WHEREAS by an Act of the Parliament of Victoria, passed in the 21st year of Her Majesty Queen Victoria, No. 32, it was made lawful for the Governor to grant leases of any auriferous Crown lands, for mining purposes, for any term not exceeding ten years: AND WHEREAS by the same Act it was also made lawful for the Governor in Council from time to time to make such regulations, not being contrary to the said Act, as should appear to be necessary for prescribing the form of documents and leases to be issued under the said Act, the modes, times, dates, and places of the issue thereof, and the conditions on which such leases should be issued: AND whereas an Order in Council was made for regulating mining leases of auriferous Crown land in the mining district of Castlemaine, on the 30th day of August, 1859, under the said Act: AND whereas it is expedient to amend the regulations contained in the said Order: Now therefore His Excellency the Governor, by and with the advice of the Executive Council, doth hereby rescind the said Order, and doth also, with respect to all leases which the Governor may grant as aforesaid of any auriferous Crown lands being in the mining district of Castlemaine, make the regulations next following: PROVIDED that these regulations shall not affect any proceedings already taken with respect to applications for leases under the said Order in Council.

WHAT LANDS MAY BE LEASED.

I. All auriferous Crown lands in the mining district of Castlemaine may be leased under these regulations, except—

1. The whole or any part of any claim held under a miner's right by any person other than the applicant;
2. Any land within the boundaries of which any claim, or part of a claim, is held under a miner's right;
3. The whole or any part of any land which any person, other than the applicant, is entitled by virtue of a miner's right to occupy for residence, and actually does occupy *bona fide*;
4. The whole or any part of any land which any person, other than the applicant, is entitled by virtue of a business license to occupy, and does actually occupy *bona fide*.

5. The whole or any part of any land in or over which any person, other than the applicant, has any interest or authority other than those above mentioned which he may lawfully use or exercise for mining purposes or for discovering the existence of gold:

REQUIREMENTS PRELIMINARY TO THE ISSUE OF LEASES.

I. For the information of the holders of miner's rights, every person desirous of obtaining a lease of auriferous Crown lands in the mining district of Castlemaine, shall, previous to making application (as hereinafter directed), erect, or cause to be erected, at each angle of the land proposed to be leased, a post not less than three inches square, and standing at least three feet in height above the surface of the ground, and shall affix upon each post a board with the words "Applied for Lease," together with the name of the applicant, and the extent of the area applied for, legibly painted thereon, and such posts shall be maintained at the expense of the applicant until the land shall have been officially surveyed. The applicant will also be required to publish in one or more of the local newspapers, and at least seven days previous to the consideration of his application, full particulars of such application, together with a description of the land applied for.

II. Every person applying for a lease of auriferous Crown lands in the mining district of Castlemaine, shall apply for such lease by addressing to the Chief Secretary, through the nearest warden of the mining district, an application in duplicate in the form in schedule hereunto appended marked A; and the warden shall, as soon as it may conveniently be done, enter or cause to be entered, in a book to be kept for the purpose, such application, numbered according to the order in which it shall have been received, and shall thereupon, and upon receipt of the deposit in the application referred to, give to the applicant a certificate and receipt in the form in schedule hereunto annexed marked B, and the priority of every application shall be determined according to the time at which it was so received and entered as aforesaid.

III. At the time of applying as aforesaid for a lease, the applicant must deposit with the warden (in addition to a sufficient sum to cover the charges of survey) the sum of Ten pounds, as a guarantee for payment of any expenses which may be incurred by reason of any objection to such application being allowed. And whether such objection shall be allowed or not, any surplus which may remain over expenses incurred shall be returned to the applicant.

IV. Every person who shall hereafter apply for a lease under these regulations, shall deposit with the warden a sum equal to six months' rent (computed at the rate hereinafter specified), of the land so applied for; and in the event of any lease being subsequently refused, such deposit may and shall be returned to the applicant without any deduction whatsoever. But if the application is withdrawn by the intending lessee, he shall forfeit a sum equivalent to three months' rent of the land proposed to be leased, together with all the expenses which may have been actually incurred for the purposes of survey.

N.B. Printed copies of the forms A, B, C, will be issued at the office of the wardens of the district, free of expense.

OFFICIAL SURVEY.

I. Upon receipt of such application and money aforesaid, the warden shall direct the surveyor to proceed to the land applied for, and survey the same, and furnish the warden with a report thereon as to the area, boundaries, and description thereof, and the character of the ground, as also any claims to prior occupancy which may come under his notice while making the survey, accompanied by a plan thereof on the scale of two chains to the inch, together with a tracing of so much of the general map of the district, on the scale of four inches to a mile, as will suffice for connecting the particular area applied for with at least one fixed point in the district; and the warden shall transmit such report, plan, and tracing to the Chief Secretary with as little delay as under the circumstances may be possible.

II. When the surveyor shall proceed to make his survey, he shall remove the posts erected by the applicant, and shall mark out the land applied for by fixing at each angle thereof, and at distances not exceeding one hundred yards in the side, lines thereof, a post, painted white, and standing at least three feet above the surface of the ground, and shall affix upon some conspicuous place within the boundaries of the land applied for a notice, dated on the day of such survey, setting forth, in the form of the schedule hereunto annexed marked C, the description of the land applied for and the address of the applicant, and such notice shall be effectually secured by the surveyor.

III. In the event of more than one application being made for the same land or any part thereof, each of such applications shall be dealt with according to its priority.

OBJECTIONS.

I. Any person objecting to the issue of such lease to any applicant, shall, within twelve clear days after the date of the notice posted on the land as aforesaid, forward to the warden of the district, and also to the applicant, at the address stated in such notice posted as aforesaid, full notice of all objections against the issue of such lease to the applicant.

II. Every person so objecting shall (except in cases of interference or encroachment which are hereinafter provided for) deposit with the warden the sum of Five pounds as security for the due prosecution of his objections, and in satisfaction of all expenses to which the applicant may be put by such objections; and if such objection should not be prosecuted, or shall fail, so much of such sum shall be handed over to the applicant as may by the warden be declared necessary to defray the expenses of the applicant, and the balance (if any) shall be refunded to the person objecting.

III. When application shall have been made for a lease of any ground, to the whole or any part of which, or to any land, water-course, or other easement within the boundaries of which any person other than the applicant shall claim to be entitled, by vir-

two of prior occupation under a miner's right or business license, the objection to the granting of such lease may be heard by the warden in the same way as a case of interference or encroachment under the provisions of the Gold Fields Act.

ENQUIRY INTO APPLICATIONS AND OBJECTIONS.

I. After the expiration of the twelve days, exclusive of Sunday, Good Friday, and Christmas Day, allowed for objections, the warden shall proceed to hold, at a time and place to be named by him, an enquiry into the 'truth' of the particulars stated by the applicant and of the objections made by each objector.

II. At such enquiry the warden or other officer shall receive such information as the parties may offer, and as he may think pertinent to his enquiry; and immediately after such enquiry, or, should there be no objections, immediately after the expiration of the twelve days allowed for objections, he shall forward to the office of the Chief Secretary the application and objections thereto, if any, and his report thereon.

III. Every applicant who shall require the same shall be furnished with a copy of the mining surveyor's report, and plan of the ground sought to be leased, and shall also be entitled to examine the warden's report, and to make or cause to be made a copy of the same for his own use and guidance.

LEASES.

I. All leases to be applied for, and which it shall be proposed to grant for mining purposes, shall be designated "Gold Mining Leases," and shall be classified as *Ordinary Leases* and *Quartz Leases*.

1. *Ordinary Leases* will include all lands where gold is found in the drift alone, or wherein the land is of a mixed nature, consisting partly of alluvial workings and partly of lodes or veins of quartz.

2. *Quartz Leases* will refer to lands consisting wholly or for the greater part of quartz lodes or veins.

II. The Governor may, if he shall think fit, issue to any applicant who has complied with such of these regulations as refer to his application, a lease of the land applied for, or any part thereof, after the time prescribed by the eleventh section of the Gold Fields Act, viz., one month after notice of the intention to grant the same shall have been published in the *Government Gazette*.

III. In any case in which an application shall have been made in pursuance of these regulations for a lease of land in any part of which any person other than the applicant may be entitled to cut, construct, or use any race or dam, or to any other easement for mining purposes, the Governor may, if he shall think fit, authorise the issuing of a lease of such land, subject to all existing rights in, to, or the use of such race, or dam, or other easement, and impose such terms as the said Governor may think fit, in order to secure the enjoyment of the same, or to secure compensation for any injury or inconvenience likely to arise to such person by reason of the issuing of such lease.

IV. Every lease will bear *date* the day of the execution thereof by the Governor, and may be obtained at the office of the warden, who shall deliver the same to the applicant, or such person as shall be duly authorised to receive the same, upon receipt of a fee of £1.

V. *The parcel of land demised* shall be in ordinary leases in the form of a quadrilateral figure (except where it is impracticable by reason of the adjoining land being occupied, or from insuperable impediments), and the maximum length thereof shall not, except as hereinafter provided, exceed more than thrice the maximum breadth, and shall be described in the lease by such metes and bounds as shall have been reported by the surveyor and approved by the Chief Secretary, upon report of the warden.

VI. *The term of the lessee in the land demised* cannot in any case exceed ten years.

VII. *The extent of the areas of leases* shall be (except in special cases hereinafter provided for):—

1. For *ordinary leases*, an area not less than two acres nor more than twenty acres.
2. For *quartz leases*, an area the length of which shall not exceed four hundred and forty yards, nor be less than one hundred yards along the line of the lode; and the width thereof shall not be more than two hundred and twenty yards, nor less than fifty yards measured across the lode.

VIII. *The rents reserved* shall in all cases be at the rate of Five pounds per acre per annum, and the said rents shall be made payable *half-yearly* in advance during the entire term, and the day of the execution of the lease shall be deemed to be the day upon which the first payment shall be made.

IX. In all leases hereafter to be applied for, the land shall be demised, and the rent reserved, as herein prescribed.

SPECIAL CASES.

I. Whenever any person shall have purchased the right, title, or interest of any puddler or miner to or in any land intended to be applied for on lease, such puddler or miner may continue to work and mine the said land, if an agreement has been or shall hereafter be entered into to that effect between the parties, until the applicant receives his lease and requires the use of the said land, and it shall not be competent for any Commissioner of Crown Lands to remove any such person contrary to the agreement so entered into: Provided, however, that the warden shall be the judge who shall decide conclusively as to the existence and validity of such agreement.

II. In cases where it shall be shown that a departure from the foregoing areas or rents would under special circumstances be desirable, the same may be diminished, extended, or otherwise altered by the Governor, and such covenants, conditions, and stipulations may be imposed, and such rents and royalties reserved, as by the said Governor may be considered necessary: Provided that the warden shall not investigate any application for a greater or less extent of land than the maximum or minimum quantities hereinbefore stated, without a special order from the Chief Secretary; and further provided that any such special application already made or which shall hereafter be made shall take its priority as in cases of ordinary applications.

III. In addition to gold mining leases, leases of lands required for the construction of dams, or for sites for the erection of machinery, and whereon it is not proposed to mine for gold, and the areas of which shall in no case exceed ten acres, may also be granted; and such leases shall be subject to an annual rent of one pound per acre, payable half-yearly in advance; and such special lease shall not entitle the holder thereof to mine in or upon any land so leased; and if any land so leased and occupied shall afterwards prove to be auriferous, the occupiers thereof shall be liable to be removed therefrom upon payment of compensation by persons desirous of entering thereon for mining purposes, the amount of such compensation to be determined by a warden, or warden and assessors; and such lease shall thereupon be deemed to be absolutely void.

IV. These regulations shall take effect and come into operation on the 20th day of February instant.

I. After the expiration of the twelve days, exclusive of Sunday,
Good Friday, and Christmas Day, allowed for objections, the
warden shall proceed to hold, at a time and place to be named
by him, an enquiry into the truth of the particulars stated by
the applicant and of the objections made by each objector.

II. At such enquiry the warden or other officer shall receive
such information as the parties may offer, and as he may
think pertinent to his enquiry; and immediately after such
enquiry, or, should there be no objections, immediately after
the expiration of the twelve days allowed for objections, he shall
forward to the office of the Chief Secretary the application and
objections thereto, if any, and his report thereon.

III. Every applicant who shall require the same shall be fur-
nished with a copy of the mining surveyor's report, and plan of
the ground sought to be leased, and shall also be entitled to
examine the warden's report, and to make or cause to be made a
copy of the same for his own use and guidance.

LEASES.

I. All leases to be applied for, and which it may be proposed to grant for mining purposes, shall be designated "Gold Mining Leases," and the distinction between leases of alluvial lands and leases of quartz ground shall henceforth be abolished and cease.

II. The Governor may, if he shall think fit, issue to any applicant who has complied with such of these regulations as refer to his application, a lease of the land applied for, or any part thereof, after the time prescribed by the eleventh section of the Gold Fields Act, viz., one month after notice of the intention to grant the same shall have been published in the *Government Gazette*.

III. In any case in which an application shall have been made in pursuance of these regulations for a lease of land in any part of which any person other than the applicant may be entitled to cut, construct, or use any race or dam, or to any other easement for mining purposes, the Governor may, if he shall think fit, authorise the issuing of a lease of such land, subject to all existing rights in, to, or to the use of such race, or dam, or other easement, and impose such terms as the said Governor may think fit, in order to secure the enjoyment of the same, or to secure compensation for any injury or inconvenience likely to arise to such person by reason of the issuing of such lease.

IV. Every lease will bear *date* the day of the execution thereof by the Governor, and may be obtained at the office of warden, who shall deliver the same to the applicant, or such person as shall be duly authorised to receive the same, upon receipt of a fee of £1.

V. *The parcel of land demised shall be in all cases in the form of a quadrilateral figure (except where it is impracticable by reason of the adjoining land being occupied, or from insuperable impediments), and the maximum length thereof shall not, except as hereinafter provided, exceed more than thrice the maximum breadth, and shall be described in the lease by such metes and bounds as shall have been reported by the surveyor and approved by the Chief Secretary, upon report of the warden.*

VI. *The term of the lessee in the land demised cannot in any case exceed ten years.*

VII. *The extent of the areas of leases shall be (except in special cases hereinafter provided for) not more than twenty acres nor less than two acres; but lands comprised in any two or more leases the total areas of which do not exceed in the whole fifty acres may be worked conjointly, provided that the value of the machinery employed, and the capital expended thereon, be equal to the aggregate amounts named in the respective leases.*

VIII. *The rents reserved shall be at the rate of Five pounds per acre per annum, and the said rents shall be made payable half-yearly in advance during the entire term, and the day of the execution of the lease shall be deemed to be the day upon which the first payment shall be made.*

IX. In all leases hereafter to be applied for, the land shall be demised, and the rent reserved, as herein prescribed.

SPECIAL CASES.

I. Whenever any person shall have purchased the right, title, or interest of any puddler or miner to or in any land intended to be applied for on lease, such puddler or miner may continue to work and mine the said land, if any agreement has been or shall hereafter be entered into to that effect between the parties, until the applicant receives his lease and requires the use of the said land, and it shall not be competent for any Commissioner of Crown Lands to remove any such person contrary to the agreement so entered into: Provided, however, that the warden shall be the judge who shall decide conclusively as to the existence and validity of such agreement.

II. In cases where it shall be shown that a departure from the foregoing areas or rents would under special circumstances be desirable, the same may be diminished, extended, or otherwise altered by the Governor, and such covenants, conditions, and stipulations may be imposed, and such rents and royalties reserved, as by the said Governor may be considered necessary: Provided that the warden shall not investigate any application for a greater or less extent of land than the maximum or minimum quantities hereinbefore stated, without a special order from the Chief Secretary; and further provided that any such special application already made or which shall hereafter be made shall take its priority as in cases of ordinary applications.

III. In addition to gold mining leases, leases of lands required for the construction of dams, or for sites for the erection of machinery, and whereon it is not proposed to mine for gold, and the areas of which shall in no case exceed ten acres, may also be granted; and such leases shall be subject to an annual rent of one pound per acre, payable half-yearly in advance; and such special lease shall not entitle the holder thereof to mine in or upon any land so leased; and if any land so leased and occupied shall afterwards prove to be auriferous, the occupiers thereof shall be liable to be removed therefrom upon payment of compensation by persons desirous of entering thereon for mining purposes, the amount of such compensation to be determined by a warden, or warden and assessors, and such lease shall thereupon be deemed to be absolutely void.

IV. These regulations shall take effect and come into operation on the 20th day of February instant.

HEATHCOTE MUNICIPAL DISTRICT.
PETITION FOR ENLARGEMENT.

IN pursuance of the Act of Council 18 Victoria No. 15, the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by one hundred and fifty-two householders resident in the municipal district of Heathcote, including the chairman and councillors thereof.

WILLIAM NICHOLSON.

The petitioners state they are all householders resident in the municipal district of Heathcote.

They refer to the creation of the municipality on the 19th of August, 1859, and draw attention to the power conferred in the Municipal Act 18 Vict. No. 15 to alter or vary the boundaries of a proclaimed district.

They further state that they find it will be for the benefit of the municipality that its boundaries should be altered, and the following boundaries (which are within the limits prescribed by the Act) substituted, viz. —

Commencing at a point on the north-west boundary of country allotment number forty-eight, in the parish of Heathcote, sold to Henry Welch; thence true north thirty-two degrees east along the said boundary of country allotment number forty-five, and crossing the McIvor Creek, to a point on the north-east side of the main road; thence by a line parallel to and distant twenty-five chains from the north-easterly side of main road through Heathcote, from Sandhurst to Kilmore, to a point on the town boundary of Heathcote; thence along said town boundary north-easterly to a point twenty-five chains from the north-east side of the said road; thence again by a line parallel to and distant twenty-five chains from the north-east side of the said main road to a point bearing true north thirty-four degrees east from the eastern angle of Heathcote suburban allotment number eighteen A; thence by a line true south thirty-four degrees west to a point twenty-five chains from the said main road; thence north-easterly by a line parallel to and distant twenty-five chains from the south-west side of the said main road to a point on the town boundary; thence by the town boundary south-easterly and north-westerly to a point twenty-five chains from the said main road; and thence finally by a line parallel to and distant twenty-five chains from the said main road to the point of commencement.

And the petitioners pray as follows:—

"Your petitioners therefore pray that the boundaries of the municipal district of Heathcote as originally proclaimed may be altered, and that the above boundaries may be proclaimed in their stead."

[The signatures to the above-mentioned petition appeared in the Government Gazette, No. 8, page 88 ante.]

PETITION UNDER THE MUNICIPAL ACT.
PETITION FOR ANNEXATION TO FITZ ROY.

IN pursuance of the Act of Council 18 Victoria No. 15, the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by sixty-four residents beyond the limits of the municipal district of Fitz Roy, praying that their locality may be included therein.

WILLIAM NICHOLSON.

The petitioners state that they are residents in the portion of Smith Ward, Melbourne, which is east of Nicholson street (which portion it was proposed should form part of another municipal district recently in contemplation—the Carlton), and that they are desirous of being included within the contiguous municipal district of Fitz Roy.

That they have for years suffered considerable inconvenience and loss from the neglected condition of the approaches to their locality from the city and elsewhere, a condition unlikely to be improved for a considerable period in connection with Carlton, the pressing wants of which locality will require prior attention.

That the position and advantages possessed by the contiguous district of Fitz Roy lead them to believe that they will obtain greater benefits through being annexed thereto than they can possibly expect even under the most favorable circumstances from being connected with Carlton.

They state, lastly, that they constitute a majority of the residents within the area described in the prayer of their petition.

And the petitioners pray as follows:—"That your Excellency will be pleased to exclude that portion of Smith Ward lying east of Nicholson street from the jurisdiction of the [recently] contemplated municipality of Carlton; and further be pleased, with the consent of the council of Fitz Roy to alter the northern boundary of that municipality as follows:—From a point at the intersection of Nicholson street and Reilly street, along the centre of Nicholson street northward to the southern boundary of Brunswick municipality; thence in an easterly direction along the said boundary line to the Merri Creek; along the centre of the said creek southerly to the centre of the Plenty road; thence in a south-westerly direction to the centre of the Heidelberg road; thence to a point in the said road opposite the centre of Smith street; thence southerly to a point at the intersection of Reilly street and Smith street."

[The signatures to the above-mentioned petition appeared in the Government Gazette, No. 16, p. 222 ante.]

SOUTH BARWON MUNICIPALITY.

FIFTH HALF-YEARLY REPORT OF THE SOUTH BARWON MUNICIPAL COUNCIL, FROM THE 21ST JULY, 1859, TO 20TH JANUARY, 1860.

Councillor Mackenzie	21
Councillor Thorne	17
Councillor Tuffs	14
Councillor Matthews	21
Councillor Herd	23
Councillor Thomas	6

The finance committee, consisting of councillors Thorne, Tuffs, Matthews, and Herd, has held ten meetings.

James Noble, Esq., having resigned the office of councillor 5th September, J. E. Thomas, Esq., was elected to fill the vacancy on the 25th October.

Mr. John Richardson was appointed town clerk on the 19th September, in the room of Mr. Boyce, resigned.

The valuator for 1859-60 was Mr. A. McWilliams, and Mr. W. N. McCann has been appointed rate collector.

The assessment for the current year amounted, after the appeal court, to £12,926 10s., upon which a rate of ninepence in the pound was struck.

Works have been undertaken on the Colac, Barrabool Hill, Germantown, Dunced, and Mount Colite roads.

The toll-house and gates have been erected at the Barwon Bridge.

The maintenance, repair, and providing metal for various roads has been attended to.

Owing to the unexpectedly small sum received from Government as the second portion of the grant-in-aid, the council have to regret the necessity of an advance from the bank; the rate, however, is now being collected, also the toll at the bridge, with these and the Government grant-in-aid for 1860 the municipality will shortly be free from debt and able to commence fresh works.

In regard to the proposal of the Government to reduce the amount of the grant-in-aid to municipalities, the council adopted a petition to the Legislative Assembly, deprecating such deduction. This petition was presented by A. Thomson, Esq., and the other members of the House for town and county were solicited to support the same.
