FOR
REGULATING LEASES OF LANDS CONTAINING
MINERALS AND METALS OTHER THAN GOLD.

At the Government House, Melbourne, the second day of
September, 1861.

PRESENT:

His Excellency the Governor

Major-General Pratt, C.B.	Mr. Humffray
Mr. Heales	Dr. Macadam
Mr. Aspinall	Mr. Houston

WHEREAS by an Act of the Parliament of Victoria, passed in the session held in the twenty-third and twenty-fourth years of the reign of Her present Majesty, intituled, *An Act for regulating the Sale of Crown Lands and for other purposes*, it is amongst other things enacted, that it shall be lawful for the Governor to demise, under such restrictions, limitations, and conditions as may be deemed necessary by the Governor in Council, to any person for any term not exceeding thirty years from the making of such lease, any Crown lands not exceeding six hundred and forty acres, for the purposes of mining for any mineral or metal except gold, but no such lease shall be granted in reversion; and if any person to whom any such lease shall be granted, his executors, administrators, or assigns, shall neglect to work the land comprised therein for the purposes for which such lease shall have been granted, such lease shall be absolutely void: And it is further enacted, that the Governor in Council shall have full power to define what shall be considered mineral lands, and to prescribe the form of leases for mining purposes to be issued under the said Act, and the conditions on which such leases shall be issued: Now therefore His Excellency the Governor, by and with the advice of the Executive Council, doth by this present Order make the Regulations hereinafter contained, for the purpose of determining the restrictions, limitations, and conditions under which leases of Crown lands, for the purposes of mining for any mineral or metal, except gold, will be granted, and the form of lease to be issued for the said mining purposes, that is to say:—

1. *Interpretation clause.*—In the construction and for the purposes of these regulations, the term "mining purposes" shall mean the purpose of obtaining any mineral or metal other than gold.

2. *Lands which may be leased.*—All crown lands within the colony of Victoria may be leased under these regulations, except—

Lands occupied by any person holding a miner's right, business license, or Chinese residence license, other than the applicant, or which any person other than the applicant may be entitled by any lease or license to hold for mining purposes:

The whole or any part of any land in or over which any person other than the applicant has any interest or authority other than those above mentioned, which he may lawfully use or exercise for mining purposes, or for discovering the existence of gold or other metal or mineral:

The whole or any part of any lands leased for agricultural or other purposes.

3. *Situation of land applied for to be advertised by applicant.*—Every person desirous of obtaining a lease of crown lands for mining purposes shall make application therefor in manner hereinafter provided, and shall, fourteen clear days previous to making such application, cause to be published in one or more of the newspapers circulating in, or if none in, then nearest to, the district wherein such lands may be situate, a notice in the form in the schedule hereunto annexed marked A, and which notice shall be signed by him with his name and address, and shall bear date the day of its publication; and shall on or previous to the day of such publication erect, or cause to be erected, at or near each angle of the land applied for, a post not less than three inches square and standing at least three feet in height above the surface of the ground.

4. *To whom application is to be made, &c.*—Every person applying for a lease of crown lands for mining purposes shall apply for such lease by addressing to the Commissioner of Mines, through the nearest commissioner of crown lands or warden of the gold fields, an application in duplicate, in the form in the schedule hereunto annexed marked B; and the commissioner of crown lands or warden of the gold fields, as the case may be, shall, as soon as it may conveniently be done, enter or cause to be entered, in a book kept for that purpose, such application, numbered according to the order in which it shall have been received, and shall thereupon, and upon receipt of the deposit referred to in the application, give to the applicant a certificate and receipt in the form in the schedule hereunto annexed marked C; and the priority of every application shall be determined according to the times at which it shall have been received and entered as aforesaid.

5. *Applicant to make deposit to cover expenses of enquiry into objections, &c.*—At the time of applying as aforesaid for a lease, the applicant or applicants must deposit with the commissioner

of crown lands or warden of the gold fields, as the case may be (in addition to a sufficient sum to cover the charges of survey), the sum of Five pounds sterling, as a guarantee for payment of any expenses which may be incurred by reason of any objection to such application being allowed; and whether such application shall be allowed or not, any surplus which may remain over and above the expenses incurred, or the whole sum, as the case may be, shall be returned to the applicant or applicants; but if the application is withdrawn by the intending lessee or lessees, he or they shall forfeit the deposit, together with all the expenses which may have been actually incurred for the purposes of survey.

6. *Mining surveyor to survey the land applied for.*—Upon the receipt of such application and money aforesaid, the commissioner of crown lands or warden of the gold fields, as the case may be, shall direct the mining surveyor of the district to proceed to the land applied for, and survey the same, and furnish such commissioner of crown lands or warden of the gold fields with a report thereon as to the area, boundaries, and description thereof, and the character of the ground, setting forth as accurately as may be the minerals or metals which it is supposed to contain, as also any claims to prior occupancy respecting which he shall make enquiry while making the survey, accompanied by a plan of the ground on the scale of two chains to the inch, together with a map of the part of the district within which the ground is situate, so as to connect the particular area applied for with at least one fixed point in the district; and the commissioner of crown lands or warden of the gold fields shall transmit such report, plan, and map to the Commissioner of Mines, together with his own report thereon, with as little delay as under the circumstances may be possible.

7. *Surveyor to mark out the land applied for.*—The said mining surveyor shall, after having obtained such direction as aforesaid, proceed with all reasonable speed to carry out the same, and he shall also mark out the land applied for, by fixing at each angle thereof, and in or near the middle of the said lines thereof, a post painted white, and standing at least three feet above the surface of the ground, and shall affix, upon some convenient place within the boundaries of the land applied for, a notice, dated on the day of the completion of such survey, setting forth, in the form of the schedule hereunto annexed marked D, the description of the land applied for, and the name and address or names and addresses of the applicant or applicants, and such notice shall be effectually secured by the surveyor.

8. *Where more than one application is made for same land.*—In the event of more than one application being made for the same land or any part thereof, each of such applications shall be dealt with according to its priority; unless one (or both) of the applicants shall claim to be the original discoverer, in which case the person who shall establish to the satisfaction of the Board of Land and Works that he was the true and first discoverer of the mineral or metal in such lands as aforesaid, shall receive such lease.

9. *Objectors to issue of lease to give notice.*—Any person objecting to the issue of such lease to any applicant or applicants shall, within twelve clear days after the date of the notice posted on the land by the surveyor aforesaid, forward to the commissioner of crown lands or warden of the gold fields for the district, and also to the applicant or applicants, at the address or addresses stated in such notice posted as aforesaid, full notice of all objections against the issue of such lease to the applicant or applicants.

10. *Objector to deposit a sum as security for due prosecution of objections.*—Every person so objecting shall (except in cases of interference or encroachment, which are hereinafter provided for) deposit with the commissioner of crown lands or warden of the gold fields, as the case may be, the sum of Five pounds as security for the due prosecution of his objections, and in satisfaction of all expenses to which the applicant or applicants shall be put by such objection; and if such objection shall not be prosecuted, or shall fail, so much of such sum shall be handed over to the applicant or applicants as may, by the commissioner of crown lands or warden of the gold fields before mentioned, be declared necessary to defray the expenses of the applicant or applicants, and the balance (if any) shall be refunded to the person objecting.

11. *Enquiry into applications, &c., to be held after expiration of certain period.*—As soon as conveniently may be after the expiration of the twelve days, exclusive of Sunday, Good Friday, and Christmas Day, allowed for objections, the commissioner of crown lands or warden of the gold fields shall proceed to hold, at a time and place to be named by him, an enquiry into the truth of the particulars stated by the applicant or applicants, and of the objections made by each objector.

12. *After enquiry report to be forwarded.*—At such enquiry the commissioner of crown lands or warden of the gold fields shall receive such information as the parties may offer, and as he may think pertinent to his enquiry; and immediately after such enquiry, or, should there be no objections, immediately after the expiration of the twelve days allowed for objections, he shall forward to the office of the Commissioner of Mines the application and objections thereto, if any, and his report thereon, together with the report, plan, and maps mentioned in No. 6 hereof.

13. *Copy of report may be obtained by every applicant.*—Every applicant who shall require the same shall be permitted to take a copy of the mining surveyor's report, and plan of the ground sought to be leased, and shall also be entitled to examine the report of the commissioner of crown lands or warden of the gold fields, and make or cause to be made a copy of the same for his own use and guidance.

* Re-published, the date of coming into operation having been omitted in the 27th Regulation (page 1677 ante).

PETITION UNDER THE MUNICIPAL INSTITUTIONS ACT.
MOONAMBEL.

IN pursuance of the Act of Council 18 Victoria No. 15, the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by one hundred and fifty-four householders resident at Moonambel, praying for the erection of their locality into a municipal district.

R. HEALES.

Chief Secretary's Office,
Melbourne, 10th September, 1861.

6920.

The petitioners state the township of Moonambel is the centre of an extensive mining district; that it contains upwards of three hundred resident householders, and that the dwellings are of a substantial character and have been erected at considerable expense, but no provision exists for the formation and maintenance of the roads and streets, which are consequently nearly impassable, and heavy merchandise, &c., has to be carried over them at great risk and expense.

They are therefore of opinion that the formation of the township into a Municipal District will tend greatly to advance its interests and materially aid its improvement and good government, and suggest the following boundaries for such district, viz.:—From the south-west angle of McKinnon's pre-emptive right to a point bearing south half a mile; thence by a line bearing west three miles; thence by a line bearing north two miles; thence by a line bearing east three miles; and thence by a line bearing south one mile and a half to the starting point.

And the petitioners pray as follows:—

"Your petitioners therefore humbly pray that the district as above defined may be proclaimed a Municipality, under the name of 'The Municipal District of Moonambel,' according to the provisions of the Act of Council 18 Victoria No. 15."

[The signatures to the above-mentioned petition appeared in Gazette No. 137, page 1717 ante.]

STAWELL DISTRICT ROAD BOARD.

STANDING ORDERS.

THE business of the board shall be conducted with open doors.

2. The board shall commence business as soon after the time mentioned in the circular as there shall be a sufficient number of members present to form a quorum; but if at the expiration of one half hour from that time a quorum be not present, the meeting shall stand adjourned until the next usual day of meeting. Special meetings may be called at one day's notice by the chairman, or by any two members of the board.

3. The presence of three members shall constitute a quorum.

4. The attendance or absence of members at or from each meeting of the board, shall be noted by the secretary in a book to be kept for that purpose.

ORDER OF BUSINESS.

5. The first business of meetings of the board shall be the reading of the minutes of any preceding meeting not previously confirmed, in order to their confirmation, and no discussion shall be permitted thereon except as to their accuracy as a record.

6. Correspondence to be read.

7. Memorials to be presented.

8. Reports of committees to be read.

9. No discussion to be allowed on either the correspondence, memorials, or reports until the orders of the day are disposed of, or if any should remain unconsidered, they shall become orders of the day for the next meeting.

10. Secretary to report—

1st. Banker's balance.

2nd. Liabilities actually incurred.

3rd. Balance in hands of collector.

4th. Amount of rates collected since last meeting.

11. Cheques to be drawn as may be deemed necessary. Then shall be proceeded with the orders of the day.

12. Orders of the day shall include all business left incomplete at a prior meeting, all matters of which due notice shall have been given, and any business which the chairman may think fit to bring under discussion; and such orders of the day as may arise out of former proceedings shall take precedence in the order in which they stand in the minute book.

13. When the business arising out of the orders of the day shall have been concluded, notices of motion for the next meeting of the board, containing the name of the proposer and the form of the motion proposed, may be handed in to the secretary.

14. No motion entered on the notice paper shall be proceeded with unless the member who has given such notice, or some one authorised by him, be present when the business is called on. Notices not so proceeded with shall be struck out of the paper.

15. Notices of motion may be handed in to the secretary not less than three clear days previous to any meeting of the board; such notices to be stated in the circulars calling the meeting, and to take their turn for consideration in regular order. The member giving such notice may authorise any other member of the board to bring forward the subject on his behalf in case of illness or unavoidable absence.

ORDER OF DEBATE.

16. Any member desirous of proposing a motion or amendment, or of discussing any matter under consideration, must rise and address the chairman; and no member when speaking shall be interrupted, unless called to order, when he shall sit down, in which case the member calling to order shall be heard thereon in preference to any other speaker, and the question of order shall be disposed of before the subject is resumed or any other subject entered upon.

17. The chairman in deciding a point of order shall state the rule applicable to the case, and his decision thereon shall be final.

18. No member may speak to any question after the same shall have been put by the chairman to the meeting.

19. When two or more members rise to speak, the chairman shall call upon the member who, in his opinion, first rose in his place.

20. A member may speak once to any question before the board, and upon any amendment proposed thereto, and upon a question or amendment to be proposed by himself, or upon a question of order arising out of the debate, but not otherwise.

21. Any member merely seconding a resolution or amendment shall be held not to have spoken; the mover only of a resolution shall be entitled to the right of reply.

22. When the chairman rises during a debate, any member then speaking or offering to speak shall sit down, so that the chairman may be heard without interruption.

23. Any member using objectionable words, or casting personal reflections on or imputing improper motives to any other member, and not explaining or retracting the same and offering an apology for the use thereof to the satisfaction of the board, or any member refusing to obey the chairman when called to order, shall be censured by the board.

24. No member shall make any motion for initiating a subject for discussion except after due notice to that effect having been given at a previous meeting, or at least three days prior to the date of the meeting then sitting.

25. Any motion not proceeded with when duly called in order of business, either by the member giving notice thereof or some member deputed by him, shall be struck out.

No. 138.—SEPTEMBER 13, 1861.—3.

26. Every member giving notice of motion shall read it aloud, and deliver to the secretary a copy of such notice, together with his name and the day proposed for bringing on such notice.

27. A member may give notice for any other member not then present, by putting the name of the member for whom the notice is given on the notice of motion.

28. Any motion not seconded shall not be further debated, but shall lapse.

29. The chairman may order a complicated question to be divided.

30. A mover of a motion may withdraw the same by permission of the chairman, unless it shall have been seconded, in which case such leave can only be granted if there be no negative voice.

31. Any member intending to propose a motion for the purpose of rescinding or altering a resolution passed at any previous meeting must give notice thereof in writing to the secretary at a meeting of the board held at least seven days previous to the meeting at which it is intended to propose such alteration or rescinding, and the same shall be notified by the secretary to each member of the board.

32. As soon as a debate upon a question shall be concluded, the chairman shall put the question distinctly and audibly.

33. The question being put, shall be resolved in the affirmative or negative by a show of hands.

34. A question having been proposed, may be amended by leaving out, substituting, or adding words, and such amendments shall be resolved by a majority of votes.

35. An amendment proposed, but not seconded, will not be entertained nor entered on the minutes.

36. When an amendment has been carried, it shall be held to have quashed and to stand in place of the original motion.

37. When the amendments have been lost, the original question shall be put, and in all cases where the voting is not unanimous division lists shall be kept by the secretary.

38. No second amendment shall be put until the first shall have been disposed of.

39. Any member may require the secretary to take down any particular words used by a member immediately upon the same being used.

40. The chairman shall, on taking the vote upon motion or amendment, put the question first in the affirmative and then in the negative; and he may do so as often as it may be necessary to enable him to form and declare his opinion from the show of hands as to which party has the majority.

41. The board shall vote in all cases by a show of hands, except in the election of officers, in which case the voting shall be by ballot.

42. No discussion shall be allowed on any motion for adjournment of the board; but if on the question being put the motion be negatived, the subject then under consideration, or the next on the notice paper, shall be discussed, or any other that may be allowed precedence, before any subsequent motion for adjournment shall be entertained; but if the motion for adjournment be carried, the business then undisposed of shall have precedence at the next meeting of the board.

43. Members may of right require the production of any documents in the secretary's keeping which may bear upon the subject under discussion.

44. In the event of vacancies occurring in the offices at the disposal of the board, no new elections shall take place until they shall have been advertised at least twice in the local newspapers, or otherwise, as the board may direct.

45. No member or officer of the board shall be allowed to contract for any work to be done for or in connection with the board, nor be received as security for any contractor for such work, nor for any officer of the board.

46. All contracts shall be made by tender, advertised in such manner or in such newspapers as may be directed. Each tender shall be endorsed for the particular work, directed to the chairman. No tenders shall be opened except in the presence of the board or of the committee authorised by the board. The respective amounts shall be entered on the minutes, and due security be taken for the performance of each contract. Deeds shall be signed by the chairman and two members on behalf of the board, and also by the contractors and their sureties; the expense of preparing such bonds or contracts in all cases to be borne by the person or persons who contract.

47. The foregoing rules shall also regulate the proceedings of committees.

48. It shall be competent, by the vote of a majority of the members present, for the board to suspend during the discussion of any particular subject, any standing order herein contained, provided the purpose of such suspension shall not be the rescinding of any resolution previously adopted by the board.

The foregoing Standing Orders of the Stawell District Road Board were unanimously agreed to at a meeting held on Friday, 12th July, 1861, at the office of the board, Quartz Reef, Pleasant Creek.
