PETITION UNDER THE MUNICIPAL ACT.

MALMSBURY.

IN pursuance of the Act of Council 18 Victoria No. 15, the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by one hundred and ninety-three householders resident at and near Malmbsbury, in the counties of Dalhousie and Talbot, praying for the erection of their locality into a municipal district.

R. HEALES.

Chief Secretary's Office,
Melbourne, 28th June, 1861.

S.4395.

The petitioners state that their locality is situated on the Main Mount Alexander road, and is fast rising in importance, being the centre of a large and increasing agricultural population.

That within the township boundary there are many large and substantial buildings, including stores, hotels, and steam flour-mills, breweries, and a large malting establishment all now in full operation, and moreover that some of the finest blue-stone quarries have been opened and are being extensively worked.

That roads, bridges, drains, and streets are required to facilitate the large and increasing local traffic, but no provision exists for these works.

They urge upon His Excellency the expediency of forming their locality into a municipal district, as tending greatly to advance its interests and materially aid its improvement and good government, and suggest the following boundaries for such district, viz. — Commencing at a point in the south boundary line of the township of Malmbsbury where the said south boundary line of the said township of Malmbsbury is cut by the River Coliban; thence in a line bearing west about eighty-five chains to the south-west corner or angle of the said township of Malmbsbury; thence in a line at right angles to the last line, bearing north up the western boundary of the said township about one mile to the north-west corner or angle of the said township; thence in a line at right angles to the last line, bearing east about three miles and three-quarters to the north-east corner or angle of lot 23, parish of Edgcombe; thence in a line at right angles to the last line, bearing south, following a Government road one chain wide, about three-quarters of a mile to where the said Government road cuts the River Campaspe; thence following the centre of the said River Campaspe about three miles to the junction of the Boggy Creek; thence in a line bearing south-west about a quarter of a mile, running along the south-west boundary of lot 177, parish of Lauriston; to where the said line cuts the eastern boundary fence of the Melbourne, Mount Alexander, and Murray River railway; thence following the said eastern boundary fence of the said Melbourne, Mount Alexander, and Murray River railway, bearing north-westerly about three miles till the said western boundary line of the said Melbourne, Mount Alexander, and Murray River railway cuts the southern boundary line of allotment 290, parish of Lauriston; thence in a line bearing west about half a mile to the centre of the River Coliban; thence following the centre of the said River Coliban about a quarter of a mile home to the starting point."

And the petitioners pray as follows:—

"Your petitioners therefore humbly pray your Excellency, that the district so defined may be proclaimed a municipality, under the name of 'The Municipal District of Malmbsbury,' according to the provisions of the Act of Council 18 Victoria No. 15."

CONDITIONS.

1. The supplies are in all cases to be of the best quality and description, and should articles of any particular manufacture be ordered, the same are to be furnished at the rates set forth in the contract.

2. All orders for supplies under these contracts must issue from the Government Storekeeper's Department, and unless otherwise specially ordered, the supplies must be delivered to the Government Stores. When ordered, they are to be delivered free of charge to any part of Melbourne, and in the case of Ship Chandlery and Oil for Lighthouses, at the Marine Yard, Williamstown.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the military commissariat, or by other departments of the public service. When desirable, raw material will be ordered for the manufacture in the penal establishments of articles required by the Government Storekeeper.

4. All supplies when delivered must be accompanied by the order, which will be receipted, must be rendered with the contractor's account. No goods will be received unless accompanied by the order.

5. In the event of supplies ordered under these contracts not being delivered within forty-eight hours, it will be competent for the Government Storekeeper, should circumstances require it, to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

6. Each contractor will be required to prepare his own account monthly in the prescribed form, and present the same to the Government Storekeeper for payment.

7. In the event of a difference of opinion between the contractor and the head of the department requiring the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey, will be charged to the contractor.

8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

9. The Government Storekeeper will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. It will be competent, either for the contractor, on his own behalf, or for the Government Storekeeper, on behalf of the Government, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

AVOCA MUNICIPALITY.

FOURTH HALF-YEARLY REPORT OF THE AVOCA MUNICIPAL COUNCIL, ENDING 30TH APRIL, 1861.

ON the 31st January the resignation of Councillor Holland was accepted, and on the 20th February an election took place for the purpose of filling the vacant seat. The following gentlemen were the candidates and the polling:—

Louis Thoneman	38
Samuel Collins	16

The first named gentleman was accordingly elected.

The municipal year expiring on the 30th April, and Councillors Barnett, Boyce, and Pearson, retiring by rotation; the nomination of candidates to fill the vacancies in the council took place on the 29th, and the polling on the 30th, with the following results:—

	Votes.
W. Barnett	...
E. Boyce	...
C. K. Pearson	...
J. Johnson	...
T. Holland	...

The three first named gentlemen were declared duly elected by Councillor Witshire, who, as senior councillor, conducted the election.

During the half-year the council have held nineteen meetings, at which the attendance of members has been as follows:—

W. Barnett	17
E. Boyce	16
C. K. Pearson	15
W. Goodshaw	13
H. Trevithick	13
J. Witshire	11
T. Holland	7
L. Thoneman	5

The following bye-laws have received His Excellency's assent.

Bye-law 16. For confirming the valuation and levying a rate of One shilling in the pound for the third municipal year.

Bye-law 17. For appropriation of first moiety of grant-in-aid for 1861 in erecting town hall.

The Government have granted the following applications of the council:—

1. The formation of a part of the Ararat road between Avoca and Amphitheatre.
2. Permission to erect the town hall in Cambridge street.
3. Reduction of the charges for telegraphic messages.
4. The taking the levels of High street.
5. The clearing and formation of a portion of the Lexton and Ballarat road, as far as and through Lamplough.

The council have also made application on the following subjects, and with the result stated opposite each.

1. The opening of the powder magazine. Promised so soon as the internal fittings are completed.
2. The altering the culverts in Bridport street, and cutting the hill on the south side of Bridport street, in High street. Promised to have the work performed at an early day.
3. The repairs of the roads between Avoca, Moonambel, and Redbank. This subject the council urged very earnestly, and were materially aided by the cordial co-operation of the progress committee of those two towns; but the Government pleaded they had no funds. The subject is still, however, being urged as most indispensable.

In the accompanying statement of receipts and expenditure, the item of public works requires the explanation that the council are engaged in erecting a town hall, which, for the present, prevents them entering upon the execution of other works.

W. BARNETT,
 Chairman of the Council.
 CHAS. EML. PASCOE,
