PETITION UNDER THE MUNICIPAL ACT.

ALTERATION OF BOUNDARIES, AVOCA.

THE Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of the petition hereinafter set forth, signed by one hundred and fifty-four householders resident within the municipal district of Avoca and in the vicinity, praying that the said municipal district may be altered.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 7th November, 1862.

7369.

The petitioners state that they are householders within the municipal district of Avoca, and within the boundaries hereinafter described.

They represent that the existing municipal boundaries were adopted to suit the nature of the lands up to that time surveyed, and are inconvenient, but that subsequent surveys and the interests of the residents render their alteration expedient, and to this alteration the owners of the land to be excluded from the municipal area assent.

They state, lastly, that there are three hundred householders within the proposed new boundaries, which will comprise not more than nine square miles.

And the petitioners pray as follows:—

"Your petitioners therefore pray you may be pleased to alter the boundaries of the Avoca municipal district to the following, viz.:—Commencing at a point at the north-east corner of allotment 1, section A-3, about one mile north of the township of Avoca; thence southwardly by the parish boundary of Avoca to the south-east corner of allotment 30, section 1, about one mile south of Avoca; thence west about two miles and a half to the south-east corner of allotment 7, section 2 A, country lands south-west of Avoca; thence north about three miles and a half to the north-west corner of allotment 2, section 1 A, country lands north-west of Avoca; thence by the northern boundary line of said last allotment, and those of allotments 3 and 4, section C, to the Avoca and Moonambel Main road (Main Adelaide road); thence across said road to the west angle of allotment 6, section B; thence by the north-western boundary line of same, and the northern boundary line of last-named allotment and that of allotment 1, section A3, to the point of commencement."

[The signatures to the above-mentioned petition appeared in the Gazette No. 131, page 2199 ante.]

C. GAVAN DUFFY,

President of the Board of Land and Works.

Lands and Survey Office,

1st November, 1862.

(Notice of 14th May, 1861.)

NOTICE TO TENDERERS FOR CONTRACT SURVEYS.

The Department of Lands and Survey is now prepared to call for tenders for the subdivisional survey of one million of acres of country lands, but in order to obviate the inconvenience and delay which have resulted from the conditional acceptance of tenders from gentlemen who have afterwards failed to establish a claim to the requisite standard of professional ability, it has been decided that tenders are, in future, to be received from such gentlemen only as shall have previously obtained certificates of professional ability from a board appointed to examine candidates for such certificates.

The following officers of the department are nominated members of the board:—

Clement Hodgkinson, C.E., Assistant Commissioner of Lands and Survey.

R. L. J. Ellery, F.R.A.S., Astronomer and Superintendent of Geodetic Survey.

A. J. Skene, M.A., District Surveyor and Inspecting Surveyor of Contracts.

Philip Crenion, Assistant Geodetic Surveyor.

Frederick Acheson, C.E., Draftsman.

The meetings of the board will be held at the Office of Lands and Survey, Melbourne, when intending contractors are requested to produce evidence of professional skill, and submit to such examination in the details of practical surveying as will satisfy the board of their ability to complete any contract intrusted to them.

(Signed)

J. H. BROOKE.

Lands and Survey Office,
Melbourne, 7th May, 1861.

It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

13. It will be competent for the Government Storekeeper on behalf of the Government, or the contractor on his own behalf, to terminate the contract by giving in writing a notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period of which the contract is made.

The coal is to be delivered at such part of each station ground as may be pointed out, in bags, each containing 1½ cwt. not weighed at the expense of the contractor; separate rates are to be stated for daily delivery, and for delivery in bulk, not bagged, from time to time, the contract for each station being separate.

Further particulars may be obtained from the Government Storekeeper, Melbourne, the Superintendent of the Locomotive Department at Williamstown, or the Foreman of Locomotives at Geelong.

No tender can be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties each in the sum of £1000 for due fulfilment of the Melbourne, and £500 for due fulfilment of the Geelong contract; and the bond must be executed within five days of acceptance, failing which the contract may be again advertised or another tender accepted.

Tenders, endorsed "Tender for Coal, Railways," are to be deposited in the Box at the Government Stores, or addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS.

1. The coal is to be the very best of its kind, and must be either screened before delivery over a screen with bars at least one inch apart and ten feet long, set to an angle of forty-five degrees to the ground level, or handpicked so as to be of the same size as if screened in the above manner, and be quite free from shale or other impurities.

2. The orders will be issued by an officer of the Railway Department, if the contract be for delivery daily, and should an order not be complied with within twenty-four hours it will be competent for the local officer who ordered to purchase at the contractor's risk. Should the contract be taken for supplies in bulk the Government Storekeeper will issue orders, and one month from date of order will be allowed for completing delivery, failing which the coal will be obtained by the Government Storekeeper at the contractor's risk.

3. Coal when delivered is to be accompanied by the order, which will be receipted by the officer receiving the supply, and must be rendered with the contractor's account.

4. The contractor will be required to prepare his own account monthly or bi-monthly on the prescribed form, and present the same in a complete state, signed by the officer receiving the supply, to the Government Storekeeper for payment, at the Treasury, or at a district pay office, as the case may be.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality, the same is to be decided by a board of survey, composed of persons named by the engineer-in-chief of railways, and the decision of the board is to be final.

6. If the delay necessary for obtaining the decision of a board of survey should be detrimental to the public service, the engineer-in-chief, or officer in charge at the station, will have the power to reject coal which is obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected coal and supply good in its stead, failing which it will be procured elsewhere, and the extra expense charged as in clause 2.

7. A repetition of irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding fifty pounds, as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

8. It will be competent for the contractor, or for the Government Storekeeper on behalf of the Government, to terminate the contract by giving in writing a notice of three calendar months, it being understood that such notice can be given only from the first day of a month.
