PORTS AND HARBORS OF VICTORIA.

PROCLAMATION.

By His Excellency SIR HENRY BARKLY, Knight Commander of the Most Honorable Order of the Bath, Captain-General and Governor-in-Chief of the Colony of Victoria, and Vice-Admiral of the same, &c., &c., &c.

WHEREAS by an Act of the Lieutenant Governor and Legislative Council of the Colony of Victoria, passed in the sixteenth year of the reign of Her present Majesty, intituled, *An Act to consolidate and amend the Law relating to Ports, Harbors, and Shipping in the Colony of Victoria*, it is amongst other things enacted that it shall be lawful for the Lieutenant Governor of the said colony, with the advice of the Executive Council thereof, by Proclamation published in the *Government Gazette*, from time to time to define the limits and boundaries of ports in the said colony, and to frame rules for the governance and preservation of the said ports respectively, and for the regulation of shipping in the same, and of pilots, and from time to time to alter, amend, or repeal such rules and substitute others in their stead: And whereas by a Proclamation bearing date the thirtieth day of May, in the year One thousand eight hundred and fifty-three, the Lieutenant Governor of the said colony, with the advice of the Executive Council thereof, in pursuance of the powers vested in him as aforesaid, did define the limits and boundaries of certain ports in the said colony, and did proclaim and declare that certain rules and regulations therein specified for the governance and preservation of the said ports, and for the regulation of shipping in the same, should be substituted for other rules and regulations previously in force: Now I, Sir Henry Barkly, the Governor of Victoria, with the advice of the Executive Council, do hereby repeal the limits and boundaries of ports and general rules and regulations contained in the Proclamation above specified, and do declare that the following shall be the definitions and boundaries of ports in Victoria and general rules and orders applicable to the same.

DEFINITIONS AND BOUNDARIES OF PORTS IN VICTORIA.

The port of Port Phillip to consist of all inlets, rivers, bays, and harbors within a line drawn from Point Lonsdale to Point Nepean, and not included in the ports of Melbourne and Geelong respectively.

The port of Melbourne to consist of all inlets, rivers, bays, and harbors contained within a line drawn from the southernmost part of Gellibrand's Point to Point Ormond.

The port of Geelong to consist of all inlets, rivers, bays, and harbors within Corio Bay, and contained within a line from Point Richards to Point Wilson.

The port of Portland to consist of all inlets, rivers, and bays contained within a line running due north from Point Danger to the opposite shore.

The port of Belfast to consist of all inlets, rivers, and bays contained within a line running north-east from the eastern point of Rabbit Island to the opposite shore.

The port of Warrnambool to consist of all bays, rivers, and inlets contained within a line running from the outer end of the reef lying off Saddle Island to the entrance of the Hopkins River.

The port of Western Port to consist of all inlets, rivers, and bays contained within a line from Blackhead to Point Grant, and from Cape Woolamai to Point Griffiths.

The port of Corner Inlet to consist of all inlets, rivers, and bays contained within a line from Entrance Point to north end of La Trobe Island, thence due north to the mainland.

The port of Port Albert to consist of all inlets, rivers, and bays contained within a line from the easternmost part of

Shallow Inlet to the south end of La Trobe Island, thence due north to the mainland.

[The word "rivers" in the foregoing definitions must be understood to include all rivers and streams navigable for vessels and boats from the mouth up to the point where by reason of any natural obstruction in the bed or stream, as, for instance, a bar or fall, or of the shallowness of the water, they cease to be so navigable. The encircling boundary of the abovementioned ports within the respective lines abovementioned, is intended in each case to be the coast up to high-water mark, except in those parts where any navigable river runs farther inland.]

GENERAL RULES AND ORDERS APPLICABLE TO ALL PORTS AND HARBORS IN VICTORIA.

1. The master or person in charge of any vessel from other than Australasian ports, shall, when entering any port of Victoria, hoist and keep flying two flags at the mainmast head, the uppermost a blue flag, the lower one an ordinary waft, until the vessel has been boarded and cleared by the health officer, when the waft is to be hauled down and the blue flag kept hoisted until the vessel has also been cleared by the immigration officer.

NOTE.—Vessels merely calling at Australasian ports on their way to Victoria, but bringing goods or passengers from other than Australasian ports, come under this rule.

2. The master or person in charge of any vessel from any Australasian port (not in Victoria), provided that such port, and every other intermediate port or place (if any) at which the vessel may have touched, and every other vessel with which such vessel may have communicated during the voyage, was free from infectious and contagious diseases when the vessel sailed from or touched at such port or place, or communicated with such other vessel, and provided also that there is not and was not during the voyage any infectious or contagious disease on board such vessel, shall, when entering any port in Victoria, hoist a blue flag at the mainmast head, and keep it flying until cleared by the immigration officer. The master or person in charge of any vessel in respect of which the foregoing provisions have not been fulfilled, is to comply with the first clause of these regulations, and hoist the signal for the health officer.

3. No person, except the pilot and health and immigration officers, and boatmen employed to convey them, shall with any vessel or boat whatever go alongside of, nor shall any person, except the pilot and such officers, board any vessel from other than an Australasian port when entering or within any port in Victoria, before she has been cleared by the health and immigration officers, nor shall any person on board leave such vessel before she has been so cleared.

4. No person, except the pilot and other duly authorised officers of Government, and such reporters for the press as hold a written authority from the Government, shall go on board of, or leave, any vessel entering or within any port until such vessel has been cleared by the immigration officer, which clearance will be indicated by the blue flag being hauled down.

5. The health officer shall board all vessels arriving at any port in Victoria from any other port beyond Australasia between sunrise and sunset, and any such vessel arriving at Port Phillip after sunset must remain off Shortland's Bluff until cleared by the health officer.

6. The master or person in charge of any vessel entering any port in Victoria is required to furnish both the health officer and immigration officer, or immigration officer only, as the case may be (*vide rules 1 and 2*), with a written report of such particulars of his voyage, vessel, cargo, and passengers, and such information relating to the same, as may be required.

7. All masters or persons in charge of vessels ordered into quarantine, shall, on being required, hoist a yellow flag of six breadths of bunting at the mainmast head, or in case of a vessel arriving from any port notified by Proclamation or Order of the

Governor in Council as infectious, the mainmast head, and shall keep such flag up by day, and a bright light from a signal lantern at the same mast head by night, and follow such directions as the health officer and surgeon superintendent of the sanitary station may give respecting the ship, cargo, crew, and passengers, until the ship has a clean bill of health.

8. On the quarantine signal being hoisted, all communication from or to the vessel shall be prohibited, except by special permission of the medical officer in charge of the quarantine station.

9. Whoever shall have communicated either with a vessel before being put into quarantine, or with a person, vessel, or place already under quarantine, shall be bound to remain in or return to the said vessel or place during the whole period of the quarantine.

10. No boat or vessel shall make fast to, or tow alongside of, any vessel entering any port, except steam-tugs and those duly authorised by Government, before the ship is properly anchored and the blue flag hauled down.

11. The pilot, master, or person in charge of any vessel entering, departing from, or within any port, shall by every means in his power, consistent with the safety of such vessel, assist every duly authorised public officer in boarding or leaving such vessel, and no person on board of any such vessel shall interfere with or obstruct any Government officer or pilot whilst carrying out their duties respectively.

12. Every ship or vessel must, between sunrise and sunset, hoist her national colors under the following circumstances:—

(A.) When entering any port the colors to be kept up until the vessel has arrived at her final destination.

(B.) On Sundays and public holidays.

(C.) On leaving port.

13. All persons in charge of vessels entering or departing from any port must, as they approach the signal station, hoist the vessel's number or distinguishing flag; in addition to which, ships inward bound must hoist the number of the port they are from; such flags to be kept up until answered from the station.

14. The masters of such vessels as are not provided with telegraphic signals are to adopt some distinguishing flag, and communicate the same to the harbor-master of each port into which they go; they must also exhibit on the quarter nearest to the signal stations as they approach them the ship's name and the name of the port they are from, marked legibly on a piece of canvas or board, the letters not to be less than twelve inches deep.

15. All vessels plying within any port must be in charge of a competent master, and also be manned by a sufficient number of experienced seamen.

16. All vessels must have proper buoys and sufficient buoys-ropes to their anchors. Any anchor, kedge, cable, or mooring, shipped, parted, or cut from, if not weighed within twelve hours, may be weighed by order of the harbor-master, at the risk and expense of the owner; and where no buoy and buoy-rope is attached, the anchor, kedge, or mooring will be forfeited.

17. All vessels must unshot their guns immediately after entering any port or harbor, and no guns or firearms are to be used, or blue-lights, rockets, or other combustibles burned or discharged from any ship, vessel, or boat, unless permission in writing has been obtained from the harbor-master, except only where urgent assistance is required.

18. All vessels moored or at single anchor are to have both cables clear, and in readiness to slack away or heave-in when required.

19. All boats alongside of vessels, wharfs, or jetties, shall give way to government boats on duty.

20. No vessel, except steamers plying with passengers only, within the limits of the ports of Melbourne and Geelong, shall be unmoored on Sunday from her anchorage, or from her berth alongside any quay; and no work shall be done on any vessel in harbor on Sundays except such as may be necessary for the cleanliness or safety of the ship, or for the navigation of steamers aforesaid, unless by the express permission in writing of the harbor-master.

21. No boat or lighter is to ride astern of any vessel at anchor within the ports of Melbourne and Geelong at a greater distance from such vessel than three fathoms, nor shall any deeply laden boat, log or logs of timber, or other floating objects likely to injure other vessels or boats, be allowed to remain astern of any vessel.

22. No lighter or boat is to anchor at less distance than one hundred fathoms from any wharf or jetty, except for the purpose of immediately hauling alongside.

23. No boat is to remain at any landing-place after discharging her cargo and passengers (or make fast to the steps or handrail belonging thereto), without some person in charge ready to remove said boat when required to do so by the harbor-master or person deputed by him.

24. No pitch, tar, resin, oil, or other such like combustible matter, shall be heated by fire on board any vessel or boat without the permission in writing of the harbor-master. [But this rule is not to be understood to prevent the burning of any lamp or candle for giving light on board, or the lighting of any fire for the purpose of cooking or of working the machinery of any vessel, although such permission may not have been given.]

25. No fires except the furnaces of steamers shall be lit, or unenclosed lights allowed to burn on board any vessel in any part of a port or harbor where vessels lie for the purpose of loading and discharging cargo, or effecting repairs, between the hours of Ten o'clock p.m. (10 p.m.) and Four (4 a.m.); nor shall any vessel be fumigated or smoked, except the vessel be moored at a sufficient distance from other vessels, and permission in

writing be obtained from the harbor-master. All fires and lights allowed must be properly enclosed.

26. All ships and vessels under four hundred tons, at anchor or alongside any wharf, are required to be provided with fire-buckets in the proportion of four to every hundred tons, and two for every additional hundred tons, one half of which are to be constantly hung up in some convenient place, with lanyards attached ready for drawing water.

27. No artificial light is to be used in the same compartment where spirits are being drawn off, except the same be securely enclosed in a lantern and in charge of some trustworthy person.

28. After work has ceased for the day on board of any vessel, and before closing the hatches, an officer shall go below and satisfy himself that all lights have been put out in the hold, and an entry thereof shall be made in the log-book.

29. In the event of fire occurring on board any vessel in port, all persons in charge of or otherwise belonging to any vessel or boat, are to afford such assistance towards extinguishing the fire and the protection of neighboring vessels as the harbor-master or person deputed by him may demand.

30. No person shall wilfully or negligently injure any wharf, jetty, embankment, lighthouse, lightship, or the lights exhibited there, or any buoy or beacon, or remove, alter, or destroy the same.

31. No person in charge of any vessel shall moor or make fast any such vessel to any buoy or beacon not being a mooring or warping buoy or beacon.

32. No person shall throw, place, or leave any dead body within the boundary of any port, or any dead animal on the shores thereof.

33. In the event of the death of any person on board of any vessel in port, the master of such vessel is to cause the body to be buried on shore, previously reporting the particulars to the police.

34. The masters or persons in charge of any ships or vessels, with the undermentioned exceptions, shall at all times in port, as well by day as by night, have at least one mate or seaman in charge of the deck of such ship or vessel; and the person having such charge, and all persons having the charge of or being on board of any boat within any port, shall answer to the challenge of the water police or other duly authorised public officer. Vessels laid up, coal hulks, ballast or other lighters, lying within such limits as the harbor-master may in writing authorise them to occupy, are exempt from the foregoing regulation, provided they have by day and by night at least one person on board, who must when called upon answer all challenges made by competent authority.

35. Masters requiring to careen, heave down, or haul their vessels or boats on shore, for the purpose of inspection or repairs, must apply to the harbor-master of the port for permission, except where such work is proposed to be done on private property.

36. Accidents involving personal injury, loss of life or property, from loss or collision of vessels or boats, are to be reported in writing by the person in charge, to the nearest harbor-master as soon as possible.

37. Masters of vessels arriving from ports beyond the Australasian colonies shall not compel their steerage passengers to leave their vessels, for the purpose of landing at Melbourne or Geelong, after Two o'clock p.m. during the months of April, May, June, July, August, and September, nor after Three o'clock p.m. during the remaining months of the year, unless with the consent of the immigration officer.

38. The harbor-master, or a person deputed by him, shall appoint the place where all vessels, lighters, and boats shall lie within any port.

39. It shall be competent at any time for the harbor-master, or a person deputed by him, to order any vessel, lighter, boat, timber, or other article, to be removed from any berth alongside any quay or anchorage from or to any part of the harbor.

40. All masters, pilots, or other persons in charge of vessels, are immediately to strike their topgallant yards and masts, to have their jib-sparker and all booms rigged close in, top up, and brace fore and aft all yards, and moor or clear hawse when called upon by the harbor-master or person deputed by him to do so; and are generally to follow such directions as the weather, the crowded condition of the port, or other circumstances may render necessary or expedient, in the judgment of the harbor-master, with a view to the safety and interest of the whole shipping.

41. In the event of any hostile attack or other emergency necessitating, in the harbor-master's opinion, the immediate removal of any vessel from one part of any harbor to another, the harbor-master is empowered to order such vessel to be removed at once, and should the owner, master, or person in charge not immediately on being called upon take the most prompt measures to carry the harbor-master's order into effect, the harbor-master is authorised to hire such steam-tugs and men, tackle, or ballast as may be required to effect such removal; and no such vessel shall be cleared out at the custom house until the expense so incurred in such removal has been paid, due notice thereof having been given to the collector of customs, and no responsibility shall attach to the harbor-master for any damage that may be occasioned by his acts done in such emergency in accordance with this rule.

42. If any obstruction whatsoever be found to interfere with the free and safe navigation of any port, it shall be competent for the harbor-master to remove, or cause the owner or person in charge thereof to remove, such obstruction, and to exhibit on it such flags, marks, or lights as he may deem necessary until it is removed.

FAIRWAYS, CHANNELS, AND RIVERS.

43. No vessel, lighter, boat, or raft, shall be anchored in the middle of any fairway, channel, or river; but when detained there, they shall lie close over on either side of such fairway, channel, or river; nor shall any cable, chain, hawser, or rope be placed across any such fairway, channel, or river, without permission from the harbor-master. (See rule 45.)

44. A pilot in charge of any vessel (not coming within the gunpowder anchorage regulations) bound to Hobson's Bay is to ascertain from the master whether the ship is to discharge her cargo at the Sandridge or Williamstown piers, and moor it accordingly; but should there be no vacant berth, or should the vessel not be going alongside either pier, he is to moor such vessel in a clear berth within the inner anchorage as close over to the Sandridge or Williamstown side as her draught of water will permit.

Masters of vessels exempt from pilotage are to comply with the latter part of this regulation so far as relates to the anchorage within Hobson's Bay.

45. Any vessel compelled by unavoidable circumstances to let go an anchor in the middle of any fairway, channel, or river, shall, as soon as possible, lift the same, and place it in such a situation as not to interrupt or interfere with the free passage of other vessels. (See rule 43.)

46. No vessel, whether steamer or sailing vessel, shall enter the river Yarra Yarra, or cross the Geelong bar, unless there be (as shown by the tidal flags) six inches more water on the bar than such vessel's draught of water.

47. No vessel, except steamers carrying passengers, shall pass higher up the river Yarra Yarra than the flagstaff below the town boundary, or within three cables' lengths of the jetty at any other port, without the authority of the harbor-master of the port, or an officer duly authorised by him.

48. No sailing vessel shall enter the new channel leading into Geelong, whilst any other vessel is passing through it from the opposite direction.

49. All vessels, on application being made to the harbor or pier master, will be provided with vacant berths in rotation, according to their time of arrival in the port. Any vessel on being appointed to a discharging berth must immediately proceed to occupy it; otherwise the berth will be given to the vessel next in turn.

50. All vessels, when not engaged in loading or unloading, shall uniformly have their hatchways and coal scuttles securely closed.

51. All stray boats, timber, or other articles found within any port, must be immediately delivered up to the water police, in whose custody they shall remain until claimed by the proper owner, who must pay all reasonable expenses thereon.

PUBLIC WHARFS AND JETTIES.

52. The time allowed vessels with full cargoes on board to occupy berths at public quays, for the purpose of discharging cargo, shall be (exclusive of Sundays and holidays) as follows:—

For ships under 100 tons		2 days
from 100	to 150 tons	2
150	200	3
200	250	4
250	300	5
300	350	6
350	400	7
400	450	8
450	500	9
500	550	10
550	600	11

and so on at the rate of one (1) day for every additional hundred tons register. Vessels not having full cargoes on board to be allowed time in proportion.

Vessels taking in cargo are to remove to any berth pointed out for that purpose by the harbor or pier master.

Vessels discharging cargo are to have prior claim to the wharf to vessels taking in.

53. Vessels discharging or taking in cargo at outside berths are to be allowed two days for one of the foregoing scale.

54. Cargo may be discharged from or taken in by any ship lying outside, over and across the deck of any ship lying alongside of any quay.

55. All goods landed on any wharf or jetty are to be so placed as to keep the mooring-posts or rings free, and allow a clear passage of at least five feet from the edge of the wharf nearest the vessel, upon which space no goods are allowed to remain.

56. No vessel is to be removed from the wharf until the portion of it opposite to or required for the use of such vessel has been thoroughly cleared of all rubbish, and swept clean by a person belonging to her, or hired by the master or owner of said vessel, to the satisfaction of the harbor or pier master.

57. In the event of any goods which may be landed on any of the public wharfs being allowed to remain on such wharf more than twenty-four hours, notice will be served on the owner or consignee of such goods; and if the owner or consignee of such goods cannot be ascertained or found, a notice will be posted upon or affixed to some conspicuous part of such goods, and if they are not removed within three days from the date of such notice, the goods will be taken by the officer discharging the duties of wharfinger to the customs reserve, or some other place duly appointed for that purpose, and there dealt with according to the second section of the Act 17 Victoria No. 12.

58. No goods will be permitted to be placed on any of the public wharfs for shipment until the vessel for which the goods have been entered outwards has been berthed at the wharf.

59. All retail trade in timber or other goods on the wharfs or wharf land is forbidden.

60. No sorting, bulking, or repacking of timber or other goods, nor screening of coals, will be permitted on any portion of the wharf.

61. No carriage, cab, dray, or other vehicle, or horses, shall ply on any pier or jetty without the permission of the harbor or pier master.

62. Any person wilfully or negligently causing damage to the wharf in landing or discharging cargo, or the owner or consignee of the goods in course of removing which such damage was committed, will, in addition to the penalties for a breach of these regulations, be chargeable with the cost of any repairs which may be necessary.

63. No ballast, rubbish, gravel, earth, stone, wreck, filth, or refuse is to be thrown from any boat, ship, or vehicle by any person into any port, river, or anchorage, nor to be landed or shipped in any port, except at the places pointed out by the harbor-master; and all such ballast, gravel, rubbish, earth, stone, wreck, filth, or refuse shall be removed as and where such harbor-master may direct.

64. Masters of ships are not to raise sand or other material from below high-water mark for ballasting vessels, except at places appointed by the harbor-master, such masters to have written permission to do so.

65. Proper tarpaulins or shoots are to be used in discharging or taking in ballast, coals, rubbish, gravel, earth, or filth, so as to effectually prevent any part thereof falling overboard; and no ballast is to be taken on board or discharged from any vessel after dark without special permission of the harbor-master.

66. All ballast lighters shall be registered at the harbor office, such register to contain names of master, owner, and vessel, and be kept open for the inspection of any person desiring to inspect the same. All vessels, lighters, or boats employed in carrying ballast shall have the number of their certificate painted on both bows, and shall have a mark cut upon the stem and sternpost, showing the draught of water for every five tons weight they carry, such marks and corresponding draughts of water to be endorsed upon their certificate, which is to be produced when asked for.

NOTE.—To prevent disputes about the weight, masters of vessels are recommended, before receiving their ballast, to compare the marks on the ballast lighters with the certificate, and satisfy themselves that the lighter has nothing on board but ballast, and that the whole has been delivered.

67. No master or owner of any licensed ballast lighter shall defraud any master or owner of any ship, by altering the marks or figures on such ballast lighters, nor claim from any master or owner of any ship for more ballast than the quantity delivered.

68. Ballast lighters are to be trimmed on an even keel. Masters of vessels having any complaint are to report the same to the harbor-master.

69. All commanders of vessels shall have power to inspect ballast lighters before ballast be unladen.

Masters or persons in charge of ballast lighters shall, before commencing to discharge their ballast, pump the vessel out dry.

70. The chief harbor-master, or any person acting under his orders, may inspect or remeasure any ballast lighters, or test the accuracy of such measurement, and appoint the place and method where and how such measurement shall be made.

71. The expense of measuring and marking ballast lighters shall be borne and paid by the owner or owners of such ballast lighters.

GUNPOWDER.

72. All vessels arriving in the ports of Victoria, having gunpowder on board exceeding twenty (20) pounds in weight, shall hoist the union jack at the main, and remain at the regular gunpowder anchorage until such gunpowder be taken out of the vessel.

73. Vessels and boats must not approach any licensed powder bulk nearer than 200 yards unless duly authorised; and every person in charge of a vessel or boat shall observe due caution when approaching any vessel having the gunpowder flag hoisted.

74. Vessels are not to discharge or take on board gunpowder at any other anchorage than that pointed out by the harbor-master.

75. Gunpowder is to be landed or removed only between the hours of Seven (7) in the morning (7 a.m.) and Four (4) in the afternoon (4 p.m.), at the expense of the proprietor or importer, and under the supervision of the water police, and in suitable and proper packages.

76. All boats used for the conveyance of gunpowder to or from vessels are to be provided with tarpaulins, and to be properly housed over, and to have a red flag flying when powder is on board.

77. No fire or light is to be burning on board any vessel or boat during the time gunpowder is being discharged from or taken on board of such vessel or boat.

78. All gunpowder and other explosive materials retained on board any vessel as stores must, during the time such vessel is within the precincts of any port, be securely kept in a suitable copper magazine.

MAILS.

79. All vessels having mails on board for Melbourne, or any other port of the colony except Geelong, are, on approaching the anchorage, to hoist a white flag at the foremast head, which flag must be kept up until the mails are taken out of the vessel.

80. All vessels having mails on board for Geelong are, on entering between the heads of Port Phillip, to hoist a white flag

at the foremast head, as a signal for the mail boat to come off, and are to heave-to or anchor within a reasonable distance of Shortland's Bluff, until such mails are taken out of the vessel.

81. All mail boats are to have a preference of berth, whether alongside vessels or wharfs, during such time as they are occupied in shipping or landing mails.

PILOTS.

82. Qualified persons, appointed by the Pilot Board of Victoria to act as pilots, are to board all ships within any port, and all ships arriving off the entrance of any port (except those the masters of which hold an exemption certificate from the Pilot Board), and conduct such ships to their destination, in accordance with their licenses.

83. No unqualified person shall assume or continue in charge of any ship after a licensed pilot has offered to take charge of her; and no person shall use a license which he is not entitled to use for the purpose of making himself appear to be a qualified pilot.

84. All steamers or boats employed to tow, or in any way move or assist, any vessel in charge of a licensed pilot, shall be (whilst employed on such service) under the orders of such pilot in all matters connected with the navigation of such vessel.

85. The master of every vessel not by law exempt from the necessity of employing the service of a pilot, is to place her in charge of the first licensed pilot that may come alongside.

86. Every master of any ship about to enter any port (unless she has a qualified pilot on board, or is exempted from pilotage by law) shall, when within five leagues of the entrance, or until a licensed pilot has come on board, display and keep flying the usual signal for a pilot; and such master shall, by every means in his power consistent with the safety of his ship, facilitate such pilot getting on board.

87. The master of every ship which by law is exempt from payment of pilotage shall, on arriving within four leagues of any port or harbor, cause a white flag to be hoisted (below the blue flag mentioned in clause 1) at the mainmast head, and keep it flying until anchored within the port.

88. No inward bound vessel shall exhibit a white flag at the mainmast head, except the master of such vessel holds an exemption certificate from the Pilot Board.

89. Certificates of pilotage shall be filled up and signed by the master of each vessel piloted, and delivered to the pilot office by the pilot.

90. The master of any ship in port requiring a pilot must make an application in writing, twelve (12) hours previously, at the pilot office of the port.

REGULATIONS FOR STEAMBOATS, AND FOR VESSELS MEETING AND PASSING.

91. The masters of steam vessels shall, as soon as their vessels are berthed, cause the furnaces and dampers to be so regulated as to prevent the possibility of accidents by fire, and shall so adjust their furnace doors and temper their furnace fires as that no more than the smallest practicable quantity of smoke shall pass therefrom.

92. All masters or other persons in charge of river-going steam vessels plying to or from any wharf shall, immediately upon fixing the hours of sailing of such vessels, intimate the same in writing to the harbor-master, and shall depart punctually at the times of sailing so announced, excepting always in case of accidents actually happening to the vessels or machinery, or other unforeseen impediment occurring.

93. Whenever any ship, whether a steam or sailing ship, proceeding in one direction meets another ship, whether a steam or sailing ship, proceeding in another direction, so that if both ships were to continue their respective courses they would pass so near as to involve any risk of a collision, the helms of both ships shall be put to port, so as to pass on the port side of each other; and this rule shall be obeyed by all steam ships and all sailing ships, whether on the port tack or starboard tack, and whether close hauled or not, unless the circumstances of the case are such as to render a departure from the rule necessary in order to avoid immediate danger, and subject also to the proviso that due regard shall be had to the dangers of navigation; and, as regards sailing ships on the starboard tack close hauled, to the keeping such ships under command.

94. Every steam ship when navigating any narrow channel shall, whenever it is safe and practicable, keep to that side of the fairway or mid-channel which lies on the starboard side of such steam ship.

95. Steamers, when steering the same course inside Gellibrand's Point, or in any narrow channel, either with or without vessels in tow, and one overtaking the other, the vessel gained upon is to slack her speed, if practicable, until the other has passed her.

96. When steamers have vessels in tow, and are steering opposite courses, the steamer bound inwards shall, before meeting the vessel bound outwards, slack her speed, when practicable, until the other has passed her.

97. Steamers about to pass any dredging machine at work in any river or channel, or any licensed ferry, or public work in progress, must slow their engines to less than half speed for at least one hundred yards before arriving abreast of the dredge, ferry, or work.

All vessels must pass the dredges on the side indicated by a red ball being displayed by day and a red light by night; when the ball is down they may pass on either side without slackening their speed.

98. Steamers shall not proceed at more than six miles per hour whilst navigating amongst the shipping in any port in Victoria.

99. Steamers at all times when under weigh within any port must have a competent person on the bridge in charge of the vessel in addition to the helmsman, and also a competent person in charge of and attending to the engine. The utmost care must be taken by the person or persons in charge to prevent accidents to other vessels and boats.

100. No steamer is to tow vessels between the upper and lower legal wharfs at Melbourne without the sanction of the harbor-master.

PENAL HULKS.

101. No vessel or boat is to pass between the hulks and the line of buoys moored round those vessels. All persons in charge of boats or vessels passing near said hulks are to answer the sentries' challenge.

MISCELLANEOUS REGULATIONS.

102. All vessels outward bound requiring their clearances are to hoist a white flag at the mainmast head when the ship is ready for sea.

BEECHWORTH MINING DISTRICT.

BYE-LAWS.—[18th November, 1862.]

AT a meeting of the mining board of the mining district of Beechworth, begun and holden at Beechworth, in the said district, on the eighteenth day of November, One thousand eight hundred and sixty-two, it is ordained by the said board as follows, that is to say:—

38. *Protection from forfeiture.*—Bye-law No. XXXIII. of the Beechworth Mining Board, in the following words:—"Notwithstanding anything enacted to the contrary, &c." be and the same is hereby annulled and repealed, and the following substituted in lieu thereof.

Any person considering a claim liable to forfeiture, and desiring to occupy such claim or any portion thereof, shall give

notice in writing of his intention to apply to the warden to place him in possession of the ground he considers liable to forfeiture, stating his reasons for such intended application to the person or persons claiming to occupy the ground in question, and if he or they shall fail to comply with the conditions imposed in the bye-laws within one week from the receipt of such written notice, the persons serving it may, on application to the warden, be placed in possession of the ground. The protection afforded by this bye-law shall not extend to the Indigo division, to persons who have left the district, shareholders in any other claim, or those who are not working miners.

39. *Right of survey or to enter upon claims.*—It shall be imperative upon any claimholder to permit the mining surveyor, his agent or assistant, to enter upon the claim, descend the shaft, and examine the underground workings, and when required by the surveyor render him all reasonable assistance in so doing.

40. *Claimholders to benefit by bye-laws subsequently passed.*—Any claimholder by re-registering his claim shall be entitled to all the advantages resulting from any bye-law passed subsequently to that under which he originally held his claim.

41. *Protection to posts, pegs, and notices.*—No person shall enter upon with posts, pegs, or notices posted or erected under the provisions of these bye-laws, without the consent of the owner.

42. *Protection to races and claims.*—No claim or race holder shall permit any water used on or in connection with his claim or race to flow upon or into any other claim or race (whether used for conveying water to or from a claim) without the consent of the owner of such other claim or race.

43. *Interpretation bye-law.*—The word "registrar" shall mean the registrar or person employed by him.

The undersigned members of the said mining board concurred in making the foregoing bye-laws.

PETITION UNDER THE MUNICIPAL ACT.
ALTERATION OF BOUNDARIES, AVOCA.

THE Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of the petition hereinafter set forth, signed by one hundred and fifty-four householders resident within the municipal district of Avoca and in the vicinity, praying that the said municipal district may be altered.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 7th November, 1862.

7369.

The petitioners state that they are householders within the municipal district of Avoca, and within the boundaries hereinafter described.

They represent that the existing municipal boundaries were adopted to suit the nature of the lands up to that time surveyed, and are inconvenient, but that subsequent surveys and the interests of the residents render their alteration expedient, and to this alteration the owners of the land to be excluded from the municipal area assent.

They state, lastly, that there are three hundred householders within the proposed new boundaries, which will comprise not more than nine square miles.

And the petitioners pray as follows:—

"Your petitioners therefore pray you may be pleased to alter the boundaries of the Avoca municipal district to the following, viz.:—Commencing at a point at the north-east corner of allotment 1, section A-3, about one mile north of the township of Avoca; thence southwardly by the parish boundary of Avoca to the south-east corner of allotment 30, section , about one mile south of Avoca; thence west about two miles and a half to the south-east corner of allotment 7, section 2 A, country lands south-west of Avoca; thence north about three miles and a half to the north-west corner of allotment 2, section 1 A, country lands north-west of Avoca; thence by the northern boundary line of said last allotment, and those of allotments 3 and 4, section C, to the Avoca and Moonambel Main road (Main Adelaide road); thence across said road to the west angle of allotment 6, section B; thence by the north-western boundary line of same, and the northern boundary line of last-named allotment and that of allotment 1, section A-3, to the point of commencement."

[The signatures to the above-mentioned petition appeared in the Gazette No. 131, page 2199 ante.]

C. GAVAN DUFFY,

President of the Board of Land and Works.

Lands and Survey Office,
1st November, 1862.

(Notice of 14th May, 1861.)

NOTICE TO TENDERERS FOR CONTRACT SURVEYS.

The Department of Lands and Survey is now prepared to call for tenders for the subdivisional survey of one million of acres of country lands, but in order to obviate the inconvenience and delay which have resulted from the conditional acceptance of tenders from gentlemen who have afterwards failed to establish a claim to the requisite standard of professional ability, it has been decided that tenders are, in future, to be received from such gentlemen only as shall have previously obtained certificates of professional ability from a board appointed to examine candidates for such certificates.

The following officers of the department are nominated members of the board:—

Clement Hodgkinson, C.E., Assistant Commissioner of Lands and Survey.

R. L. J. Ellery, F.R.A.S., Astronomer and Superintendent of Geodetic Survey.

A. J. Skene, M.A., District Surveyor and Inspecting Surveyor of Contracts.

Philip Crenion, Assistant Geodetic Surveyor.

Frederick Acheson, C.E., Draftsman.

The meetings of the board will be held at the Office of Lands and Survey, Melbourne, when intending contractors are requested to produce evidence of professional skill, and submit to such examination in the details of practical surveying as will satisfy the board of their ability to complete any contract intrusted to them.

(Signed)

J. H. BROOKE.

Lands and Survey Office,
Melbourne, 7th May, 1861.

WATER BEDS, ETC.

TENDERS will be received until Noon on Friday, the 12th December, for the supply of

- 12 Arnott's water beds, 6 ft. 6 × 3 ft.
- 4 Hooper's water mattresses, 6 ft. 6 × 3 ft.
- 2 Hooper's crescent water cushions
- 36 waterproof aprons, length 3 ft. 6, breadth 3 ft.

Tenders must state the time required for delivery, and the contractor will be liable for any expense incurred by the Government on account of non-delivery within the time specified.

The articles on delivery will be subject to the approval of a Board of Survey appointed by the Government, and the decision of the board is to be considered final.
Security will be required for due fulfilment of the contract.
Forms of tender and further particulars at this Office.

J. M. SPENCE,
Government Storekeeper.

Government Stores,
Melbourne, 29th November, 1862.

Tenders for the Service of 1863.

GOVERNMENT RAILWAYS.

COAL.

TENDERS will be received until Noon on Friday, the 12th December, from persons willing to supply Coal at Melbourne and Geelong, in such quantities as may be required by the Government Storekeeper for Government Railways, from the 1st January to the 31st December, 1863.

The quantity required at Melbourne will be not less than thirty tons, and may reach to forty tons or upwards, and at Geelong twelve tons, and may reach to eighteen tons or upwards, daily, on the average of the year.

The coal is to be delivered at such part of each station ground as may be pointed out, in bags, each containing $1\frac{1}{2}$ cwt. net, weighed at the expense of the contractor; separate rates are to be stated for daily delivery, and for delivery in bulk, not bagged, from time to time, the contract for each station being separate.

Should the contract be taken for delivery daily, the bags will be returned to the contractor on the day following.

Tenders to specify the description of coal they propose to supply, and the price for each kind separately.

Further particulars may be obtained from the Government Storekeeper, Melbourne, the Superintendent of the Locomotive Department at Williamstown, or the Foreman of Locomotives at Geelong.

No tender can be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties each in the sum of £1000 for due fulfilment of the Melbourne, and £500 for due fulfilment of the Geelong contract; and the bond must be executed within five days of acceptance, failing which the contract may be again advertised or another tender accepted.

Tenders, endorsed "Tender for Coal, Railways," are to be deposited in the Box at the Government Stores, or addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS.

1. The coal is to be the very best of its kind, and must be either screened before delivery over a screen with bars at least one inch apart and ten feet long, set to an angle of forty-five degrees to the ground level, or handpicked so as to be of the same size as if screened in the above manner, and be quite free from shale or other impurities.

2. The orders will be issued by an officer of the Railway Department, if the contract be for delivery daily, and should an order not be complied with within twenty-four hours it will be competent for the local officer who ordered to purchase at the contractor's risk. Should the contract be taken for supplies in bulk the Government Storekeeper will issue orders, and one month from date of order will be allowed for completing delivery, failing which the coal will be obtained by the Government Storekeeper at the contractor's risk.

3. Coal when delivered is to be accompanied by the order, which will be receipted by the officer receiving the supply, and must be rendered with the contractor's account.

4. The contractor will be required to prepare his own account monthly or bi-monthly on the prescribed form, and present the same in a complete state, signed by the officer receiving the supply, to the Government Storekeeper for payment, at the Treasury, or at a district pay office, as the case may be.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality, the same is to be decided by a board of survey, composed of persons named by the engineer-in-chief of railways, and the decision of the board is to be final.

6. If the delay necessary for obtaining the decision of a board of survey should be detrimental to the public service, the engineer-in-chief, or officer in charge at the station, will have the power to reject coal which is obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected coal and supply good in its stead, failing which it will be procured elsewhere, and the extra expense charged as in clause 2.

7. A repetition of irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding fifty pounds, as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

8. It will be competent for the contractor, or for the Government Storekeeper on behalf of the Government, to terminate the contract by giving in writing a notice of three calendar months, it being understood that such notice can be given only from the first day of a month.

W. H. F. MITCHELL.

Secretary's Office, Victorian Railways,
21st November, 1862.

FUNERALS IN COUNTRY DISTRICTS, 1863.

TENDERS will be received until Noon on Tuesday, the 16th December, from persons willing to undertake Funerals, as required in the undermentioned districts, from the 1st January to the 31st December, 1863:—

Avoca
Ballarat
Beechworth
Castlemaine
Inglewood
Maryborough
Sandhurst.

Full particulars and forms of tender may be obtained from the Government Storekeeper, Melbourne, or from the officer in charge of police at each station.

The lowest or any tender will not necessarily be accepted.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 18th November, 1862.

FUNERALS AT MELBOURNE AND GEELONG.

TENDERS will be received until Noon on Tuesday, the 16th December, from persons willing to undertake Funerals, as required in the several departments of the Government during the year 1863, at the undermentioned places:—

Melbourne (including Collingwood, Pentridge, Williamstown, and Hobson's Bay).
Geelong and Suburbs.

The funerals are to be of the most economical description consistent with propriety.

Separate prices must be stated for children under ten years of age and for adults—one sum is to be stated for each, including interment and ministers' fees, conveyance, and all charges.

No tender will be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties for the due fulfilment of the contract; the amount of security will be, for Melbourne One hundred pounds, and for Geelong Fifty pounds.

The contract will be terminable by three months' notice, either from the Government Storekeeper on the part of the Government, or from the contractor, such notice to date from the first day of a month.

The account is to be rendered monthly to the officer ordering the service, for payment at the Treasury, Melbourne, or Pay Office, Geelong (as the case may be).

Further particulars and forms of tender may be obtained from the Government Storekeeper, Melbourne, or from the officer in charge of the police at Geelong.

Tenders, endorsed "Tender for Funerals, —," are to be deposited in the Box at the Government Stores, or addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 18th November, 1862.

MEAT FOR SANATORY STATION.

TENDERS will be received until Noon on Friday, the 12th December, from persons willing to supply Fresh Meat (Beef and Mutton), in such quantities as may be required at the Sanatory Station, Point Nepean, during the year 1863.

The meat is to be of the very best description, and to be delivered in fore and hind quarters alternately, on order from the surgeon superintendent.

The contractor or his agent must reside at Point Nepean; and should he fail to supply when required, the meat will be otherwise procured, the expense over and above the contract price being chargeable to the contractor.

The contract will be terminable by three months' notice, either from the Government Storekeeper on behalf of the Government, or the contractor; such notice to date from the first of a month.

Security will be required in the sum of £100 for the due fulfilment of the contract, and the bond must be entered into within ten days from the date of acceptance.

Further information may be obtained from the Government Storekeeper, Melbourne, or from the medical officer in charge at the Sanatorium.

Tenders, endorsed, "Tender for Meat, Sanatory Station," are to be deposited in the Box at the Government Stores, or addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 28th November, 1862.

CONVEYANCE OF MAILS.

TENDERS are hereby invited, and will be received at this office until Noon on Friday, the 12th instant, for the Conveyance of the Post Office Mails, as undermentioned, for one year, from 1st January to 31st December, 1863, both days inclusive.

Tenders will be accepted or rejected separately. The contracts for fuel, Melbourne, must comprise the suburbs mentioned.

Printed forms of tender may be obtained from the Government Storekeeper, Melbourne, the Chief Harbor Master, Williamstown, and the Police Magistrates at the other stations named, by whom also any information or explanation will be afforded to persons tendering.

No tender will be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties in any sum not exceeding Five hundred pounds for the due fulfilment of the contract; and in the event of the tender being accepted, the bond must be executed within ten days, failing which the contract will be again advertised or another accepted.

The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

All tenders must be enclosed in a separate envelope, marked "Tender for _____" (as the case may be), and be deposited in the Tender Box at the Government Stores, King street; or, if sent by post, they must be addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS.

1. The articles to be of the best quality.
2. Orders for wood or coal under these contracts must issue from the Government Storekeeper's Department for the city and suburbs; in the case of the *Victoria* or Dredging Vessels, the supplies are to be made on the order of the officer in command, and on order of the officer requiring the supply at other places.

For water, orders will be issued by the several Departments as it may be required.

3. Both fuel and water are to be delivered direct to the Departments requiring them.

4. The contracts entered into under this notice are not to be considered as being infringed or vitiated by any contracts made

by the military commissariat or other departments of the public service.

5. All supplies of fuel, when delivered, must be accompanied by the order, which will be receipted by the officer requiring it, and the order thus receipted must be rendered with the contractor's account.

6. The contractor, when delivering coal, will be bound to furnish scales and weights, in order that the quantities may be checked.

The contractor for wood will be bound to place it in stacks for measurement on such ground as may be pointed out.

7. In the event of supplies ordered under these contracts not being delivered within forty-eight hours, it will be competent for the Government Storekeeper, or officer requiring the supply, should circumstances require it, to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

Supplies are to be delivered on board Steam Dredges wherever the same may be employed, and on board Steam Tugs at any wharf or hulk selected by the contractor in Hobson's Bay or Geelong, as the case may be, in quantities from six to twenty tons at a time.

8. The contractor will be required to prepare his own account monthly, in the prescribed form, and to present the same in a complete state, signed by the officer receiving the supply, to the Government Storekeeper, for payment at the Treasury or at the District Pay Office, as the case may be.

9. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

10. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 7.

11. If from any cause injury would accrue to the public service by waiting for a board of survey, the head of department, or officer in charge of station, will have the power to reject such articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 7.

12. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

13. It will be competent for either party to terminate the contract, by giving in writing a notice of three calendar months to the opposite party, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

WILLIAM C. HAINES.

Treasury,

Melbourne, 28th November, 1862.

GAS.

TENDERS will be received until Noon on Tuesday, the 9th December, for the supply of Gas, in such quantities as may be required, at the various Government establishments in and about Melbourne, from the 1st January to the 31st December, 1863.

The contract is to commence on the evening of the 1st January, 1863, and terminate on the morning of the 1st January, 1864.

Tenders for each establishment will be accepted or rejected separately; and the rate stated is to include cost of meters, laying down necessary pipes, and all charges whatsoever.

The outside lamps at the Parliament Houses are to be lighted, extinguished, kept in good repair, painted, glazed, and cleaned by the company supplying the gas.

The contract will be terminable by a notice of one month from the Government Storekeeper on behalf of the Government, and any expense incurred owing to defective supply will be deducted from the accounts of the contractor.

Tenders are to be addressed to the Government Storekeeper, Melbourne, or deposited in the Box at the Government Stores.

Further particulars at the office of the Government Storekeeper.

WILLIAM C. HAINES.

Treasury,

Melbourne, 25th November, 1862.

TIMBER, SAILS, CANVAS, GLASS, MEDICINES, ETC.

FRESH tenders will be received until Noon on Tuesday, the 16th December, from persons willing to furnish the under-mentioned supplies, in such quantities as may be required by the Government Storekeeper, on behalf of the Government, during twelve calendar months commencing on the 1st January, 1863:—

Timber, &c.
Sails and canvas
Glass and earthenware
Medicines, &c.

Schedules of the articles required, conditions of contract, and forms of tender, may be obtained from the Government Storekeeper, to whom tenders are to be addressed.

GORRINN FARMERS' COMMON.

RULES FOR THE MANAGEMENT OF THE GORRINN FARMERS' COMMON.

THAT each farmer, being a purchaser of any land, or having rented any farm or pasture land in the parish of Gorrinn, and having a right to the Gorrinn Farmers' Common, shall be entitled to depasture only one (1) head of cattle or four (4) head of sheep for every two (2) acres of land so purchased or rented by him or her.

2. That the assessment shall be levied on all horses, mares, geldings, colts, fillies, asses, mules, cows, oxen, heifers, steers, and calves. Calves and foals not to be charged till six (6) months old; no bulls to be allowed to run on the common unless approved of by the managers, or some person appointed by them; and no entire horses to run on the common (either with or without permission of any one) over twelve (12) months old.

3. That the fees shall be fixed by the managers on or before the 16th day of October in each year, and be payable in two instalments, the one half to be paid on or before the 25th day of October, the second half on or before the 25th day of April in each year, at the residence of Randle Hurstfield, secretary and treasurer.

4. That each farmer must register their brand or the brands of their cattle or sheep in a book kept by one of the managers for that purpose; such book to be accessible at any time for the satisfaction of the said commoners; and that all cattle or sheep allowed to depasture on the above common shall be branded with a pitch brand belonging to the common in addition to their private brand.

5. That all cattle or sheep trespassing on such common, or not having the common brand branded on them, or not having any right to depasture thereon, shall be impounded, and the owner of such cattle or sheep shall be summoned for trespass, in accordance with the Land Act, by order of any two of the managers; and, if necessary, the managers shall employ a herdsman and additional help for that purpose.

6. That the fees levied by the managers shall not be less than Two (2) shillings per head for cattle, nor Eight (8) pence per head for sheep; nor more than Ten (10) shillings per head for cattle, or One (1) shilling per head for sheep.

7. That each farmer may depasture sheep in lieu of cattle; four (4) sheep to count as one (1) head of cattle.

8. That each farmer shall receive a receipt, on a printed form, of the fees paid by him, with description and brands of the cattle paid for, and a copy of the same must be kept by one of the managers in a book for that purpose.

9. That the herdsman, or persons employed to impound stray cattle or sheep depasturing on the common, not being paid for, shall have half the impounding fees, the other half to go to the general fund.

11. That no farmer's cattle or sheep be allowed to graze on the common but those to whom the common was granted by acreage. Any other purchaser of land in the parish of Gorrinn desirous of depasturing his cattle or sheep thereon, must apply to the secretary, with a written statement of the number of acres so purchased by him or her, so that an additional portion of common can be applied for in proportion to the land so purchased.

13. That the commoners shall at any time be compelled to muster their cattle in their own yard, for the purpose of branding those cattle paid for with the pitch brand of the common, and that a person be employed to brand the same every six months; all working horses to be exempt from the pitch brand.

The above rules to remain in force so long as they are found to give the necessary protection required by the managers, and no longer.

The bye-laws gazetted have been—No. 9, for compelling observance to be paid to the surveyed lines of streets, and No. 10, for levying a rate of One shilling and sixpence in the pound.

The public works executed have been very slight, but contracts were entered into in May for the construction of a timber bridge to North Clunes, the extension of Fraser street to Bailey street, and the construction of Camp Hill street.

The attention of the council has been given to the question of water supply to the town and gold field, and application made to Government for a fair share of assistance towards so desirable an object. Applications have been also made for an alteration of the site of the manure depot, a survey and grant of land for a racecourse, a survey and grant of land for recreation purposes, for the reservation from sale of land near Ben Donald for a water reserve, and for making Bailey street to the town boundary.

HENRY C. WILLMOTT,
J. W. RICHMOND,
Auditors.

Clunes, 26th November, 1862.

The council have held 14 ordinary and 9 special meetings.

ATTENDANCE OF COUNCILLORS.

	Ordinary.	Special.
C. T. Sutherland, Esq., J.P., chairman	13	9
Mr. Councillor Morgan	12	7
Mr. Councillor Morrison	14	6
Mr. Councillor Hannah	10	9
Mr. Councillor Nichol	8	8
Mr. Councillor Coundon	10	6
Mr. Councillor Murray (elected 15th June, vice Councillor Connell, absent from four consecutive meetings of council)	7	6

The principal works which have been carried out are:—

1. The construction of a timber-built bridge with approaches and footpath to North Clunes.
2. The extension of Fraser street from Service street to Bailey street.
3. The construction of Camp Hill street from Fraser street to Talbot road.
4. The cutting of drains in various streets.
5. The maintenance of Fraser street and Service street.
6. The construction of wooden crossings at Creswick's road, the manure depot, Purcell street, Fraser street, and Service street.
7. The construction of right-of-way from Fraser street to Purcell street.
8. Repairing bridge and approaches foot of Camp Hill street.

The council, being desirous of obtaining possession of the land reserved for municipal purposes in Bailey and Service streets, have carried on a long correspondence with the Government on the subject, who have sanctioned an extension of the time wherein to erect suitable buildings, on the understanding the council compensate the owners of such improvements as were legally made on the ground prior to the 28th January, 1861. The council have been in treaty with such owners, and the matter is now in course of adjustment, with the exception of one case.

A vote having passed the Parliament last session for the supply of water to the gold fields, a deputation from this council waited on the Commissioner of Public Works, and subsequently a sum of Two thousand pounds was allocated from this year's vote, with a promise of the like sum from next year's vote, on the understanding that this council should expend a sum equal to the moiety of the sum granted by the Government and carry out the works. This council accepted the proposition, and surveys are being made for the purpose.

Applications have been made to the Government for laying out streets at North Clunes, which has been promised; for the appointment of a letter carrier, complied with; for the extension of Bailey street, not yet carried out; for the establishment of Courts of Mines and County Courts in this town, now under consideration, and other minor matters.

The only bye-law gazetted has been No. 11, "For the regulation of the appointment of Managers to the Town Common."
