## NOTICE TO MARINERS.

THE accompanying Notice to Mariners, respecting a reef off Stewart Isle, New Zealand, which has been received from the Hydrographer to the Admiralty, is republished for the information of masters of vessels and others.

J. F. SULLIVAN,

Commissioner of Trade and Customs.

Department of Trade and Customs,  
Melbourne, 2nd November, 1861.

[No. 26.]

*South Pacific Ocean.*

### REEF OFF STEWART ISLE, NEW ZEALAND.

IT appears from an examination of the weather book of the ship *Bruce*, Thomas Meiklejohn, commander, in her passage from Otago by the south of New Zealand to Calcutta, in November last, when passing the south-east extreme of South or Stewart Island, discovered a dangerous reef which is not laid down in the Admiralty or any other charts, or noticed in the New Zealand pilot or sailing directions.

This danger, which is described as two low rocks from three to six feet high, and close together, on which the sea breaks heavily, lies in the direct track of vessels closely rounding Stewart Island in proceeding to, or from the southern settlements of New Zealand.

Its position, which appears to have been determined with some accuracy, is as follows:—

7 1-10 miles ... E. by N.  $\frac{1}{2}$  N. ... from Owen Island off Lord's River.

5 1-10 miles ... E. by N.  $\frac{1}{2}$  N. ... from the extreme of the Break Sea Isles.

3 1-2 miles ... E. by S.  $\frac{1}{2}$  S. ... from Wreck Reef off Port Adventure.

7 1-2 miles ... S.E.  $\frac{1}{2}$  E. ... from East Head, north of Port Adventure.

Or, in latitude  $47^{\circ} 7' 35''$  S., and longitude  $168^{\circ} 21' 35''$  E.

Soundings, though tried for, were not obtained in its neighborhood, from the rapid rate of sailing of the ship in passing the danger.

*Caution.*—It is creditable to Captain Meiklejohn to have entered the discovery of this reef in his weather book; but it is greatly to be regretted that he did not take some steps immediately on his arrival at Calcutta or in England to make public the existence of this very serious danger which lies but little out of the sailing track of ships bound to the southern settlements of New Zealand.

Had not the remark been seen by Rear-Admiral Fitz Roy (who was searching this book for meteorological facts, and at once transmitted it to the admiralty for publication) this reef might not have been heard of until it had caused the wreck of a vessel. On being applied to for further information, Captain Meiklejohn readily sent up his original chart on which the reef was marked at the time, and there can be little doubt of its existence; masters of vessels are therefore warned to keep a good look-out in this neighborhood. They are further requested, on the discovery of any danger, to report the same immediately on arriving at the first port, in order that other vessels may be put on their guard, and for the general benefit of the mariner.

All bearings are magnetic. Variation,  $16^{\circ} 20'$  East in 1861.

By Command of their Lordships,

JOHN WASHINGTON.

Hydrographer.

Hydrographic Office, Admiralty,  
London, 15th August, 1861.

PETITION UNDER THE MUNICIPAL INSTITUTIONS ACT.  
INGLEWOOD.

IN pursuance of the Act of Council 18 Victoria No. 15, the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by one hundred and fifty-seven householders resident at Inglewood, praying for the erection of their locality into a municipal district.

R. HEALES.

Chief Secretary's Office,  
Melbourne, 8th October, 1861.

7797.

The petitioners state that they reside within the area hereinafter defined.

That the town of Inglewood is in the centre of a large mining district, and that it contains a mining and trading population who have invested large sums in permanent buildings.

That the land in the township has been lately sold, some of it at a high price, and notwithstanding the large sums paid by the inhabitants to the Government no provision has been made for roads or approaches to the town, and that the streets are now almost impassable.

That the township contains over three hundred householders.

They further state that they are of opinion that the erection of their locality into a municipal district will greatly advance its interests and prosperity and conduce to its permanent improvement and good government, and they suggest the following boundaries for the district, viz.—Commencing at the south-west angle of the Inglewood township reserve; thence

by a line bearing north one hundred and sixty chains; thence by a line bearing east one hundred and sixty chains; thence by a line bearing south one hundred and sixty chains; and thence by a line bearing west one hundred and sixty chains to the commencing point.

And the petitioners pray as follows:—

"We, the undersigned householders and landowners resident within the area above set forth, most respectfully pray your Excellency will cause the said area to be proclaimed a municipal district, in accordance with the Act of Council 18 Victoria No. 15, under the style and title of 'The Municipality of Inglewood.'"

[The signatures to the above-mentioned petition appeared in Gazette No. 149, page 1922 ante.]

Separate tenders will be received for each schedule, but they must include the whole of the articles therein mentioned, and one price must be stated for each article. The value of all packages, whether bulk be broken or not, must be included in the prices demanded.

No tender will be entertained unless accompanied by a certificate, from two responsible persons that they are willing to become bound as sureties in the sum specified above for the due fulfilment of the contract; and in the event of the tender being accepted, the bond must be executed within ten days, failing which, the contract will be again advertised or another tender accepted.

The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

All tenders must be enclosed in a separate envelope, marked "Tender for —" (as the case may be), and be deposited in the Tender Box at the Government Stores, King street; or, if sent by post, they must be addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known on or before the 19th November, 1861.

#### CONDITIONS.

1. The supplies are in all cases to be of the best quality and description, and should articles of any particular manufacture be ordered, the same are to be furnished at the rates set forth in the contract.

2. All orders for supplies under these contracts must issue from the Government Storekeeper's Department, and unless otherwise specially ordered, the supplies must be delivered to the Government Stores. When ordered, they are to be delivered free of charge to any part of Melbourne, and in the case of Ship Chandlery and Oil for Lighthouses, at the Marine Yard, Williamstown.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the military commissariat, or by other departments of the public service. When desirable, raw material will be ordered for the manufacture in the penal establishments of articles required by the Government Storekeeper.

4. All supplies when delivered must be accompanied by the order, which will be receipted, and must be rendered with the contractor's account. No goods will be received unless accompanied by the order.

5. In the event of supplies ordered under these contracts not being delivered within forty-eight hours, it will be competent for the Government Storekeeper, should circumstances require it, to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

6. Each contractor will be required to prepare his own account monthly in the prescribed form, and present the same to the Government Storekeeper for payment at the Treasury.

7. In the event of a difference of opinion between the contractor and the head of the department requiring the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey, will be charged to the contractor.

8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which, it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

9. The Government Storekeeper will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which, it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. It will be competent, either for the contractor on his own behalf, or for the Government Storekeeper on behalf of the Government, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.
