election on the 30th of June last. The following gentlemen were placed in nomination:—

- A. Mackenzie, Esq.
- T. Powell, Esq.
- G. Martin, Esq.

On Monday, the 9th of July, the council, as newly constituted, met and elected Alexander Mackenzie, Esq., chairman for the municipal year 1860-61. At this meeting the resignation of W. G. McKellar, Esq., as councillor, was received, and the usual steps have been taken to fill the vacancy on the 3rd August.

The finance committee, consisting of councillors Thorne, Matthews, and Herd, met fourteen times.

A committee for naming the streets met several times, and brought up a report, which, with some few alterations, has been adopted.

Communication has been had with the town council of Geelong, and the municipality of Newtown and Chilwell, on the question of the heavy dray license levied by the former body, and it is hoped that the subject is in a fair way of being favorably arranged.

Petitions have been adopted and presented to the Honorable the Legislative Assembly, by A. Thomson, Esq., asking for the permanent endowment of municipalities; and also for a more extended trial of endeavoring to procure supplies of water by means of artesian wells.

A petition to His Excellency the Governor is in course of signature, to have the river boundary extended from the banks to the middle of the river Barwon.

A suggestion was made to Government to make trial of tan or bark to preserve the floor of the Barwon Bridge; the Government declined, having made a trial on a similar bridge without advantage.

The traffic on the four roads interested in the toll has been taken, in order to expend the same in accordance with the by-law.

A statement of the gross receipts and expenditure of the toll fund, from the commencement of the collection to the 20th July, 1860, is appended, in addition to the general balance sheet.

The council have to express their extreme regret that their exertions to have the tolls supplemented by Government have not met with success.

Contracts are in progress on the Colac, Valley, Roslyn, German-town, and Mount Colite roads; also at Marshalltown, and for the new bridge at Germantown. Metal is being quarried and broken, and laborers have been employed repairing various roads in the district.

BYE-LAWS.

No. 16, for additional regulations in regard to collection of tolls.—Gazetted.

No. 17, to impound cattle straying on the bridge.—The Crown Law officers consider the Town and Country Police Act sufficient.

No. 18, repealing clause 56 of Standing Orders, and providing for mode of election of officers.—Gazetted.

No. 1092

SANDHURST MUNICIPALITY.

NINTH HALF-YEARLY REPORT.

REPORT of the proceedings of the Municipal Council of Sandhurst, for the half-year ending 10th July, 1860---

PUBLIC WORKS.

The works completed during the past half-year, or now in progress, are the formation of portions of Violet street, Barnard street, Thistle street, Panton street, Beech street, Lucan street, Myers street, Honeysuckle street, &c.; kerbing and channelling in McIvor road and Vine street; flagging footpath in View place, planting Pall Mall, cutting drains, clearing stumps in several streets, providing new iron lamp, pillars and fittings for gas, contributions towards the construction and maintenance of sludge channel, with many other minor works, and the general maintenance of existing works at a cost of £2246 18s. The want of funds has prevented a further outlay.

The expenditure for lighting, sweeping, and for prevention of fires, has amounted to £1021 2s. 9d. in the half-year.

BYE-LAWS.

No. 22, for suppression of nuisances, passed last half-year, has been twice amended to suit the views of the Government, but has not yet been assented to.

No. 24, for suppression of bell-ringing nuisance, has been passed and assented to.

FINANCE.

The debt owing to the bank at the commencement of the year has been paid, and the council have now a balance in their favor of £975 16s. 11d.

The sum of £5262 has been received on account of the Government grant. Of the rate struck for 1859, and in arrears, the sum of £5580 18s. 11d. has now been collected. The assessment has been revised, and a rate for the current year will be struck immediately.

In consequence of the increased labor, the salary of the market inspector and his assistants has been increased at the rate of £150 per annum.

ELECTIONS.

At the annual election on the 11th January, councillors Burrows, Symonds, and O'Keefe, were elected, in the place of councillors retired—Messrs. Cahill, Carpenter, and Harris; and councillor Abbott was elected chairman of the council for the current year.

In February, councillor Boyd was elected in the place of Mr. McIntyre, resigned, and councillor Casey in the place of Mr. Simons, resigned.

MISCELLANEOUS.

In consequence of an intimation from the Government, that sufficient money was not in hand to complete the sludge channel, partly constructed, and maintain the existing one, until the completion of the new one, and that one or other work must be stopped, it was found necessary to send a deputation, consisting of the chairman, councillor Casey, and the town clerk, to wait upon the Government. They succeeded in obtaining the completion of the channel, having, however, to give a pledge in return—that the council would undertake, as soon as the necessary power was granted by the Legislature, to maintain the channel by funds derived from local assessment, provided that the Mining Board decline to do so.

In support of a petition, praying the Government to take comprehensive measures to secure proper water supplies for the gold fields, &c., the chairman, in company with representatives from other districts, waited upon the Executive, the council regret to say, though, without success.

Many other applications have been made to the Government in furtherance of the interests of the town. To induce the settlement of the endowment question, and the requisite amendments of the Municipal Institutions Acts, the council have initiated another municipal conference, which will shortly be held; the conference to have the requisite bill prepared and brought before the Legislature.

Steps have been taken to plant trees in the centre of the town, and also to bring the botanical garden reserve into use.

No. 101.—August 17, 1860.—4.

The council having complied with all the conditions of the Government, hope now that the cattle market will be immediately proclaimed, and the council empowered to put it in operation.

A desire to have the principal thoroughfares in the town formed to afford the necessary facilities to business traffic induced the council, in 1859, to make a large overdraft at the Bank, by which means the necessary road-making was accomplished, occasioning a balance at the end of the last year, due to the Bank, of the sum of £5908 19s. 9d.; the council being desirous to remove that liability, have confined the operations of the past half-year to those works which were indispensably necessary.
