They further state that they are desirous that their locality should be erected into a municipal district to be governed by

a council as provided by the said Act, and suggest the following boundaries for such district (as described on a plan which accompanied the petition), viz.:-

"Commencing at a point on the northern boundary fence of the Melbourne and Mount Alexander railway at its intersection with the western side of Moonee Ponds Creek; thence along the northern fence of the railway for a distance of eighty-seven chains, more or less, by a curved line having an average bearing of west by 8° 30' north to its intersection with the eastern side of the Saltwater River; thence for a distance of three hundred and four chains, more or less, along the eastern side of the Saltwater River, being an irregular line having a general bearing of north by 38° 30' west to the intersection of the western boundary of No. 1 allotment of portion 7, in the parish of Jika-jika, with the northern side of the Saltwater River; thence by a line for a distance of one hundred and thirty chains, more or less, bearing due north to its intersection with the northern side of the one-chain Mount Macedon road; thence by a line for a distance of seventy-two chains, more or less, bearing east by 8° south to the intersection of the eastern side of the Main Melbourne road with the northern side of Woodland street; thence due east for a distance of one hundred and fourteen chains, more or less, along the northern side of Woodland street to its intersection with the western side of Moonee Ponds Creek; thence for a distance of five hundred and twenty-six chains, more or less, along the western side of Moonee Ponds Creek, being an irregular line having a general bearing of south by 10° east to the point of commencement, all the above being situate in the parish of Doutta Galla, county of Bourke."

"Your petitioners therefore pray your Excellency that the before described boundaries may be constituted the limits of the municipal district, that your Excellency will be pleased to constitute the same under the name of 'The Municipal District of Essendon and Flemington,' and that your Excellency will also be pleased to issue the necessary Proclamation for declaring it a municipality, and defining the limits accordingly."

**CONDITIONS.**

1. All the articles are to be of the best quality of the several kinds, in the best condition, and to be delivered in sound packages.

2. The flour and bread must be the produce of prime wheat, from which twenty per cent. has been extracted in bran and waste for second quality, and twelve per cent. for third quality of bread.

3. Fresh meat (except when ordered for the Lunatic Asylum free from bone) is to be supplied in such proportions as may be required, and when the quantity admits, to be delivered in fore and hind quarters alternately. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than five inches, must have been cut off.

4. The supplies are to be delivered direct to the establishment entitled thereto, on the written order of the officer in charge, or at the Government Stores, on the order of the Government Storekeeper.

5. Should the contractor fail to supply any articles when required within twenty-four hours, they will be otherwise procured, and the expense over and above the contract price will be deducted from his account.

6. The contractor will be required to prepare his own account monthly, in the prescribed form, and forward the same, in a complete state, to the Government Storekeeper, for payment at the Treasury, Melbourne, or District Pay Office, as the case may be.

7. In the event of a difference of opinion between the contractor and the officer receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered final.

8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which, it will be procured by the person requiring it, and the expense charged as in clause 5.

9. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations are due, or to the contractor, in waiting for a board of survey, the head of the department, or officer in charge of the station, will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead, failing which, it will be obtained by the officer requiring it, and the expense charged as in clause 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivery or replacing them when required, will subject the contractor, upon report of the Government Storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct: it will also be in the power of the Government to terminate the contract forthwith.

11. It will be competent for the Government Storekeeper on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving in writing a notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

It will be competent for the Government Storekeeper on behalf of the Government, or the contractor on his own behalf, to terminate the contract by giving a notice in writing of one calendar month to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.
