VICTORIA.  
LEGISLATIVE ASSEMBLY.—SESSION 1861.  
EAST BOURKE ELECTION.

I HEREBY notify that there was presented to me, on Friday, the fourth day of October instant, a Petition, of which the following is a true copy.

FRANS. MURPHY,  
Speaker.

Legislative Assembly Chamber,  
Melbourne, 7th October, 1861.

To the Honorable SIR FRANCIS MURPHY, Knight,  
Speaker of the Legislative Assembly of Victoria.

The petition of JOHN LEWIS, of Campbellfield, in the  
county of Bourke, in the colony of Victoria, laborer.

RESPECTFULLY SHEWETH—

1. That on the fifteenth day of July, in the year of Our Lord One thousand eight hundred and sixty-one, His Excellency the Governor of the colony of Victoria, did, in due form of law issue under his hand and the seal of the said colony, a Writ directed to Andrew Macarthur, Esquire, the Returning Officer for the Electoral District of East Bourke, requiring him to proceed as therein directed according to law, for the purpose of procuring the return of two members for the said district to serve in the Legislative Assembly of Victoria, and which said writ was made returnable on the twenty-sixth day of August, in the year of Our Lord One thousand eight hundred and sixty-one.

2. That in accordance with the exigency of the said writ, the said returning officer did on the fifth day of the said month of August, preside at a meeting of the electors of the said district, duly holden at Campbellfield, in the said district, for the purpose of nominating candidates, and otherwise proceeding in the said election, when there were nominated and proposed as candidates James Mackintosh, Esquire, Robert Bennett, Esquire, George Kirk, Esquire, and John Macgregor, Esquire.

3. That a show of hands was then duly called for by the said returning officer when he declared the election to have fallen upon the said James Mackintosh and the said John Macgregor, whereupon a poll was demanded by the said George Kirk.

4. That in accordance with the exigency of the said writ, the polling at the said election was taken on the nineteenth day of the said month of August at the following places in the said district, namely, Wallan-wallan, Whittlesea, Donnybrook, Yan Yean, Broadmeadows, Campbellfield, Epping, Junction of the Roads, Preston, and Heidelberg.

5. That your petitioner was a registered elector of the said district, and had a right to vote, and did vote at the said election.

6. That on the twenty-third day of the said month of August the said returning officer did, at the said place of nomination, openly declare the general state of the said poll at the close of the polling as the same was made up by him and did then and there state the votes polled at the said election to have been given as follows, namely, Seven hundred and twelve (712) for the said Robert Bennett, Six hundred and seventy-three (673) for the said George Kirk, Six hundred and sixty-seven (667) for the said James Mackintosh, Five hundred (500) for the said John Macgregor.

7. That thereupon the said Robert Bennett and George Kirk were, by the said returning officer, declared to have had a majority of votes at the said election, and to have been duly elected, and were returned as members duly elected to serve in this present parliament for the said district of East Bourke.

8. That your petitioner has good reasons to believe that the votes polled at the said election were not correctly reckoned and made up by the said returning officer and the deputy returning officers, either at the close of the said poll or before

the declaration of the result thereof as aforesaid, and that from the said returning officer having, as your petitioner believes, only reckoned the votes polled in the division of Campbellfield aforesaid where he presided, he must have necessarily relied upon the statements furnished to him by the several deputy returning officers of the votes polled in the other divisions of the said district; and your petitioner feels assured that if the votes polled at the said election were correctly reckoned and made up, it would be found that the actual majority of such votes was in favor of the said James Mackintosh over the said George Kirk, and the votes given for the said James Mackintosh and the votes given for the said George Kirk at the said election ought now to be correctly and truly reckoned and made up from all and every the ballot papers used at the said election, so far as such votes respectively appear by the said ballot papers to have been given in due form of law.

9. That the majority of votes declared by the said returning officer in favor of the said George Kirk was only an apparent and colorable majority, inasmuch as there were accepted and recorded on the poll in favor of the said George Kirk, the votes of divers persons whose names were not registered on the Electoral Roll of the said district, or who were not legally entitled and had no legal right to vote at the said election, and that the real majority of good and legal votes polled at the said election was in favor of the said James Mackintosh over the said George Kirk.

10. That many persons were admitted to vote, and gave their votes at the said election for the said George Kirk, under the influence of bribery, corruption, and other undue influences, by or on the part of the said George Kirk, his agents, committeemen, and partizans, or some or one of them, and the votes of such persons ought now to be struck off the said poll.

11. That at the said election there were counted on the said poll, in favor of the said George Kirk, divers voters who did not, in point of fact, vote for him but who were personated and fraudulently represented by other persons who had themselves no title so to vote, but who so fraudulently tendered their votes and voted at the said election, and that such votes ought to be struck off the said poll.

12. That the votes of divers persons were tendered for the said James Mackintosh at the said election, and rejected by the said returning officer and his deputies, which ought to have been received and added to the poll for the said James Mackintosh.

13. That at the said election divers electors who were desirous of voting for the said James Mackintosh, but being unable to read, and having signified the same to certain of the deputy returning officers, were prevented from voting for the said James Mackintosh by such deputy returning officers striking out from the ballot papers the name of the said James Mackintosh instead of, as designated by such electors, the name of the said George Kirk, and such votes ought now to be received for the said James Mackintosh, and deducted from the number of votes polled for the said George Kirk and added to the number of votes polled for the said James Mackintosh at the said election.

14. That at the said election divers electors were prevented from voting for the said James Mackintosh, by reason of such electors having been personated and fraudulently represented by other persons, who so fraudulently tendered their votes as the votes of such electors at the said election, and that the votes of the said electors, so fraudulently prevented from voting, ought now to be received and taken into account on reckoning the votes polled for the said James Mackintosh at the said election.

15. That at the said election divers electors were prevented from voting by fraud, force, menace, and other undue influences, by and on the part of the said George Kirk and his agents, committeemen and partizans, or some of them, and such electors ought now to be allowed to tender their votes, and such votes should be received accordingly, and on reckoning the votes

polled for the said James Mackintosh the votes so received should be taken into account.

16. That by the ways and means aforesaid the said George Kirk obtained an apparent majority over the said James Mackintosh, whereas in truth and in fact the said James Mackintosh had a majority of legal votes over the said George Kirk, and was duly elected a member to serve in the present Parliament for the said district, and ought to have been returned as such member.

17. That before, during, and after the said election, the said George Kirk did, directly and indirectly, by himself, and by divers other persons on his behalf give and lend and agree to give and lend, and did offer, promise, and procure, and endeavor to procure money and other valuable considerations to and for divers electors and divers persons on behalf of divers electors, and to and for divers other persons in order to induce divers electors to vote or refrain from voting, and did knowingly such acts as aforesaid on account of divers electors having voted or refrained from voting at the said election.

18. That before, during, and after the said election the said George Kirk did, directly and indirectly by himself and by others on his behalf, advance and pay and cause to be advanced and paid money to and to the use of divers other persons with the intent that such money, or some part thereof, should be expended in bribery at the said election, and did knowingly pay or cause to be paid money to divers persons in discharge of repayment of money wholly or in part expended in bribery at the said election.

19. That at the said election the said George Kirk did corruptly by himself, and by and with divers persons, and by and with other ways and means on behalf of the said George Kirk, directly and indirectly give and provide and cause to be given and provided and was accessory to the giving and providing, and did pay and allow divers persons to pay on his behalf wholly or in part expenses for meat, drink, entertainment, and provisions to and for divers persons in order to forward the election of the said George Kirk, and for being elected and for the purpose of corruptly influencing such persons and divers other persons to give or refrain from giving their votes at the said election, and on account of divers persons having voted or refrained from voting or being about to vote or refrain from voting at the said election.

20. That by reason of the said corrupt and illegal practices mentioned in the three last preceding paragraphs, the said George Kirk was and is wholly incapable of being elected or sitting as member for the said district during this present parliament, and the said election and return of the said George Kirk were and are wholly null and void.

Your petitioner therefore respectfully prays:—

1. That you will be pleased as soon as conveniently may be, to lay this petition before the Legislative Assembly.

2. That the said Assembly will be pleased to refer the same to the "Committee of Elections and Qualifications," either forthwith or as soon as the said committee has been duly appointed and confirmed.

3. That upon such reference being made the said committee will determine and report to the said Assembly.

1. Upon reckoning and making up the said ballot papers used at the said election how many votes appear by such ballot papers to have been given in due form of law for the said James Mackintosh and for the said George Kirk respectively, at the said election, and whether the majority of such votes was not in favor of the said James Mackintosh over the said George Kirk.

2. How many persons who voted at the said election for the said George Kirk had no right to vote thereat from their names not being upon the electoral roll of the said district or otherwise.

3. How many persons gave their votes for the said George Kirk under the influences of bribery, corruption, or other undue influence, by or on the part of the said George Kirk, his agents, committeemen, or partizans, or any of them.

4. How many votes were given, at the said election for the said George Kirk, by persons who personated other persons who had a right to vote at the said election.

5. How many votes of electors unable to read, and intending to vote for the said James Mackintosh were recorded on behalf of the said George Kirk from certain of the deputy returning officers having struck out from the ballot papers the name of the said James Mackintosh, instead of, as designated by such electors, the name of the said George Kirk; and whether any and how many of such votes may have been received by the said committee for the said James Mackintosh, and deducted from the votes polled for the said George Kirk, and added to the votes polled for the said James Mackintosh at the said election.

6. How many electors were prevented from voting, at the said election, for the said James Mackintosh, from their having been personated, or from their votes having been improperly rejected by the said returning officer, or his deputies, or by fraud, force, menace, or any undue influence by or on the part of the said George Kirk, or his agents, committeemen, and partizans, or any of them; and how many of such electors, have tendered their respective votes before the said committee, and whether such votes have been received and taken into account on reckoning the votes polled for the said James Mackintosh, at the said election.

7. Whether the said George Kirk did not obtain only an apparent majority of votes over the said James Mackintosh, and whether the said James Mackintosh had not a majority of legal votes over the said George Kirk, and was duly elected a member to serve in the present Parliament, for the said district, and ought to have been returned accordingly as such member.

8. Whether the said George Kirk was not guilty before, during, or after the said election, of bribery and treating within the intent and meaning of the Election Proceedings Regulation Act of One thousand eight hundred and fifty-six, and whether by reason thereof the said George Kirk was and is wholly incapable of being elected or sitting as member for the said district during this present parliament, and whether the said election and return of the said George Kirk were and are wholly null and void.

4. That upon the said committee determining and reporting to the said assembly that the said James Mackintosh had a majority of legal votes at the said election over the said George Kirk, and therefore that the said James Mackintosh ought to have been returned as member for the said district at the said election, then that the said return be amended by striking out therefrom the name of the said George Kirk, and substituting instead thereof the name of the said James Mackintosh, and that the said James Mackintosh may be sworn as a member of the said Assembly, and may take his seat accordingly; but, failing this—

5. That upon the said committee determining and reporting to the said Assembly that the said George Kirk has been guilty of bribery and treating within the intent and meaning of the said Act, and that the election and return of the said George Kirk were and are wholly void, then that a writ may issue for the election of a member to represent the said district in parliament.

6. That your petitioner may have such further and other relief in the premises as the nature of the case requires.

And your petitioner will ever pray, &c.

JOHN LEWIS.

#### EAST BOURKE ELECTION.

I HEREBY notify that there was presented to me, on Saturday, the fifth day of October instant, a Petition, of which the following is a true copy.

FRANS. MURPHY.

Speaker.

Legislative Assembly Chamber,  
Melbourne, 7th October, 1861.

To the Honorable SIR FRANCIS MURPHY, Knight,  
Speaker of the Legislative Assembly of Victoria.

The petition of JOHN MOFFITT TOMKINS, of Wallan-walan, in the colony of Victoria, farmer,

#### SHEWETH—

1. That at the election last holden according to law to choose two members to serve for the Electoral District of East Bourke, Robert Bennett, Esquire and George Kirk, Esquire were returned as such members.

2. That your petitioner had a right to vote at the said election.

3. That a certain petition has been presented to you complaining of such return, and praying among other things that the said George Kirk may be declared not duly elected, and that one James Mackintosh may be declared duly elected as a member to serve in the Legislative Assembly for the said electoral district.

4. That at the said election for the said electoral district divers persons who had no sufficient qualification to entitle them to vote, did nevertheless vote.

5. That at such election divers persons did fraudulently personate persons whose names were on the electoral roll for the said district, and the votes of the said persons so personating were taken by the returning officer and by the deputy returning officer at such election, under the belief that such persons were the electors whom they so fraudulently personated as aforesaid.

6. That at such election divers persons did fraudulently vote more than once.

7. That many of the said electors who had been so personated afterwards came to the respective polling places and polling booths to vote at the said election, and divers of such electors upon being informed that persons had voted in their names pretending to be such electors, departed without voting, and that divers others of the said electors who had been so personated as aforesaid tendered their ballot papers, but that such votes were not allowed.

8. That at the said election divers persons voted who did not record their votes in the manner required by law.

9. That in divers respects the particulars of which are not yet certainly known to your petitioner, the said election was illegally conducted.

10. That your petitioner alleges that if all the votes except the first vote of every person who voted more than once as hereinbefore set out were struck off it would appear that the said George Kirk obtained a greater number of votes than the said James Mackintosh.

11. That your petitioner alleges that a like result would appear if the votes of those persons who voted without a sufficient qualification, or of those persons whose votes were not duly recorded, or of those persons who personated electors, were to be struck off, and that a like result would also appear if the votes of those electors who departed from the polling places and polling booths without voting, or whose votes were tendered and not allowed were taken into account and reckoned.

12. That your petitioner alleges that even if the said George Kirk be declared not duly elected, although your petitioner humbly submits that he is entitled to be so declared, the said James Mackintosh is not entitled to be declared duly elected to serve as a member in the Legislative Assembly for the said electoral district.

Your petitioner therefore humbly prays—

1. That you will, as soon as conveniently may be, lay this his petition before the Legislative Assembly, and that the same may be referred to the "Committee of Elections and Qualifications."

2. That the said committee will take the premises into its consideration, and will make a scrutiny into the votes taken at the said election for the said district.

3. That all the votes, save the first vote, of every person who voted thereat more than once, and every vote of every person who had not at the time of such election retained a sufficient qualification, and of every person whose vote is not recorded in the manner required by law be struck off.

4. That the voting papers placed in the ballot box by all persons who personated any persons whose names appear on the electoral roll for the said electoral district may be rejected, and the votes or pretended votes given by every such mentioned person, in the name of such other persons, as aforesaid, may be struck off.

5. That the electors who departed from the polling places or polling booths without voting, in consequence of their being informed that persons had voted in their names, may be allowed to tender their votes before the said committee, and that any vote so tendered may be received, reckoned, and added to the votes already taken at the said election.

6. That the ballot papers tendered but not allowed as hereinbefore set forth may be in like manner received, reckoned and taken into account by the said committee.

7. That the said committee will determine and report to the said Legislative Assembly that the said George Kirk was duly elected at the said election as a member to serve in such Assembly.

8. That in case the said committee determine and report that the said George Kirk was not duly elected, the committee will determine and report not that the said James Mackintosh is duly elected but that the said last election for the said district was void, and that in such case a new writ may be issued for the holding of a new election for the said district.

9. That your petitioner may have such other and further relief as the nature of the case requires.

And your petitioner will ever pray.

1. That such places as the said council shall from time to time appoint shall be stands for public vehicles plying for hire within the town of Hotham, and the aforesaid vehicles shall be arranged by the drivers thereof as follows, that is to say, the vehicles shall draw up along the centre of the street or roadway in the order of their arrival on the stand, and the first vehicle only shall be permitted to leave the rank in the centre of the street or roadway and draw up at the side thereof, until its fare shall be made up, when it shall proceed on its journey, and the vehicle next in order on the rank shall proceed to take its place, and it and the vehicles following on the stand shall succeed in similar order: Provided that nothing herein contained shall prevent any person from calling any particular vehicle off the stand, but the driver of such vehicle shall forthwith proceed with the same on its journey without waiting for other passengers.

2. That six clear days' notice of the place or places appointed by the council, or of any alteration therein, as stands for vehicles plying for hire, be given by public advertisement, inserted three times consecutively in one or more newspapers published in the city of Melbourne, and one other newspaper (if any) published within the said district.

3. That at every fourth vehicle on each stand there shall be left a space of at least six feet for passengers to pass through.

4. That every driver or other person attendant upon any vehicle shall remain within the same in the centre of the street, and shall not whilst plying on any stand create any noise or disturbance by vociferating names of places or otherwise.

5. That no driver of any vehicle shall suffer the same to stand across any street, or alongside of any other vehicle, nor obstruct the driver of any other vehicle in taking up or setting down any person, nor wilfully, wrongfully, or forcibly prevent or endeavor to prevent the driver of any other vehicle from taking fare.

6. That no driver shall permit his vehicle to stand in any street, road, thoroughfare, or place, longer than may be necessary for loading or unloading, or taking up or setting down passengers, except while standing for hire in some place appointed by the council for that purpose, or waiting for the hire.

7. That every driver of any vehicle shall keep the same on the left or near side of the road, except in case of actual necessity or other sufficient reason for deviation, and shall not interrupt or interfere with any person or vehicle passing or attempting to pass his vehicle.

WHEREAS an Act of the Governor and Legislative Council of Victoria, and passed in the eighteenth year of the reign of Her Majesty Queen Victoria, No. 15, intituled, *An Act for the establishment of Municipal Institutions in Victoria*, whereby it was amongst other things enacted, that it should be competent for the council of any municipal district to make bye-laws for the regulation of their own proceedings, and that no such bye-laws should have any force or effect, until the Lieutenant Governor should, under his hand, have signified his assent thereto, and when such bye-law should have been consented to, the Lieutenant Governor should cause publicity to be given thereto in such manner as he should see fit: And whereas it is expedient to make regulations for conducting the proceedings and business of the said municipal council, and a copy of the standing rules passed by the said council was transmitted to His Excellency the Acting Governor of the said colony: And whereas the said standing rules were approved of by His Excellency, and His Excellency has caused the same to be duly published in the *Government Gazette*: And whereas the formalities required by the said recited Act of Council have been duly complied with: Be it therefore enacted by the council of the said municipality in council assembled, that the following shall be and are the Standing Orders of the council of the municipality of Smythesdale:—

## CHAPTER I.—Order of Proceedings.

1. That the business of the council shall be conducted on all ordinary occasions with open doors, but any member present may require the exclusion of strangers until it shall have been decided by the council whether the question proposed to be introduced shall be discussed with open doors.

2. The ordinary meeting of the council shall be on Friday in every week, at the hour of Three in the afternoon, and the council shall commence business so soon after the time appointed as there shall be a sufficient number of members in attendance to constitute a quorum; but if at the expiry of fifteen minutes from the time specified there is not a quorum present, no business shall be transacted by the council at that meeting. And at all meetings when the council is counted out, such circumstance, together with the names of the members then present, shall be recorded in the minute book.

3. The minutes of any preceding meeting not previously confirmed shall be read as the first business at all meetings of the council in order to their confirmation, and no discussion shall be permitted thereon except as to their accuracy as a record.

4. At all meetings of the council the reading of correspondence unconnected with the orders of the day, the presentation of petitions by members of the council, and the bringing up of reports of committees, shall have precedence of the regular business.

5. Every communication addressed to the council shall be in proper form and presented by one of its members, who shall be responsible for its being respectfully worded.

6. On the presentation of a petition no debate shall take place thereon until notice has been given in the usual manner, and the only questions that shall be entertained on the occasion of its presentation shall be, that the petition be or be not received, and if necessary that it be referred to a committee.

7. No report of a committee shall be considered or adopted on its presentation, nor until due notice shall be given; all such reports shall be read and received (*pro forma*), and if ordered by the council, printed for distribution among the members.

8. If in the report of a committee there are distinct recommendations contained, such report shall not be adopted until the sense of the council has been taken separately on each.

9. The orders of the day shall include all matters arising out of the proceedings of former meetings of the council, and any business which the chairman may think fit to bring under consideration; any member of the council may, however, bring forward such business as he may consider advisable, in the form of a notice of motion, such notice to be given in writing to the town clerk; two days' notice shall be given previous to the meeting at which the same is to be taken into consideration, and all notices of motion shall be considered in the order in which they were given.

10. No motion entered on the notice paper shall be proceeded with unless the member who has given such notice, or some one authorised by him, be present when the business is called in order; notices not so proceeded with shall be struck out of the paper.

11. No bye-law shall be finally passed or adopted at the meeting at which it shall have been first proposed, nor until the next meeting of the council, regularly convened, and every such bye-law shall in the *interim* remain open for the inspection of any of the inhabitants, in the town clerk's office, free of charge.

12. No motion proposing any petition, address, bye-law, or standing order shall be entertained unless the mover shall submit therewith a draft of such petition, address, bye-law, or standing order, and the draft so submitted shall in no case be taken into consideration until it shall have been referred to the legislative committee, who shall report thereon; and every mover of such proposition shall be (*pro hac vice*) a member of such committee.

13. The mover of any motion which may be referred to any committee shall be (*pro hac vice*) a member of such committee.

## CHAPTER II.—Order of Debate.

14. Any member desirous of proposing a motion or amendment, or of discussing any matter under consideration, shall rise and address the chairman, or the then presiding chairman; and no member, when speaking, shall be interrupted, unless called to order, when he shall sit down, in which case the member calling to order shall be heard thereon in preference to any other speaker, and the question of order shall be disposed of before the subject is resumed or any other subject entered upon.

15. Any member desirous of proposing either an original motion or amendment must state the nature of such motion or amendment before addressing the council in support thereof.

16. Any member making a motion or amendment shall put it in form properly worded and legibly written, sign and deliver it to the town clerk, who shall add thereto the name of the seconder; and no motion or amendment so made shall be withdrawn without leave of the council.

17. No motion or amendment shall be entertained or discussed unless it be seconded; any member may, however, require the enforcement of any standing order of the council, by simply noticing that such order is disobeyed.

18. Any member moving any motion or amendment shall be held to have spoken on that motion or amendment.

19. Any member may formally second any motion or amendment by raising his right hand, reserving the right of speech to a later part of the debate.

20. The members in speaking shall designate each other by their respective titles of chairman or councillor, as the case may be.

21. If two or more members rise to speak at the same time, the chairman, or the then presiding chairman, shall decide which is entitled to pre-audience.

22. No member shall speak twice on the same motion or amendment, except by way of explanation, or in reply upon any original motion of which he may have been the mover, or as the mover of the amendment last proposed; and the chairman, or the then presiding chairman, shall, without waiting for the interposition of the council, call to order any member proceeding to speak a second time on the same motion or amendment; after the reply, the amendment or the original motion, as the case may be, shall be immediately put to the vote.

23. No member shall digress from the subject matter of the question under discussion, or impute improper motives to others, and all personal reflections upon any member shall be considered highly disorderly.

24. The chairman, or the then presiding chairman, when called upon to decide a point of order or practice, shall state the rule or precedent applicable to the case without argument or comment, and his decision as to what is order or explanation shall be final (*pro hac vice*) in each case.

25. The chairman, or the then presiding chairman, shall stand up when addressing the council in discussion of any question, and on the rising of the chairman any member then standing shall resume his seat.

26. Any member who shall use any expression capable of being applied offensively to any other member or person, or reflect upon the determination, character, or proceedings of the council, shall, if required, withdraw such expression and reflection, and make a satisfactory apology before the rising of the council.

27. No debate may be allowed on any member making an explanation, and no speech shall be allowed when any question is put to the chairman.

28. A member moving adjournment of debate may only explain his reason for so doing, and such member shall not be allowed to move the adjournment of the council.

29. On the adjournment of a debate, a member shall not speak again when the same is renewed.

30. A member who has already spoken to a question shall not be allowed to move an amendment, the adjournment of the debate, or of the council.

31. Any member may require the town clerk to take down any particular words used by a member immediately on the same being used.

32. Any member may of right require the production of any of the documents of the council relating to the question or matter in discussion.

33. One amendment shall be discussed at one time, but if lost, another may be moved before the original question is put to the vote, but any amendment being carried, it shall stand in all respects as did the original motion.

34. The chairman, or the then presiding chairman, shall, in taking the vote of any motion or amendment, put the question first in the affirmative and then in the negative, and he may do so as often as is necessary to enable him to form and declare his opinion.

35. The council shall vote by show of hands, except in cases of election, when the vote shall be by ballot; any member of the council may, however, call for a division upon any question, in which case the members voting in the affirmative shall first stand up, and afterwards those in the negative, until their votes are recorded; and every member present at the time the question is put by the chairman, or the then presiding chairman, shall record his vote.

36. No discussion shall be allowed on any motion for adjournment of the council, but if, on the question being put, the motion be negatived, the subject then under consideration, or the next on the notice paper, shall be discussed, or any other that may be allowed precedence, before any subsequent motion for adjournment shall be entertained; but if the motion of adjournment be carried, the business then undisposed of shall have precedence at the next meeting of the council.

37. No amendment may be made on a motion for adjournment except it be as to time.

38. Any member of the council may enter his protest against any resolution of the council, provided that such protest is not inconsistent with truth or disrespectful to the council. Notice of intention to protest must, however, in every case be given on the adoption of the resolution protested against, and the protest, signed by the member or members protesting, and specifying the reasons for protesting, must be entered before the next regular meeting of the council, by the protesting member, in a book to be kept for that purpose in the town clerk's office, and duly referred to in the minutes of council; the same to be considered also part of such minutes.

39. No motion, the effect of which, if carried, would be to rescind any motion which has already passed the council, shall be entertained during the same municipal year unless a call of the whole council has been duly made for that purpose; and no such motion for rescinding any resolution of the council which shall have been negatived by the council shall be again entertained during the same municipal year.

#### CHAPTER III.—Committees.

40. There shall be four permanent committees of the council, to be called the public works, the legislative, the finance, and the market committees, which shall be chosen by ballot, annually, at the meeting of council next after the annual election of chairman. The public works committee shall consist of five members; the legislative, finance, and market committees shall consist of three members each; three to be a quorum at the public works committee, and two at the legislative, finance, and market committees: Provided, nevertheless, that the council shall be at liberty at any time to fill up occasional vacancies.

41. The town clerk shall convene every committee within seven days of its first appointment, and at any time by order of the council, or the written order of the chairman, or of any two members of such committee.

42. The chairman, if appointed a member of any of the permanent committees, shall be the chairman thereof; in committees of which the chairman is not a member, the committee shall elect a chairman. When special committees are appointed the member proposing such committee shall be the chairman thereof.

43. The standing orders of the council shall be observed in committees of the whole council, except the rule limiting the number of times of speaking.

44. The finance committee shall be at liberty, without the express authority of the council, to authorise disbursements for current expenses to an amount not exceeding Five pounds in any one week, and report the same to the council at its next sitting.

45. The chairman of committees shall have their reports fairly written out, on paper of uniform size provided by the council, so as to admit of their being bound up at convenient intervals.

#### CHAPTER IV.—Elections.

46. No election of any office at the disposal of the council shall take place until six clear days' public notice shall have been given by advertisement in one or more of the local newspapers, inviting applications from candidates properly qualified.

47. The salary or allowance attached to all offices and places at the disposal of the council, excepting the office of chairman, shall be fixed for the municipal year, in all cases, before proceeding to the election.

48. At all elections for offices at the disposal of the council the voting shall take place by ballot, on cards to be provided for the purpose, signed by the voter, and containing the name or names of the person or persons voted for; and no voting card shall be received at any election which is not signed by the member voting; and such voting cards shall be kept in the town clerk's office for the twelve months next ensuing the day of election.

49. No member of the council, nor any auditor of the town, nor any officer of the council holding office under the council, shall be received as surety for any officer appointed by the council, or for any work done for the council; and in all cases in which security for the due and faithful performance of any duty or contract is required, the expense of preparing such security shall be borne by the party giving the same.

50. Any person neglecting or refusing to comply with any of the provisions of this bye-law, on conviction before two or more justices of the peace, shall forfeit and pay a penalty not exceeding Ten pounds.

#### PETITION UNDER THE MUNICIPAL INSTITUTIONS ACT. MOONAMBEL.

IN pursuance of the Act of Council 18 Victoria No. 15, the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by one hundred and fifty-four householders resident at Moonambel, praying for the erection of their locality into a municipal district.

R. HEALES.

Chief Secretary's Office,  
Melbourne, 10th September, 1890.

6920.

The petitioners state the township of Moonambel is the centre of an extensive mining district; that it contains upwards of three hundred resident householders, and that the dwellings are of a substantial character and have been erected at considerable expense, but no provision exists for the formation and maintenance of the roads and streets, which are consequently nearly impassable, and heavy merchandise, &c., has to be carried over them at great risk and expense.

They are therefore of opinion that the formation of the township into a Municipal District will tend greatly to advance its interests and materially aid its improvement and good government, and suggest the following boundaries for such district, viz.:—From the south-west angle of McKinnon's pre-emptive right to a point bearing south half a mile; thence by a line bearing west three miles; thence by a line bearing north two

miles; thence by a line bearing east three miles; and thence by a line bearing south one mile and a half to the starting point.

And the petitioners pray as follows:—

"Your petitioners therefore humbly pray that the district as above defined may be proclaimed a Municipality, under the name of 'The Municipal District of Moonambel,' according to the provisions of the Act of Council 18 Victoria No. 15."

[The signatures to the above-mentioned petition appeared in Gazette No. 137, page 1717 ante.]

# PETITION UNDER THE MUNICIPAL INSTITUTIONS ACT. INGLEWOOD.

IN pursuance of the Act of Council 18 Victoria No. 15, the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by one hundred and fifty-seven householders resident at Inglewood, praying for the erection of their locality into a municipal district.

R. HEALES.

Chief Secretary's Office,  
Melbourne, 8th October, 1861.

7797.

The petitioners state that they reside within the area hereinafter defined.

That the town of Inglewood is in the centre of a large mining district, and that it contains a mining and trading population who have invested large sums in permanent buildings.

That the land in the township has been lately sold, some of it at a high price, and notwithstanding the large sums paid by the inhabitants to the Government no provision has been made for roads or approaches to the town, and that the streets are now almost impassable.

That the township contains over three hundred householders.

They further state that they are of opinion that the erection of their locality into a municipal district will greatly advance its interests and prosperity and conduce to its permanent improvement and good government, and they suggest the following boundaries for the district, viz.:—Commencing at the south-west angle of the Inglewood township reserve; thence by a line bearing north one hundred and sixty chains; thence by a line bearing east one hundred and sixty chains; thence by a line bearing south one hundred and sixty chains; and thence by a line bearing west one hundred and sixty chains to the commencing point.

And the petitioners pray as follows:—

"We, the undersigned householders and landowners resident within the area above set forth, most respectfully pray your Excellency will cause the said area to be proclaimed a municipal district, in accordance with the Act of Council 18 Victoria No. 15, under the style and title of 'The Municipality of Inglewood.'"
