BY-LAW FOR REGULATING THE PROCEEDINGS OF THE SANDHURST MINING BOARD.—[21st May, 1859.]

AT a meeting of the mining board of the mining district of Sandhurst, begun and holden at Sandhurst, in the said district, on the 21st day of May, One thousand eight hundred and fifty-nine, it is ordained by the said board as follows, that is to say:—

## ORDER OF MEETINGS.

1. That the sittings of the board be open to the public on all ordinary occasions, but a majority of the board may require the

exclusion of strangers while the sense of the board is taken, whether the question then under consideration shall be discussed with closed doors or not.

2. The first business at each sitting of the board shall be to confirm and, if necessary, amend the minutes of the preceding sitting. The chairman shall initial any amendment made on the minutes.

3. The reception of deputations, the presentation of memorials or petitions, and the reading of correspondence, shall take precedence of all other business, in the order herein stated.

4. The order of the day shall include all business of which due notice has been given, and all matters arising out of former sittings of the board. The bringing up of reports shall have precedence of all motions.

5. All motions shall be considered in the order in which notice thereof has been given.

6. It shall be competent for any member to propose an original motion or an amendment upon a motion, without previous notice, provided the same shall be handed to the chairman and read to the members, and that it be not of a legislative character. But no motion, the effect of which would be to rescind any previous resolution of the board, shall be entertained unless a fortnight's notice shall have been previously given.

7. No motion having reference to the amendment, repeal, or introduction of a bye-law shall be entertained unless upon one week's notice in writing given at a previous sitting of the board.

8. No notice of motion entered on the notice paper shall be proceeded with unless by the member who gave such notice, or by some member authorised by him, and no motion shall be entertained until seconded, nor shall any motion be withdrawn unless by the sanction of the board, and any member about to propose a motion, shall read the same before speaking to it.

9. No committee report shall be adopted unless it shall have been brought up and read at a previous sitting of the board.

10. Any proposed bye-law, or amendment of any bye-law, shall be read a first time without discussion. Upon a second reading of such proposed bye-law, or amendment of any bye-law, a discussion may take place, after which the said proposed bye-law or amendment of any bye-law may be considered in a committee of the board. But no bye-law, nor any amendment of a bye-law, shall be passed until read a third time.

11. Any one or more of the "standing orders" may be suspended *pro tem.* in case of emergency, by the consent of a majority of the members present, exclusive of the chairman.

12. A call of the board for special purposes shall be made by the chairman, on the written requisition of four members of the board.

13. The final decision of the board upon all questions shall be ascertained by the chairman in the following manner, viz.:— Having put the question to the board, the members shall each respectively signify his judgment by the word "aye" or "no." The chairman may afterwards require a show of hands upon any such occasion at his discretion.

14. The clerk of the board shall have charge of the board room, and all books, records, maps &c., therein; and shall affix in a conspicuous place in the said room copies of such notices as may be given at the board from time to time, and shall also preserve the original notices.

## ORDER OF DEBATE.

1. Any member upon proposing a motion or amendment, or discussing any matter, must rise and address the chairman, and no member shall be interrupted unless by a call to order, when he shall resume his seat; the member calling to order shall then be heard, and the question of order decided by the chairman before the subject is resumed or any other business entered upon.

2. If more than one member rise at the same time, the chairman shall decide respecting the pre-audience.

3. No member shall speak twice on the same question unless by way of explanation merely, or in reply, as the mover of an original motion; after such reply the question shall be immediately put to the vote unless an amendment be moved. When, however, any amendment has been proposed and seconded, it may be discussed, and the question upon it put by the chairman, before he shall put the original motion. If no amendment shall be proposed, nor any amendment proposed shall be carried, then the original motion shall be put to the vote.

4. No member shall digress from the subject under discussion, and any member who may impute motives or make use of expressions calculated to offend any other member of the board, shall be required by the chairman to withdraw such expression and apologise to the board.

5. The decision of the chairman shall be final on all questions of "order" or "practice," and he shall state the same without comment or argument.

6. Any member may require the clerk of the board to take down any particular expressions immediately upon their being used, and any member may of right demand the production of any of the documents of the board bearing upon the question under consideration.

7. No discussion shall be allowed on any motion for adjournment, but if the question shall be decided in the negative the next motion or order of the day shall be considered before the question for adjournment be again entertained.

8. Any member may record his protest against any decision of the board, provided he notify his intention to that effect on the passing of the resolution against which he protested.

**MARYBOROUGH MUNICIPALITY.**

FOURTH HALF-YEARLY REPORT OF THE PROCEEDINGS OF THE MARYBOROUGH MUNICIPAL COUNCIL, ENDING 4TH MAY, 1859.

AS the revenue of the municipality during the past half-year has been solely derived from the rates collected during that period, the municipal council have necessarily been prevented from proceeding so extensively as they could have desired with the general public works and improvements of the district.

But although prudence has compelled the council to a great extent to limit their operations and expenditure, they have been enabled to maintain the streets, to form and kerb the footpaths, as well as partially to institute an improved system of drainage.

Those improvements which are more urgently demanded by the growing requirements of certain parts of the town will also receive immediate attention.

**ATTENDANCE OF MEMBERS.**

Twenty-three general meetings and five special meetings (irrespective of committee meetings) have been held, at which the attendance of members was as follows:—

The Chairman	...	9	...	4
Councillor Christian	...	22	...	4
Councillor Garland	...	19	...	4
Councillor Taylor	...	19	...	3
Councillor Campbell	...	16	...	4
Councillor Fowler	...	14	...	2
Councillor Levy	...	12	...	4

**BYE-LAWS.**

The following bye-laws have been passed by the council:—

14. For levying a rate of One shilling in the pound for the current year.
15. For the management of the public cemetery established at Maryborough.

**PUBLIC WORKS.**

The following public works have been completed, or are in progress:—

1. Forming, gravelling, and kerbing portion of footpaths in High street.
2. Building stone culvert under High street, at Inkerman street.
3. Building stone culverts in Clarendon street and Hospital street, and pitching dish drain in Clarendon street.
4. Kerbing and forming part of footpaths in Clarendon street.
5. Forming and gravelling portion of footpaths in Hospital street.
6. Enclosing town hall reserve.
7. Erecting gates at old and new cemeteries.
8. Repairing road to Back Creek, and maintaining roads and crossings over the leads.
9. Fixing posts for defining municipal boundaries.
10. The completion of the fencing of the old and new cemeteries.

**GAOL AND CIRCUIT COURT.**

The Government, after a personal inspection of the district, decided upon this place as the most fitting town for the establishment of a circuit court, and having placed on the estimates the sum of £10,000 for the erection of a gaol in Maryborough, the opposition manifested by neighboring townships, and the interest brought to bear on the mind of the Government and Legislative Assembly to induce a transfer of the money, or a postponement of the vote, rendered it imperative that certain members of the council, with others resident in the district, should proceed to Melbourne for the purpose of resisting this attempt by furnishing the Government and the House with correct statistics and data in support of their claims.

The council, while congratulating the ratepayers on their complete success, have to regret, on the score of expense, that the adoption of such measures for the maintenance of their just rights should have been forced upon them.

**WATER SUPPLY.**

No plan has yet been devised by the Government for the supply of the gold fields with water, but the council, under a deep conviction of the importance of this question, have taken steps to ascertain the readiest mode of supplying this deficiency.

An engineer was recently despatched by the Government to test the practicability of Mr. English's scheme for bringing water from the Bullarook Creek.

This report is to the effect, "that probably no better line could be found for obtaining a supply of water by gravitation than the one selected by Mr. English," but no estimate of the cost is given.

A plan for the formation of dams to retain storm water has been favorably reported on by a committee appointed to suggest the most suitable sites, and a careful survey is recommended. This is at present under consideration of the council.

**APPLICATIONS TO GOVERNMENT.**

*Granted.*

1. The sale of additional town allotments.
2. For a water survey.
3. For restoration of culverts in the main road.
4. The extension of hours of business at the Treasury on escort days.

6. The selection of site for same.
