MUNICIPAL INSTITUTIONS.

FITZ ROY PETITION FOR EXTENSION.

IN pursuance of the Act of Council 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by two hundred and ninety-nine inhabitants of the municipal district of Fitz Roy, in the county of Bourke, praying for the annexation of a contiguous locality to the said municipal district.

By His Excellency's Command,  
JOHN O'SHANASSY.

J.2488.

The petitioners state that they are desirous that the northern boundary of the municipal district should be extended so as to include the triangular portion of land embraced by the Heidelberg road, Smith street, and Reilly street.

They are of opinion that the portion of the Heidelberg road extending from the north end of Brunswick street to the north end of Smith street is the natural boundary of the district on the north, inasmuch as all the leading streets east of Brunswick street are continued to and terminate thereon. But the present boundary line extending along Reilly street deprives the municipal authorities of the power to construct, repair, or control the continuations of those streets that extend in a northerly direction towards the Heidelberg road, and hence these continuations of the leading thoroughfares of the district will be neglected to its manifest injury.

They are also of opinion that the city corporation can lay no just claim to the portion of land sought to be annexed, inasmuch as the expenses incurred in laying out and forming the portions of the streets that intersect it were duly credited to them in the adjustment of accounts at the period of separation.

And the petitioners pray as follows:—  
"Your memorialists therefore pray that your Excellency will be pleased to proclaim the northern boundary of this municipality as follows—from a point where the centre of Reilly street intersects the centre of Nicholson street, along the centre of Reilly street to Brunswick street; thence in a north-easterly direction along the south-eastern side of the Heidelberg road to Smith street, and along the centre of Smith street to the present boundary line."

[The signatures to the above-mentioned petition will be found in the Gazette, Nos. 56, 58, pp. 749, 788, ante.]

Melbourne, 12th April, 1859.

PETITION FOR MUNICIPAL INSTITUTIONS.

HEATHCOTE.

IN pursuance of the Act of Council 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by one hundred and ninety-nine householders at Heathcote, in the county of Dalhousie, praying for the erection of their locality into a municipal district.

By His Excellency's Command,  
JOHN O'SHANASSY.

J.2883.

The petitioners recite the 1st and 2nd sections of the Municipal Act, 18 Victoria No. 15, and state that urgent necessity exists for the establishment of a municipal district at Heathcote.

They suggest the following boundaries for the proposed district, viz.:—Commencing at a point at the junction of Mitchell street and High street, being the centre of the township of Heathcote, and extending thence on the north to a point seven chains north to the Black Swan Hotel; on the south to a point twenty chains north of Sheep Station Gully, such north and south boundaries to be arcs of a circle whose radii shall not exceed three miles from the centre, and extending on the east and west respectively one quarter of a mile, or twenty chains from the east and west boundary lines respectively of the main Government road throughout the entire length of the proposed district from north to south.

They state that the abovementioned district forms only a portion of the parish of Heathcote, and is considerably less than the area limited by the Act, and also that it contains a population of householders much exceeding Three hundred.

And the petitioners pray as follows:—  
"Your petitioners therefore humbly pray that your Excellency will be pleased to cause the substance and prayer of this petition to be advertised in the Government Gazette, in accordance with the above in part recited Act, and so soon as the terms and provisions of the said Act will permit, to proclaim the locality as a municipal district, by a name in such Proclamation to be declared, and also by the same or any other Proclamation to define the limits and boundaries of such municipal district, the same to be a municipal district, having a council created a body corporate, for the purposes and with the powers contained in the said in part recited Act."

[The signatures to the above-mentioned petition will be found in the Gazette, Nos. 56, 58, pp. 750, 789, ante.]

Chief Secretary's Office,  
Melbourne, 15th April, 1859.

MUNICIPAL INSTITUTIONS.

BUNINYONG PETITION.

IN pursuance of the Act of Council 18 Victoria No. 15, His Excellency the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by one hundred and seventy-four householders resident at and near Buninyong, in the county of Grant, praying for the erection of their locality into a municipal district.

By His Excellency's Command,  
JOHN O'SHANASSY.

K.3143.

The petitioners state that they are all householders resident in and around the township of Buninyong, and within the district proposed to be erected into a municipality.

That a public meeting was held on the 7th of March last, whereat a resolution was passed to the effect that the meeting was of opinion that the establishment of a municipal council would be beneficial to the township and the district in general.

That the township of Buninyong is the oldest inland township in the western district, and the proposed municipal district contains a population of about 5000.

That there is within the proposed district a considerable quantity of land under cultivation, and that extensive mining operations of a permanent character are being carried on therein and in the neighborhood.

That within the Buninyong division of the mining district there are 40 engines employed in mining, 78 puddling machines, 4 steam quartz-crushing machines, and 40 whirms, besides 4 steam saw-mills, and fellmongery and other works.

That the average quantity of gold raised weekly within the immediate vicinity is upwards of 1750 ounces, and the quantity is steadily increasing.

That for the reasons stated above they are of opinion that the district hereinafter described should be established as a municipal district, its area containing a population considerably over 300 householders, and not exceeding nine square miles, wherein no point is distant more than six miles from any other point.

The petitioners suggest the following boundaries, viz.:—Commencing at the north-east corner of allotment No. 51 of Buninyong agricultural lands, and bounded thence on the north by a line bearing due west for a distance of three miles to the north-west corner of Buninyong, allotment No. 40; thence on the west by a line bearing due south for a distance of 1 mile and 60 chains to the south-west corner of Buninyong suburban allotment No. 123 B; thence on the south by a line bearing due east for a distance of 3 miles to the south-east corner of Buninyong suburban allotment No. 98; thence on the east by a line bearing due north for a distance of 1 mile 60 chains to the point of commencement."

And the petitioners pray as follows:—"Your petitioners therefore pray that the said district so defined may be proclaimed a municipal district under the name of 'The Municipal District of Buninyong,' according to the provisions of the Act of Council 18 Victoria No. 15."

[The signatures to the above mentioned petition will be found in the Gazette, Nos. 58, 61, pp. 790, 818, ante.]

intituled, *An Act for regulating the formation, drainage, and  
repair of Streets, Courts, and Alleys, on Private Property, within  
the City of Melbourne*, it is amongst other things enacted, that  
where any street, court, or alley on private property in the  
city of Melbourne shall not be, or shall not have been, suffi-  
ciently paved, flagged, macadamised, levelled, drained, and sew-  
ered, or otherwise completed or repaired, to the satisfaction of  
the council of the said city, it shall be lawful for the said  
council, at any time, and from time to time, by any order under  
the hand of the mayor or town clerk of the said city, for the  
time being respectively, to order that any such street, court,  
or alley, or any part thereof, shall be freed from obstruction,  
paved, flagged, macadamised, levelled, drained, and sewered,

SCHEDULE B, REFERRED TO IN THIS ORDER.

Manner in which the streets, courts, and alleys, enumerated in schedule A, referred to in this order, are ordered to be freed from obstruction, paved, flagged, macadamised, levelled, drained, and sewered.

The natural soil is to be reduced or made up as the case may require, so that the longitudinal section of the whole right-of-way shall in no part have an inclination of less than 1 in 120, and where practicable the entire length is to form one incline. In laying on any stuff it is to be spread in layers of not more than one foot thick. The transverse section of the right-of-way is to show a roadway whose crown shall be one inch above the kerbs of the footways, and in the fall from the crown of the water-channels is to be at the rate of 1 in 25.

No. 70.—MAY 6TH, 1859.—6.

On either side of the roadway there is to be a water-channel eighteen inches wide, consisting of two rows of bluestone pitchers, nine inches deep, and not less than nine inches by fourteen inches on the surface, with upright sides, set in loam and rammed with a rammer weighing forty pounds, so as to subside four inches.

The bottom of the channel is to be seven inches below the top of the kerbs.

On either side of the roadway there is also to be a footway not more than three feet wide, and these are to be separated from the roadway by a red gum plank or kerb ten inches by three, set on edge, and fastened with five-inch spikes to piles four inches by four of red gum, three feet long, driven into the soil.

The footways are to be covered with a coat of gravel three inches thick, and the surface is to fall towards the channel at the rate of 1 in 10. The roadway is to be covered with a coat of broken metal, broken to a two and a half inch gauge, and laid on seven inches thick at the channels, and eight inches at the crown, and this when necessary is to be covered with a coat of loam one and a half inches thick.

Wherever private entrances lead from the right-of-ways they are to be paved to the full width with bluestone pitchers, in the same manner as the channels. Paving is to be extended from the channels towards the line of houses or fences, so as to cross the entire footway.

The whole of the work must be done under the inspection and subject to the approval of the City Surveyor, who is authorised to order any deviation from these general principles which the particularities of any case may require. No. 653
