A PUBLIC HOLIDAY PROCLAIMED.

IN pursuance of the provisions contained in the *Civil Service Act*, No. 160, it is hereby notified that

MONDAY, THE 24TH DAY OF NOVEMBER INSTANT,

will be observed as a Public Holiday in commemoration of the day of the Proclamation of the Constitution Statute, the Anniversary whereof will this year happen on the preceding Sunday.

By His Excellency's Command,
JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 17th November, 1862.

NOTICE TO CANDIDATES FOR ADMISSION INTO THE CIVIL SERVICE.

IT is hereby notified that the Board of Examiners for the Civil Service will hold an examination on Thursday, the 4th day of December next.

Candidates are requested to send to the Secretary to the Board their names and the subjects in which they desire to be examined, on or before the 27th instant.

A list of subjects for the examination was published in the *Government Gazette* of the 11th instant.

Due notice will be given of the place at which the examination will be held.

(By Order) W. H. ODGERS,
Secretary.

Chief Secretary's Office,
20th November, 1862.

WATER SUPPLY TO CASTLEMAINE AND SANDHURST.

THE Board of Land and Works being desirous of ascertaining the practicability of obtaining a supply of water from the Coliban River for the supply of the towns of Castlemaine and Sandhurst for domestic uses and mining operations, are prepared to receive from engineers, surveyors, and others, preliminary designs and plans for effecting that object, for the two most eligible of which a premium of £250 and £150 respectively will be awarded.

The plan (on a scale of not less than two miles to one inch) to show the source of supply, the proposed line and levels of pipe tracks or races, the localities to which the water would be conveyed; and the report to embody the uses to which it could be applied, the estimated cost of the proposed works, and the probable amount of revenue to be derived from the sale of water.

The plan and reports to be accompanied by a tender for executing the surveys and levels, and preparing the necessary plans and sections, and the working drawings and specifications, with a detailed estimate of the cost of the works, but not to include the cost of superintendence.

If any tender is accepted, then the premiums paid for the preliminary design is to be considered as a payment on account of it, but the board does not bind itself to accept the lowest or any tender; and, before the payment of any premium for a preliminary design, &c., it is to be understood that the person to whom it is awarded shall enter into a bond, with approved sureties, for the carrying out of his tender for the surveys.

No. 135.—NOVEMBER 21, 1862.—1.

Preliminary designs with reports, and the tenders, in separate envelopes, but bearing the same motto, must be addressed to the Inspector General of Public Works, on or before the 30th day of November, 1862.

Sealed envelopes, containing the name and address of each competitor, and with the motto on his designs, &c., legibly written on the outside of the envelope, to accompany the plans and tender.

J. S. JOHNSTON,
Commissioner of Public Works.

Public Works Office,
Melbourne.

MONUMENT TO BURKE AND WILLS.

DESIGNS are invited for a Monument to Burke and Wills, to consist of a Group of Statuary on a Pedestal.

The monument to be placed in the Parliament House reserve, at the southern extremity.

Designs to be modelled in clay or cast in plaster; to be not less than one-sixth of the full size, and to be delivered at the Department of Public Works before Three p.m. on 1st December.

The designs must have mottoes attached, and must be accompanied by sealed envelopes containing the names of the artists and superscribed on the outside with the same mottoes.

Competitors must satisfy the Board appointed to make the selection that they are able to carry out the design complete for the sum of £4000.

W. P. WILSON,
Chairman of the Board.

University, 31st October, 1862.

NOTICE TO LESSEES OF SUBDIVISIONS OF ALLOTMENTS UNDER THE LAND SALES ACT, No. 117.

IT is hereby notified, for the information of persons who have rented subdivisions of allotments under the 34th section of the Land Sales Act, No. 117, and who have not purchased the same under the 40th section of the said Act, or applied to surrender their leases and receive leases under *The Land Act*, 1862, that the yearly rentals, in advance, at the rate of One shilling per acre, must be paid to the Land Officer for the survey district within which the land may be situated, within one month from the date upon which such rentals will fall due.

In the event of such payments not being made within the prescribed period, the leases will, under the provisions of the Act, be considered forfeited, and the land will be liable to be sold by public auction without further notice, and without any allowance for improvements.

NOTICE TO OWNERS OF SHEEP.

THE attention of all owners of sheep, throughout the colony is specially directed to the following clauses of the Act No. 143, intituled, *An Act to repeal the Act intituled An Act for preventing the extension of the Disease called Scab in Sheep,*

and to substitute other provisions in lieu thereof, which came into operation from and after the 1st instant, viz.:—

“§ 2. *Penalty on owners of scabby sheep.*—Every person who not being licensed under this Act shall own any sheep infected with the disease called scab shall be liable to pay the sum of three shillings in respect of every sheep so infected.

“§ 3. *License to keep scabby sheep.*—Any inspector on being applied to by any owner of sheep shall issue to such owner upon payment of a fee of threepence for every sheep so infected a license to keep the said sheep for a period of six months for the purpose of cleansing the same and any inspector may from time to time renew such license for a further period of four calendar months upon payment of the sum of sixpence for every sheep so infected for the first renewal of ninepence for the second renewal and of an additional threepence beyond such sum of ninepence for every additional renewal of such license. Provided that every such license shall be void if during the continuance thereof the person to whom the same is granted shall be convicted under this Act.

“§ 4. *Owners of sheep to deliver correct account of infected sheep.*—Every person owning sheep or having the care or management of sheep within Victoria shall whenever thereunto required by a notice in writing to be personally delivered to such owner or manager aforesaid or left at his usual or last known place of abode in the said colony deliver to the inspector a correct account of all sheep in his possession or custody infected with scab with the marks and brands of such sheep and the description of their age and sex as near as may be and of the places where such sheep may be depasturing or kept. And if any such owner or other person shall not within fourteen days after the delivery or leaving of such notice deliver such account he shall forfeit and pay for every such offence a sum not exceeding twenty pounds.”

MARYBOROUGH MINING DISTRICT.

BYE-LAWS.—[21st October, 1862.]

AT a meeting of the mining board of the mining district of Maryborough, begun and holden at Maryborough, in the said district, on the 21st day of October, One thousand eight hundred and sixty-two, it is ordained by the said Board as follows, that is to say:—

MARYBOROUGH MINING BOARD BYE-LAWS.

By an Act entitled *An Act for amending the laws relative to the Gold Fields*, 21 Victoria No. 32, it was enacted, that any person who shall infringe any lawful bye-law of any board shall, on conviction thereof, forfeit and pay for every such offence any sum not exceeding Ten pounds.

Disobeying the order of mining registrar.—In accordance with the provisions of the amended Gold Fields Act, 24 Victoria No. 115, section 2, any person or persons who shall refuse to comply with any order given by any mining registrar of this district, in pursuance of any lawful bye-law, shall forfeit and pay for every such offence any sum not exceeding Ten pounds.

BYE-LAW I.

1. Repealing clause.—All bye-laws regulating mining operations now in force in the mining district of Maryborough shall be and are hereby repealed and rescinded, always saving the rights of all persons obtained previous to and held at the time of this bye-law coming into operation, excepting an enactment made by the said board for prescribing the mode in which the validity of disputed elections shall be decided, gazetted the 5th day of May, 1853; and also excepting the bye-law or standing orders regulating the proceedings at meetings of the Maryborough Mining Board, gazetted the 18th day of November, 1859. Any miner or miners occupying any claim or claims under any mining regulations in force previous to the passing of this bye-law, shall be at liberty to take advantage of all and every of the privileges conferred by this bye-law in respect of the same, provided always that the then existing rights of any other miner or miners be not thereby interfered with.

2. Interpretation clause.—In the construction and for the purposes of any of the bye-laws of this board the following terms, if not inconsistent with the context or subject matter, shall have the respective meanings hereby assigned to them, that is to say:—The words "registrar" and "surveyor," or the words "mining registrar" and "surveyor," shall mean and be interpreted to mean the mining registrar of the division for which he shall have been appointed; the term "lead" shall mean the alluvial deposit or wash-dirt containing gold, running in a continuous course or occurring successively in spots or patches; and words importing the singular number shall include the plural number, and words importing the plural number shall include the singular number; words importing the masculine gender shall include females; the words "miner," "person," "claimholder," "shareholder," "party," shall mean and include his or her agent respectively; and for the purposes of these bye-laws any act done by an agent duly authorised shall be deemed to have been done by the person by whom he shall have been authorised to act.

3. Payable ground and quartz.—Payable ground and quartz shall be understood to mean any quantity of quartz, stone, earth, or other auriferous substance, obtained by any miner or miners from any claim or claims which will pay the expenses of carting same from the claim to the nearest crushing machine or watering place for washing purposes, also expenses of crushing or washing same, as the case may be, and which will also pay the miner or miners so obtaining such quartz, stone, earth, or other auriferous substance, the current rate of wages in that particular district.

BYE-LAW II.—RELATING TO MINING REGISTRARS.

1. Duties of mining registrars.—It shall be the duty of the mining registrar appointed for each division, under the provisions of an Act 24 Victoria No. 115, section 2, to keep his office in a convenient place in his division, and to keep it open during certain hours each day, Sundays and holidays excepted, that is to say, from Ten o'clock a.m. to Twelve o'clock noon, and to post outside of said office a notice to that effect; and such mining registrar shall also perform within his division all the several duties, and shall, on payment of the fees prescribed in these bye-laws, make all necessary surveys specified in the bye-laws of this board in reference to such mining registrar; and he shall keep a register book in the form of schedule A hereunto annexed, and a register of mortgages in the form of schedule I, and such other books as by these bye-laws are required; and he shall register therein all transactions which under such bye-laws shall be required to register; and he shall furnish monthly a true copy of all such transactions in the first week of every month to the mining board, and shall also produce such register book when required by the mining board. The mining registrars shall also prosecute in all cases of breaches of the bye-laws of this board coming under their notice. And no such mining registrar shall, either directly or indirectly, hold any claim or share or interest in any claim or any lease granted for mining purposes in the division for which he shall have been appointed.

2. Powers of mining registrars.—Any mining registrar shall have power within the division for which he shall have been appointed to effect registrations in accordance with the bye-laws of this board. In all cases where an objection or complaint, as hereinafter mentioned, shall have been lodged against any registration, the registrar shall not register until such complaint or objection shall have been determined by the warden, or the proper authority, or allowed to lapse; and the mining registrar shall have power to enter into, and upon any claim, or give an order to any miner or miners, interested, or to any surveyor or

surveyors, to enter into and upon any claim for the purpose of measuring the same, or the inspection thereof, or for carrying out the bye-laws of this board, during the ordinary working hours, in the presence of one or more of the owners of the claim.

3. Information to the public.—Any person requiring any information from the books of the mining registrar may obtain same on payment of One shilling, and it shall be the duty of the mining registrar to furnish such information; and if such information be required in writing, he shall give an extract on the payment of an additional fee of One shilling.

BYE-LAW III.—RELATING TO PROSPECTING.

1. Alluvial sinking.—The first miner or party of miners commencing and continuing to prospect for a lost lead of gold or gold workings which has been abandoned or then unoccupied, and discovering a payable deposit of gold therein, shall be entitled to an area of ground of 100 feet square. The first miner or party of miners commencing and continuing to sink a shaft, or taking up and continuing to work a shaft which has been partly sunk or bottomed in any claim, on any newly-discovered lead or gold workings, the boundaries of such claim not being less than 200 yards distant from the boundaries of the last claim bottomed and then being worked, and discovering a payable deposit of gold therein, shall be entitled to an area of ground of 100 feet square on such newly-discovered lead or gold workings.

2. The first miner or party of miners discovering payable gold on any new gold field, or discovering a new or lost lead of gold, shall be entitled to an extent of prospecting claim as specified in the following table:—

Not less than 200 yards	distant from	150 feet square	on such new gold field, new or lost lead.
$\frac{1}{2}$ of a mile		200 "	
$\frac{3}{4}$ "		300 "	
2 miles		400 "	
3 "		600 "	

Such distances to be taken from the boundaries of the last claim bottomed, and then being worked at the time such miner or miners commence to prospect as aforesaid, to the place where such discovery of gold has been made by such prospecting miner or party of miners.

3. Wet alluvial sinking.—The first party of miners, not exceeding sixteen (16) in number, commencing and continuing to prospect for any gold field, new or lost lead, or taking up and continuing to prospect any unoccupied ground not less than half a mile distant from the last claim bottomed (and then being worked at the time such miners commence to prospect), and discovering a payable deposit of gold therein, shall be entitled to 60 feet for each miner along the supposed course of the lead, by a width of 300 feet on such newly-discovered lead or gold field; provided that in no case shall surface water be deemed wet sinking.

4. Quartz reefs.—The first miner or party of miners commencing to prospect a quartz reef, or taking up a previously worked and unoccupied quartz reef, shall be entitled to 150 feet along the course of any such reef, if it be defined, or the supposed course thereof, by a width of 300 feet, 150 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof (except in the Avoca division of this district, where the width allowed shall be 600 feet, 300 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof); and the owner or owners thereof respectively shall be entitled to every reef, vein, and leader, and all gold in the alluvial deposits within such limits.

5. Encouragement to prospect.—To encourage and facilitate the prospecting of quartz reefs it shall be lawful for any number of miners, not less than four nor exceeding twenty, to combine for the purpose of sinking a prospecting shaft or shafts in common. A list of the names of the miners forming such party, and a description of the locality where it is intended to prospect, shall be sent to the mining registrar at the time of their commencing to work, and a copy of such list shall be kept posted on a conspicuous part of the claim. The extent of claim for such party shall be at the rate of fifty (50) feet in length along the course of such reef, if it be defined, or the supposed course thereof, by a width of 300 feet, 150 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof (except in the Avoca division of this district, where the width allowed shall be 600 feet, 300 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof), for every miner forming such party. Such party may employ only as many of their number as are necessary to sink such shaft or shafts, or otherwise to prospect the ground; provided that if they discover a payable quartz reef they shall employ, within two months after such discovery, the full number of miners forming such party. And in case such prospecting claim is left unworked previous to payable quartz being obtained, for a longer period than three consecutive working days, such claim shall be forfeited; and in case any miner or miners shall neglect or fail to work, or cause to be worked, his or their share or shares in such claim or claims after the expiration of the aforesaid two months, or after having so commenced after such expiration as aforesaid, and during the working thereof, for three consecutive working days, the share or shares of such miner or miners not complying with the provisions herein contained shall be forfeited, unless in case of dispute he or they can justify such non-compliance under the bye-laws of this board; and the owner or owners of such claim or claims respectively shall be entitled to every reef, vein, and leader, and all gold in the alluvial deposits within such limits.

6. Further encouragement to prospect.—The first miner or party of miners discovering a new quartz reef shall be entitled

to an extent of prospecting claim as specified in the following table:

Not less than 3 miles distant from any other gold field	300 feet
Not less than 5 miles distant from any other gold field	600

along the course of such reef, if it be defined, or the supposed course thereof, by a width of 300 feet, 150 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof (except in the Avoca division of this district, where the width allowed shall be 600 feet, 300 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof); and the owner or owners of such claim or claims respectively shall be entitled to every reef, vein, and leader, and all gold in alluvial deposits within such limits.

7. Taking possession of prospecting claims.—All prospecting claims shall be marked by pegs as hereinafter set forth, viz.:—Alluvial prospecting claims must be marked by four substantial pegs firmly driven in the ground, one at each corner of the claim, to be kept visible during the working of the same. Quartz reef prospecting claims shall be marked by fixing two substantial posts, one at each end of the claim, on the supposed course of the reef, to stand at least three feet out of the ground, and to be kept visible during the working of the claim. And such marking shall be deemed a good and sufficient title to such claim until payable gold has been discovered in the claim, on the discovery whereof the miner or party of miners making such discovery shall, within seven days from the date of such discovery, give information thereof to the mining registrar, and thereupon apply for registration of such prospecting claim, upon which the mining registrar shall register such miner or party of miners therefor, and give a certificate of registration in the form of schedule B herunto annexed, a copy of which shall, as soon after as possible, be posted on the claim, and continue so posted until same shall be abandoned. The mining registrar shall also keep a list or schedule of all such prospecting claims so registered posted outside of his office for at least one week from the day of such registration. And further, one month after payable quartz has been obtained in any such prospecting quartz claim, the owner or owners thereof shall make application to the mining registrar of the division to make a survey of same; whereupon the mining registrar shall survey the same and make a plan thereof (giving a copy of such plan to the applicant), laying down a datum line on the supposed or ascertained course of the reef in any such prospecting quartz claim; and the mining registrar shall, on making such survey and plan, connect the said prospecting claim with some point, so as to secure its identity. Any miner or miners neglecting to give notice as hereinbefore mentioned, shall forfeit all his or their right, title, and interest to any such prospecting claim.

8. Information to adjoining claimholders.—The occupier or occupiers of prospecting claims shall at all times, on the application of the occupier or occupiers of adjoining claims, give the utmost information in his or their power to such occupier or occupiers as to the course of the gold and the quantity he or they have obtained or are obtaining from such claim. The non-compliance herewith shall be deemed a breach of this section of the bye-law.

9. Forfeiture.—If any miner or miners shall leave his or their claim or claims, share or shares, unworked in his or their prospecting claim, except as already provided for in section 5 of this bye-law, during the working thereof, for a longer period than three (3) consecutive working days, his or their claim or claims, share or shares, shall be deemed forfeited, unless in case of dispute he or they can justify such absence under the bye-laws of this board.

BYE-LAW IV.—RELATING TO DRY ALLUVIAL SINKING.

1. Extent of claim in new ground.—The extent of claim in new ground shall be, for—

One miner, 40 feet square;
Two miners, 60 feet square.

2. Marking claim.—Any miner or miners marking out a claim shall evidence his or their boundary by firmly driving in a substantial peg at each corner of the claim, to be kept visible during the working of the claim.

3. The wall.—A wall of two feet shall be left between adjoining claims by the miner or miners last marking out, which said wall may be worked by either of the adjoining parties, but the miner or miners working or removing the said wall must place good and sufficient props and cap pieces not more than three feet apart along the entire length of the wall so worked or removed.

4. Shepherding.—All claimholders must be present on his or their claim every day except as provided for in bye-law XIII, section 1 (after that on which the claim was taken possession of), two consecutive hours between Nine o'clock a.m. and Twelve o'clock at noon, until the shaft thereon has been bottomed. Any miner or miners not complying herewith shall be deemed to have forfeited his or their claim or share, unless in case of dispute he or they can justify such non-compliance under the bye-laws of this board.

5. Extent of claim in old ground.—The extent of claim in dry sinking, in ground previously worked and abandoned, shall be, for—

One miner, 70 feet square;
Two miners, 100 feet square;
Three miners, 120 feet square;
Four miners, 150 feet square.

6. Claims flooded by storm water.—In the event of any lead in dry alluvial workings becoming flooded by means of a fall of rain or storm water, then and in such case the miner or miners holding a claim or claims, or a share or shares in any claim or claims on such lead, shall bale his or their claim or claims every

lawful day until such claim or claims are cleared of such water. The non-compliance with this section shall be deemed a forfeiture of the share or shares, claim or claims, of any such miner or miners not complying with the provisions of this section, unless in case of dispute he or they can justify such non-compliance under the bye-laws of this board.

7. Claims becoming wet.—Any claim taken up under this bye-law in which the owner or owners have struck water, and where slabbing may be necessary on account of such water, shall be worked in accordance with the provisions of bye-law V., relating to wet alluvial sinking.

8. Forfeiture.—If any miner or miners shall neglect to work his or their claim or claims, or share or shares in a claim, after the shaft thereon has been bottomed, and during the working thereof, for a longer period than two consecutive working days, his or their share or shares shall be deemed forfeited, unless in case of dispute he or they can justify such neglect under the bye-laws of this board.

BYE-LAW V.—RELATING TO WET ALLUVIAL SINKING.

1. Interpretation.—The term "wet sinking" shall mean sinking where slabbing may be necessary on account of water, provided that in no case shall surface water cause any claim to be considered wet sinking.

2. Extent of claim in wet sinking.—The extent of claim in wet sinking shall be, for—

Four miners, 100 feet square;
Six miners, 125 feet square;
Eight miners, 150 feet square.

3. Claim, how to be marked.—Any miner or miners marking out a claim in wet alluvial sinking shall evidence his or their boundary by firmly driving in a substantial peg at each corner of the claim; such pegs to be kept visible during the working of the claim.

4. The wall.—A wall of four feet shall be left between each claim by the miner or miners last marking out, which said wall may be worked by either of the adjoining parties, but the party working or removing said wall must secure the ground by placing props of good and sufficient caps not more than three feet apart along the entire length of the wall so worked or removed.

5. Wet sinkings, how to be worked.—All claimholders within six (6) claims in every direction of any shaft which has struck water shall sink their shaft every lawful working day until the well is completed or the claim abandoned, and shall bale the water from their shaft for at least eight (8) hours daily till it be exhausted or the claim abandoned; beyond the limits mentioned, that is to say, beyond six (6) claims in every direction from any shaft which has struck water, the claimholders shall be allowed to hold their claim unworked, provided they are all present on the claim during two consecutive hours between Nine o'clock a.m. and Twelve o'clock at noon on every lawful day, unless they can justify their absence under the bye-laws of this board. The non-compliance with this section shall be deemed a forfeiture of the share or shares in such claim or claims.

6. Night work.—Whenever the mining registrar shall decide night and day baling to be necessary, all parties who have struck water shall bale such water all and every day and night till it be exhausted or the claim abandoned; and the share or shares of the party not complying with this section of the bye-law shall be deemed forfeited.

7. Extent of claim in old ground, wet sinking.—The extent of claim in wet sinking, in ground previously worked and abandoned, shall be, for—

Four miners, 200 feet square;
Six miners, 250 feet square;
Eight miners, 300 feet square.

8. Beds of creeks or rivers.—The extent of claim in the beds of creeks or rivers shall be for each miner 12 yards along the course of said creek or river; but no claim shall be more than 144 yards along the course of the said creek or river, by a breadth not exceeding 22 yards.

9. Forfeiture.—If any miner or miners shall neglect to work his or their claim or claims, or share or shares in a claim, after the shaft thereon has been bottomed and during the working of such claim, for a longer period than three (3) consecutive working days, his or their claim or claims, share or shares, shall be deemed to have been forfeited, unless in case of dispute he or they can justify such neglect under these bye-laws.

BYE-LAW VI.—RELATING TO QUARTZ REEFS.

1. Extent of claim.—Every miner shall be entitled to 40 feet along the course of the reef, if it be defined, and if not, along the supposed course thereof, by a width of 300 feet, 150 feet on each side from the centre of the reef, if it be defined, or if not defined the supposed centre thereof (except in the Avoca division of this district, where the width allowed shall be 600 feet, 300 feet on each side from the centre of such reef, if it be defined, or the supposed centre thereof), until such time as payable quartz has been obtained therein; provided that when the full width of ground hereby authorised to be held cannot be taken up by reason of a part thereof being occupied as an alluvial claim, the deficiency shall be supplied the instant such deficiency of ground becomes created by the then holder thereof under the operation of this bye-law, as effectually as if such deficient ground had been unoccupied at the time the owners of the quartz claim put down their pegs on the supposed line of reef, and that without any formal act of reducing such deficient ground into possession, and notwithstanding anything hereinbefore implied to the contrary; when the owner or owners of such claim shall, within seven days after payable quartz has been obtained, make application to the mining registrar to make a survey of same,

whereupon the mining registrar, on being paid such fees as is for such purpose prescribed in schedule of fees attached hereto, shall survey the same, and make a plan thereof on a similar principle with plan A hereunto annexed; that is to say, by establishing a base or datum line, whose position shall coincide with the bearing of the reef in the prospecting claim, or as near as it can be arranged by the mining registrar; and the boundary lines between each claim measured on the said base or datum line must be at right angles to it, and not at right angles to the course or supposed course of the reef; but no ordinary claim shall be more than 320 feet in length, and the owner or owners thereof shall be entitled to every reef, vein, and leader, and all gold contained in the alluvial deposits within such limits.

2. *Marking claim.*—Any miner or miners marking a claim on a quartz reef shall do so by fixing six (6) posts thereon, that is to say, two (2) posts to stand in a line with the datum or ascertained line of the reef laid down in the prospecting claim by the mining registrar, and one at each corner of the claim, such posts to be at least three feet out of the ground, and to be kept visible until such claim shall have been worked out or abandoned.

3. *Claims, how to be worked.*—All quartz claims must be worked regularly every working day, except as hereinafter provided. Any quartz claim exceeding 40 feet and not exceeding 320 feet must be worked as aforesaid by two miners, and when and so soon as payable quartz shall have been obtained in any such claim, the owner or owners thereof shall, within six days from the date of obtaining such payable quartz, employ the full number of miners forming such party in such claim; should the claim at any time fail to be remunerative for one month, the number of miners limited as set forth for the working of the claim previous to payable quartz being obtained will be deemed sufficient for the working of such claim until payable quartz be again obtained. And when payable quartz shall have been obtained as hereinbefore mentioned, then, if the proper number of miners be not employed thereon according to the extent of such claim, as already set forth and prescribed, then the share or shares of such miner or miners remaining unworked shall be deemed forfeited, unless in case of dispute such non-employment can be justified under the bye-laws of this board.

4. *Names of shareholders must be kept posted.*—The name of the owner or of each of the owners of a claim, together with the number, date, and place of issue of the miner's right of him or of each of them, and also the number of the claim in its order north or south of the prospecting claim, must always be kept posted on some conspicuous part of the claim.

5. *Registration.*—Any ordinary quartz claim not exceeding 320 feet in length, held under the provisions of this bye-law, may be held unworked for a period of three months if registered with the mining registrar, and subject to the conditions as hereinafter provided. The mining registrar shall give a certificate of registration in the form of schedule B hereunto annexed, a copy of which shall be kept posted on some conspicuous part of the claim during the period for which it shall be so registered; and such registration may be renewed from time to time whenever the conditions attached to such registration shall have been complied with.

Conditions.—The reasons and periods for which a quartz claim may be registered, shall be as follows:—

- (a.) Any ordinary quartz claim not exceeding 320 feet in length having been worked for at least three consecutive months previous to any registration, no payable gold having been obtained for at least one month previous. Any prospecting claim held under sections 4 and 6 of bye-law III. respectively, having been worked for at least twelve consecutive months previous to any registration, no payable quartz having been obtained for at least one month previous.
- (b.) Any ordinary quartz claim not exceeding 320 feet in length as aforesaid, in which a shaft has been sunk and worked to the water, the party being unable to overcome the same, the adjoining claims not being down to water: Provided always that the registration shall not protect any claimholders from the operation of any bye-law in force in this district for the drainage of quartz reefs.

All applications for such registration shall be made to the mining registrar in writing, previous to any registration; and any miner or miners obtaining such registration by assigning false reasons, shall, on proof of the same, forfeit all his or their interest in such claim or claims. And in all cases where the owner or owners of any quartz claim or claims, share or shares therein, who shall not, within twenty-four hours after the expiration of the period of registration, cause work to be renewed on or in such claim or claims according to the usual course of proper and efficient mining, such claim or claims, share or shares, shall be forfeited.

6. *Water in old shafts or openings.*—When quartz claims have old shafts or openings containing water injurious to adjoining claims, the owner or owners thereof shall on receipt of a complaint in writing cause the said water in such shafts or openings to be immediately baled, and take the necessary measures to prevent the accumulation of surface water. The non-compliance with the foregoing shall be deemed a breach of this section of the bye-law.

7. *Claims remaining unworked.*—Any unregistered claim which may have been worked for a less period than three months remaining unworked for two consecutive working days shall be forfeited; any unregistered claim which has been worked for a longer period than three months remaining unworked for six consecutive working days shall be forfeited.

8. *Water baling and night work.*—Whenever the mining registrar shall decide night and day baling to be necessary all parties who have struck water shall bale such water, all and every day and night, till it be exhausted, or the claim abandoned; and the

share or shares of the party not complying with this section of the bye-law shall be deemed forfeited, provided that such claim is or has not been included within the limits of any drainage committee.

BYE-LAW VII.—RELATING TO FRONTAGE SYSTEM.

1. *Interpretation.*—Frontage system shall mean a width of claim of 600 yards in alluvial ground until the lead or gutter is defined, or until gold in payable quantities is discovered, when the width shall be in accordance with section 5 of this bye-law.

2. *Declaration of frontage lead.*—The mining registrar shall, on the application in writing of twenty miners working on any lead or workings, proceed to such leads or workings seven days after receiving such application, hear all the evidence that may be offered, and on his finding that the majority of miners present are in favor of such application, declare the same under the frontage system; provided that a payable gutter, lead, or working has previously been discovered, and that a copy of such application shall have been posted for seven consecutive days on some conspicuous part of such lead or workings, and at the mining registrar's office, previous to the mining registrar proceeding to such lead or working as aforesaid, and also in some newspaper circulating and published in the district.

3. *Claims to be laid out by registrar.*—After the declaration of any frontage lead, claims shall be laid off or caused to be laid off by the mining registrar, in accordance with the principles of plan B hereunto annexed; and the mining registrar shall also receive applications for claims or shares on such lead, and every such application shall be registered in a book to be kept for that purpose, under the date and hour upon which such application is made. The claims shall be numbered consecutively, and priority of right to any claim or share in any claim shall be according to the priority of registration.

4. *Certificate of registration.*—A certificate of registration shall be given by the mining registrar to every miner registered for a share in any claim on a frontage lead, in the form of schedule B hereunto annexed.

5. *Extent and position of claim.*—The extent of ground for every six miners shall be 200 feet along the course or supposed course of the lead, with a width of 600 yards, until such gutter or lead is defined, or until gold in payable quantities is discovered; and when the gutter shall be defined, then the party shall have full width of the same with an additional 50 feet on each side thereof; but should there be no gutter, then the party shall be entitled to hold 200 feet in width, to be marked off at right angles to a line drawn from the datum peg to the point where gold in payable quantities has been last obtained.

6. *The wall.*—A wall of six feet shall be left between adjoining claims, and may be worked by either of the adjoining parties, provided they secure the ground with props and cap pieces not more than three feet apart.

7. *Mode of taking possession.*—Every miner wishing to take up a share in any frontage claim shall first apply to the mining registrar to be registered for such share, and the mining registrar shall inform every person so registered of the number of the claim for which he is registered, and within four days after the necessary number of shares have been registered for any claim, the owners of the same shall commence to sink their shaft, and continue to do so all and every lawful day; and when such parties shall strike water, they shall, if necessary, sink their shaft all and every day and night until their well is complete, after which they shall continue to bale the water all and every day and night until the water is exhausted, or the claim abandoned, except in cases of erection or breakage of machinery, such machinery and breakage, as the case may be, to be erected and repaired without delay. The non-compliance with this section of the bye-law shall be deemed a forfeiture of the claim or share therein, unless in case of dispute non-compliance can be justified under the bye-laws of this board.

8. *Names of claimholders shall be posted.*—As soon as any party or company shall have legal possession of their claims, such party or company shall post the names in full of each shareholder therein on some conspicuous part of their claim, and the names of the shareholders of such party or company must continue to be posted and kept legible until the claim is abandoned.

9. *Discovering lead, or gutter, or payable ground.*—As soon as the gutter, lead, or payable ground is discovered in any claim, the shareholders shall forthwith report the same to the mining registrar, who shall, as soon thereafter as the course of such lead, gutter, or payable ground has been ascertained, mark off, or cause to be marked off, the claim in accordance with section 5 of this bye-law. The non-reporting as hereinbefore mentioned, shall be deemed a forfeiture of the claim.

10. *Position of claims in case of deviation of lead.*—In cases where the gutter or lead changes its course from the original supposed one, the position of the claims shall be changed accordingly by the mining registrar, taking precedence as before according to their number, provided the ground is not previously occupied.

11. *Stoppage and re-opening of registration.*—When it shall appear to the mining registrar that two or more leads are likely to form a junction, he shall post on his office a notice in the form of schedule E hereunto annexed; and after the posting of such notice he shall refuse to register any person for any claim upon any of the leads, except the first declared lead then in work; but if at any time after having stopped the registration upon any lead as aforesaid, the mining registrar shall find that any unoccupied ground exists between the point at which the registration was stopped and the point at which the leads join, he shall post on his office, and on such ground, notices in the form of schedule F hereunto annexed, stating that at a certain

day and hour he will register applicants for shares or claims upon the aforesaid unoccupied portion of the said lead.

12. *Rights of shareholders in case of a junction.*—When a junction of leads shall have been discovered to exist, the holders of claims, in respect of which registration shall have been first effected, shall be entitled to hold the claims for which they have been so registered as against the holders of claims in respect of which registration shall have been subsequently effected, notwithstanding that all such claimholders may have been finally registered for the same ground as having been supposed to be on different leads, such priority to be determined by reference to the first or original registration, and not to be affected by any subsequent transfer of any share or interest in such first-mentioned claims.

13. *Declaration of frontage lead may be rescinded.*—At any time that the majority of miners working on any frontage lead may think it expedient to have the frontage system rescinded on such lead, and it being apparent to the mining registrar that such is the opinion of the majority, he may declare the frontage system to have ceased on such lead; provided that such declaration shall not interfere with any parties being in possession of any frontage claim in accordance with this bye-law. The frontage system shall further cease on any lead which has been deserted or abandoned for one month.

14. *Absence from claim.*—If any miner or miners shall be absent from his or their claim for more than four consecutive working days after the expiration of the time allowed in section 7 of this bye-law, the share or shares of such miner or miners shall be forfeited, unless he or they shall have sent a proper representative to work his or their share during his or their absence.

BYE-LAW VIII.—RELATING TO AMALGAMATION OF CLAIMS.

1. *Interpretation.*—An amalgamated claim shall mean a number of claims taken up under bye-laws IV., V., VI., and VII., limited as hereinafter mentioned, the owners whereof have combined to facilitate the working thereof and sharing the proceeds of same.

2. *Alluvial sinking and quartz reefs.*—The holders of any number of claims in wet alluvial ground, quartz reefs, or frontage leads, not exceeding six claims, may amalgamate such claims on application to the mining registrar. A notice of the intention to apply for such amalgamation in the form of schedule G hereto annexed shall be posted on some conspicuous part of the claims, and also at the mining registrar's office, for seven consecutive days previous to the amalgamation thereof; and any objections to such amalgamation shall be made in writing, stating the objections and the name or names of the miner or miners objecting; such objection shall be made and lodged with the mining registrar within the abovementioned seven days.

3. *Certificate.*—A certificate of registration of amalgamation, in the form of schedule B hereto annexed, shall be given by the mining registrar in case of registration, a copy of which shall be kept posted on a conspicuous part of the claim during the working thereof.

4. *Dry alluvial sinking.*—The holders of any number of claims not exceeding four claims, which have been taken up under bye-law IV., wishing to amalgamate, may do so by posting a notice on some conspicuous part of each of the claims so intended to be amalgamated, with the names of the shareholders and the number, date, and place of issue of their miners' rights. Such amalgamated claim shall be worked every working day by at least two of the shareholders, and all shareholders shall be present on their claim during shepherding hours, that is to say, after that on which the claim was taken possession of, two consecutive hours between Nine o'clock a.m. and Twelve o'clock at noon; until the shaft therein has been bottomed, except those shareholders who may be employed in sinking such shaft for eight consecutive hours between the hours of Ten p.m. and Six a.m. the following day; but in no case shall there be more than three shareholders recognised as being employed on the night shift, and when the shaft thereon has been bottomed the full number of shareholders shall be employed therein in accordance with the provisions contained in bye-law V. The non-compliance with the foregoing shall be deemed a forfeiture of the share or shares of the miner or miners not complying.

5. *Employment of shareholders in quartz reefs.*—During the sinking of any shaft or shafts on amalgamated quartz claims by virtue of such amalgamation, the shareholders therein shall be compelled to employ at least one-fourth of their number to sink such shaft or shafts, or otherwise prospect said claim; provided that within two months after discovering payable quartz the full number of miners forming such amalgamated party shall be employed on the claim in accordance with the provisions contained in bye-law VI. Non-compliance herewith shall be a forfeiture of the share or shares of the miner or miners not complying.

6. *Employment of shareholders in amalgamated wet alluvial claims.*—During the sinking of a shaft or shafts on amalgamated wet alluvial claims, at least one-half the number of shareholders shall be employed thereon, working night and day until water is struck therein, when the full number of shareholders shall be employed on the claim, in accordance with the provisions contained in bye-law V. Non-compliance herewith shall be a forfeiture of the share or shares in such claim of the miner or miners not complying.

7. *Employment of shareholders in amalgamated frontage claims.*—During the sinking of a shaft or shafts on amalgamated frontage claims, at least one-half the number of shareholders shall be employed thereon, working night and day until the shaft is bottomed or water is struck, when the full number of shareholders forming such amalgamated party shall be employed on the claim, in accordance with the provision of bye-law V. Non-compliance herewith shall be deemed a forfeiture of the share or shares of the miner or miners not complying.

BYE-LAW IX.—RELATING TO RACES OR WATERCOURSES.

1. *Interpretation.*—The word race shall mean a channel made for the purpose of conveying water; the words tail race shall mean a race cut for the purpose of draining any claim or claims; or for carrying off the water used for sluicing, or for any other mining purpose; the words right, or water-right, shall mean the privilege of diverting and using water from any creek or river.

2. *Races or watercourses.*—Any miner or miners, not exceeding twenty, desirous of securing water for mining purposes from any river, creek, or other source which may be lawfully diverted by constructing a race or watercourse, may do so by virtue of his or their miners' rights on registering such water privilege with the mining registrar, and subject to the conditions as hereinafter provided.

3. *Conditions.*—A notice, in the form of schedule G hereto annexed, shall be posted on some conspicuous part of the place where it is intended to divert the water, and also at the mining registrar's office of the division or divisions in which the source or sources from which the water is to be taken, and in which the claim or claims is or are situate, and through which such water shall be conveyed, for a period of fourteen days previous to the registration thereof, and also inserted in the nearest local paper at least twice; whereupon the mining registrar shall make a survey thereof and a plan of the same, and on making such plan he shall connect the same with some point so as to secure its identity.

4. *Objections.*—Any objection to the registration of such water privilege shall be made in writing to the mining registrar, stating the nature of the objection, and the names of the person or of each of the persons objecting, and any such objection shall be made within the abovenamed fourteen days.

5. *Certificate.*—A certificate of registration, in the form of schedule B hereto annexed, shall be given by the mining registrar, in case of registration, to the applicants.

6. *Priority of water-right.*—The right to any water shall take precedence according to the date of registration, and if at any time the supply of water shall become insufficient, the party or company being last registered shall cease to enjoy such right during such deficiency of water as against any antecedent registration.

7. *Water gauge.*—All races or watercourses shall have placed at the head of the race, at the place from where the water is diverted, a box for purpose of gauging or measuring the quantity of water flowing into the race or watercourse, such gauge box to be 12 feet long, with a fall of half an inch to the foot, and the gauge or measurement, which shall be considered a sluice-head, shall be such a quantity of water as will pass through an aperture at the top end of the abovenamed gauge box of 20 inches wide and 3 inches deep, or 60 square inches.

8. *Quantity of water allowed to each race.*—The quantity of water or number of sluice-heads for any race or watercourse shall be in proportion to the number of miners forming the party or company constructing or being in possession of any race, at the following scale, that is to say:—

One or two miners	One sluice-head of water
Four miners	Two sluice-heads of water
Seven miners	Three sluice-heads of water

And so on at the rate of one sluice-head to every additional three miners.

9. *Width allowed on each side of race.*—Any person or persons occupying a race for the conveyance of water for mining purposes shall be entitled to a width of ten feet on each side of such race, measuring from the centre; provided always that when the depth of a cutting exceeds twelve feet, or when a tunnel is required, the width shall be twenty feet on each side of such race, measuring from the centre.

10. *Races may be constructed through claims.*—Any miner or miners shall be entitled to cut and construct any race, tail race, or drain, for mining purposes, through any claim or claims held by any other miner or miners, or under, over, or across any other race, tail race, or drain; provided always that such first-mentioned race, tail race, or drain, be cut, constructed, timbered, framed, and formed in such a manner as not to injure the claim, race, tail race, or drain, through or across which it may be cut or constructed.

11. *Water-races may be extended, or altered.*—Any miner or miners who may require to extend his or their race or watercourse beyond the point for which he or they were originally registered, or make any alteration or deviation therein, may do so in accordance with the provisions of section 3 of this bye-law; provided that no such extension or alteration shall interfere with any registered right obtained by any other miner or miners subsequent to the application for said alteration or extension.

12. *Water to be left running in creeks, &c.*—In all river beds and main creeks, from which water is diverted for mining purposes, there shall at all times be left running at least one sluice-head of water for general use, and in all tributary creeks from which water is diverted for mining purposes, there shall be left remaining in its natural channel a quantity of water not less than half a sluice-head.

13. *Heads of races not to be shifted.*—No miner or miners shall shift the head or heads of his or their water-race so as to prejudice the right of any person or persons, or diminish the supply of water to which such last-mentioned person or persons may be entitled. The non-compliance herewith will be deemed a breach of this section of the bye-law.

14. *Commencing and continuing the formation of races.*—Any miner or party of miners who shall not within one calendar month from the date of registration with the mining registrar begin to form such race, or having begun, who shall not complete the same by discontinuing the formation thereof for a longer period than six consecutive working days, shall forfeit his or their right and title to the whole race as registered with the mining registrar.

15. *Side streams not claimable.*—When any race shall cross any gully, creek, or stream, the owner or owners of such race shall conduct all water in such gully, creek, or stream either under or over said race, so as to flow in its usual course, if said owner or owners be requested to do so in writing by any other person or persons requiring the same, he or they being at the time legally entitled to do so.

16. *Protection to water-right during drought.*—The race and the right to the water shall not be held forfeited by the owner or owners working in other claims when the supply of water is insufficient; provided the same is registered with the mining registrar, who shall give a certificate of registration in the form of schedule B hereunto annexed, a copy of which shall be kept posted on some conspicuous part of the claim during the term of such registration.

17. *Extent of sluicing claim.*—The extent of mining claims for sluicing purposes in new surfacing or ground previously worked and unoccupied shall not exceed 120 yards in length by a breadth of 60 yards, provided that three miners are constantly employed on the same; and if any such claim shall not be registered as next hereinafter mentioned, or shall be left unworked by any of such three miners for a period exceeding six consecutive working days, the share or shares of the miner or miners leaving the same unworked shall be forfeited.

18. *Registration.*—All mining claims for sluicing purposes may be held unworked for any time during which there may be an insufficient supply of water, if registered with the mining registrar, who shall, on registering the same, give a certificate of such registration in the form of schedule B hereunto annexed, a copy of which shall be kept posted on the claim during such registration.

19. *Forfeiture.*—Any registered water-right or water-rights, wherein is a sufficient supply of water for the due working thereof, and wherein operations thereon or in connection therewith shall have been wholly discontinued for a space of sixty consecutive working days, shall be forfeited, unless in case of dispute the owner or owners thereof can justify such discontinuance under the bye-laws of this board.

BYE-LAW X.—RELATING TO PUDDLING MACHINES, WATER-DAMS, ETC.

Interpretation.—Surfacing ground shall mean any alluvial ground where the average depth from the surface shall not exceed three feet.

1. *Puddling machines, water-dams, &c.*—Any miner or miners wishing to erect puddling machines, or to form water-dams, or taking up any unoccupied or forfeited puddling machine or water-dam, or wishing to erect any quartz crushing machine, may do so on registering the same with the mining registrar, subject to the conditions as hereinafter provided.

2. *Conditions.*—A notice of the intention to register any such puddling machine, quartz crushing machine, or water-dam, or any other machine, engine, or water-dam, shall be posted on a board not less than 6 inches by 12 inches, which board shall be attached to a post not less than 6 feet nor more than 9 feet high, and not less than 4 inches thick, and which shall be erected on a conspicuous part of the claim where it is intended to erect or construct any of the abovenamed machines or water-dams, and also at the mining registrar's office, in the form of schedule G hereunto annexed, for seven consecutive days previous to the registration thereof; and any objections to such registration shall be made to the mining registrar in writing, stating the nature of the objection, with the names of the person or of each of the persons objecting; and any such objection must be made within the abovenamed seven days. This clause shall not apply to section 8 of this bye-law.

3. *Certificate.*—A certificate of registration, in the form of schedule B hereunto annexed, shall be given by the mining registrar in case of registration.

4. *Excavation of water-dams.*—Any miner or miners constructing a water-dam shall on the higher side of such dam excavate a trench not less than three feet wide the entire width of such dam to the bed rock, provided that such rock shall not be more than five feet from the surface; and if in excavating for the bed rock gold in payable quantities should be discovered, the miner or miners so discovering the same shall within seven days give information thereof to the mining registrar, and upon doing so he or they shall be entitled to a prospecting claim in accordance with and subject to the provisions of bye-law III. Should any party so excavating obtain gold in payable quantities, and not make the discovery known as aforesaid, he or they shall forfeit all right to his or their water-dam.

5. *Area for site of puddling machine.*—The area for the site of any horse puddling machine shall be 100 feet square.

6. *Area for site of water-dam for puddling machine.*—The area for the site of any water-dam for use of puddling machines shall not exceed 70 x 70 yards, or 4900 superficial yards.

7. *Artificial reservoirs.*—To encourage and facilitate the erection of large reservoirs for the storage of water for mining and domestic purposes, any miner or miners wishing to erect any such reservoir shall be entitled to do so by complying with the provisions laid down in section 2 of this bye-law; the extent of ground which he or they may be entitled to hold and occupy in order to obtain the necessary supply of surface drainage for such reservoir shall be determined in every instance by the mining registrar, but shall in no case exceed the superficial area of 50,000 square yards.

8. *Water-holes for domestic use.*—Where any miner or miners find that a water-hole is necessary for domestic purposes, the same shall be protected for such purposes; provided that he or they shall affix a notice in writing, on a post at least six feet high, close to such water-hole, signed by at least four miners or holders of business licenses, with the number, date, and place of issue of each of their miner's rights or business licenses, stating

that such water-hole is reserved for domestic purposes only. Any person disputing the right of the above to such water-hole shall first apply to the warden to settle the matter in dispute.

9. *Protection to water-dams.*—Any miner or miners having lawful possession of a water-dam, in compliance with this bye-law, shall be protected against any other miner or miners, person or persons, using any water therefrom (domestic purposes excepted); and no person or persons shall be allowed to take water from such dam for the purpose of sale, except the owner or owners thereof, or by his or their authority in writing, nor shall any person or persons drive or allow his or their cattle into any reservoir or water-dam held under this bye-law, or in any way defile, destroy, or damage the same. The non-compliance with the foregoing shall be deemed a breach of this section of the bye-law.

10. *Catch drains.*—The owner or owners of any catch drain cut and constructed for the collecting and conveyance of water to any water-dam shall be protected in the possession thereof for a distance not exceeding 200 yards from any such water-dam.

11. *Extent of claim for puddling.*—The extent of mining claim for puddling machines shall be for each miner, in surfacing or previously worked and unoccupied ground, 30 yards in length and not exceeding 20 yards in breadth for every miner employed not exceeding four; and every such claim not being registered as hereinafter mentioned, and being left unworked for a longer period than six consecutive working days by the holder or any of the holders thereof, the same or the share thereof of the party so leaving same unworked shall be deemed forfeited. In cases where any miner or miners hold or occupy two or more puddling machines or claims, such miner or miners shall work or cause the same to be worked every lawful day, except as provided for in section 12 of this bye-law. The non-compliance herewith shall be deemed a forfeiture of the share or shares, claim or claims, so left unworked.

12. *Registration.*—All mining claims for puddling may be held unworked for any time that there may be an insufficiency of water if registered by the mining registrar, who shall on registering the same give a certificate, in the form of schedule B hereunto annexed, a copy of which shall be kept posted on the claim during the time of such registration. And any miner or miners obtaining such registration by wilfully assigning false reasons shall, on proof of having so assigned the same, forfeit his or their interest in such claim or claims.

13. *Forfeiture of water-dams, &c.*—All water-dams and sites of puddling machines, if left unused for a period of two months, shall be deemed forfeited, provided a sufficient supply of water has been in such water-dam to enable the mining operations for which same were constructed to be carried on during such period of two months.

14. *Space to be left between puddling machines or water-dams.*—Any miner or miners taking possession of a site for a puddling machine or water-dam shall leave a space of 200 yards between the boundaries of such site and the boundaries of the site of puddling machine or water-dam nearest thereto.

15. *Commencing to work after receiving grant.*—Any miner or miners having obtained from the mining registrar a certificate of registration in accordance with these bye-laws, for the erection of any water-dam, reservoir, or puddling machine, who shall not within seven days from the date of registration commence and continue to erect the same until completed, shall forfeit such grant.

16. *Area of site for quartz crushing machines.*—The area of ground for a site of any quartz crushing machine shall not be more than three acres.

17. *Protection to site for quartz crushing machines and water-dams, &c.*—When the site occupied by any quartz crushing machine, water-dam, water-race, reservoir, tramway, or site for stacking tailings or cement, shall be proved to be auriferous, it may be mined upon, provided the miner or miners intending to mine thereon shall (before breaking the ground or commencing to work) compensate the owner or owners of such quartz crushing machine, water-dam, water-race, reservoir, tramway, or site for stacking tailings or cement, for any loss, damage, or injury that may be sustained by him or them, which may be determined by arbitrators appointed by the parties interested; one to be chosen by the owner or owners of such quartz crushing machine, water-dam, water-race, tramway, or site for stacking tailings or cement, and one by the miners wishing to mine thereon; in the event of the two arbitrators failing to arrive at a decision, they, the arbitrators, shall, in such case, call in a third party; the decision arrived at by the majority shall be final.

BYE-LAW XI.—RELATING TO BUSINESS LICENSES AND RESIDENCE SITES.

1. *Area of ground under business license.*—The holder of a business license shall be entitled to an allotment of ground having a frontage of 45 feet by a depth of 120 feet. Should the owner of any residence or business site held under a business license, upon which a building has been erected and there standing, leave such site unoccupied for a period of six months, such site shall be deemed forfeited.

2. *Streets.*—Wherever a large rush may be anticipated, the mining registrar shall mark off, or cause to be marked off, a site for a street or streets in a convenient situation, but not likely to be auriferous, such street or streets to be one chain wide, and shall mark the allotments for business places along such street or streets; and after such site has been marked off it shall be reserved for holders of business licenses only, and no holder of a miner's right shall be allowed to occupy any of such allotments for the purpose of residence, except such as had erected their abodes previous to the marking off of same as aforesaid; and to entitle any holder of a business license to occupy any of such allotments for business purposes, he shall first cause same to be registered by the mining registrar, who shall give a certificate of such re-

gistration in the form of schedule B hereunto annexed. The party applying shall produce to the mining registrar his business license for the time being, whereupon the mining registrar shall register the owner thereof for only one allotment under such business license. When any mining registrar shall commence to lay off a line of street, no miner or holder of a business license shall take possession of or occupy any allotment on such street until the same is properly surveyed and laid off by the mining registrar, when any of such allotments may be taken possession of under this section of the bye-law. When such street or streets shall be duly surveyed all sites that have not been previously taken possession of by the holder of a miner's right or business license shall be balloted for by the holders of business licenses only.

3. *Space to be left between allotments.*—A space of 10 feet shall be left between adjoining allotments available for mining purposes, and the stores and premises may be undermined, provided that such undermining does not injure or endanger such stores or premises; and in case such space of 10 feet has not been left as aforesaid, or that the same having been left and afterwards occupied or built upon, such buildings are liable to be removed if required for mining purposes, without compensation to the owner or owners thereof; and any miner or miners requiring the same for mining purposes shall first apply to the warden to be put in possession thereof.

4. *Nuisance.*—Every holder of a business or residence site fronting a new street or thoroughfare shall be required to keep the same in such a state of cleanliness so as not to become a nuisance to his neighbors or the public. The non-compliance with this section shall be deemed a breach of the bye-law.

5. *Land to be occupied for residence.*—Every holder of a miner's right shall be entitled to hold 20 perches, or 73 feet square of land, for the purpose of residence and cultivation, which shall be marked by a substantial peg at each corner of the claim not less than 4 feet high, to be kept visible during the occupation thereof, and he shall be protected in the possession of such holding against any other party; provided that it is not taken up in old alluvial workings, or in the line of any old lead or working, and if such residence site is required for mining purposes, the miner or miners requiring the same shall, before commencing to mine thereon, compensate the holder of such residence site for any loss or damage sustained by him, the amount of such compensation to be determined by two arbitrators chosen by the parties interested. Should the owner of any residence site held under a miner's right, upon which he has erected a residence and resided thereon for four consecutive weeks, leave such residence unoccupied for a longer period than six months, such site shall be deemed forfeited.

BYE-LAW XII.—RELATING TO REGISTERED EXTENDED CLAIMS.

1. *Interpretation.*—Only those portions of quartz reefs on which a number of shafts have been sunk and worked to the water level, and then abandoned and unoccupied, shall be understood to mean, and be considered as abandoned or unoccupied reefs for the purposes of this bye-law.

2. *Extended claims.*—Any party of miners may, by virtue of their miner's right, mark off and take possession of extended claims in previously worked and unoccupied ground, subject to the conditions as hereinafter provided.

3. *Conditions.*—Every such extended claim shall be registered with the mining registrar, and a notice of the intention to apply for such registration shall be posted on some conspicuous part of the claim and also at the mining registrar's office, in the form of schedule C hereunto annexed, for seven consecutive days previous to the registration thereof; and any objection to such registration shall be made in writing to the mining registrar, stating the nature of the objection, with the names of the person or persons objecting, and any such objection must be made within the above-named seven days.

4. *Further condition.*—Before any party shall be registered for any extended claim, they shall show to the satisfaction of the mining registrar that they will work the claim efficiently with steam machinery within a reasonable time after the date of such application, and in no case to exceed six (6) months; or if proposed to be worked with a horse whim or puddling machine, the time allowed for the construction of same shall not exceed one month; failing to comply with these conditions, the claim to be forfeited.

5. *Certificate.*—A certificate of registration, in the form of schedule B hereunto annexed, shall be given by the mining registrar in case of registration, a copy of which shall be kept posted on the claim.

6. *Old ground, dry alluvial sinking.*—An area of not more than 6 acres in dry alluvial sinking, previously worked and unoccupied, may be occupied by any party of not less than four miners to each acre.

7. *Old ground, wet alluvial sinking.*—An area of not more than 12 acres of ground in wet alluvial sinking, previously worked and unoccupied, may be occupied by any party of not less than three miners to each acre.

8. *Form of claim.*—Claims in dry or wet alluvial sinking under this bye-law shall in no case exceed in length thrice their width.

9. *Extent of claim for steam machinery on quartz reefs.*—Any party of miners erecting steam machinery on an abandoned and unoccupied quartz reef shall be entitled to hold 60 feet along the course of such reef for each miner employed thereon.

10. *Extent of claim for steam machinery in new ground, wet sinking.*—Where wet sinking (new ground) cannot be worked without the aid of steam machinery, any party erecting such machinery of an efficient character, and keeping same efficiently employed, shall be entitled to hold a claim of one acre for every three (3) miners forming the party; such claim not to exceed eight (8) acres.

11. *Claims shall be surveyed.*—Before any party shall be registered for any extended claim under this bye-law, the mining registrar shall survey the same, and make a plan thereof, giving a copy of such plan to the applicant. If a quartz claim he shall lay down a datum line on the supposed or ascertained course of the reef in any such extended quartz claim, and in making such survey and plan he shall also connect such extended claim with some point so as to secure its identity.

12. *Forfeiture.*—If any miner or miners shall neglect to work his or their share or shares in any of the claims held under this bye-law, after the erection of such machinery as hereinbefore mentioned, and during the working of such claim or claims, for four (4) consecutive working days, his or their share or shares shall be forfeited, unless in case of dispute he or they can justify such neglect under the bye-laws of this board.

BYE-LAW XIII.

1. *Relating to tunnelling.*—Hills that cannot be worked in the ordinary manner, owing to the presence of cement, rock, or water, shall be considered tunnelling ground. The claim in such case shall be 84 feet square for each miner employed; but in no case shall any one claim exceed three acres. All parties taking up claims under this bye-law shall be allowed 12 feet on each side from the centre of their tunnel as a protection to the same, and for any distance along the course of their tunnel, not exceeding 1000 yards, and with a space of 150 feet square to deposit any auriferous substance taken from such claim. Any party taking up a claim under this bye-law shall be subject to conditions as provided for in bye-law XII, sections 3 and 5.

2. *Tunnelling.*—Any miner or party of miners wishing to cut a tunnel for a quartz reef shall be allowed 20 feet in breadth as a protection for their tunnel, for any distance outside the boundary of their quartz claim, such tunnel not to exceed 1000 yards in length; and also a space of 150 feet square at the mouth of the tunnel, on which to deposit quartz or other substances taken from such tunnel or claim; and if payable quartz is struck in the tunnel outside the claim, the holders of such claim shall be entitled to a prospecting claim, of the area and under the conditions as in sections 4 and 6 of bye-law XII, provided same be not previously occupied.

3. *Priority of claims in tunnelling ground.*—In tunnelling under hills on the frontage of which angles may occur, or which may be of an oblong or elliptical form, no party shall be allowed to tunnel from any of the said angles, or from either end of such hills, so as to interfere with parties tunnelling from the main frontage of such hills. In cases of two or more parties tunnelling from opposite sides of the same hill, and their side boundary lines meeting or intersecting, or their claims meeting, the party that first marks off their claim shall be entitled to priority of claim thereon. In cases of tunnelling under hills or fronts of hills, such as occur at the junction of creeks, in which there may be two leads or gutters, all parties shall, if required, take their claim or claims on the lead or gutter nearest the side of the hill at which their tunnel commences.

4. *Claims, how to be worked.*—A tunnelling claim shall be worked regularly every working day by at least two of the party; until payable gold is discovered, when, within six days after such discovery, the full number of shareholders shall be employed on the claim in accordance with the provisions contained in bye-laws IV, V, VI, and VII, respectively; the non-compliance therewith shall be deemed a forfeiture of the share or shares of the miner or miners not complying.

BYE-LAW XIV.—RELATING TO MINING IN GENERAL.

1. *Justifiable absence from claim.*—No miner or miners shall forfeit his or their share or shares by being absent through accident or sickness, or in consequence of attendance on any sick person, a court of justice or mining board, or if a member of a volunteer corps in this district, or any order from the commanding officer of such corps; and miners may be further absent from their claims without forfeiting their shares on the following days:—Good Friday to Easter Tuesday inclusive, 24th December to 2nd January inclusive, and from the day before to the day after the polling for members of parliament and the mining board, and all other public holidays.

2. *Injury to shafts.*—No party shall be allowed to remove the pipeclay or any other substance from the top of any shaft without leaving an embankment around the mouth of the same sufficient to prevent the water running into such shaft, neither shall any party be allowed to cut a drain into any shaft whereby another may be injured, neither shall any person injure a tunnel or tramway which the owners are in possession of. The non-compliance herewith shall be deemed a breach of the bye-law.

3. *Plurality of claims.*—Any miner or miners may hold, by virtue of his or their miner's right, one or more claim or claims, share or shares, in any such claim; provided each and every such share or shares shall be fully represented by a miner holding a miner's right in accordance with these bye-laws.

4. *Ground to be secured with props.*—Any miner or miners working any claim in alluvial sinking must secure the ground by placing good and sufficient props, with good and sufficient caps, not more than six feet apart, throughout the whole extent of ground so worked and removed; and no person or persons shall remove any props or timber, the removal of which may endanger the working of adjoining claims.

5. *Measurement of disputed ground.*—In all cases where the right to certain ground forms matter of dispute between miners, each claim shall be measured from the boundary pegs opposite to the side of the claim in dispute; and no party shall be protected from encroachment unless the boundary pegs shall have been kept visible during the working of the claim.

6. *Inspection of claims.*—Every claimholder shall, upon a written authority from the warden or mining registrar, allow

any miner or surveyor to enter into and upon his claim, for the purpose of measuring the depth of any shaft, or the dip, direction, inclination, or length of any tunnel or drive; but such inspection shall only be made during ordinary working hours, and in the presence of one or more of the owners of the claim under examination.

7. *How to take possession of any claim.*—Any miner or miners considering himself, or themselves justified in taking possession of any claim, water-right, or any other easement or share therein respectively, may do so, provided that no other person or persons is or are then in the possession or occupation thereof respectively; but in the event of any other miner or miners so in possession disputing the right of possession, the first-named party shall apply to the warden to enquire into the subject matter in dispute; but in no case shall any person take forcible possession of any claim without forfeiting all right and title to such claim he may have acquired therein.

8. *Boundary pegs and notices.*—No person shall remove, destroy, or cover any pegs marking the boundary of any claim, or shall efface, remove, or destroy any notice posted on any claim, or shall willfully cut a channel so as to cause the escape of water from any water-dam that is being used by any miner or miners.

9. *Marking more ground.*—Where any miner or miners has or have marked more ground than he or they is or are entitled to under these bye-laws, any other miner or miners may mark off such ground on any side of the claim, and the miner or miners having marked too much ground shall not be entitled to a wall on the side taken from him or them.

10. *Neglecting to leave a wall.*—Any miner or party of miners who shall neglect to leave the proper space required by these bye-laws for the wall dividing any claim from the adjoining claims, the necessary length may be deducted from the claim of the party neglecting to leave such wall, and which shall be assigned as a wall between such claim and the claim previously marked.

11. *Drawing slabs from abandoned shafts.*—Any person or persons drawing slabs from an abandoned shaft in any claim or claims where there is drift or any other strata whatever from whence water proceeds, must immediately fill up such shaft in such claim or claims to a sufficient height to prevent the water flooding adjoining claims. The non-compliance herewith shall be deemed a breach of this section of the bye-law.

12. *Removing slabs and other timber.*—Any person or persons taking possession of or removing slabs or other timber from any abandoned or unoccupied shaft in any claim until the expiration of twenty-one days after the same has been given up, unless with the consent of the owners, shall be liable to such owner or owners for the value of the same; and any slabs left more than twenty-one days in an abandoned or unoccupied shaft shall be forfeited, and may be removed by any person or persons.

13. *Persons without miners' rights.*—In no case shall a person without a miner's right, and being a shareholder in any portion of ground assigned as a claim, cause by such non-possession of a miner's right the forfeiture of the share or shares of the party or company in which such person shall be a shareholder.

14. *Claims belonging to deceased individuals.*—When any number of miners shall be in possession of any claim as co-partners, and one or more of such miners shall die, the surviving partners shall be entitled to hold possession of the share or shares of such deceased miner or miners as against every other person or persons, but without prejudice to the rights of the personal representatives of such deceased by agreement or by law against the surviving partners.

15. *Protection to parties applying for ground.*—Any miner or miners posting any authorised notice, or marking off any ground to be applied for under these bye-laws, shall be deemed in possession of the same from the time of marking or posting such notice till the application is disposed of, provided that no other miner or miners be then in the possession or occupation of such ground; and any miner or miners failing to apply to the mining registrar within 24 hours after the expiration of the time specified in any application and obtaining the necessary certificate of registration (if no objection be lodged thereto), shall not be entitled to the ground applied for.

16. *Objections.*—Where objections are allowed under these bye-laws, any person or persons objecting shall within the time specified in any application for lodging objections against the registration of the ground or other right specified in any such application lodge the same, and if he or they shall fail to prosecute the same with as little delay as possible, such failure shall be a sufficient cause for the mining registrar to grant the registration so applied for.

17. *Blasting.*—Any party blasting through rock or any other substance shall cover their shaft so as to prevent any pieces from being thrown up into the air.

18. *Old alluvial ground.*—Old alluvial ground previously worked and unoccupied shall mean only such ground on which a number of shafts has been sunk, and which for the greater part has been undermined or otherwise worked out.

19. *Absence from claim.*—In all cases of absence through neglect, the working party shall have power to hire a miner in the place of such absentee, such hired miner to work and hold possession until his wages shall be paid, except as provided for in section 1 of this bye-law, and if the wages are not paid for a period of six weeks the hired miner may take possession of the share, provided no agreement has been made to the contrary.

20. *Taking possession of vacant ground.*—In any case where vacant ground exceeding the wall shall have been left between adjoining claims, any miner or miners may take possession of such vacant ground, and the party leaving such vacant ground shall not be entitled to a wall on the side next such vacant ground.

21. *Declaration of loss of miner's right.*—When any miner loses his miner's right, or certificate of registration, or transfer certificate or mortgage certificate, or either of them, by virtue of which he holds any share or portion of share, he shall make

a declaration of such loss before a justice of the peace, and the registrar shall, for all the purposes connected with the transfer of such interest, receive such declaration in lieu of the miner's right, register or transfer certificate, or any or either of them.

22. *Marking claim.*—Any miner or party of miners taking possession of and occupying any claim or claims under bye-laws X, XI, and XII, shall evidence his or their boundary by firmly driving in a substantial peg not less than four feet high at each corner of the claim, such pegs to be kept visible during the working of the claim or the occupation thereof.

23. *Forfeiture of shares or interest through neglect to employ labor.*—The interest of any miner or miners holding any claim or portion of a claim, or share or part of a share therein, shall be deemed forfeited through any neglect or omission on the part of the workman or workmen employed, provided such interest shall have been registered with the mining registrar in the form of schedule B hereunto annexed; and if any party complaining shall cause a legible notice (in writing) of such neglect or omission to be given to such miner or miners, either personally or by posting a copy thereof on a conspicuous part of the claim for fourteen consecutive days, and a copy of such notice be inserted in the nearest local newspaper, setting forth that such claim, portion of claim, share or part of share, is not properly represented by the workmen employed in accordance with these bye-laws, and if the claimholder shall refuse or neglect thereupon to cause such interest to be worked as by these bye-laws directed, then the owner or owners of such interest shall be deemed to have forfeited such claim, portion of claim, share, or part of share so neglected and unworked.

24. *Presence of parties marking claims.*—It shall not be necessary for all shareholders in a partnership to be present at the marking out of partnership claims.

25. *Erection of steam machinery.*—When any claim or claims cannot be worked without the aid of steam machinery, for the purpose of working or baling water from any claim or claims, the miner or miners wishing to erect such machinery, or during the repairs of such machinery, provided that the time occupied in erecting such steam machinery does not exceed three months, and that the same is registered with the mining registrar, who shall give a certificate of registration in the form of schedule B hereunto annexed. The non-compliance with the provision hereinbefore contained shall be deemed a forfeiture of the claim.

26. *Auriferous earth and quartz may be stacked and registered.*—Any person or persons having forfeited or abandoned any quartz or other gold workings, shall be at liberty to retain possession of any quartz, stone, cement, or other substance containing gold (the produce of such workings) that may have been raised at the time of the forfeiture or abandonment; provided such quartz, stone, cement, or any other substance, shall be stacked by the owner or owners thereof; and provided that such owner or owners give notice in writing to the mining registrar of the division in which the same shall be stacked, of such abandonment of the claim, and stacking of such quartz, stone, cement, or any other substance; and the registrar shall thereupon register the title of such owner or owners to such quartz, stone, cement, or any other substance, for a period not exceeding six months, in the form of schedule K hereunto attached, and the owner or owners shall cause a copy of such registration to be legibly written on a board and firmly attached to the stack; and no person or persons shall remove, deface, or damage any such board so attached, or remove any such quartz, stone, cement, or any other substance stacked and registered in accordance with this section, without the consent in writing of the registered owner or owners thereof; and should the owner or owners of any quartz, stone, cement, or other substance containing gold the produce of an abandoned or forfeited claim or claims, neglect or fail to comply with the provisions of this section of this bye-law within eight days, inclusive of the date of abandonment or forfeiture or if having complied with the provisions aforesaid he or they should neglect or fail to remove the same within the aforesaid period of six months, such quartz, stone, cement, or other substances, shall be deemed to be forfeited and abandoned, and may be taken possession of by any other person or persons.

27. *Providing for the non-appointment or neglect of mining registrar or surveyor.*—In any division for which there is no mining registrar appointed, non-registration shall not be deemed a breach of these bye-laws, nor shall the exercise of any privilege under these bye-laws in a division where there is no mining registrar duly appointed be affected by the want of such appointment, and the non-fulfilment of any of the mining registrar's duties shall not invalidate the title to any claim. When any mining registrar shall refuse to perform the duties attached to his office by these bye-laws, and thereby prevent the fulfilment of the conditions imposed by any bye-law on any claimholders, such non-fulfilment shall not be deemed a breach of any bye-law, and shall not invalidate the title to any mining interest or privilege held or enjoyed by such claimholder.

28. *Number of shareholders may be reduced.*—In cases where any claim or claims occupied under regulations in force previous to the passing of these bye-laws cannot be increased to the size allowed by these bye-laws, in consequence of the ground being already occupied, the owners of such claim or claims may by written agreement amongst themselves, and signed by all the shareholders thereof, reduce the number of men employed on such claim or claims to the number of men required by these bye-laws to hold or work the area comprised in such claim or claims; and such reduction may be made in any manner which the whole of the shareholders of any such claim or claims shall deem most advantageous; and as soon as such reductions are made as aforesaid, the remaining or continuing shareholders shall forthwith post a notice on some conspicuous part of the claim or claims containing the names of such remaining shareholders, who shall after the posting of such notice be considered as the *bona fide* owners of such claim or claims; and shall also transmit a copy of such notice to the mining registrar of the division.

29. *Persons leaving the district shall appoint an agent.*—Any person holding an interest in any claim shall, in the event of being absent from the district wherein such claim is situate for a longer period than seven days, appoint an agent, whose name and address be registered with the mining registrar on payment of a fee of One shilling. The non-compliance with the foregoing shall be deemed a breach of the bye-law.

30. *Disposing of sludge.*—Any person or persons who shall cause or permit sludge, tailings, or brackish water to flow from any source whatever, or to accumulate so as to cause injury to any public road or thoroughfare, or to any claim, drive, water-race, water-dam, water-holes for domestic purposes, old or new workings, puddling machine, or to any other machinery, or to any garden or place of residence held under miner's right or business license, belonging to any other person or persons, shall be deemed to have committed a breach of this section of the bye-law, and he or they shall, in all cases when required to do so, dispose of such sludge, &c., in such way as the mining registrar may direct.

31. *Roads to be bridged.*—When it may be found necessary to make a sludge or water drain across any road or thoroughfare, the owner of such drain shall construct a substantial bridge, not less than 14 feet wide, over such drain across the road, which bridge shall be kept in repair by the owner of the drain.

32. *Felling trees across public roads.*—Any person or persons who may fall or cause to be felled any tree or trees across or upon any public road, thoroughfare, crossing-place, claim, water-race, water-dam, tail race, tramway, or water-channel in public and common use, whereby the same may cause an obstruction, he or they shall remove, or cause the same to be removed, within six hours after the felling of such tree or trees. Non-compliance herewith shall be deemed a breach of this section of the bye-law.

33. *Machines, tailings, &c., obstructing creeks.*—It shall not be lawful for any person or persons to hold, place, construct, or erect any machine, water-dam, bank of earth, or building of any sort, on, upon, or over any creek, so as to impede the passage of water or sludge in any channel or creek within this district.

34. *Liabilities of holders of shares worked by working shareholders.*—Any person or persons holding a share or shares in any claim or claims which is or are being worked by a working shareholder or shareholders, who shall neglect or refuse to pay the wages agreed upon at the time of commencing to work in such claim or claims, or at any time during the working thereof, or who shall neglect or refuse to defray the expenses incurred during the working thereof for a period not exceeding three weeks (provided no agreement in writing to the contrary has been entered into), shall be deemed to have forfeited such share or shares in accordance with these bye-laws, and such share or shares may be taken possession of by any other miner or miners, subject to such wages and working expenses as may be due on such share or shares; provided that no forfeiture shall be incurred under this section of the bye-law for non-payment as aforesaid unless notice in writing, setting forth the particulars of the demand due to such working shareholder or shareholders, shall have been served on the person or persons whose interest or interests is or are intended to be forfeited, seven days after the expiration of the aforesaid three weeks; and in case the person or persons liable to pay such demands cannot after reasonable enquiry be found, so that any such notice can be served on him or them, it shall be sufficient to post such notice on some conspicuous part of the claim in which such share or shares are held, and also at the office of the mining registrar of the division in which such claim or claims are situate, for a period of seven days after the expiration of the aforesaid three weeks, and also cause such notice to be inserted in the nearest local newspaper, and such notice and publication shall be deemed a sufficient service of such notice on the defaulting shareholder or shareholders; and in case payment of the liabilities shall not have been made within the time specified as aforesaid, then the share or shares of each person or persons shall be forfeited.

35. *Liability of holders of sleeping portions of shares.*—In the event of the working portion of a share being forfeited, and no person taking possession of and working the same, the liability to work it shall fall upon the holder for the time being of that portion of such share which shall have been last transferred by the original shareholder, or his transferee or representative (in case such share shall have been the subject of transfer); and in default of such holder working such share, and paying all liabilities due in respect thereof, he shall forfeit his interest therein, and in every such case the holder of the next last transferred portion of said share shall work or pay the expenses of working the forfeited portion of said share and liabilities due in respect thereof, and such work or payment shall entitle him to the portion of the said share so forfeited, and to be registered in respect of the same; and failing to work such share or make such payment, he shall forfeit his interest, and so on in like manner until the whole of said share shall have been forfeited, or until the forfeited portion or portions shall be taken up and worked.

36. *Owners of alluvial claims entitled to all reefs and other deposits.*—The owner or owners of any alluvial claim shall be entitled to have and enjoy all quartz reefs, veins, leaders, and other deposits of gold within the area of such claim under the operation of these bye-laws.

37. *Protection to open shafts near thoroughfares.*—Any person or persons removing earth or other substance from around any shaft or opening situate near a road or thoroughfare, so as to render the same unsafe, shall secure such shaft or opening either by filling up with earth or securely covering the same with logs not less than six inches in diameter, such logs to rest on a bench at least two feet from the surface, and to be covered with earth to the level of such surface. The non-compliance with the foregoing shall be deemed a breach of the bye-law.

38. *Forfeited shares.*—And in all cases where the interest of any shareholder in any claim or claims, share or shares, or part thereof, shall by any means become forfeited, lapsed, or lost,

such forfeiture shall be deemed and held to extend to and include only the portion, share, or interest then the legal property of the shareholder or shareholders incurring such forfeiture at the time such forfeiture has occurred, and shall not extend to any portion of interest previously disposed of by transfer or mortgage; but if the other shareholder or shareholders in the claim has or have been to any expense or loss in consequence of neglect of such absentee whose interest has become forfeited, such loss shall be made good to the shareholder or shareholders by the person to whom such forfeited share is transferred; and any person or persons taking possession of a forfeited claim or share, or any part thereof, shall be subject to the conditions (if any) under which such share or interest may have been previously held.

39. *Transfer.*—When the holder of any share or shares, claim or claims, or of any interest therein respectively, or any part thereof, intends to transfer such claim or interest to another miner, such transfer shall be made in the form of schedule H hereunto annexed; and immediately upon such transfer being made he shall inform the mining registrar thereof, who shall enter in his register book a memorandum of same; and if such claim or interest therein be only in part transferred, a memorandum shall be made in the original certificate of registration, and also in the registrar's said book, stating the portion which has been transferred.

40. *Mortgagee not liable for neglect or default of mortgagor.*—The registered mortgagee of any claim or share in a claim, whether quartz or alluvial, shall be protected from the consequences of any neglect or omission committed by the mortgagor or his agent in contravention of any of the bye-laws enacted by this board, and shall not be deemed or held to have relinquished, forfeited, or lost his claim or lien upon the mining claim of the mortgagor through or by such his the mortgagor's neglect or default; provided always that fourteen days after due notice to the registered mortgagee, his interest be duly represented in conformity with these bye-laws.

41. *Relating to mortgages.*—A. *Register of mortgages.*—The mining registrar shall keep in his office a book which shall be called the "Register of Mortgages," and it shall be the duty of the mining registrar to enter daily therein the following particulars of all mortgages left at his office, in the order they are presented to him: The number, name or names, of the mortgagor or mortgagors, and of the mortgagee or mortgagees; the share or shares, or part of share or shares; the name and situation of the reef, workings, or company, and the respective number or numbers of the claim or claims; the amount of consideration money, the time of repayment, and the name of the attesting witness; and shall also endorse on the outside of the instrument of mortgage that such mortgage has been duly registered in accordance with this bye-law, the day and hour of registration, and the name of the person registering, and shall bear the signature of the mining registrar. The fee for registration shall be as scheduled.

B. *Index to register of mortgages and search book.*—The registrar of mortgages shall keep an index of the register of mortgages, and shall enter daily therein the number of each mortgage, the name of the mortgagor and mortgagee; also a book containing the name and address of all persons searching the register of mortgages, to be called the "Search Book."

C. *Inspection of register of mortgages.*—The register of mortgages and index thereto shall be open to the public for inspection during the office hours of the mining registrar, on payment of the fee scheduled, and on the person searching entering in a book to be kept for that purpose his name and address; but no such person shall be allowed to take any extract therefrom in writing, nor shall any such person be permitted the use of ink during the time of his making such search.

D. *Release of mortgages.*—The mining registrar shall make an entry of the release of any mortgage in respect of which he shall be required to make such entry; provided it appear to him such mortgage has been satisfied, and which must be evidenced by the handwriting of the mortgagee, his duly authorised agent, or assigns, duly attested; and such entry shall be placed in the column of the register of mortgages left for that purpose, in the presence of the persons releasing, by the mining registrar, who shall endorse on the instrument of mortgage the day and hour of such release, and the name of the mortgagee, his agent, or assigns so releasing, and which shall bear the signature of the mining registrar.

The fees for registration and surveying to be paid to the mining registrar and surveyor, and which he or they may demand, shall be as follows:—

BALLAARAT MINING DISTRICT.

BYE-LAW No. XVII. OF THE MINING BOARD OF BALLAARAT.
[12th November, 1862.]

AT a meeting of the mining board of the mining district of Ballaarat, begun and holden at Ballaarat, in the said district, on the twelfth day of November, One thousand eight hundred and sixty-two, it is ordered by the said board as follows, that is to say:—

1. An election of managers for the various gold fields commons under the provisions of *The Land Act, 1862*, shall take place in the mining board room at Ballaarat, on the first Wednesday in the month of October in each year.

2. One month before any such election the chairman of the board shall give public notice thereof by advertisement in one or more of the local journals, and such advertisement shall be inserted at least twice in every week until the day of election.

3. All applications for the office of manager shall be sent in to the board at least two days before the day of election, and each application shall be signed by the candidate, and shall be accompanied by a recommendation signed by six or more holders of miners' rights or business licenses; such application and recommendation to be generally in the form or to the effect of the schedule hereunto appended.

4. Should the number of candidates nominated as managers for any gold fields common not exceed three, the board shall determine by resolution whether such candidates, or any of them, shall be appointed or otherwise; and should more than three candidates be so nominated, unless such candidates, or any of them, be objected to by resolution of the board, the board shall proceed by ballot to the election of three managers from such candidates; and when the number of votes for two or more candidates shall be found to be equal, the chairman shall give a casting vote.

5. Each manager appointed under the provisions of this bye-law shall, together with such other person as surety who may be approved of by the board, enter into a bond to the chairman for the time being of the said board in the penal sum of (£50) Fifty pounds, conditioned that such manager will well and truly disburse the fees received by him as such manager, in the manner directed by *The Land Act, 1862*, and that he will well and faithfully perform all the duties imposed on him as such manager under the provisions of the said Act and of this bye-law.

6. The managers of each gold fields common shall, upon the first Monday in the months of January, April, and July respectively, and also three (3) days before the expiration of their term of office, forward to the board a complete account of their receipts and disbursements for the preceding quarter in connection with the common under their management, and of the residue of fees, if any, remaining in their hands, such account to be accompanied by the vouchers necessary for its verification, and by a statutory declaration that it is a true and faithful statement.

7. Four times in each year, namely, in the months of January, April, July, and October, the board shall appoint auditors to examine the accounts of the several managers for the preceding quarter, and shall determine to what public purpose, as prescribed in *The Land Act, 1862*, the residue of fees, if any, remaining in the hands of such managers, shall be applied.

8. Should any charge of misconduct or inefficiency be brought against any manager appointed under this bye-law, the board may, upon such charge being substantiated, remove such manager from his office; but in all such cases a notice in writing shall be forwarded to such manager of the charges to be brought against him at least fourteen (14) days before the day appointed for their investigation by the board.

9. In the event of the death, resignation, or removal of any manager appointed under this bye-law, or in the event of the office of manager for any gold fields common being vacant from any other cause whatever, the board may appoint a special day for electing a manager to fill such vacancy; and such special election shall be notified and conducted in all respects in the manner prescribed in sections 2, 3, and 4 hereof; but the appointment so made shall only endure until the next annual election.

10. From and after the date on which this bye-law shall have been published twenty-one days in the *Government Gazette*, and shall have the force of law throughout this mining district, as provided 21st Victoria No. 32, section CXI, the following bye-law, that is to say, the bye-law numbered XV. of this mining board of Ballaarat, gazetted on the twenty-sixth day of August, 1862, shall be and the same is hereby repealed, always saving and excepting the rights of all persons obtained previous to and held at the time of this bye-law coming into operation.

SCHEDULE.
To the Chairman of the Mining Board
of Ballarat.

I (A. B.) hereby apply to be appointed one of the managers of the Gold Fields Common.
Signature

We, the undersigned holders of miner's rights or business licenses, hereby recommend as a suitable person to hold the office of manager for the Gold Fields Common.

**PETITION UNDER THE MUNICIPAL ACT.
ALTERATION OF BOUNDARIES, AVOCA.**

THE Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of the petition hereinafter set forth, signed by one hundred and fifty-four householders resident within the municipal district of Avoca and in the vicinity, praying that the said municipal district may be altered.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 7th November, 1862. 7369.

The petitioners state that they are householders within the municipal district of Avoca, and within the boundaries hereinafter described.

They represent that the existing municipal boundaries were adopted to suit the nature of the lands up to that time surveyed, and are inconvenient, but that subsequent surveys and the interests of the residents render their alteration expedient, and to this alteration the owners of the land to be excluded from the municipal area assent.

They state, lastly, that there are three hundred householders within the proposed new boundaries, which will comprise not more than nine square miles.

And the petitioners pray as follows:—

MUNICIPALITY OF HOTHAM.

BYE-LAW No. 15.—TO REGULATE THE ELECTION OF MANAGERS OF THE TOWN COMMON OF HOTHAM, AND FOR OTHER PURPOSES CONNECTED THEREWITH.

WHEREAS by the Act of Council 18 Victoria No. 15, intitled, *An Act for the establishment of Municipal Institutions in Victoria*, the council of any municipal district is empowered to make bye-laws for the conducting of elections; And whereas by the Act of Parliament 25 Victoria No. 145, intitled, *The Land Act, 1862*, it is required of municipal councils to elect annually, in such manner as they may respectively by bye-law prescribe, three persons to be managers of such town common as may be proclaimed by the Governor in Council: And whereas His Excellency Sir Henry Barkly, K.C.B., has proclaimed that certain land shall be a town common for the use of the inhabitants of the town of Hotham: Be it therefore ordered and directed by the municipal council of Hotham, that

from and after the date of this bye-law receiving the assent of His Excellency the Governor, the following rules shall be observed, namely:—

1. That the election of such managers shall be by ballot, on cards to be provided for the purpose, signed by the councillor voting, and containing the name or names of the person or persons voted for; and no voting card shall be received at any such election which is not signed by the councillor voting; and in the event of there being an equality of votes for such manager or managers, then the chairman, besides his own vote, shall have a casting vote.
2. That the election of such managers shall be held annually in the Town Hall, Hotham, within one month after the election of chairman of the said municipal council of Hotham.
3. That such managers may be members of the municipal council of Hotham.
4. That in the event of the removal of any one or more of such managers by the council, or of the resignation of any such manager or managers, others shall be elected in their stead within one month from the date of such removal or of the acceptance by the council of any such resignation.

The foregoing Bye-law, No. 15, made by the municipal council of Hotham, has been assented to by the Governor in Council.

C. GAVAN DUFFY,

President of the Board of Land and Works.

Lands and Survey Office,
1st November, 1862.

(Notice of 14th May, 1861.)

NOTICE TO TENDERERS FOR CONTRACT SURVEYS.

The Department of Lands and Survey is now prepared to call for tenders for the subdivisional survey of one million of acres of country lands, but in order to obviate the inconvenience and delay which have resulted from the conditional acceptance of tenders from gentlemen who have afterwards failed to establish a claim to the requisite standard of professional ability, it has been decided that tenders are, in future, to be received from such gentlemen only as shall have previously obtained certificates of professional ability from a board appointed to examine candidates for such certificates.

The following officers of the department are nominated members of the board:—

Clement Hodgkinson, C.E., Assistant Commissioner of Lands and Survey.

E. L. J. Ellery, F.R.A.S., Astronomer and Superintendent of Geodetic Survey.

A. J. Skene, M.A., District Surveyor and Inspecting Surveyor of Contracts.

Philip Crenon, Assistant Geodetic Surveyor.

Frederick Acheson, C.E., Draftsman.

The meetings of the board will be held at the Office of Lands and Survey, Melbourne, when intending contractors are requested to produce evidence of professional skill, and submit to such examination in the details of practical surveying as will satisfy the board of their ability to complete any contract intrusted to them.

(Signed)

J. H. BROOKE.

Lands and Survey Office,
Melbourne, 7th May, 1861.

Tenders for the Service of 1863.

RATIONS.

TENDERS will be received until Noon on Tuesday, the 2nd December, from persons willing to supply Provisions and other articles in such quantities as may be required by the various departments of the Public Service, except the Military, at the undermentioned places, during twelve calendar months, commencing on the 1st January, 1863.

The places for which tenders will be received, and the amount of security required for the due fulfilment of each contract, are as follows:—

Place.	Amount of Security.
Melbourne, including Pentridge, Yarra Bend, and Collingwood ...	500
Williamstown, including vessels in Hobson's Bay } except the Victoria s. sloop ...	100
Geelong, Ararat, Ballarat, Beechworth, Castlemaine, Kilmore, Maryborough, Sandhurst, Portland, Belfast, Warrambool, Alberton, each ...	50

No tender will be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties for the due fulfilment of the contract; and in the event of the tender being accepted, the bond must be executed within fifteen days, failing which, the contract will be again advertised, or another tender accepted. The names of the tenderers and of their sureties, together with their places of residence, must be stated at full length.

The tenders must include the whole of the rations and separate articles required in the respective localities, but the tender for each locality must be distinct, and will be accepted or rejected separately. For rations, according to the several scales, the price per ration is to be stated; for other supplies, the price of each article. The value of all packages, whether the supplies are in bulk or otherwise, is to be included in the price demanded.

All tenders must be enclosed in a separate envelope, marked "Tender for Provisions, &c., at ——" (as the case may be), and be deposited in the Tender Box at the Government Stores, King street; or, if sent by post, they must be addressed to the Government Storekeeper, Melbourne.

No. 135.—NOVEMBER 21, 1862.—9.

Printed forms of tender may be obtained from the Government Storekeeper, Melbourne, the Sheriffs at Geelong, Ararat, Ballarat, Beechworth, Castlemaine, Kilmore, Maryborough, Sandhurst, and Portland; and from the officer in charge of the police at Belfast, Warrambool, and Alberton, by whom also information will be afforded to persons tendering.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known on the 12th December, 1862.

At Castlemaine, Kilmore, Sandhurst, Ballarat, Beechworth, Ararat, and Maryborough, the rations included in the contract are to be Nos. 3, 4, 6, 7, 8, 9, 10.

At Geelong, Portland, Alberton, Belfast, and Warrnambool, Nos. 1, 3, 4, 6, 7, 8, 9, 10, and the articles enumerated in No. 11.

At Melbourne (including Pentridge, Yarra Bend, &c.), Nos. 1 to 11 inclusive.

At Williamstown (including Hobson's Bay), Nos. 3 to 11 inclusive.

CONDITIONS.

1. All the articles required by this notice are to be of the best quality of their several kinds, in the best condition, and to be delivered in sound packages.

2. The flour and bread must be the produce of prime wheat, from which on ration No. 1, twenty per cent., and on those of prisoners of the Crown, twelve per cent. has been extracted in bran and waste.

3. Fresh meat (beef and mutton), when ordered for the Lunatic Asylum, to be delivered entirely free from bone, and in all other cases to be supplied in such proportions as may be required, and when the quantity admits, to be delivered in fore and hind quarters alternately. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than five inches, must have been cut off.

4. When it may be necessary to substitute one article for another, the following proportions are to be observed, viz.:-

Wheaten flour, 1 lb. or	} equal to 1 1/4 lb. of bread.
Best wheaten biscuit, 1 lb.	
Salt beef, 1 lb. or	} equal to 1 lb. fresh beef.
Mutton, 1 lb. or	
Salt pork, 10 oz.	} equal to 1 lb. of potatoes in
Onions, 1/2 lb. or	
Other vegetables, 2 lbs.	all cases.

In scales Nos. 3, 4, and 5, the following substitutes may be made at the discretion of the head of the department:-

In lieu of 8 oz. of meal, 6 oz. bread, 1/2 oz. sugar, and 1/2 oz. tea.
In lieu of 6 oz. of meal, 4 oz. bread, 1/2 oz. sugar, and 1/2 oz. tea.

5. The above substitutions are intended for exceptional cases, and must be made whenever it may be considered advisable by the officer authorized to draw the rations, but not otherwise. Scales Nos. 3, 4, and 5 will be drawn at Pentridge, either with or without vegetables, as the officer in charge may direct.

6. The supplies are to be delivered direct to the establishment entitled thereto, on the written order of the officer in charge, except in the case of aboriginal stations, which are to be supplied under the Melbourne contract, and the several articles are to be delivered at the Government Stores.

7. Should the contractor fail to supply any articles when required, within twenty-four hours, they will be otherwise procured, and the expense, over and above the contract price, will be deducted from his account.

8. The contractor will be required to prepare his own account monthly in the prescribed form, and to forward the same in a complete state, signed by the officer by whom it was incurred, to the Government Storekeeper for payment at the Treasury, Melbourne, or Pay Office of the district, as the case may be.

9. In the event of a difference of opinion between the contractor and the officer receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a board of survey, composed of persons named by the head of department, and the decision of the board is to be considered final.

10. If the board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which, it will be procured by the person requiring it, and the expense charged as in clause 7.

11. In the country districts, when a board of survey cannot be conveniently assembled, and in all cases when the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations are due, or to the contractor, in waiting for a board of survey, the head of the department, or officer in charge of the station, will have the power to reject such article or articles as are obviously of an inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expenses will be charged as in clause 7.

12. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report of the Government Storekeeper, to such mulct not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

13. It will be competent for the Government Storekeeper on behalf of the Government, or the contractor on his own behalf, to terminate the contract by giving in writing a notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period of which the contract is made.

JOHN O'SHANASSY.

Printed forms of tender may be obtained from the Government Storekeeper, Melbourne.

The value of all packages, whether in bulk or otherwise, is to be included in the price demanded.

Tenders must be accompanied by a certificate from two responsible persons that they are willing to become bound as sureties for due fulfilment of the contract; and in the event of the tender being accepted, the bond must be executed within seven days, failing which, the contract may be again advertised or another tender accepted.

Tenders, endorsed, "Tender for—" (as the case may be), are to be deposited in the Box at the Government Stores, or addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known on or before the 12th December, 1862.

CONDITIONS.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and to be delivered in sound packages.
2. The flour and bread must be the produce of prime wheat, from which twenty per cent. has been extracted in bran and waste for second quality, and twelve per cent. for third quality of bread.
3. Fresh meat (except when ordered for the Lunatic Asylum free from bone) is to be supplied in such proportions as may be required, and when the quantity admits, to be delivered in fore and hind quarters alternately. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than five inches, must have been cut off.
4. The supplies are to be delivered direct to the establishment entitled thereto, on the written order of the officer in charge, or at the Government Stores, on the order of the Government Storekeeper.
5. Should the contractor fail to supply any articles when required within twenty-four hours, they will be otherwise procured, and the expense over and above the contract price will be deducted from his account.
6. The contractor will be required to prepare his own account monthly, in the prescribed form, and forward the same, in a complete state, to the Government Storekeeper, for payment at the Treasury, Melbourne.
7. In the event of a difference of opinion between the contractor and the officer receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered final.
8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which, it will be procured by the person requiring it, and the expense charged as in clause 5.
9. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations are due, or to the contractor, in waiting for a board of survey, the head of the department, or officer in charge of the station, will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead, failing which, it will be obtained by the officer requiring it, and the expense charged as in clause 5.
10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivery or replacing them when required, will subject the contractor, upon report of the Government Storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct; it will also be in the power of the Government to terminate the contract forthwith.
11. It will be competent for the Government Storekeeper on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving in writing a notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

PROVISIONS, ETC., FOR THE "VICTORIA."

TENDERS will be received until Noon on Tuesday, the 2nd December, from persons willing to supply Provisions and other articles, in such quantities as may be required for use on board the Steam Sloop *Victoria*, from the 1st January to the 31st December, 1863.

Printed forms of tender may be obtained from the Government Storekeeper, by whom also any information will be afforded to persons tendering.

Security will be required in the amount of £250 for due fulfilment of the contract; and the bond must be entered into within ten days from the date of acceptance, failing which, the contract will be again advertised or another tender accepted.

The tenders must include the Harbor Scale and the whole of the sea stores. The charge per ration in harbor is to be stated; and for sea stores the price of each article, in which the value of packages must be included, whether bulk be broken or otherwise.

Tenders are to be endorsed, "Tender for Provisions, Steam Sloop *Victoria*," and to be deposited in the Box at the Government Stores, or addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS.

All the articles required by this notice are to be of the best quality of their several kinds, in the best condition, and to be delivered in sound packages.

The flour and bread must be the produce of prime wheat, from which 20 per cent. has been extracted in bran and waste.

Fresh beef and mutton are to be supplied in such proportions as may be required, and when the quantity admits to be delivered in fore and hind quarters alternately.

When it may be necessary to substitute one article for another, the following proportions are to be observed, viz.:-

Green vegetables, such as—		
Pumpkins, greens free		
from root, carrots		
free from top, &c. ... 2 lbs., or	} equal to 1 lb. of potatoes.	
Onions 1/2 lb.		

The above substitutions are to be made whenever it may be considered advisable by the officer authorised to draw the rations, but not otherwise.

The supplies are to be immediately placed on board by the contractor by day or night if so required, on the written order of the officer in command, failing which, they will be otherwise procured, and the expense over and above the contract price will be deducted from the contractor's account.

The contractor will be bound to put on board rations either for one day or one month, or more or less, as may be required.

When the vessel shall be in any harbor of the colony except Hobson's Bay, the officer in command shall be at liberty, without reference to this contract, to procure provisions in such manner as he may be empowered by the Government.

The contractor will be required to prepare his own account monthly in the prescribed form, and to present the same in a complete state, signed by the officer in command, to the Government Storekeeper, for payment at the Treasury, Melbourne.

In the event of a difference of opinion between the contractor and the officer receiving the supplies, as to quality, the matter is to be decided by a board of survey, composed of persons named by the officer in command, and the decision of the board is to be final; but if, from the perishable nature of the goods, this course cannot be adopted, the officer in command will have power to reject such article or articles, it being understood that he will be responsible to the Government for so doing.

It will be competent for the Government Storekeeper on behalf of the Government, or the contractor on his own behalf, to terminate the contract by giving a notice in writing of one calendar month to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 4th November, 1862.

CONVEYANCE OF MAILS, 1863.

TENDERS are hereby invited, and will be received at this office until Noon of Tuesday, the 2nd December, 1862, for the Conveyance of Mails as undermentioned, for one year from 1st January to the 31st December, 1863, both days inclusive.

All tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and may be forwarded (if by post prepaid) addressed to the Honorable the Postmaster General, or placed in the Tender Box at the General Post Office, the words "Tender for Conveyance of Mails" being endorsed on the cover.

Every tender must bear the *bona fide* signatures of the tenderer and two responsible persons willing to become bound with him in such sum as the Honorable the Postmaster General may direct, not exceeding the gross amount of the contract.

Persons tendering are requested to state whether they propose to convey the mails on horseback or in a carriage; in the latter case they are to state the description of the vehicle they intend to use, and the number of horses by which it is to be drawn.

The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

The Government will not necessarily accept the lowest or any tender.

JOHN O'SHANASSY,
For the Postmaster General.

General Post Office,
Melbourne, 17th November, 1862.

FUNERALS IN COUNTRY DISTRICTS, 1863.

TENDERS will be received until Noon on Tuesday, the 16th December, from persons willing to undertake Funerals, as required in the undermentioned districts, from the 1st January to the 31st December, 1863:—

Avoca
Ballarat
Beechworth
Castlemaine
Inglewood
Maryborough
Sandhurst.

Full particulars and forms of tender may be obtained from the Government Storekeeper, Melbourne, or from the officer in charge of police at each station.

The lowest or any tender will not necessarily be accepted.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 18th November, 1862.

FUNERALS AT MELBOURNE AND GEELONG.

TENDERS will be received until Noon on Tuesday, the 16th December, from persons willing to undertake Funerals, as required in the several departments of the Government during the year 1863, at the undermentioned places:—

Melbourne (including Collingwood, Pentridge, Williamstown, and Hobson's Bay).
Geelong and Suburbs.

The funerals are to be of the most economical description consistent with propriety.

Separate prices must be stated for children under ten years of age and for adults—one sum is to be stated for each, including interment and ministers' fees, conveyance, and all charges.

No tender will be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties for the due fulfilment of the contract; the amount of security will be, for Melbourne One hundred pounds, and for Geelong Fifty pounds.

The contract will be terminable by three months' notice, either from the Government Storekeeper on the part of the Government, or from the contractor, such notice to date from the first day of a month.

The account is to be rendered monthly to the officer ordering the service, for payment at the Treasury, Melbourne, or Pay Office, Geelong (as the case may be).

Further particulars and forms of tender may be obtained from the Government Storekeeper, Melbourne, or from the officer in charge of the police at Geelong.

Tenders, endorsed "Tender for Funerals, —," are to be deposited in the Box at the Government Stores, or addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 18th November, 1862.

General Post Office,
Melbourne, 12th November, 1862.

COUNTRY LIST OF UNCLAIMED SHIP LETTERS.—OCTOBER, 1862.

LIST of Ship Letters lying unclaimed at the undermentioned Country Post Offices, received during the month of October, 1862.

PROPOSED EXTENSION OF THE DUNEED CREEK ROAD.

NOTICE is hereby given that a map and survey plan, describing the exact course and bearings, and the admeasurement required for the extension of the Duneed Creek road, in the parish of Duneed, together with a description of the land through which the same is proposed to pass and the name of the owner thereof, and also an estimate of the expense of the said work, have been deposited in the office of the Surveyor General, Melbourne, the particulars of which proposed extension of road are as follows:

It commences at the south-west corner of portion A of section XII., parish of Duneed, and bears south twenty-one (21) chains through portions G and I of section XIII. of the parish aforesaid to Thomson's Creek, thereby connecting it with a Government road on the south side of the said creek, in the said parish of Puebla; the line just described forms the eastern boundary of the said road, which is one chain wide.

The quantity of land required for the road is 2 acres and 16 perches, and is the property of Donald McLean, Esq. The cost of opening the road is estimated at (£38 16s.) Fifty-eight pounds sixteen shillings.

All persons affected by the proposed road are required to set forth in writing, addressed to the Chairman of the Barrabool District Road Board, Mount Moriac, Duneed, within forty days from the first publication of this notice, any well-grounded objections that they may have to the said road being opened, failing which they will be thereafter precluded from making any such objections, or claiming any compensation whatever.

DESCRIPTION OF A NEW ROAD PROPOSED TO BE OPENED IN THE PARISH OF BARRABOOL.

NOTICE is hereby given that a map and survey plan, describing the exact course and bearings, and the admeasurement required for a new road proposed to be opened in the parish of Barrabool, together with a description of the lands through which the same is proposed to be made and the names of the owners and occupiers thereof, and also an estimate of the expense of the said work, have been deposited in the office of the Surveyor General, Melbourne, the particulars of which are as follows:

It commences at a point being the north-east corner of section number 3A, in the parish of Duneed, and bearing north 3° west 1243 links; thence bearing north 9° 10' east 1730 links, where it joins a road already opened to the public by the owners of the lands adjoining, continuing from the point last described, and bearing north 66° 8 links; thence bearing north 3650 links to the Barrabool main road, in section number 15, parish of Barrabool.

The line thus described forms the western boundary of the road, which is one chain wide.

The quantity of land required to be purchased for the proposed road is five (5) acres one (1) rod and twenty (20) perches. The owners and occupiers of the land through which the road is to be made are Messrs. William Lane, Thomas Smale, Ambrose Walter, James Gattie Carr, and Mrs. Elizabeth McLauchlan.

The estimated cost of opening the road is One hundred and fifty-nine pounds six shillings sterling (£159 6s.).

All persons affected by the proposed new road are required to set forth in writing, addressed to the Chairman of the Barrabool District Road Board, Mount Moriac, Duneed, within forty days from the first publication of this notice, any well-grounded objections that they may have to the said new road, failing which they will be thereafter precluded from making any such objections, or claiming any compensation whatever.
