WHEREAS by an Act of the Parliament of Victoria, passed in the twenty-first year of Her Majesty Queen Victoria, No. 32, it was made lawful for the Governor to grant leases of any auriferous Crown lands, for mining purposes, as defined by the said Act for any term not exceeding ten years: And whereas by the same Act it was also made lawful for the Governor in Council from time to time to make such regulations, not being contrary to the said Act, as should appear to be necessary for prescribing the form of documents and leases to be issued under the said Act, the modes, times, dates, and places of the issue thereof, and the conditions on which such leases should be issued: And whereas Orders in Council were made for regulating mining leases of auriferous Crown lands in the various mining districts, that is to say, in the mining district of Ballarat, on the 8th day of August, 1859; in the mining district of Castlemaine, on the 6th day of February, 1860; in the mining district of Sandhurst, on the 6th day of February, 1860; in the mining district of Beechworth, on the 23rd day of May, 1860; in the mining district of Ararat, on the 27th day of August, 1860; in the mining district of Maryborough, on the 15th day of October, 1860; and in the mining districts generally, on the 7th day of May, 1860: And whereas it is expedient to rescind the regulations contained in the said Orders, and to make other regulations in lieu thereof: Now therefore His Excellency the Governor, by and with the advice of the Executive Council, doth hereby rescind the regulations contained in the said Orders, and doth make the regulations next following in lieu thereof: Provided that the regulations hereby made shall not affect any proceedings already taken with respect to applications for leases under the said Orders in Council.

WHAT LANDS MAY BE LEASED.

- I. All auriferous Crown lands in the several mining districts of the colony may be leased under these regulations, except—
  1. The whole or any part of any claim held under a miner's right by any person other than the applicant.
  2. Any land within the boundaries of which any claim, or part of a claim, is held under a miner's right.
  3. The whole or any part of any land which any person, other than the applicant, is entitled by virtue of a miner's right to occupy for residence, and actually does occupy *bona fide*.
  4. The whole or any part of any land which any person, other than the applicant, is entitled by virtue of a business license to occupy, and does actually occupy *bona fide*.
  5. The whole or any part of any land in or over which any person, other than the applicant, has any interest, or authority other than those above mentioned which he may lawfully use or exercise for mining purposes or for discovering the existence of gold.
  6. No application will be entertained for the lease of any lands which include within their boundaries any river, creek of permanent water, springs or artificial reservoir which may be required for public purposes, or for the use of the miners generally, or which may be the natural feeders of, or required for the storage of, water for public reservoirs.

REQUIREMENTS PRELIMINARY TO THE ISSUE OF LEASES.

I. Every person intending to make application for a lease of auriferous Crown lands within any of the mining districts of the colony shall, previous to making such application (as hereinafter directed), and on the same day on which the application is made, erect, or cause to be erected, at each angle of the land proposed to be leased, a post not less than three inches square, and standing at least three feet in height above the surface of the ground, and shall affix upon each post a board with the words "Applied for Lease," together with the name and address of the applicant, or names and addresses of the applicants, and the extent of the area applied for, legibly painted thereon, and such posts shall be maintained at the expense of such applicant or applicants until the application shall have been granted or refused by the Governor. The applicant or applicants, as the case may be, will also be required to publish in one or more of the local newspapers, or in one or more newspapers circulating in the district, and at least seven days previous to the consideration of his or their application, full particulars of such application, together with a description of the land applied for, also to post a copy of such notice on the nearest post office, or where that is distant on the nearest police court, and on the warden's and mining surveyor's or registrar's office.

II. Every person applying for a lease of auriferous Crown lands shall apply for such lease by addressing to the Commissioner of Mines, and leaving with the warden of the mining division within which such lands are situate, an application in duplicate, in the form in schedule hereunto appended marked A; and the warden shall, as soon as it may conveniently be done, enter or cause to be entered, in a book to be kept by him for the purpose, a copy of such application, numbered according to the order in which it shall have been received, and shall thereupon, and upon receipt of the deposit of money in the application referred to, give the applicant or applicants a certificate and receipt in the form in schedule hereunto annexed marked B; and the priority of every application shall be determined according to the times it was so received and entered as aforesaid.

III. At the time of applying for such lease as aforesaid, the applicant or applicants must deposit with the warden (in addition to a sum of Five pounds to cover the charges of survey in ordinary cases) the sum of Five pounds, as a guarantee for the payment of any expenses which may be incurred by reason of any objection to such application being allowed; and the surplus which may remain over such expenses incurred, or the whole sum, as the case may be, shall be returned to the applicant.

IV. At the time of applying for such lease as aforesaid, the applicant or applicants must also deposit with the warden a sum equal to three months' rent (computed at the rate hereinafter specified), of the land so applied for; and in the event of any lease being subsequently refused, such deposit may and shall be returned to the applicant without any deduction whatsoever. But if the application shall be withdrawn by the intending lessee, there shall be deducted from the said deposit for rent, a sum equivalent to two months' rent of the land proposed to be leased, and from the said deposit for survey a sum equivalent to the expenses which may have been actually incurred for the purposes of survey, so far as the sum of Five pounds provided therefor shall extend, and the balance only of such deposits, after such deductions, shall be returned to the applicant or applicants.

V. If there shall be any shafts or workings upon the lands, a lease of which shall be applied for under the provisions hereof, the applicant or applicants shall, immediately after having made such application, proceed to drain such shafts and sinkings where it shall be necessary to do so, or when the same shall be so situated as to be liable to an accumulation of water which would flood adjacent workings on lands held under miners' rights or leases; and in case default shall be made in respect of such draining, it shall be in the discretion of the Governor to withhold such lease, or to grant the same on such conditions, amongst others which he may lawfully impose, as to draining as he may think fit, and special regulations as to the drainage of lands for which a lease shall be applied for, shall, when necessary, be made by the Governor in Council: Provided always that any arrangements made by the applicant or applicants with the occupiers of adjacent workings shall not be interfered with, unless upon complaint duly made to the warden by the occupiers of such adjacent workings.

VI. Every person who shall make application for a lease shall, at the time of making such application, produce to the warden his miner's right; and produce the same whenever demanded by the warden, mining surveyor, or other authorised person.

N.B. Printed copies of the forms A, B, C, D, will be issued at the office of the wardens of the district, free of expense.

OFFICIAL SURVEY.

I. Upon receipt of such application and money aforesaid, the warden shall direct the surveyor to proceed to the land applied for and survey the same, and furnish the warden with a report thereon as to the area, boundaries, and description thereof, and the character of the ground, as also any claims to prior occupancy respecting which he shall make enquiry while making the survey, accompanied by a plan thereof on the scale of two chains to the inch, together with a tracing of so much of the general map of the district, on the scale of four inches to a mile, as will suffice for connecting the particular area applied for with at least one fixed point in the district; and the warden shall transmit such report, plan, and tracing, together with such remarks as he may desire to offer, to the Commissioner of Mines, with as little delay as under the circumstances may be possible.

II. If necessary, the surveyor may alter the situation of the posts as placed by the applicant or applicants; and such posts shall be maintained by the applicant or applicants in the places in which they are fixed by the surveyor until the application is finally dealt with, as hereinafter provided. The surveyor shall, at the time of making the survey hereinbefore directed, also place a notice in the form in schedule hereunto annexed marked C, in some conspicuous place on the ground, and also on the outside of his own office and the nearest post office.

III. In the event of more than one application being made for the same land, or any part thereof, each of such applications shall be dealt with according to its priority.

OBJECTIONS.

I. Any person objecting to the issue of such lease to any applicant or applicants, shall, within twenty-one clear days after the date of the notice posted on the land as aforesaid, forward to the warden of the district, and also to the applicant or applicants, at the address or addresses stated in such notice posted as aforesaid, full notice of all objections against the issue of such lease to the applicant or applicants.

II. Every person so objecting shall (except in cases of interference or encroachment, which are hereinafter provided for) deposit with the warden the sum of Five pounds as security for the due prosecution of his objections, and in satisfaction of all

expenses to which the applicant or applicants may be put by such objections; and if such objection should not be prosecuted or shall fail, so much of such sum shall be handed over to the applicant or applicants as may by the warden be declared necessary to defray the expenses of the applicant or applicants, and the balance (if any) shall be refunded to the person so objecting.

III. When application shall have been made for a lease of any ground, to the whole or any part of which, or to any land, water-course, or other easement within the boundaries of which any person other than the applicant or applicants shall claim to be entitled, by virtue of prior occupation under miner's right or business license, the objection to the granting of such lease may be heard by the warden in the same way as a case of interference or encroachment under the provisions of the Gold Fields Act.

#### ENQUIRY INTO APPLICATIONS AND OBJECTIONS.

I. After the expiration of the twenty-one days, exclusive of Sunday, Good Friday, and Christmas Day, allowed for objections, the warden shall proceed to hold, at a time and place to be named by him, an enquiry into the truth of the particulars stated by the applicant or applicants, and of the objections made by each objector.

II. At such enquiry the warden or other officer shall receive such information as the parties may offer, and as he may think pertinent to his enquiry; and immediately after such enquiry, or, should there be no objections, immediately after the expiration of the twenty-one days allowed for objections, he shall forward to the office of the Commissioner of Mines the application and objections thereto, if any, and his report thereon, together with the report, plan, and tracing to be furnished to him by the surveyor as hereinbefore mentioned.

III. Every applicant who shall require the same, shall be permitted to take a copy of the mining surveyor's report and plan of the ground sought to be leased, and shall also be entitled to examine the warden's report, and to make or cause to be made a copy of the same for his own use and guidance.

#### LEASES.

I. All leases to be applied for, and which it shall be proposed to grant for mining purposes under these regulations, shall be designated "Gold Mining Leases," and shall be classified as *Ordinary Leases* and *Quartz Leases*.

1. *Ordinary leases* will include lands where gold is found in the drift alone, or wherein gold is found both in the drift and in veins or lodes of quartz.

2. *Quartz leases* will apply to lands consisting wholly of quartz lodes or veins.

II. The Governor may, if he shall think fit, issue to any applicant or applicants who shall have complied with such of these regulations as refer to his or their application, a lease of the land applied for, or any part thereof, after the time prescribed by the eleventh section of the Gold Fields Act, viz., one month after notice of the intention to grant the same shall have been published in the *Government Gazette*, and which lease shall be in the form in the schedule hereto annexed marked E.

III. In any case in which an application shall have been made in pursuance of these regulations for a lease of land, in any part of which any person other than the applicant or applicants may be entitled to cut, construct, or use any race or dam, or to any other easement for mining purposes, the Governor may, if he shall think fit, authorise the issuing of a lease of such land, subject to all existing rights in, to, or to the use of such race, or dam, or other easement, and impose such terms as the said Governor may think fit in order to secure the enjoyment of the same, or to secure compensation for any injury or inconvenience likely to arise to such person by reason of the issuing of such lease.

IV. Every lease will bear *date* the day of the execution thereof by the Governor, and may be obtained at the office of the warden, who shall deliver the same to the applicant or applicants, or such person as shall be duly authorised to receive the same, upon receipt of a fee of £1, and on production of a receipt from the Receiver of Revenue for the rent due.

V. *The parcel of land demised* shall be in ordinary leases in the form of a parallelogram (except where it is impracticable by reason of the adjoining land being occupied, or from insuperable impediments), and the maximum length thereof shall not, except as hereinafter provided for, exceed more than twice the maximum breadth, and shall be accurately described by metes and bounds.

VI. *The term of the lessee or lessees in the land demised* cannot in any case exceed ten years.

VII. *The extent of the areas of leases* shall be (except in special cases hereinafter provided for):—

1. For *ordinary leases*, an area not less than one acre nor more than thirty acres.

2. For *quartz leases*, an area the length of which shall not exceed six hundred yards, nor be less than one hundred yards along the line of the lode; and the width thereof shall not be more than two hundred yards, nor less than fifty yards measured across the lode.

VIII. *The rents reserved* shall in all cases be at the rate of Two pounds and ten shillings sterling per acre per annum, and the said rents shall be made payable *quarterly in advance* during the entire term, and the day of the execution of the lease by the Governor shall be deemed to be the day upon which the first payment shall be due.

IX. In all leases hereafter to be applied for, the land shall be demised, and the rent reserved, as herein prescribed.

#### SPECIAL CASES.

I. Whenever any person or persons shall have purchased the right, title, or interest of any puddler or miner to or in any land intended to be applied for on lease, such puddler or miner may continue to work and mine the said land, if any agreement has been or shall hereafter be entered into to that effect between the parties, until the applicant or applicants receives his or their lease and requires the use of the said land, and it shall not be competent for any Commissioner of Crown Lands to remove any such person or persons contrary to the agreement so entered into: Provided, however, that the warden shall be the judge who shall decide in a summary way as to the existence and validity of such agreement.

II. In cases where it shall be shown that a departure from the foregoing areas or rents would under special circumstances be desirable, the same may be diminished, extended, or otherwise altered by the Governor, and such covenants, conditions, and stipulations may be imposed, and such rents and royalties reserved, as by the said Governor may be considered necessary: Provided that the warden shall not investigate any application for a greater or less extent of land than the maximum or minimum quantities hereinbefore stated without a special order from the Commissioner of Mines; and further provided that any such special application already made, or which shall hereafter be made, shall take its priority as in cases of ordinary applications.

These regulations shall take effect and come into operation on the first day of October next ensuing.

#### GENERAL REGULATIONS RESPECTING LEASES AND APPLICATIONS FOR LEASES OF AURIFEROUS CROWN LANDS.

1. Upon receiving the lease the warden shall at once give notice to the lessees, by advertisement in one or more of the local or other newspapers circulating in the district, and request their attendance at his office to execute and take delivery thereof within seven days from the date of such notice, and should the said lessees, or their lawful attorneys as hereinafter provided for, fail to comply or to show reasonable cause for an extension of the period of seven days allowed for the purpose, the warden shall report the circumstances to the Commissioner of Mines, who may recommend His Excellency to declare the lease forfeited.

2. **PETITION UNDER THE MUNICIPAL INSTITUTIONS ACT.**

**MOONAMBEL.**

**I**N pursuance of the Act of Council 18 Victoria No. 15, the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by one hundred and fifty-four householders resident at Moonambel, praying for the erection of their locality into a municipal district.

R. HEALES.

Chief Secretary's Office,  
 Melbourne, 10th September, 1861.

6920.

The petitioners state the township of Moonambel is the centre of an extensive mining district; that it contains upwards of three hundred resident householders, and that the dwellings are of a substantial character and have been erected at considerable expense, but no provision has been made for the formation and maintenance of the roads and streets, which are consequently nearly impassable, and heavy merchandise, &c., has to be carried over them at great risk and expense.

They are therefore of opinion that the formation of the township into a Municipal District will tend greatly to advance its interests and materially aid its improvement and good government, and suggest the following boundaries for such district, viz:—From the south-west angle of McKinnon's pre-emptive right to a point bearing south half a mile; thence by a line bearing west three miles; thence by a line bearing north two miles; thence by a line bearing east three miles; and thence by a line bearing south one mile and a half to the starting point.

And the petitioners pray as follows:—

“Your petitioners therefore humbly pray that the district as above defined may be proclaimed a Municipality, under the name of ‘The Municipal District of Moonambel,’ according to the provisions of the Act of Council 18 Victoria No. 15.”

[The signatures to the above-mentioned petition appeared in Gazette No. 137, page 1717 ante.]
