate fire-engine has been purchased at a cost of £220.

The Mechanics' Institute made application for a grant of £150, but the council, after due deliberation, resolved, that instead of granting them money the sum of £50 should be expended in books for the benefit of that institution, provided a bye-law is sanctioned by the Executive for that purpose.

On the application of the council, a grant of five acres of land at South Muckleford for a municipal quarry was made by the Government.

A grant of £300 has been conceded by the Government for the purpose of enclosing the reserve on Wattle Flat. The money has not yet been received, as it is intended to pay for the work as the work progresses.

**WATER SUPPLY.**

The question of a water supply for the township still engrosses the attention of the council. The basin of the Coliban has been surveyed, and the town surveyor has been busily engaged in preparing plans and estimates of the work.

The boring in Market square had to be discontinued, the Government Geologist assuring the council that there was no hope of obtaining a supply of water from that locality.

W. FROMMES,  
Chairman.  
J. LARNACH,  
Town Clerk.
